# First-Year Student Car Policy

**Policy/Procedure**

First year students are not permitted to possess or operate motor vehicles on the Dickinson campus or in the Carlisle area: this restriction applies to any vehicle regardless of its type, ownership or registration. This policy is in effect seven days a week when the College is in session. Exceptions to the policy are granted according to a set of strict guidelines and requests must be made in writing by the student and forwarded to the Dean of Students. Violations of the first-year student car policy will result in loss of car privileges for the first full semester of the sophomore year, a fine and the immediate removal of the vehicle from the Carlisle area.

If a first-year student requires a car for medical reasons, their health care provider must complete a Request for Exemption from Automobile Restriction Policy form and submit it to the director of the Health Center. The director of the Health Center will make a recommendation to the Dean of Students. The student will then be notified of the decision. The form is located on the Health Center web site and is available at [www.dickinson.edu/departments/health/healthformlist.htm](http://www.dickinson.edu/departments/health/healthformlist.htm).
