DICKINSON COLLEGE Documentation from Health Care Providers

This information will be reviewed by staff in the College's Wellness Center and the Dean of Students Office. The health professionals in the Wellness Center will make a recommendation to the Dean of Students Office, and may require conversations with the student and/or the treatment provider(s) in order to do so. Consequently, it is helpful to have releases of information signed permitting communication with both of the above offices at the College. Please note that leave-related information is also shared with representatives from Academic Advising. Any information is shared in accordance with FERPA privacy laws and only as necessary. The staff in the Dean of Students Office will make the decision for the College regarding the granting of the student's return to campus.

In assistance with this process, we request the following information from you as the student's health care provider (please feel free to provide additional documentation including any additional psychological assessments, laboratory work, or other similar test results). We request that this form and additional records you wish to submit be sent to the Dean of Students Office. For questions, please call Angie Harris, Associate Vice President for Student Life at 717-245-1676.

Student:

Dickinson ID#:

1. Assessment at the time the student left campus

a. Diagnosis/Diagnoses*:

b. Relevant symptoms that contributed to impairment in academic or social functioning:
