Drug and Alcohol Policy

Policy/Procedure

This policy applies to all members of the college community, all administrators, faculty, staff, and employees; and, all organizations recognized by the college.

Consistent with this policy, administrators, faculty and staff are prohibited from engaging in any of the following activity:

- The unlawful manufacture, cultivation, possession, distribution, dispensation, and use of any drug on any college-owned property, at any college activity or activity offered by an organization recognized by the college, or during any college-sponsored event or travel.
- The possession of unlawful drug paraphernalia.
- Reporting to work under the influence of alcohol, illegal drugs or illegal use of controlled substances.

"Under the influence" means that the employee is affected by alcohol or drugs or the combination of both in any detectable manner. This may be established by professional opinion, a scientifically valid test, or, in some cases, by observation of impairment of physical or mental ability, such as slurring of speech, difficulty in maintaining balance, etc. With respect to alcohol, an employee is under the influence if the employee's blood alcohol level is 0.04 or greater.

- Refusing to submit to any alcohol or drug test conducted under this Policy.

Reasonable Suspicion Drug and Alcohol Testing

When the college has reason to suspect illegal drug or alcohol use in violation of this policy, the college will require the employee(s) to submit to drug and/or alcohol testing. This may exist in a variety of circumstances, including but not limited to: (1) where an employee manifests physical or behavioral symptoms or reactions commonly attributed to the use of illegal drugs or alcohol, which could include appearance, conduct, speech, or odor, or (2) the college otherwise receives reliable information indicating that an employee or group of employees may be engaging in conduct that violates this policy. Reasonable suspicion will be determined at the discretion of college management.
Pre-employment, Post Accident and Follow-Up Drug and Alcohol Testing

The college may require pre-employment drug and alcohol testing prior to employment for certain safety sensitive positions. The college may require post-accident drug and alcohol testing in any instance in which serious injury or loss of property occurs. The college may require follow up drug and alcohol testing as a condition of continued employment in instances where this Policy has been violated.

Refusal to Test

Refusal to submit to the types of drug and alcohol tests employed by the college will be grounds for refusal to hire applicants, and for termination of employment of existing employees. A "refusal to test" is defined as any conduct that would obstruct the proper administration of a test. A delay in providing a urine or breath specimen may constitute a refusal. If an individual cannot provide a sufficient urine specimen or adequate breath, he or she will be evaluated by a physician of the college's choice. If the physician cannot find a legitimate medical explanation for the inability to provide a specimen (either urine or breath), the individual will be considered to have refused to test.

Reporting Violations

Each employee is required to immediately report any violation of this policy to their immediate supervisor. An employee who fails to report such a violation is subject to disciplinary action, up to and including discharge. Employees must notify their immediate supervisor within five (5) days, of any conviction for violation of an alcohol or drug offense.

Inspection of Work Areas, Possessions, and Vehicles

Where the college has reason to believe that an employee is in violation of this policy, he or she may be asked to submit immediately to a search of his or her person and/or to make his or her work areas, briefcase, purse, packages, personal belongings, desk, vehicles, or any other receptacle he or she uses or has access to, available for inspection. Such search or inspection typically will be conducted in the presence of at least one witness other than the college representative performing the search or inspection. Entry onto college premises (including parking lots) constitutes consent to search and inspection. Refusal to consent to search or inspection shall be considered grounds for which an employee may be disciplined, up to and including termination of employment.

Consequences of Policy Violation

Any employee who engages in prohibited conduct as set forth herein will be subject to disciplinary action, up to and including termination of employment. The employment of any individual who tests positive for alcohol and/or illegal drugs, or who refuses a test under this policy, will be terminated.
