INTRODUCTION

This document is a description of Dickinson College Preferred Provider Organization Health Plan (the Plan). No oral interpretations can change this Plan. The Plan described is designed to protect Covered Persons against certain catastrophic health expenses.

Coverage under the Plan will take effect for an eligible Employee and designated Dependents when the Employee and such Dependents satisfy the Waiting Period and all the eligibility requirements of the Plan.

The Employer fully intends to maintain this Plan indefinitely. However, it reserves the right to terminate, suspend, discontinue or amend the Plan at any time and for any reason.

Changes in the Plan may occur in any or all parts of the Plan including benefit coverage, Deductibles, maximums, Copayments, exclusions, limitations, definitions, eligibility and the like.

Failure to follow the eligibility or enrollment requirements of this Plan may result in delay of coverage or no coverage at all. Reimbursement from the Plan can be reduced or denied because of certain provisions in the Plan, such as coordination of benefits, subrogation, exclusions, timeliness of COBRA elections, Utilization Review or other Utilization Management requirements, lack of Medical Necessity, lack of timely filing of claims or lack of coverage.

The Plan will pay benefits only for the expenses incurred while this coverage is in force. No benefits are payable for expenses incurred before coverage began or after coverage terminated. An expense for a service or supply is incurred on the date the service or supply is furnished.

No action at law or in equity shall be brought to recover under any section of this Plan until the appeal rights provided have been exercised and the Plan benefits requested in such appeals have been denied in whole or in part.

If the Plan is terminated, amended, or benefits are eliminated, the rights of Covered Persons are limited to Covered Charges incurred before termination, amendment or elimination.

This document summarizes the Plan rights and benefits for covered Employees and their Dependents and is divided into the following parts:

Eligibility, Funding, Effective Date and Termination. Explains eligibility for coverage under the Plan, funding of the Plan and when the coverage takes effect and terminates.

Schedule of Benefits. Provides an outline of the Plan reimbursement formulas as well as payment limits on certain services.

Benefit Descriptions. Explains when the benefit applies and the types of charges covered.

Utilization Management Services. Explains the methods used to curb unnecessary and excessive charges.

This part should be read carefully since each Covered Person is required to take action to assure that the maximum payment levels under the Plan are paid.

Defined Terms. Defines those Plan terms that have a specific meaning.

Plan Exclusions. Shows what charges are **not** covered.

Claim Provisions. Explains the rules for filing claims and the claim appeal process.

Coordination of Benefits. Shows the Plan payment order when a person is covered under more than one plan.

Third Party Recovery Provision. Explains the Plan's rights to recover payment of charges when a Covered Person has a claim against another person because of injuries sustained.

Continuation Coverage Rights Under COBRA. Explains when a person's coverage under the Plan ceases and the continuation options which are available.

ERISA Information. Explains the Plan's structure and the Covered Person's rights under the Plan.

IMPORTANT NOTICE FOR MASTECTOMY PATIENTS

If a Covered Person elects breast reconstruction in connection with a mastectomy, the Covered Person is entitled to coverage under this Plan for:

- Reconstruction of the breast on which the mastectomy was performed;
- Surgery and reconstruction of the other breast to produce a symmetrical appearance; and
- Prosthesis and treatment of physical complications at all stages of the mastectomy, including lymphedemas.

Such services will be performed in a manner determined in consultation with the attending physician and the patient. See Medical Benefits Section for further detail regarding this coverage.

NOTICE FOR MEDICARE ELIGIBLE PARTICIPANTS

Important Notice About Your Prescription Drug Coverage and Medicare

Please read this section carefully and keep this document where You can find it. This section has information about Your current prescription drug coverage under this Plan and about Your options under Medicare's prescription drug coverage. This information can also help You decide whether or not You want to join a Medicare drug plan. If You are considering joining, You should compare Your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in Your area. Information about where You can get help to make decisions about Your prescription drug coverage is at the end of this section.

There are two important things You need to know about Your current coverage and Medicare's prescription drug coverage:

- 1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if You join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.**
- 2. The Plan has determined that the prescription drug coverage offered under this Plan is, on average for all Covered Persons, expected to pay out as much as the standard Medicare prescription drug coverage pays and is therefore considered Creditable Coverage. Because Your existing coverage is Creditable Coverage, You can keep this coverage and not pay a higher premium (a penalty) if You later decide to join a Medicare drug plan.**

When Can You Join A Medicare Drug Plan

You can join a Medicare drug plan when You first become eligible for Medicare and each year from November 15th through December 31st.

However, if You lose Your current creditable prescription drug coverage, through no fault of Your own, You will also be eligible for a two (2) month Special Enrollment Period (SEP) to join a Medicare drug plan.

What Happens To Your Current Coverage If You Decide To Join A Medicare Drug Plan

If You decide to join a Medicare drug plan, Your current Plan coverage will not be affected.

If You decide to join a Medicare drug plan and drop Your current Plan coverage, be aware that You and Your dependents will be able to get this coverage back provided You and Your dependents are still eligible under the Plan.

When Will You Pay a Higher Premium (Penalty) To Join a Medicare Drug Plan

You should also know that if You drop or lose Your current coverage with the Plan and do not join a Medicare drug plan within 63 continuous days after Your current coverage ends, You may pay a higher premium (a penalty) to join a Medicare drug plan later.

If You go 63 days or longer without creditable prescription drug coverage, Your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that You did not have that coverage. For example, if You go nineteen months without Creditable Coverage, Your premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (a penalty) as long as You have Medicare prescription drug coverage. In addition, You may have to wait until the following November to join.

For More Information About This Section or Your Current Prescription Drug Coverage

Contact the Plan Administrator for further information. You may receive this information at other times in the future such as before the next period You can enroll in Medicare prescription drug coverage, and if this coverage through the Plan changes. You also may request a copy of this document at any time.

For More Information About Your Options Under Medicare Prescription Drug Coverage

More detailed information about Medicare plans that offer prescription drug coverage is in the “Medicare & You” handbook. You will get a copy of the handbook in the mail every year from Medicare. You may also be contacted directly by Medicare drug plans.

For more information about the Medicare prescription drug coverage:

- Visit www.medicare.gov,
- Call Your State Health Insurance Assistance Program (see the inside back cover of Your copy of the “Medicare & You” handbook for their telephone number) for personalized help,
- Call 1-800-MEDICARE (1-800-633-4227). TTY users should call 1-877-486-2048.

Remember: Keep this document. If You decide to join one of the Medicare drug plans, You may be required to provide a copy of this section when You join to show whether or not You have maintained Creditable Coverage and, therefore, whether or not You are required to pay a higher premium (a penalty).

If You have limited income and resources, extra help paying for Medicare prescription drug coverage is available. For information about this extra help, visit Social Security Administration on the web at www.socialsecurity.gov, or call them at 1-800-772-1213 (TTY 1-800-325-0778).

Call this number to verify eligibility for Plan benefits **before** the charge is incurred.

MEDICAL BENEFITS

All benefits described in this Summary Plan Description are subject to the exclusions and limitations described more fully herein including, but not limited to, the Claims Administrator's determination that: care and treatment is Medically Necessary; that charges are the Maximum Eligible Charges; that services, supplies and care are not Experimental and/or Investigational. The meanings of these capitalized terms are in the Defined Terms section of this document.

The Plan utilizes a Claims Administrator to administer many of the benefits described in this document. The Claims Administrator is:

HealthAmerica
3721 Tec Port Drive
Harrisburg, PA 17111
1-800-252-5742
www.healthamerica.cvty.com

Please see the Utilization Management section in this booklet for additional details. Certain services must be Preauthorized or reimbursement from the Plan may be reduced.

Under the following circumstances, the higher Participating payment will be made for certain Non-Participating services:

- If a Covered Person has no choice of Participating Providers in the specialty that the Covered Person is seeking within the PPO service area.
- If a Covered Person is out of the PPO service area and has a Medical Emergency requiring immediate care.

Maximum reimbursement is received from the Plan when Participating medical care Providers are used. The most current listing of Participating Providers is available online at www.healthamerica.cvty.com.

DEPENDENT OUT-OF-AREA COVERAGE

Dependents enrolled in this Plan and living outside of the Claims Administrator's service area may enroll in the Passport Program and receive Covered Services from Providers in the Coventry Health Care National Network at the Participating level. Designated Covered Services require Preauthorization.

To enroll your Dependent in the Passport Program, call Customer Services at the number listed on your member ID card. A representative will provide instructions for you to submit the following information:

- Employer Name
- Subscriber's name, member ID number, and date of birth
- Applicable dependent's name, member ID number, date of birth
- The reason why the dependent is residing outside of the service area (e.g. a spouse who lives separately from the subscriber, a child who lives with a parent who resides outside of the service area, etc.)

Deductibles/Copayments payable by Covered Persons

Deductibles/Copayments are dollar amounts that the Covered Person must pay before the Plan pays.

A Deductible is an amount of money that is paid once a Benefit Year per Covered Person. Typically, there is one Deductible amount per Plan and it must be paid before any money is paid by the Plan for any Covered Charges. Each Benefit Year, a new Deductible amount is required.

A Copayment is the amount of money that is paid each time a particular service is used. Typically, there may be Copayments on some services and other services will not have any Copayments.

ELIGIBILITY, FUNDING, EFFECTIVE DATE AND TERMINATION PROVISIONS

A Covered Person should contact the Claims Administrator to obtain additional information, free of charge, about Plan coverage of a specific benefit, particular drug, treatment, test or any other aspect of Plan benefits or requirements.

ELIGIBILITY

Eligible Classes of Employees. All Active Employees of the Employer.

Eligibility Requirements for Employee Coverage. A person is eligible for Employee coverage from the first day that he or she:

- (1) is a Full-Time, Active Employee of the Employer.
- (2) is in a class eligible for coverage.
- (3) is a retiree (and their eligible dependents) in approved early retirement programs.

Eligible Classes of Dependents. A Dependent is any one of the following persons:

- (1) A covered Employee's Spouse and unmarried children from birth to the limiting age of 19 years. The Dependent children must be primarily dependent upon the covered Employee for support and maintenance. However, a Dependent child will continue to be covered after age 19, provided the child is a full-time student at an accredited school, primarily dependent upon the covered Employee for support and maintenance, is unmarried and under the limiting age of 25. When the child reaches either limiting age, coverage will end on the last day of the child's birthday month. If the child does not maintain full-time status or graduates, coverage closes independent of limiting age.

However, for Plan Years beginning on or after October 9, 2009, coverage will not close if the child's failure to maintain full-time status is due to a Medically Necessary leave of absence or other change in enrollment (such as reduction of hours). If the child's treating physician certifies in writing that the child is suffering from a serious illness or injury, and that the leave of absence or other change in enrollment is Medically Necessary, coverage may continue for up to a year after the date the Medically Necessary leave of absence or other change in enrollment begins. To be eligible for the extension, the child must be enrolled in the Plan as a full-time student immediately before the first day of the Medically Necessary leave of absence. This extension of coverage continues to apply if the manner of providing coverage under the Plan changes (such as from self-funded to fully insured), if the changed coverage continues to provide coverage for dependent children. However, this extension does not extend coverage beyond the date that a child fails to meet the dependent eligibility requirements other than the requirement to be a full-time student.

Except for a student who is on a Medically Necessary leave of absence, full-time student coverage continues between semester/quarters only if the student is enrolled as a full-time student in the next regular semester/quarter. If the student is not enrolled as a full-time student, coverage will be terminated retroactively to the last day of the attended school term.

The term "Spouse" shall mean the person recognized as the covered Employee's husband or wife under the laws of the state where the covered Employee lives. The Plan Administrator may require documentation proving a legal marital relationship.

The term "Spouse" shall also mean the person who is currently registered with the Employer as the domestic partner of the Employee, this includes opposite sex and same sex couples. An individual is a domestic partner of an Employee if that individual and the Employee meet each of the following requirements:

- (a) The Employee and individual are 18 years of age or older and are mentally competent to enter into a legally binding contract.
- (b) The Employee and the individual are not married to anyone.

- (c) The Employee and the individual are not related by blood to a degree of closeness that would prohibit legal marriage between individuals of the opposite sex in the state in which they reside.
- (d) The Employee and the individual share the same principal residence(s), the common necessities of life, the responsibility for each other's welfare, are financially interdependent with each other and have a long-term committed personal relationship in which each partner is the other's sole domestic partner. Each of the foregoing characteristics of the domestic partner relationship must have been in existence for a period of at least twelve (12) consecutive months and be continuing during the period that the applicable benefit is provided. The Employee and the individual must have the intention that their relationship will be indefinite.
- (e) The Employee and the individual have common or joint ownership of a residence (home, condominium, or mobile home), motor vehicle, checking account, credit account, mutual fund, joint obligation under a lease for their residence or similar type ownership.

To obtain more detailed information or to apply for this benefit, the Employee must contact the Plan Administrator, Dickinson College, 55 N. West Street, PO Box 1773, Carlisle, Pennsylvania, 17013, 1-717-245-1503.

In the event the domestic partnership is terminated, either partner is required to inform Dickinson College of the termination of the partnership.

The Plan Administrator may require documentation proving a legal marital and/or domestic partner relationship.

The term "children" shall include natural children of the Employee or domestic partner, adopted children, Foster Children or children placed with a covered Employee (or domestic partner) in anticipation of adoption. Step-children who reside in the Employee's household may also be included as long as a natural parent remains married to the Employee and also resides in the Employee's household.

If a covered Employee or domestic partner is the Legal Guardian of an unmarried child or children, these children may be enrolled in this Plan as covered Dependents.

The phrase "child placed with a covered Employee or domestic partner in anticipation of adoption" refers to a child whom the Employee or domestic partner intends to adopt, whether or not the adoption has become final, who has not attained the age of 18 as of the date of such placement for adoption. The term "placed" means the assumption and retention by such Employee or domestic partner of a legal obligation for total or partial support of the child in anticipation of adoption of the child. The child must be available for adoption and the legal process must have commenced.

Any child of a Plan Participant who is an alternate recipient under a qualified medical child support order shall be considered as having a right to Dependent coverage under this Plan.

A participant of this Plan may obtain, without charge, a copy of the procedures governing qualified medical child support order (QMCSO) determinations from the Plan Administrator.

In all cases, to qualify as an eligible Dependent under the Plan, the child must be dependent upon the covered Employee for over one-half of his support during the Plan Year. A special rule applies in the case of a child of divorced parents, legally separated parents or parents who lived apart at all times of the year or during the last six months of the Calendar Year. The child will be considered dependent upon the Employee for over one-half of his support if the child is in the custody of the Employee and/or the other parent for more than one-half of the year and the child is dependent upon one and/or both parents for more than one-half of his support for the year. The Plan Administrator may require documentation proving dependency, including birth certificates, tax records or initiation of legal proceedings severing parental rights.

- (2) A covered Dependent child who reaches the limiting age and is Totally Disabled, incapable of self-sustaining employment by reason of mental or physical handicap, primarily dependent upon the covered Employee for support and maintenance and unmarried. The Plan Administrator may

require, at reasonable intervals during the two years following the Dependent's reaching the limiting age, subsequent proof of the child's Total Disability and dependency.

After such two-year period, the Plan Administrator may require subsequent proof not more than once each year. The Plan Administrator reserves the right to have such Dependent examined by a Physician of the Plan Administrator's choice, at the Plan's expense, to determine the existence of such incapacity.

These persons are excluded as Dependents: other individuals living in the covered Employee's home, but who are not eligible as defined; the legally separated or divorced former Spouse of the Employee; any person who is on active duty in any military service of any country; any former domestic partner of the Employee; or any person who is covered under the Plan as an Employee.

If a person covered under this Plan changes status from Employee to Dependent or Dependent to Employee, and the person is covered continuously under this Plan before, during and after the change in status, credit will be given for Deductibles and all amounts applied to maximums.

If both mother and father or domestic partner are Employees, their children will be covered as Dependents of the mother or father or domestic partner, but not of both. If both husband and wife are Employees, each may enroll as an Employee or as an eligible dependent of the other, but not as both.

Eligibility Requirements for Dependent Coverage. A family member of an Employee will become eligible for Dependent coverage on the first day that the Employee is eligible for Employee coverage and the family member satisfies the requirements for Dependent coverage.

At any time, the Plan may require proof that a Spouse, domestic partner, or a child qualifies or continues to qualify as a Dependent as defined by this Plan.

FUNDING

Cost of the Plan. Dickinson College shares the cost of Employee and Dependent coverage under this Plan with the covered Employees. The enrollment application for coverage will include a payroll deduction authorization. This authorization must be filled out, signed and returned with the enrollment application.

The level of any Employee contributions is set by the Plan Administrator. The Plan Administrator reserves the right to change the level of Employee contributions.

ENROLLMENT

Enrollment Requirements. An Employee must enroll for coverage by filling out and signing an enrollment application along with the appropriate payroll deduction authorization. The covered Employee is required to enroll for Dependent coverage also.

Enrollment Requirements for Newborn Children.

A newborn child of a covered Employee who has Dependent coverage is not automatically enrolled in this Plan. Charges for covered nursery care and routine Physician care will be applied toward the Plan of the covered newborn. If the newborn child is not enrolled in this Plan on a timely basis, as defined in the section "Timely Enrollment" following this section, there will be no payment from the Plan and the parents will be responsible for all costs.

If the child is not enrolled within 31 days of birth, the enrollment will be considered a Late Enrollment.

TIMELY OR LATE ENROLLMENT

- (1) Timely Enrollment** - The enrollment will be "timely" if completed enrollment form is received by the Plan Administrator no later than 31 days after the person became eligible for the coverage, either initially or under a Special Enrollment Period.

If two Employees (husband and wife or domestic partners) are covered under the Plan and the Employee who is covering the Dependent children terminates coverage, the Dependent coverage

may be continued by the other covered Employee with no Waiting Period as long as coverage has been continuous.

- (2) **Late Enrollment** - An enrollment is "late" if it is not made on a "timely basis" or during a Special Enrollment Period. Late Enrollees and their Dependents who are not eligible to join the Plan during a Special Enrollment Period may join only during open enrollment.

If an individual loses eligibility for coverage as a result of terminating employment or a general suspension of coverage under the Plan, then upon becoming eligible again due to resumption of employment or due to resumption of Plan coverage, only the most recent period of eligibility will be considered for purposes of determining whether the individual is a Late Enrollee.

The time between the date a Late Enrollee first becomes eligible for enrollment under the Plan and the first day of coverage is not treated as a Waiting Period. Coverage begins on January 1.

SPECIAL ENROLLMENT RIGHTS

Federal law provides Special Enrollment provisions under some circumstances. If an Employee is declining enrollment for himself or his dependents (including his spouse) because of other health insurance or group health plan coverage, there may be a right to enroll in this Plan if there is a loss of eligibility for that other coverage (or if the employer stops contributing towards the other coverage). However, a request for enrollment must be made to the Plan Administrator within 31 days after the coverage ends (or after the employer stops contributing towards the other coverage).

In addition, in the case of a birth, marriage, adoption or placement for adoption, there may be a right to enroll in this Plan. However, a request for enrollment must be made to the Plan Administrator within 31 days after the birth, marriage, adoption or placement for adoption.

The Special Enrollment rules are described in more detail below. To request Special Enrollment or obtain more detailed information of these portability provisions, contact the Plan Administrator, Dickinson College, 55 N. West Street, PO Box 1773, Carlisle, Pennsylvania, 17013, 1-717-245-1503.

SPECIAL ENROLLMENT PERIODS

The Enrollment Date for anyone who enrolls under a Special Enrollment Period is the first date of coverage. Thus, the time between the date a special enrollee first becomes eligible for enrollment under the Plan and the first date of coverage is not treated as a Waiting Period.

- (1) **Individuals losing other coverage creating a Special Enrollment right.** An Employee or Dependent who is eligible, but not enrolled in this Plan, may enroll if loss of eligibility for coverage meets all of the following conditions:
- (a) The Employee or Dependent was covered under a group health plan or had health insurance coverage at the time coverage under this Plan was previously offered to the individual.
 - (b) If required by the Plan Administrator, the Employee stated in writing at the time that coverage was offered that the other health coverage was the reason for declining enrollment.
 - (c) The coverage of the Employee or Dependent who had lost the coverage was under COBRA and the COBRA coverage was exhausted, or was not under COBRA and either the coverage was terminated as a result of loss of eligibility for the coverage or because employer contributions towards the coverage were terminated. Coverage will begin no later than the first day of the first calendar month following the date the enrollment form is completed.
 - (d) The Employee or Dependent requests enrollment in this Plan not later than 31 days after the date of exhaustion of COBRA coverage or the termination of non-COBRA coverage due to loss of eligibility or termination of employer contributions, described above. Coverage will begin no later than the first day of the first calendar month following the date the completed enrollment form is received.

- (2) For purposes of these rules, a loss of eligibility occurs if one of the following occurs:
- (a) The Employee or Dependent has a loss of eligibility due to the plan no longer offering any benefits to a class of similarly situated individuals (i.e.: part-time employees).
 - (b) The Employee or Dependent has a loss of eligibility as a result of legal separation, divorce, cessation of dependent status (such as attaining the maximum age to be eligible as a dependent child under the plan), death, termination of employment, or reduction in the number of hours of employment or contributions towards the coverage were terminated.
 - (c) The Employee or Dependent has a loss of eligibility when coverage is offered through an HMO, or other arrangement, in the individual market that does not provide benefits to individuals who no longer reside, live or work in a service area, (whether or not within the choice of the individual).
 - (d) The Employee or Dependent has a loss of eligibility when coverage is offered through an HMO, or other arrangement, in the group market that does not provide benefits to individuals who no longer reside, live or work in a service area, (whether or not within the choice of the individual), and no other benefit package is available to the individual.

If the Employee or Dependent lost the other coverage as a result of the individual's failure to pay premiums or required contributions or for cause (such as making a fraudulent claim or an intentional misrepresentation of a material fact in connection with the plan), that individual does not have a Special Enrollment right.

(3) **Dependent beneficiaries.** If:

- (a) The Employee is a participant under this Plan (or has met the Waiting Period applicable to becoming a participant under this Plan and is eligible to be enrolled under this Plan but for a failure to enroll during a previous enrollment period), and
- (b) A person becomes a Dependent of the Employee through marriage, registration of domestic partnership, birth, adoption or placement for adoption,

then the Dependent (and if not otherwise enrolled, the Employee) may be enrolled under this Plan. In the case of the birth or adoption of a child, the Spouse or domestic partner of the covered Employee may be enrolled as a Dependent of the covered Employee if the Spouse or domestic partner is otherwise eligible for coverage. If the Employee is not enrolled at the time of the event, the Employee must enroll under this Special Enrollment Period in order for his eligible Dependents to enroll.

The Dependent Special Enrollment Period is a period of 31 days and begins on the date of the marriage, birth, adoption or placement for adoption. To be eligible for this Special Enrollment, the Dependent and/or Employee must request enrollment during this 31-day period.

The coverage of the Dependent and/or Employee enrolled in the Special Enrollment Period will be effective:

- (a) in the case of marriage, on the date of marriage, or in the case of domestic partner relationship, on the date of registration of the domestic partner relationship; or
- (b) in the case of a Dependent's birth, as of the date of birth; or
- (c) in the case of a Dependent's adoption or placement for adoption, the date of the adoption or placement for adoption; or
- (d) in the case of loss of coverage, the date of the loss of prior coverage if the request for enrollment is received in a timely manner and any required premiums for such new coverage are paid.

- (4) **Medicaid and State Child Health Insurance Programs.** An Employee or Dependent who is eligible, but not enrolled in this Plan, may enroll if:
- (a) The Employee or Dependent is covered under a Medicaid plan under Title XIX of the Social Security Act or a State child health plan (CHIP) under Title XXI of such Act, and coverage of the Employee or Dependent is terminated due to loss of eligibility for such coverage, and the Employee or Dependent requests enrollment in this Plan within 60 days after such Medicaid or CHIP coverage is terminated.
 - (b) The Employee or Dependent becomes eligible for assistance with payment of Employee contributions to this Plan through a Medicaid or CHIP plan (including any waiver or demonstration project conducted with respect to such plan), and the Employee or Dependent requests enrollment in this Plan within 60 days after the date the Employee or Dependent is determined to be eligible for such assistance.

If a Dependent becomes eligible to enroll under this provision and the Employee is not then enrolled, the Employee must enroll in order for the Dependent to enroll.

Coverage will become effective as of the first day of the first calendar month following the date the completed enrollment form is received unless an earlier date is established by the Employer or by regulation.

An Employee who is already enrolled in a benefit option may enroll in another benefit option under the Plan if their Dependent has a Special Enrollment right because the Dependent lost other health coverage.

ENROLLMENT OF DEPENDENT PURSUANT TO A QUALIFIED MEDICAL CHILD SUPPORT ORDER

If the Plan Administrator receives a Qualified Medical Child Support Order (QMCSO), as determined by the Plan Administrator, for an eligible Dependent, the Effective Date shall be the later of (a) the date of the QMCSO, or (b) thirty (30) days prior to the date the QMCSO was received by the Plan Administrator. If the Employee is not enrolled in the Plan, the Plan Administrator shall enroll the Employee as of the same Effective Date as the eligible Dependent and the Employee shall be responsible for any required Employee contributions.

EFFECTIVE DATE

Effective Date of Employee Coverage. An Employee will be covered under this Plan as of the first day that the Employee satisfies all of the following:

- (1) The Eligibility Requirement.
- (2) The Active Employee Requirement.
- (3) The Enrollment Requirements of the Plan.

Active Employee Requirement.

An Employee must be an Active Employee (as defined by this Plan) for this coverage to take effect.

Effective Date of Dependent Coverage. A Dependent's coverage will take effect on the day that the Eligibility Requirements are met; the Employee is covered under the Plan; and all Enrollment Requirements are met.

TERMINATION OF COVERAGE

When coverage under this Plan stops, Covered Persons will receive a certificate that will show the period of Creditable Coverage under this Plan. Please contact the Plan Administrator for a copy of the Certificate of Creditable Coverage.

When Employee Coverage Terminates. Employee coverage will terminate on the earliest of these dates (except in certain circumstances, a covered Employee may be eligible for COBRA continuation coverage. For a complete explanation of when COBRA continuation coverage is available, what conditions apply and how to select it, see the section entitled Continuation Coverage Rights under COBRA):

- (1) The date the Plan is terminated.

- (2) The last day of the calendar month in which the covered Employee ceases to be in one of the Eligible Classes. This includes death or termination of Active Employment of the covered Employee. (See the section entitled Continuation Coverage Rights under COBRA.) It also includes an Employee on disability, leave of absence or other leave of absence, unless the Plan specifically provides for continuation during these periods.
- (3) The end of the period for which the required contribution has been paid if the charge for the next period is not paid when due.
- (4) If an Employee commits fraud or makes a material misrepresentation in applying for or obtaining coverage, or obtaining benefits under the Plan, then the Employer or Plan may either void coverage for the Employee and covered Dependents for the period of time coverage was in effect, may terminate coverage as of a date to be determined at the Plan's discretion, or may immediately terminate coverage.
- (5) If an Employee misuses the Plan identification card or allows persons other than the one specifically named on the ID card to attempt to obtain benefits, then coverage will be terminated for the Employee and covered Dependents upon thirty-one (31) days written notice from the Plan.
- (6) If a Participating Provider, after Plan's reasonable efforts to provide this opportunity to the Employee, is unable to establish and maintain a satisfactory Provider-patient relationship with an Employee, Plan may terminate the coverage of the Employee and all other family members covered on that same policy. This can be done with thirty-one (31) days written notice to the Employee. Repeatedly seeking and receiving services that are not Medically Necessary as determined by the Plan and the Provider in question shall also be considered the inability to establish and maintain a satisfactory Provider-patient relationship.

Continuation During Periods of Employer-Certified Disability, Leave of Absence or Layoff. A person may remain eligible for a limited time if Active, full-time work ceases due to disability, leave of absence or layoff. This continuance will end as follows:

For an approved, paid medical leave of absence or FMLA leave of absence: the end of the six (6) calendar month period that next follows the month in which the person last worked as an Active Employee.

For an approved sabbatical: the end of the twelve (12) calendar month period that next follows the month in which the person last worked as an Active Employee.

For an approved, unpaid leave of absence, other than FMLA: coverage will continue at the COBRA contribution rate.

While continued, coverage will be that which was in force on the last day worked as an Active Employee. However, if benefits reduce for others in the class, they will also reduce for the continued person.

Continuation During Family and Medical Leave. Regardless of the established leave policies mentioned above, this Plan shall at all times comply with the Family and Medical Leave Act of 1993 as promulgated in regulations issued by the Department of Labor.

During any leave taken under the Family and Medical Leave Act, the Employer will maintain coverage under this Plan on the same conditions as coverage would have been provided if the covered Employee had been continuously employed during the entire leave period.

If Plan coverage terminates during the FMLA leave, coverage will be reinstated for the Employee and his or her covered Dependents if the Employee returns to work in accordance with the terms of the FMLA leave. Coverage will be reinstated only if the person(s) had coverage under this Plan when the FMLA leave started, and will be reinstated to the same extent that it was in force when that coverage terminated.

Rehiring a Terminated Employee. A terminated Employee who is rehired will be treated as a new hire and be required to satisfy all Eligibility and Enrollment requirements. However, if the Employee is returning to work directly from COBRA coverage, this Employee does not have to satisfy any employment waiting period.

Employees on Military Leave. Employees going into or returning from military service may elect to continue Plan coverage as mandated by the Uniformed Services Employment and Reemployment Rights Act (USERRA) under the following circumstances. These rights apply only to Employees and their Dependents covered under the Plan immediately before leaving for military service.

- (1) The maximum period of coverage of a person and the person's Dependents under such an election shall be the lesser of:
 - (a) The 24 month period beginning on the date on which the person's absence begins; or
 - (b) The day after the date on which the person was required to apply for or return to a position of employment and fails to do so.
- (2) A person who elects to continue health plan coverage must pay up to 102% of the full contribution under the Plan, except a person on active duty for 30 days or less cannot be required to pay more than the Employee's share, if any, for the coverage.
- (3) An exclusion or Waiting Period may not be imposed in connection with the reinstatement of coverage upon reemployment if one would not have been imposed had coverage not been terminated because of service. However, an exclusion or Waiting Period may be imposed for coverage of any Illness or Injury determined by the Secretary of Veterans Affairs to have been incurred in, or aggravated during, the performance of uniformed service.

If the Employee wishes to elect this coverage or obtain more detailed information, contact the Plan Administrator Dickinson College, 55 N. West Street, PO Box 1773, Carlisle, Pennsylvania, 17013, 1-717-245-1503. The Employee may also have continuation rights under USERRA. In general, the Employee must meet the same requirements for electing USERRA coverage as are required under COBRA continuation coverage requirements. Coverage elected under these circumstances is concurrent not cumulative. The Employee may elect USERRA continuation coverage for the Employee and his or her Dependents. Only the Employee has election rights. Dependents do not have any independent right to elect USERRA health plan continuation.

When Dependent Coverage Terminates. A Dependent's coverage will terminate on the earliest of these dates (except in certain circumstances, a covered Dependent may be eligible for COBRA continuation coverage. For a complete explanation of when COBRA continuation coverage is available, what conditions apply and how to select it, see the section entitled Continuation Coverage Rights under COBRA):

- (1) The date the Plan or Dependent coverage under the Plan is terminated.
- (2) The date that the Employee's coverage under the Plan terminates for any reason including death. (See the section entitled Continuation Coverage Rights under COBRA.)
- (3) The date a covered Spouse loses coverage due to loss of dependency status. (See the section entitled Continuation Coverage Rights under COBRA.)
- (4) On the last day of the calendar month that a Dependent child ceases to be a Dependent as defined by the Plan. (See the section entitled Continuation Coverage Rights under COBRA.)
- (5) The end of the period for which the required contribution has been paid if the charge for the next period is not paid when due.
- (6) If a Dependent commits fraud or makes a material misrepresentation in applying for or obtaining coverage, or obtaining benefits under the Plan, then the Employer or Plan may either void coverage for the Dependent for the period of time coverage was in effect, may terminate coverage as of a date to be determined at the Plan's discretion, or may immediately terminate coverage.
- (7) If a Dependent misuses the Plan identification card or allows persons other than the one specifically named on the ID card to attempt to obtain benefits, then coverage will be terminated for the Dependent upon thirty-one (31) days written notice from the Plan.
- (8) If a Participating Provider, after Plan's reasonable efforts to provide this opportunity to the Dependent, is unable to establish and maintain a satisfactory Provider-patient relationship with a Dependent, Plan may terminate the coverage of Dependent. This can be done with thirty-one (31) days written notice to

the Dependent. Repeatedly seeking and receiving services that are not Medically Necessary as determined by the Plan and the Provider in question shall also be considered the inability to establish and maintain a satisfactory Provider-patient relationship.

OPEN ENROLLMENT

OPEN ENROLLMENT

During the annual open enrollment period, covered Employees and their covered Dependents will be able to change some of their benefit decisions based on which benefits and coverages are right for them.

During the annual open enrollment period, Employees and their Dependents who are Late Enrollees will be able to enroll in the Plan.

Benefit choices made during the open enrollment period will become effective January 1 and remain in effect until the next December 31 unless there is a Special Enrollment event or a change in family status during the year (birth, death, marriage, divorce, adoption) or loss of coverage due to loss of a Spouse's employment. To the extent previously satisfied, coverage Waiting Periods will be considered satisfied when changing from one benefit option under the Plan to another benefit option under the Plan.

Benefit choices for Late Enrollees made during the open enrollment period will become effective January 1.

A Covered Person who fails to make an election during open enrollment will automatically retain his or her present coverages.

Covered Persons will receive detailed information regarding open enrollment from their Employer.

MEDICAL BENEFITS

Medical Benefits apply when Covered Charges are incurred by a Covered Person for care of an Injury or Sickness and while the person is covered for these benefits under the Plan.

COPAYMENT

A Copayment is the amount of money that is paid each time a particular Covered service is used. Typically, there may be Copayments on some services and other services will not have any Copayments. Copayments do not accrue toward the Out-of-Pocket Maximum.

DEDUCTIBLE

Deductible Amount. This is an amount of Covered Charges for which no benefits will be paid. Before benefits can be paid in a Benefit Year, a Covered Person must meet the Deductible shown in the Schedule of Benefits.

Family Unit Limit. When the maximum amount shown in the Schedule of Benefits has been incurred by members of a Family Unit toward their Benefit Year Deductibles, the Deductibles of all members of that Family Unit will be considered satisfied for that year.

BENEFIT PAYMENT

Each Benefit Year, benefits will be paid for the Covered Charges of a Covered Person that are in excess of the Deductible and any Copayments. Payment will be made at the rate shown under reimbursement rate in the Schedule of Benefits. No benefits will be paid in excess of the Maximum Benefit Amount or any listed limit of the Plan.

OUT-OF-POCKET LIMIT

Covered Charges are payable at the percentages shown each Benefit Year until the Out-of-Pocket Limit shown in the Schedule of Benefits is reached. Then, Covered Charges incurred by a Covered Person will be payable at 100% (except for the charges excluded) for the rest of the Benefit Year.

When a Family Unit reaches the Out-of-Pocket Limit, Covered Charges for that Family Unit will be payable at 100% (except for the charges excluded) for the rest of the Benefit Year.

MAXIMUM BENEFIT AMOUNT

The Maximum Benefit Amount is shown in the Schedule of Benefits. It is the total amount of benefits that will be paid under the Plan for all Covered Charges incurred by a Covered Person. The Maximum Benefit applies to all plans and benefit options offered under the Dickinson College Preferred Provider Organization Health Plan, including the ones described in this document.

COVERED CHARGES

Covered Charges are the Maximum Allowable Charges that are incurred for the following items of service and supply. These charges are subject to the benefit limits, exclusions and other provisions of this Plan. A charge is incurred on the date that the service or supply is performed or furnished.

Covered Charges for room and board will be payable as shown in the Schedule of Benefits. After 23 observation hours, a confinement will be considered an inpatient confinement.
- (2) **Coverage of Pregnancy.** The Maximum Allowable Charges for the care and treatment of Pregnancy are covered the same as any other Sickness for a covered Employee or Dependent.

Group health plans generally may not, under Federal law, restrict benefits for any Hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, Federal law generally does not prohibit the mother's or newborn's attending Provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case,

plans and issuers may not, under Federal law, require that a Provider obtain authorization from the plan or the issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

(3) Skilled Nursing Facility Care. The room and board and nursing care furnished by a Skilled Nursing Facility will be payable if and when:

Benefit payment for nursing, home health aide and therapy services is subject to the Home Health Care limit shown in the Schedule of Benefits.

A home health care visit will be considered a periodic visit by either a nurse or therapist, as the case may be, or four hours of home health aide services.

(6) Hospice Care Services and Supplies. Charges for hospice care services and supplies are covered only when the attending Physician has diagnosed the Covered Person's condition as being terminal, determined that the person is not expected to live more than six (6) months and placed the person under a Hospice Care Plan.

A prudent layperson is someone without medical training who draws on his or her practical experience when making a decision regarding whether emergency medical treatment is needed. A prudent layperson will be considered to have acted "reasonably" if other similarly situated laypersons would have believed, on the basis of observation of the medical symptoms at hand, that emergency medical treatment was necessary.

The Claims Administrator reviews all information and documentation with respect to these claims in accordance with established medical criteria and guidelines. If this review results in the determination that the Covered Person did not experience a Medical Emergency, the Covered Person may be responsible for the entire bill. Claims resulting from a Medical Emergency are eligible for payment at the In-Network level of benefits. If a claim is denied or paid at the Out-of-Network benefit level when you believe a Medical Emergency existed, contact the Customer Service Department.

Group health plans generally may not, under Federal law, restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, Federal law generally does not prohibit the mother's or newborn's attending Provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under Federal law, require that a Provider obtain authorization from the plan or the issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

Charges for Routine Physician Care. The benefit is limited to the Maximum Allowable Charges made by a Physician for the newborn child while Hospital confined as a result of the child's birth.

UTILIZATION MANAGEMENT SERVICES

Preauthorization

Please refer to the Employee ID card for the Preauthorization phone number.

When a Covered Person receives care from a Participating Provider, the Provider is responsible for following the Utilization Management policies and procedures. If a Covered Person receives care that has been Preauthorized by the Claims Administrator from a Non-Participating Provider, the Covered Person must comply with all of the policies and procedures of the Utilization Management Program.

When a Covered Person receives care or intends to receive care from a Non-Participating Provider, the Covered Person or family member must call the number on the Employee ID card to receive certification of certain services in order for those services to be covered under this Plan. This call must be made at least fourteen (14) days in advance of services being rendered. If there is an **emergency** admission to a Medical Care Facility, the Covered Person or someone on the Covered Person's behalf such as a family member, the Medical Care Facility or attending Physician, must contact the Claims Administrator **as soon as reasonably possible**.

General Policies

Under all circumstances, the attending Physician bears the ultimate responsibility for the medical decisions regarding treatment of Covered Persons.

The Claims Administrator will determine the number of days of Medical Care Facility confinement or use of other listed medical services preauthorized for payment.

If a Covered Person requests services which are not Medically Necessary having full knowledge that such services were not authorized for payment, then the Covered Person will be responsible for all charges for services incurred and not authorized.

If a Covered Person is admitted to a Medical Facility prior to the date authorized by the Claims Administrator, unless it is an emergency admission, then the Covered Person is responsible for all charges related to the unauthorized days.

Emergency Services (defined below) are covered under this plan. If a Covered Person receives treatment in the Emergency Room, only those services that qualify as Emergency Services are considered Eligible Expenses and covered under this plan. All other services (non-Emergency Services) provided in an Emergency Room are expressly excluded from coverage under this plan.

Emergency Services shall mean: any health care service provided to a Covered Person after the sudden onset of a medical condition that manifests itself by acute symptoms of sufficient severity or severe pain such that a prudent layperson who possesses average knowledge of health and medicine could reasonably expect the absence of immediate medical attention to result in: (i) placing the health of the Covered Person or, with respect to a pregnant woman, the health of the Covered Person or her unborn child, in serious jeopardy; (ii) serious impairment to bodily functions; or (iii) serious dysfunction of any bodily organ or part.

If the Claims Administrator preauthorizes an admission, outpatient surgery or procedure based on information later determined to be incorrect and the authorized services are not Medically Necessary or a Covered Service, payment will be denied for charges incurred for those services.

A Covered Person has the right to appeal any Utilization Management Program payment decision according to the Complaint and Appeal Procedures.

OBTAINING PREAUTHORIZATION FOR VISITS TO NON-PARTICIPATING PROVIDERS

If a Physician feels that there is a need for a Covered Person to be seen by a Physician or other medical Provider who does not participate in the network and that the services may be eligible for coverage under the Plan, then the Physician must submit medical information to the Claims Administrator prior to the Covered Person receiving services. **Retroactive requests for consideration of coverage will not be considered.** Covered Charges from a Non-Participating Provider are preauthorized by the Claims Administrator for Participating Provider benefits only when the Claims Administrator does not have a Participating Provider who

can provide the service. The Physician must submit evidence that Participating Plan Providers are unable to perform the requested services. The Claims Administrator has the right to determine where the services can be provided for coverage when a Participating Provider cannot render the service.

UTILIZATION REVIEW

Utilization review is a program designed to help insure that all Covered Persons receive necessary and appropriate health care while avoiding unnecessary expenses.

The program consists of:

- (a) Precertification of the Medical Necessity for the following Non-Emergency Services before Medical and/or Surgical services are provided:

Refer to the Preauthorization Exhibit at the end of this document.

The attending Physician does not have to obtain Preauthorization from the Plan for prescribing a maternity length of stay that is 48 hours or less for a vaginal delivery or 96 hours or less for a cesarean delivery.

- (b) Retrospective review of the Medical Necessity of the listed services provided on an emergency basis;
- (c) Concurrent review, based on the admitting diagnosis, of the listed services requested by the attending Physician; and
- (d) Certification of services and planning for discharge from a Medical Care Facility or cessation of medical treatment.

The purpose of the program is to determine what charges may be eligible for payment by the Plan. This program is not designed to be the practice of medicine or to be a substitute for the medical judgment of the attending Physician or other health care Provider.

If a particular course of treatment or medical service is not certified, it means that either the Plan will not pay for the charges or the Plan will not consider that course of treatment as appropriate for the maximum reimbursement under the Plan. The patient is urged to find out why there is a discrepancy between what was requested and what was certified before incurring charges.

In order to maximize Plan reimbursements, please read the following provisions carefully.

Here's how the program works:

Pre-Service Requests for benefits (requests for benefits that require Preauthorization and are for services that have not yet been provided).

Urgent Care Requests for Benefits (requests for benefits related to services that the Covered Person or health care Provider believes places the Covered Person's life, health or ability to regain maximum function in immediate jeopardy, or for care that the treating physician determines is urgent, or determines that a delay would subject the Covered Person to severe pain that could not be adequately managed without the treatment requested).

A Covered Person may make an urgent care request for benefits by contacting the Claims Administrator. The Claims Administrator will make its decision and notify the Covered Person of that decision as quickly as possible, taking into account medical exigencies, but in no event later than 72 hours after it receives the request. In some cases, the Covered Person or the Provider may not have provided the Claims Administrator with sufficient information to make a decision. If this is the case, the Claims Administrator, within 24 hours after it has received the request, will notify the Covered Person of the additional information that it needs to make a determination. The Claims Administrator will give the Covered Person a reasonable amount of time, at least 48 hours, to provide the information. The Claims Administrator will make its decision within the earlier of: 48 hours after it receives the information, or within 48 hours of the time it gave the Covered Person to provide the additional information.

Concurrent Care Benefit Determinations

If a Covered Person is undergoing an approved course of treatment, and the Claims Administrator determines that the number or course of the treatment should be reduced or terminated, the Claims Administrator will inform the Covered Person of its decision before the end of the approved course of treatment, so that the Covered Person has sufficient time to appeal the decision to reduce or limit the treatment.

Notifications of Benefit Determinations

If the Claims Administrator denies a request for services in whole or in part, it will provide the Covered Person with a written explanation of the decision, including the specific reason that the request was denied, the Plan provision on which the denial was based, a description of any additional information that may be submitted and why the information is necessary, and a description of the appeal procedures.

Preauthorization

In the event of a non-emergency hospital admission, the Claims Administrator must be contacted at least fourteen (14) days prior to the scheduled Hospital admission or outpatient surgery or procedure.

If a Covered Person is being treated by a Participating Provider, it is the responsibility of the attending Participating Provider to Contact the Claims Administrator.

If the Covered Person is being treated by a Non-Participating Provider, it is the Covered Person's responsibility to contact the Claims Administrator. A friend or relative, the attending Physician, the Hospital, or anyone a Covered Person designates may contact the Claims Administrator.

Admission/Continued Stay Review

In the event of an emergency hospitalization or outpatient surgery or procedure, the Claims Administrator must be contacted as soon as reasonably possible after the Medical Emergency or as soon as reasonably possible following the receipt of the services.

If the Covered Person is being treated by a Participating Provider, it is the responsibility of the attending Participating Provider to contact the Claims Administrator.

If the Claims Administrator was contacted by the Covered Person or the Participating Provider and the emergency admission was not Medically Necessary, the services will be denied.

In the event that a Covered Person wants to stay in the Hospital longer than authorized by the Claims Administrator, no further benefits will be provided.

CASE MANAGEMENT

Case Management. The Plan may elect, in its sole discretion, when acting on a basis that precludes individual selection, to provide alternative benefits that are otherwise excluded under the Plan. The alternative benefits, called "Case Management," shall be determined on a case-by-case basis, and the Plan's determination to provide the benefits in one instance shall not obligate the Plan to provide the same or similar alternative benefits for the same or any other Covered Person, nor shall it be deemed to waive the right of the Plan to strictly enforce the provisions of the Plan.

A Case Manager consults with the patient, the family and the attending Physician in order to develop a plan of care for approval by the patient's attending Physician and the patient. This plan of care may include some or all of the following:

- personal support to the patient;
- contacting the family to offer assistance and support;
- monitoring Hospital or Skilled Nursing Facility;
- assisting in obtaining any necessary equipment and services.

Case Management occurs when this alternate benefit will be beneficial to both the patient and the Plan.

The Case Manager will coordinate and implement the Case Management program by providing guidance and information on available resources and suggesting the most appropriate treatment plan. The Claims Administrator, attending Physician, patient and patient's family must all agree to the alternate treatment plan.

Once agreement has been reached, the Claims Administrator will direct the Plan to reimburse for Medically Necessary expenses as stated in the treatment plan, even if these expenses normally would not be paid by the Plan.

Note: Case Management is a voluntary service. There are no reductions of benefits or penalties if the patient and family choose not to participate.

Each treatment plan is individually tailored to a specific patient and should not be seen as appropriate or recommended for any other patient, even one with the same diagnosis.

The DAW Charge is not applied toward the Deductible, the Maximum Out-of-Pocket Limit or the Annual Maximum benefit.

With the exception of Tier Two contraceptives, Tier Two drugs with a narrow therapeutic index, brands with newly introduced generics in Tier Two, and Tier Two "Drug Efficacy Study Implementation (DESI) drugs," generic drugs will always be substituted when a generic Prescription Drug is available.

Coinsurance means the percentage stated in the Schedule of Benefits, if any, that you must pay to the Participating Retail, Mail Order or Specialty Pharmacy to fill any Prescription or Refill with a Brand Name or Non-Formulary Drug. The Plan Administrator calculates Coinsurance based on the negotiated rate between the Plan and the Participating Pharmacy. Coinsurance for Prescription Drugs filled by a Non-Participating Pharmacy is a percentage of the billed charge.

Copayment means the flat dollar amount as specified in the Schedule of Benefits that will be charged to the Covered Person by the Participating Retail, Mail Order, or Specialty Pharmacy to dispense any Prescription Order or Refill. The Covered Person is required to pay one Copayment per each Prescription Order or Refill to a Participating Retail, Mail Order, or Specialty Pharmacy at the time of service. Narrow Therapeutic Index. A drug is said to have a narrow therapeutic index when small variances in a Covered Person’s blood levels can change the effectiveness or toxicity of the drug. Safe and effective use of these drugs requires careful dosage adjustment and patient monitoring, regardless of whether the generic or brand name product is used.

Non-Participating Pharmacy means any registered, licensed Pharmacy with which the Claims Administrator has not contracted to dispense Prescription Drugs to Covered Persons.

Out-of-Pocket Maximum means the amount(s) of Eligible Charges for benefits under this Plan paid by a Covered Person (individual) or family during a Benefit Year, except that the Out-of-Pocket Maximum shall not include amounts in excess of the Eligible Charges. After the Out-of-Pocket Maximum has been paid, the Covered Person and/or the Covered Person’s family, as applicable, is no longer required to pay any portion of the Eligible Charges for Prescription Drugs covered under this benefit during the remainder of the Benefit Year. HOW TO SUBMIT A CLAIM

Benefits under this Plan shall be paid only if the Plan Administrator decides in its discretion that a Covered Person is entitled to them.

Claims for services rendered by Non-Participating Providers that qualify as benefits should be sent to:

**HealthAmerica
Claims Department
PO Box 7089
London, KY 40742-7089**

If a charge is made to a Covered Person for any service that is reimbursable under this Plan, written proof of such charge shall include an itemized statement and diagnosis and must be submitted to the Claims Administrator within three hundred-sixty-five (365) days after the delivery of the service. Such services must have been provided in accordance with the Plan's Utilization Management and Preauthorization policies and procedures. Failure to furnish such documentation within the specified period shall invalidate or reduce any such claim unless for good reason, as determined by the Claims Administrator, it was not possible to submit the claim within the specified period, provided such proof is produced in a timely basis.

The Claims Administrator may make payment to the person or institution providing the services, or at the Claims Administrator's discretion may make payment directly to the Covered Employee. However, if the Covered Person furnishes evidence satisfactory to the Claims Administrator that payment has been made to such person or institution for the service covered, reimbursement will be made to the Covered Person after deducting any payment made by the Claims Administrator before receipt of such evidence.

The Plan, at its own expense, shall have the right to require that a Covered Person whose sickness or injury is the basis of a claim under this Summary Plan Description, be examined by a Participating Physician or other Health Care Provider of the Plan's choosing when and as often as the Plan may reasonably require.

No legal action for reimbursement of a claim for payment for services may be initiated prior to the exhaustion of the Plan's appeals procedures. No legal action for reimbursement of a claim for payment for services may be initiated more than three (3) years after the expiration of the date of service of the claim at issue.

WHEN CLAIMS SHOULD BE FILED

Claims should be filed with the Claims Administrator within three hundred-sixty-five (365) days of the date charges for the service were incurred. Benefits are based on the Plan's provisions at the time the charges were incurred. Claims filed later than that date may be declined or reduced unless:

- (a) it's not reasonably possible to submit the claim in that time; and
- (b) the claim is submitted within one (1) year from the date incurred. This one (1) year period will not apply when the person is not legally capable of submitting the claim.

The Claims Administrator will determine if enough information has been submitted to enable proper consideration of the claim. If not, more information may be requested from the claimant. The Plan reserves the right to have a Covered Person seek a second medical opinion.

BENEFIT DETERMINATIONS AND INQUIRY AND APPEAL PROCEDURES

Informal Inquiry Process

Most complaints begin as an informal inquiry. Covered Persons should direct informal inquiries to the Claims Administrator via the Customer Service Department Monday through Friday from 8:00 a.m. to 5:00 p.m. Eastern Time at the telephone number listed below:

Toll-free 1-800-735-4404 or 1-800-788-8445
HealthAmerica
3721 Tec Port Drive
Harrisburg, PA 17111

A Customer Service Associate will review, research and resolve the inquiry. The Covered Person will be informed of the resolution within thirty (30) days. At the time of resolution, if the decision is adverse to the Covered Person, the Covered Person will be advised of his/her right to request a formal complaint. Covered Persons also have the right to bypass the informal inquiry procedures and immediately file a formal complaint.

The Plan has an appeal process with two (2) levels of review and an expedited internal appeal process for Urgent Care appeals.

The Covered Person or Authorized Representative may file a written or oral appeal by contacting the Claims Administrator at the appropriate address and telephone number. If the Covered Person consents to the filing of an appeal by an Authorized Representative under this Section, the Covered Person may not file a separate appeal. Appeals will be handled by an appeal coordinator who may involve other staff of the Claims Administrator or Participating Providers. The objective is to review all the facts and to handle the appeal as quickly and as courteously as possible. If the solution is satisfactory to the Covered Person or Authorized Representative and the Plan, the matter ends.

First Level Appeal Process (Non-Urgent)

The Covered Person or Authorized Representative has one hundred and eighty (180) days after receipt of the initial notice of Adverse Benefit Determination to file an appeal with the Plan. Requests received after one hundred and eighty (180) days will not be eligible for the appeal process. The first level appeal may be submitted in writing or orally. If submitted in writing, it should be sent to HealthAmerica, 3721 TecPort Drive, Harrisburg, PA 17111, Attention: Appeal Process.

Each first level appeal review includes an investigation of the appeal and a review by an initial review committee. The committee consists of one or more individuals chosen by the Claims Administrator who were not involved in the event that caused the appeal. When appropriate, the committee will include a health care professional who has appropriate training and experience in the field of medicine involved in the medical judgment for which the Covered Person is seeking coverage, or will include his or her consultative report in their deliberations. The Covered Person or Authorized Representative may submit written data or other information for the committee's review.

The appeal review will be completed and written notification will be sent to the Covered Person or Authorized Representative within the following time periods:

- Pre-service appeal – fifteen (15) calendar days after the date on which the appeal is filed.
- Post-service appeal – thirty (30) calendar days after the date on which the appeal is filed.

This notification shall include the basis and clinical rationale for the decision and the procedure to file a request for a second level review of the decision.

Second Level Appeal Process (Non-Urgent)

If the Covered Person or Authorized Representative is not satisfied with the decision of the first level appeal committee, a request for a second level review of the appeal may be submitted orally or in writing. If submitted in writing, it should be sent to HealthAmerica, 3721 TecPort Drive, Harrisburg, PA 17111, Attention: Appeal

Process. A Covered Person has forty-five (45) days from receipt of the notice of the review committee's decision to request the second level appeal review.

Each second level appeal review includes the following:

- An investigation of the appeal;
- Written notification to the Covered Person or Authorized Representative that he/she has the right, but is not required to appear before the review committee;
- Written notification to the Covered Person or Authorized Representative of the review committee hearing date and hearing procedures;
- A review of the initial decision by a committee which consists of three (3) or more individuals who did not participate in the first level appeal or the event that caused the appeal and who are not subordinates of the individuals who made the initial decision or the first level appeal. When appropriate, the committee will include a health care professional who has appropriate training and experience in the field of medicine involved in the medical judgment for which the Covered Person is seeking coverage, or will include his or her consultative report in their deliberations.

The appeal will be reviewed and written notification of the committee's decision will be sent to the Covered Person or Authorized Representative within the following time periods:

- Pre-service appeal – fifteen (15) calendar days after the date on which the appeal is filed.
- Post-service appeal – thirty (30) calendar days after the date on which the appeal is filed.

This notification shall include the basis and clinical rationale for the decision and is binding.

The Covered Person or Authorized Representative is not entitled to further appeal under the Plan's appeal processes after the Claims Administrator's final decision regarding payment for a service that is the subject of a second level appeal.

Urgent Care Appeal Process

A Covered Person or Authorized Representative may request an expedited review of an Urgent Care Claim by providing the Claims Administrator with clinical rationale and facts to support the request. The Urgent Care appeal hearing will be completed and written notification of the decision of the Claims Administrator will be sent to the Covered Person and/or Authorized Representative within seventy-two (72) hours of the filing of the Urgent Care appeal. A Covered Person is not entitled to further appeal under the Plan's appeal processes after the final decision regarding payment for a service that is the subject of an Urgent Care Claim.

A Physician with knowledge of the claimant's medical condition may determine if a claim is one involving Urgent Care. If there is no such Physician, an individual acting on behalf of the Plan, applying the judgment of a prudent layperson who possesses an average knowledge of health and medicine, may make the determination.

COORDINATION OF BENEFITS

Coordination of the benefit plans. Coordination of benefits sets out rules for the order of payment of Covered Charges when two or more plans -- including Medicare -- are paying. When a Covered Person is covered by this Plan and another plan, or the Covered Person's Spouse is covered by this Plan and by another plan or the couple's covered children are covered under two or more plans, the plans will coordinate benefits when a claim is received.

The plan that pays first according to the rules will pay as if there were no other plan involved. The secondary and subsequent plans will pay the balance up to each one's plan formula minus whatever the primary plan paid. This is called non-duplication of benefits. The total reimbursement will never be more than the amount that would have been paid if the secondary plan had been the primary plan -- 50% or 80% or 100% -- whatever it may be. The balance due, if any, is the responsibility of the Covered Person.

Benefit plan. This provision will coordinate the medical benefits of a benefit plan. The term benefit plan means this Plan or any one of the following plans:

- (1) Group or group-type plans, including franchise or blanket benefit plans.
- (2) Group practice and other group prepayment plans.
- (3) Federal government plans or programs. This includes Medicare.
- (4) Other plans required or provided by law. This does not include Medicaid or any benefit plan like it that, by its terms, does not allow coordination.
- (5) No Fault Auto Insurance, by whatever name it is called, when not prohibited by law.

Allowable Charge. For a charge to be allowable it must be a Maximum Allowable Charge and at least part of it must be covered under this Plan.

In the case of HMO (Health Maintenance Organization) or other In-Network only plans: This Plan will not consider any charges in excess of what an HMO or Participating Provider has agreed to accept as payment in full. Also, when an HMO or network plan is primary and the Covered Person does not use an HMO or Participating Provider, this Plan will not consider as an Allowable Charge any charge that would have been covered by the HMO or network plan had the Covered Person used the services of an HMO or Participating Provider.

In the case of service type plans where services are provided as benefits, the reasonable cash value of each service will be the Allowable Charge.

Automobile limitations. When medical payments are available under vehicle insurance, the Plan shall pay excess benefits only, without reimbursement for vehicle plan deductibles. This Plan shall always be considered the secondary carrier regardless of the individual's election under PIP (personal injury protection) coverage with the auto carrier.

Benefit plan payment order. When two or more plans provide benefits for the same Allowable Charge, benefit payment will follow these rules:

- (1) Plans that do not have a coordination provision, or one like it, will pay first. Plans with such a provision will be considered after those without one.
- (2) Plans with a coordination provision will pay their benefits up to the Allowable Charge:
 - (a) The benefits of the plan which covers the person directly (that is, as an Employee, member or subscriber) ("Plan A") are determined before those of the plan which covers the person as a Dependent ("Plan B").
 - (b) The benefits of a benefit plan which covers a person as an Employee who is neither laid off nor retired are determined before those of a benefit plan which covers that person as a laid-off or Retired Employee. The benefits of a benefit plan which covers a person as a Dependent of an Employee who is neither laid off nor retired are determined before those of

a benefit plan which covers a person as a Dependent of a laid off or Retired Employee. If the other benefit plan does not have this rule, and if, as a result, the plans do not agree on the order of benefits, this rule does not apply.

- (c) The benefits of a benefit plan which covers a person as an Employee who is neither laid off nor retired or a Dependent of an Employee who is neither laid off nor retired are determined before those of a plan which covers the person as a COBRA beneficiary.
 - (d) When a child is covered as a Dependent and the parents are not separated or divorced, these rules will apply:
 - (i) The benefits of the benefit plan of the parent whose birthday falls earlier in a year are determined before those of the benefit plan of the parent whose birthday falls later in that year;
 - (ii) If both parents have the same birthday, the benefits of the benefit plan which has covered the parent for the longer time are determined before those of the benefit plan which covers the other parent.
 - (e) When a child's parents are divorced or legally separated, these rules will apply:
 - (i) This rule applies when the parent with custody of the child has not remarried. The benefit plan of the parent with custody will be considered before the benefit plan of the parent without custody.
 - (ii) This rule applies when the parent with custody of the child has remarried. The benefit plan of the parent with custody will be considered first. The benefit plan of the stepparent that covers the child as a Dependent will be considered next. The benefit plan of the parent without custody will be considered last.
 - (iii) This rule will be in place of items (i) and (ii) above when it applies. A court decree may state which parent is financially responsible for medical and dental benefits of the child. In this case, the benefit plan of that parent will be considered before other plans that cover the child as a Dependent.
 - (iv) If the specific terms of the court decree state that the parents shall share joint custody, without stating that one of the parents is responsible for the health care expenses of the child, the plans covering the child shall follow the order of benefit determination rules outlined above when a child is covered as a Dependent and the parents are not separated or divorced.
 - (v) For parents who were never married to each other, the rules apply as set out above as long as paternity has been established.
 - (f) If there is still a conflict after these rules have been applied, the benefit plan which has covered the patient for the longer time will be considered first. When there is a conflict in coordination of benefit rules, the Plan will never pay more than 50% of Allowable Charges when paying secondary.
- (3) Medicare will pay primary, secondary or last to the extent stated in federal law. When Medicare is to be the primary payer, this Plan will base its payment upon benefits that would have been paid by Medicare under Parts A, B and D, regardless of whether or not the person was enrolled under any of these parts. The Plan reserves the right to coordinate benefits with respect to Medicare Part D. The Plan Administrator will make this determination based on the information available through CMS.
 - (4) If a Covered Person is under a disability extension from a previous benefit plan, that benefit plan will pay first and this Plan will pay second.

Claims determination period. Benefits will be coordinated on a Benefit Year basis. This is called the claims determination period.

Right to receive or release necessary information. To make this provision work, this Plan may give or obtain needed information from another insurer or any other organization or person. This information may be given or obtained without the consent of or notice to any other person. A Covered Person will give this Plan the information it asks for about other plans and their payment of Allowable Charges.

Facility of payment. This Plan may repay other plans for benefits paid that the Claims Administrator determines it should have paid. That repayment will count as a valid payment under this Plan.

Right of recovery. This Plan may pay benefits that should be paid by another benefit plan. In this case this Plan may recover the amount paid from the other benefit plan or the Covered Person. That repayment will count as a valid payment under the other benefit plan.

Further, this Plan may pay benefits that are later found to be greater than the Allowable Charge. In this case, this Plan may recover the amount of the overpayment from the source to which it was paid.

Exception to Medicaid. In accordance with ERISA, the Plan shall not take into consideration the fact that an individual is eligible for or is provided medical assistance through Medicaid when enrolling an individual in the Plan or making a determination about the payments for benefits received by a Covered Person under the Plan.

RIGHT OF SUBROGATION AND REIMBURSEMENT

The benefits payable hereunder as a result of any injuries which give rise to a claim by any participant, beneficiary or any other covered person, hereinafter individually and collectively "Participant", against a third party tortfeasor or against any person or entity as the result of the actions of a third party are excluded from coverage under this plan. This Plan also does not provide benefits to the extent that there is other coverage under non-group medical payments (including auto) or medical expense type coverage to the extent of that coverage. However, this Plan will provide benefits, otherwise payable under this Plan, to or on behalf of said Participant only on the following terms and conditions:

1. In the event that benefits are provided under this Plan, the Plan shall be subrogated to all of the Participant's (the term Participant includes any person receiving benefits hereunder including all dependents) rights of recovery against any person or organization to the extent of the benefits provided. The Participant shall execute and deliver instruments and papers and do whatever else is necessary to secure such rights. The Participant shall do nothing after loss to prejudice such rights. The Participant hereby agrees to cooperate with the Plan and/or any representatives of the Plan in completing such forms and in giving such information surrounding any accident as the Plan or its representatives deem necessary to fully investigate the incident.
2. The Plan is also granted a right of reimbursement from the proceeds of any recovery whether by settlement, judgment, or otherwise. This right of reimbursement is cumulative with and not exclusive of the subrogation right granted in paragraph 1, but only to the extent of the benefits provided by the Plan.
3. The Plan, by providing benefits hereunder, is hereby granted a lien on the proceeds of any settlement, judgment or other payment intended for, payable to, or received by the Participant or his/her representatives, and the Participant hereby consents to said lien and agrees to take whatever steps are necessary to help the company secure said lien. The Participant agrees that said lien shall constitute a charge upon the proceeds of any recovery and the Plan shall be entitled to assert security interest thereon. By the acceptance of benefits under the Plan, the Participant and his/her representatives agree to hold the proceeds of any settlement in trust for the benefit of the Plan to the extent of 100% of all benefits paid on behalf of the participant.
4. By accepting benefits hereunder, the Participant hereby grants a lien and assigns to the Plan an amount equal to the benefits paid against any recovery made by or on behalf of the Participant. This assignment is binding on any attorney who represents the Participant whether or not an agent of the Participant and on any insurance company or other financially responsible party against whom a Participant may have a claim provided said attorney, insurance carriers or others have been notified by the Plan or its agents.
5. The subrogation and reimbursement rights and liens apply to any recoveries made by the Participant as a result of the injuries sustained, including but not limited to the following:
 - a. Payments made directly by the third party tortfeasor, or any insurance company on behalf of the third party tortfeasor, or any other payments on behalf of the third party tortfeasor.
 - b. Any payments or settlements or judgment or arbitration awards paid by any insurance company under an uninsured or underinsured motorist coverage, whether on behalf of a Participant or other person.
 - c. Any other payments from any source designed or intended to compensate a Participant for injuries sustained as the result of negligence or alleged negligence of a third party.
 - d. Any worker's compensation award or settlement.
 - e. Any recovery made pursuant to no-fault insurance.
 - f. Any medical payments made as a result of such coverage in any automobile or homeowners insurance policy.

6. No adult Participant hereunder may assign any rights that it may have to recover medical expenses from any tortfeasor or other person or entity to any minor child or children of said adult Participant without the prior express written consent of the Plan. The Plan's right to recover (whether by subrogation or reimbursement) shall apply to decedents', minors', and incompetent or disabled persons' settlements or recoveries.
7. No Participant shall make any settlement, which specifically reduces or excludes, or attempts to reduce or exclude the benefits provided by the Plan.
8. The Plan's right of recovery shall be a prior lien against any proceeds recovered by the Participant, which right shall not be defeated nor reduced by the application of any so-called "Made-Whole Doctrine", "Rimes Doctrine", or any other such doctrine purporting to defeat the Plan's recovery rights by allocating the proceeds exclusively to non-medical expense damages.
9. No Participant hereunder shall incur any expenses on behalf of the Plan in pursuit of the Plan's rights hereunder, specifically, no court costs nor attorneys fees may be deducted from the Plan's recovery without the prior express written consent of the Plan. This right shall not be defeated by any so-called "Fund Doctrine", or "Common Fund Doctrine", or "Attorney's Fund Doctrine".
10. The Plan shall recover the full amount of benefits provided hereunder without regard to any claim of fault on the part of any Participant, whether under comparative negligence or otherwise.
11. The benefits under this Plan are secondary to any coverage under no-fault or similar insurance.

In the event that a Participant shall fail or refuse to honor its obligations hereunder, then the Plan shall be entitled to recover any costs incurred in enforcing the terms hereof including but not limited to attorney's fees, litigation, court costs, and other expenses. The Plan shall also be entitled to offset the reimbursement obligation against any entitlement to future medical benefits hereunder until the Participant has fully complied with his reimbursement obligations hereunder, regardless of how those future medical benefits are incurred.

Any reference to state law in any other provision of this policy shall not be applicable to this provision, if the Plan is governed by ERISA. By acceptance of benefits under the Plan, the Participant agrees that a breach hereof would cause irreparable and substantial harm and that no adequate remedy at law would exist. Further, the Plan shall be entitled to invoke such equitable remedies as may be necessary to enforce the terms of the Plan, including, but not limited to, specific performance, restitution, the imposition of an equitable lien and/or constructive trust, as well as injunctive relief.

Defined terms: "Covered Person" means anyone covered under the Plan, including minor dependents.

"Recover," "Recovered," "Recovery" or "Recoveries" means all monies paid to the Covered Person by way of judgment, settlement, or otherwise to compensate for all losses caused by the Injury or Sickness, whether or not said losses reflect medical or dental charges covered by the Plan. "Recoveries" further includes, but is not limited to, recoveries for medical or dental expenses, attorneys' fees, costs and expenses, pain and suffering, loss of consortium, wrongful death, lost wages and any other recovery of any form of damages or compensation whatsoever.

"Refund" means repayment to the Plan for medical or dental benefits that it has paid toward care and treatment of the Injury or Sickness.

"Subrogation" means the Plan's right to pursue and place a lien upon the Covered Person's claims for medical or dental charges against the other person.

"Third Party" means any Third Party including another person or a business entity.

Recovery from another plan under which the Covered Person is covered. This right of Refund also applies when a Covered Person Recovers under an uninsured or underinsured motorist plan (which will be treated as Third Party coverage when reimbursement or Subrogation is in order), homeowner's plan, renter's plan, medical malpractice plan or any liability plan.

Rights of Plan Administrator. The Plan Administrator has a right to request reports on and approve of all settlements.

CONTINUATION COVERAGE RIGHTS UNDER COBRA

Under federal law, the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA), certain Employees and their families covered under Dickinson College Preferred Provider Organization Health Plan (the Plan) will be entitled to the opportunity to elect a temporary extension of health coverage (called "COBRA continuation coverage") where coverage under the Plan would otherwise end. This notice is intended to inform Plan Participants and beneficiaries, in summary fashion, of their rights and obligations under the continuation coverage provisions of COBRA, as amended and reflected in final and proposed regulations published by the Department of the Treasury. This notice is intended to reflect the law and does not grant or take away any rights under the law.

The Plan Administrator is Dickinson College, 55 N. West Street, PO Box 1773, Carlisle, Pennsylvania, 17013, 1-717-245-1503. The Plan Administrator is responsible for administering COBRA continuation coverage. Complete instructions on COBRA, as well as election forms and other information, will be provided by the Plan Administrator or its designee to Plan Participants who become Qualified Beneficiaries under COBRA.

What is COBRA continuation coverage? COBRA continuation coverage is the temporary extension of group health plan coverage that must be offered to certain Plan Participants and their eligible family members (called "Qualified Beneficiaries") at group rates. The right to COBRA continuation coverage is triggered by the occurrence of a life event that results in the loss of coverage under the terms of the Plan (the "Qualifying Event"). The coverage must be identical to the Plan coverage that the Qualified Beneficiary had immediately before the Qualifying Event, or if the coverage has been changed, the coverage must be identical to the coverage provided to similarly situated Active Employees who have not experienced a Qualifying Event (in other words, similarly situated non-COBRA beneficiaries).

Who can become a Qualified Beneficiary? In general, a Qualified Beneficiary can be:

- (1) Any individual who, on the day before a Qualifying Event, is covered under a Plan by virtue of being on that day either a covered Employee, the Spouse of a covered Employee, or a Dependent child of a covered Employee. If, however, an individual who otherwise qualifies as a Qualified Beneficiary is denied or not offered coverage under the Plan under circumstances in which the denial or failure to offer constitutes a violation of applicable law, then the individual will be considered to have had the Plan coverage and will be considered a Qualified Beneficiary if that individual experiences a Qualifying Event.
- (2) Any child who is born to or placed for adoption with a covered Employee during a period of COBRA continuation coverage, and any individual who is covered by the Plan as an alternate recipient under a qualified medical support order. If, however, an individual who otherwise qualifies as a Qualified Beneficiary is denied or not offered coverage under the Plan under circumstances in which the denial or failure to offer constitutes a violation of applicable law, then the individual will be considered to have had the Plan coverage and will be considered a Qualified Beneficiary if that individual experiences a Qualifying Event.
- (3) A covered Employee who retired on or before the date of substantial elimination of Plan coverage which is the result of a bankruptcy proceeding under Title 11 of the U.S. Code with respect to the Employer, as is the Spouse, surviving Spouse or Dependent child of such a covered Employee if, on the day before the bankruptcy Qualifying Event, the Spouse, surviving Spouse or Dependent child was a beneficiary under the Plan.

The term "covered Employee" includes any individual who is provided coverage under the Plan due to his or her performance of services for the employer sponsoring the Plan (e.g., common-law employees (full or part-time), self-employed individuals, independent contractor, or corporate director). However, this provision does not establish eligibility of these individuals. Eligibility for Plan Coverage shall be determined in accordance with Plan Eligibility provisions.

An individual is not a Qualified Beneficiary if the individual's status as a covered Employee is attributable to a period in which the individual was a nonresident alien who received from the individual's Employer no earned income that constituted income from sources within the United States. If, on account of the preceding reason, an individual is not a Qualified Beneficiary, then a Spouse or Dependent child of the individual will also not be considered a Qualified Beneficiary by virtue of the relationship to the individual. A domestic partner is treated as

a Qualified Beneficiary. This gives the domestic partner the contractual rights outlined in this document but does not extend statutory provisions to the domestic partner.

Each Qualified Beneficiary (including a child who is born to or placed for adoption with a covered Employee during a period of COBRA continuation coverage) must be offered the opportunity to make an independent election to receive COBRA continuation coverage.

What is a Qualifying Event? A Qualifying Event is any of the following if the Plan provided that the Plan participant would lose coverage (i.e.: cease to be covered under the same terms and conditions as in effect immediately before the Qualifying Event) in the absence of COBRA continuation coverage:

- (1) The death of a covered Employee.
- (2) The termination (other than by reason of the Employee's gross misconduct), or reduction of hours, of a covered Employee's employment.
- (3) The divorce or legal separation of a covered Employee from the Employee's Spouse. If the Employee reduces or eliminates the Employee's Spouse's Plan coverage in anticipation of a divorce or legal separation, and a divorce or legal separation later occurs, then the divorce or legal separation may be considered a Qualifying Event even though the Spouse's coverage was reduced or eliminated before the divorce or legal separation.
- (4) A covered Employee's enrollment in any part of the Medicare program.
- (5) A Dependent child's ceasing to satisfy the Plan's requirements for a Dependent child (for example, attainment of the maximum age for dependency under the Plan).
- (6) A proceeding in bankruptcy under Title 11 of the U.S. Code with respect to an Employer from whose employment a covered Employee retired at any time.

If the Qualifying Event causes the covered Employee, or the covered Spouse or a Dependent child of the covered Employee, to cease to be covered under the Plan under the same terms and conditions as in effect immediately before the Qualifying Event (or in the case of the bankruptcy of the Employer, any substantial elimination of coverage under the Plan occurring within 12 months before or after the date the bankruptcy proceeding commences), the persons losing such coverage become Qualified Beneficiaries under COBRA if all the other conditions of COBRA are also met. For example, any increase in contribution that must be paid by a covered Employee, or the Spouse, or a Dependent child of the covered Employee, for coverage under the Plan that results from the occurrence of one of the events listed above is a loss of coverage.

The taking of leave under the Family and Medical Leave Act of 1993 ("FMLA") does not constitute a Qualifying Event. A Qualifying Event will occur, however, if an Employee does not return to employment at the end of the FMLA leave and all other COBRA continuation coverage conditions are present. If a Qualifying Event occurs, it occurs on the last day of FMLA leave and the applicable maximum coverage period is measured from this date (unless coverage is lost at a later date and the Plan provides for the extension of the required periods, in which case the maximum coverage date is measured from the date when the coverage is lost.) Note that the covered Employee and family members will be entitled to COBRA continuation coverage even if they failed to pay the employee portion of premiums for coverage under the Plan during the FMLA leave.

What factors should be considered when determining to elect COBRA continuation coverage? You should take into account that a failure to continue your group health coverage will affect your rights under federal law. First, you can lose the right to avoid having pre-existing condition exclusions applied by other group health plans if there is more than a 63-day gap in health coverage and election of COBRA continuation coverage may help you avoid such a gap. Second, if you do not elect COBRA continuation coverage and pay the appropriate premiums for the maximum time available to you, you will lose the right to convert to an individual health insurance policy, which does not impose such pre-existing condition exclusions. Finally, you should take into account that you have special enrollment rights under federal law (HIPAA). You have the right to request special enrollment in another group health plan for which you are otherwise eligible (such as a plan sponsored by your Spouse's employer) within 30 days after Plan coverage ends due to a Qualifying Event listed above. You will also have the same special right at the end of COBRA continuation coverage if you get COBRA continuation coverage for the maximum time available to you.

What is the procedure for obtaining COBRA continuation coverage? The Plan has conditioned the availability of COBRA continuation coverage upon the timely election of such coverage. An election is timely if it is made during the election period.

What is the election period and how long must it last? The election period is the time period within which the Qualified Beneficiary must elect COBRA continuation coverage under the Plan. The election period must begin not later than the date the Qualified Beneficiary would lose coverage on account of the Qualifying Event and ends 60 days after the later of the date the Qualified Beneficiary would lose coverage on account of the Qualifying Event or the date notice is provided to the Qualified Beneficiary of her or his right to elect COBRA continuation coverage. If coverage is not elected within the 60 day period, all rights to elect COBRA continuation coverage are forfeited.

Note: If a covered employee who has been terminated or experienced a reduction of hours qualifies for a trade readjustment allowance or alternative trade adjustment assistance under a federal law called the Trade Act of 2002, and the employee and his or her covered dependents have not elected COBRA coverage within the normal election period, a second opportunity to elect COBRA coverage will be made available for themselves and certain family members, but only within a limited period of sixty (60) days or less and only during the six (6) months immediately after their group health plan coverage ended. Any person who qualifies or thinks that he and/or his family members may qualify for assistance under this special provision should contact the Plan Administrator for further information.

The Trade Act of 2002 also created a new tax credit for certain TAA-eligible individuals and for certain retired employees who are receiving pension payments from the Pension Benefit Guaranty Corporation (PBGC) (eligible individuals). Under the new tax provisions, eligible individuals can either take a tax credit or get advance payment of 65% of premiums paid for qualified health insurance, including continuation coverage. If you have questions about these new tax provisions, you may call the Health Coverage Tax Credit Consumer Contact Center toll-free at 1-866-628-4282. TTD/TTY callers may call toll-free at 1-866-626-4282. More information about the Trade Act is also available at www.doleta.gov/tradeact.

Is a covered Employee or Qualified Beneficiary responsible for informing the Plan Administrator of the occurrence of a Qualifying Event? The Plan will offer COBRA continuation coverage to Qualified Beneficiaries only after the Plan Administrator or its designee has been timely notified that a Qualifying Event has occurred. The Employer (if the Employer is not the Plan Administrator) will notify the Plan Administrator of the Qualifying Event within thirty (30) days following the date coverage ends when the Qualifying Event is:

- (1) the end of employment or reduction of hours of employment,
- (2) death of the Employee,
- (3) commencement of a proceeding in bankruptcy with respect to the Employer, or
- (4) enrollment of the Employee in any part of Medicare.

IMPORTANT:

For the other Qualifying Events (divorce or legal separation of the Employee and Spouse or a Dependent child's losing eligibility for coverage as a Dependent child), you or someone on your behalf must notify the Plan Administrator or its designee in writing within sixty (60) days after the Qualifying Event occurs, using the procedures specified below. If these procedures are not followed or if the notice is not provided in writing to the Plan Administrator or its designee during the sixty (60) day notice period, any Spouse or Dependent child who loses coverage will not be offered the option to elect continuation coverage. You must send this notice to the Plan Sponsor.

NOTICE PROCEDURES:

Any notice that you provide must be ***in writing***. Oral notice, including notice by telephone, is not acceptable. You must mail, fax or hand-deliver your notice to the person, department or firm listed below, at the following address:

**Dickinson College
55 N. West Street, PO Box 1773
Carlisle, Pennsylvania 17013**

If mailed, your notice must be postmarked no later than the last day of the required notice period. Any notice you provide must state:

- the **name of the plan or plans** under which you lost or are losing coverage,
- the **name and address of the Employee** covered under the plan,
- the **name(s) and address(es) of the Qualified Beneficiary(ies)**, and
- the **Qualifying Event** and the **date** it happened.

If the Qualifying Event is a **divorce or legal separation**, your notice must include **a copy of the divorce decree or the legal separation agreement**.

Be aware that there are other notice requirements in other contexts, for example, in order to qualify for a disability extension.

Once the Plan Administrator or its designee receives *timely notice* that a Qualifying Event has occurred, COBRA continuation coverage will be offered to each of the qualified beneficiaries. Each Qualified Beneficiary will have an independent right to elect COBRA continuation coverage. Covered Employees may elect COBRA continuation coverage for their Spouses, and parents may elect COBRA continuation coverage on behalf of their children. For each Qualified Beneficiary who elects COBRA continuation coverage, COBRA continuation coverage will begin on the date that plan coverage would otherwise have been lost. If you or your Spouse or Dependent children do not elect continuation coverage within the sixty (60) day election period described above, the right to elect continuation coverage will be lost.

Is a waiver before the end of the election period effective to end a Qualified Beneficiary's election rights? If, during the election period, a Qualified Beneficiary waives COBRA continuation coverage, the waiver can be revoked at any time before the end of the election period. Revocation of the waiver is an election of COBRA continuation coverage. However, if a waiver is later revoked, coverage need not be provided retroactively (that is, from the date of the loss of coverage until the waiver is revoked). Waivers and revocations of waivers are considered made on the date they are sent to the Plan Administrator or its designee, as applicable.

Is COBRA coverage available if a Qualified Beneficiary has other group health plan coverage or Medicare? Qualified beneficiaries who are entitled to elect COBRA continuation coverage may do so even if they are covered under another group health plan or are entitled to Medicare benefits on or before the date on which COBRA is elected. However, a Qualified Beneficiary's COBRA coverage will terminate automatically if, after electing COBRA, he or she becomes entitled to Medicare or becomes covered under other group health plan coverage (but only after any applicable preexisting condition exclusions of that other plan have been exhausted or satisfied).

When may a Qualified Beneficiary's COBRA continuation coverage be terminated? During the election period, a Qualified Beneficiary may waive COBRA continuation coverage. Except for an interruption of coverage in connection with a waiver, COBRA continuation coverage that has been elected for a Qualified Beneficiary must extend for at least the period beginning on the date of the Qualifying Event and ending not before the earliest of the following dates:

- (1) The last day of the applicable maximum coverage period.
- (2) The first day for which Timely Payment is not made to the Plan with respect to the Qualified Beneficiary.

- (3) The date upon which the Employer ceases to provide any group health plan (including a successor plan) to any employee.
- (4) The date, after the date of the election, that the Qualified Beneficiary first becomes covered under any other Plan that does not contain any exclusion or limitation with respect to any pre-existing condition, other than such an exclusion or limitation that does not apply to, or is satisfied by, the Qualified Beneficiary.
- (5) The date, after the date of the election, that the Qualified Beneficiary first enrolls in the Medicare program (either part A or part B, whichever occurs earlier). The Qualified Beneficiary must immediately notify the Plan Administrator of any such enrollment in Medicare. The notice must be provided as described in the Notice Procedures above.
- (6) In the case of a Qualified Beneficiary entitled to a disability extension, the later of:
 - (a) (i) Twenty-nine (29) months after the date of the Qualifying Event, or (ii) the first day of the month that is more than thirty (30) days after the date of a final determination under Title II or XVI of the Social Security Act that the disabled Qualified Beneficiary whose disability resulted in the Qualified Beneficiary's entitlement to the disability extension is no longer disabled, whichever is earlier; or
 - (b) the end of the maximum coverage period that applies to the Qualified Beneficiary without regard to the disability extension.

The Plan can terminate for cause the coverage of a Qualified Beneficiary on the same basis that the Plan terminates for cause the coverage of similarly situated non-COBRA beneficiaries, for example, for the submission of a fraudulent claim.

In the case of an individual who is not a Qualified Beneficiary and who is receiving coverage under the Plan solely because of the individual's relationship to a Qualified Beneficiary, if the Plan's obligation to make COBRA continuation coverage available to the Qualified Beneficiary ceases, the Plan is not obligated to make coverage available to the individual who is not a Qualified Beneficiary.

What are the maximum coverage periods for COBRA continuation coverage? The maximum coverage periods are based on the type of the Qualifying Event and the status of the Qualified Beneficiary, as shown below:

- (1) In the case of a Qualifying Event that is a termination of employment or reduction of hours of employment, the maximum coverage period ends (eighteen) 18 months after the Qualifying Event if there is not a disability extension and (twenty-nine) 29 months after the Qualifying Event if there is a disability extension.
- (2) In the case of a covered Employee's enrollment in the Medicare program before experiencing a Qualifying Event that is a termination of employment or reduction of hours of employment, the maximum coverage period for Qualified Beneficiaries other than the covered Employee ends on the later of:
 - (a) Thirty-six (36) months after the date the covered Employee becomes enrolled in the Medicare program; or
 - (b) Eighteen (18) months (or twenty-nine (29) months, if there is a disability extension) after the date of the covered Employee's termination of employment or reduction of hours of employment.
- (3) In the case of a Qualified Beneficiary who is a child born to or placed for adoption with a covered Employee during a period of COBRA continuation coverage, the maximum coverage period is the maximum coverage period applicable to the Qualifying Event giving rise to the period of COBRA continuation coverage during which the child was born or placed for adoption.

- (4) In the case of any other Qualifying Event than that described above, the maximum coverage period ends thirty-six (36) months after the Qualifying Event.
- (5) In the case of a bankruptcy Qualifying Event, the maximum coverage period for a Qualified Beneficiary who is the covered Retiree ends on the date of the Retiree's death. The maximum coverage period for a Qualified Beneficiary who is the covered Spouse, surviving Spouse or Dependent child of the Retiree ends on the earlier of the Qualified Beneficiary's death or thirty-six (36) months after the death of the Retiree.

Under what circumstances can the maximum coverage period be expanded? If a Qualifying Event that gives rise to an eighteen (18) month or twenty-nine (29) month maximum coverage period is followed, within that eighteen (18) or twenty-nine (29) month period, by a second Qualifying Event that gives rise to a thirty-six (36) months maximum coverage period, the original period is expanded to thirty-six (36) months, but only for individuals who are Qualified Beneficiaries at the time of and with respect to both Qualifying Events. In no circumstance can the COBRA maximum coverage period be expanded to more than thirty-six (36) months after the date of the first Qualifying Event. The Plan Administrator must be notified of the second Qualifying Event within sixty (60) days of the second Qualifying Event. This notice must be sent to the Plan Administrator in accordance with the procedures above.

How does a Qualified Beneficiary become entitled to a disability extension? A disability extension will be granted if an individual (whether or not the covered Employee) who is a Qualified Beneficiary in connection with the Qualifying Event that is a termination or reduction of hours of a covered Employee's employment, is determined under Title II or XVI of the Social Security Act to have been disabled at any time during the first sixty (60) days of COBRA continuation coverage. To qualify for the disability extension, the Qualified Beneficiary must also provide the Plan Administrator with notice of the disability determination on a date that is both within sixty (60) days after the date of the determination and before the end of the original eighteen (18) month maximum coverage. This notice should be sent to the Plan Administrator in accordance with the procedures above.

Does the Plan require payment for COBRA continuation coverage? For any period of COBRA continuation coverage under the Plan, qualified beneficiaries who elect COBRA continuation coverage must pay for COBRA continuation coverage. Qualified beneficiaries will pay up to 102% of the applicable premium and up to 150% of the applicable premium for any expanded period of COBRA continuation coverage covering a disabled Qualified Beneficiary due to a disability extension. The Plan will terminate a Qualified Beneficiary's COBRA continuation coverage as of the first day of any period for which timely payment is not made.

Must the Plan allow payment for COBRA continuation coverage to be made in monthly installments? Yes. The Plan is also permitted to allow for payment at other intervals.

What is Timely Payment for payment for COBRA continuation coverage? Timely Payment means a payment made no later than thirty (30) days after the first day of the coverage period. Payment that is made to the Plan by a later date is also considered Timely Payment if either under the terms of the Plan, covered employees or Qualified Beneficiaries are allowed until that later date to pay for their coverage for the period or under the terms of an arrangement between the Employer and the entity that provides Plan benefits on the Employer's behalf, the Employer is allowed until that later date to pay for coverage of similarly situated non-COBRA beneficiaries for the period.

Notwithstanding the above paragraph, the Plan does not require payment for any period of COBRA continuation coverage for a Qualified Beneficiary earlier than forty-five (45) days after the date on which the election of COBRA continuation coverage is made for that Qualified Beneficiary. Payment is considered made on the date on which it is postmarked to the Plan.

If Timely Payment is made to the Plan in an amount that is not significantly less than the amount the Plan requires to be paid for a period of coverage, then the amount paid will be deemed to satisfy the Plan's requirement for the amount to be paid, unless the Plan notifies the Qualified Beneficiary of the amount of the deficiency and grants a reasonable period of time for payment of the deficiency to be made. A "reasonable period of time" is thirty (30) days after the notice is provided. A shortfall in a Timely Payment is not significant if it is no greater than the lesser of \$50 or 10% of the required amount.

Is COBRA continuation coverage available to Domestic Partners and children of Domestic Partners? A Domestic Partner is treated as a Qualified Beneficiary. This gives the Domestic Partner the contractual rights outlined in this document but does not extend statutory provisions to the Domestic Partner.

IF YOU HAVE QUESTIONS

If you have questions about your COBRA continuation coverage, you should contact the Plan Administrator. For more information about your rights under ERISA, including COBRA, the Health Insurance Portability and Accountability Act (HIPAA), and other laws affecting group health plans, contact the nearest Regional or District Office of the U.S. Department of Labor's Employee Benefits Security Administration (EBSA). RESPONSIBILITIES FOR PLAN ADMINISTRATION

PLAN ADMINISTRATOR. Dickinson College Preferred Provider Organization Health Plan is the benefit plan of Dickinson College, the Plan Administrator, also called the Plan Sponsor. It is to be administered by the Plan Administrator in accordance with the provisions of ERISA. An individual may be appointed by Dickinson College to be Plan Administrator and serve at the convenience of the Employer. If the Plan Administrator resigns, dies or is otherwise removed from the position, Dickinson College shall appoint a new Plan Administrator as soon as reasonably possible.

The Plan Administrator shall administer this Plan in accordance with its terms and establish its policies, interpretations, practices, and procedures. It is the express intent of this Plan that the Plan Administrator shall have maximum legal discretionary authority to construe and interpret the terms and provisions of the Plan, to make determinations regarding issues which relate to eligibility for benefits, to decide disputes which may arise relative to a Covered Person's rights, and to decide questions of Plan interpretation and those of fact relating to the Plan. The decisions of the Plan Administrator will be final and binding on all interested parties.

Should any provision of this Plan be held to be unlawful, or be unlawful as to any person or instance, such fact will not adversely affect the other provisions herein contained or the application of said programs to any other person or instance, unless such illegality will make impossible the functioning of this Plan.

DUTIES OF THE PLAN ADMINISTRATOR.

- (1) To administer the Plan in accordance with its terms.
- (2) To interpret the Plan, including the right to remedy possible ambiguities, inconsistencies or omissions.
- (3) To decide disputes which may arise relative to a Covered Person's rights.
- (4) To prescribe procedures for filing a claim for benefits and to review claim denials.
- (5) To keep and maintain the Plan documents and all other records pertaining to the Plan.
- (6) To appoint a Claims Administrator to pay claims.
- (7) To perform all necessary reporting as required by ERISA.
- (8) To establish and communicate procedures to determine whether a medical child support order is qualified under ERISA Sec. 609.
- (9) To delegate to any person or entity such powers, duties and responsibilities as it deems appropriate.

PLAN ADMINISTRATOR COMPENSATION. The Plan Administrator serves **without** compensation; however, all expenses for plan administration, including compensation for hired services, will be paid by the Plan.

FIDUCIARY. A fiduciary exercises discretionary authority or control over management of the Plan or the disposition of its assets, renders investment advice to the Plan or has discretionary authority or responsibility in the administration of the Plan.

FIDUCIARY DUTIES. A fiduciary must carry out his or her duties and responsibilities for the purpose of providing benefits to the Employees and their Dependent(s), and defraying reasonable expenses of administering the Plan. These are duties which must be carried out:

- (1) with care, skill, prudence and diligence under the given circumstances that a prudent person, acting in a like capacity and familiar with such matters, would use in a similar situation;
- (2) by diversifying the investments of the Plan so as to minimize the risk of large losses, unless under the circumstances it is clearly prudent not to do so; and
- (3) in accordance with the Plan documents to the extent that they agree with ERISA.

THE NAMED FIDUCIARY. A "named fiduciary" is the one named in the Plan. A named fiduciary can appoint others to carry out fiduciary responsibilities (other than as a trustee) under the Plan. These other persons become fiduciaries themselves and are responsible for their acts under the Plan. To the extent that the named fiduciary allocates its responsibility to other persons, the named fiduciary shall not be liable for any act or omission of such person unless either:

- (1) the named fiduciary has violated its stated duties under ERISA in appointing the fiduciary, establishing the procedures to appoint the fiduciary or continuing either the appointment or the procedures; or
- (2) the named fiduciary breached its fiduciary responsibility under Section 405(a) of ERISA.

CLAIMS ADMINISTRATOR IS NOT A FIDUCIARY. A Claims Administrator is **not** a fiduciary under the Plan by virtue of paying claims in accordance with the Plan's rules as established by the Plan Administrator.

COMPLIANCE WITH HIPAA PRIVACY STANDARDS. Certain members of the Employer's workforce perform services in connection with administration of the Plan. In order to perform these services, it is necessary for these employees from time to time to have access to Protected Health Information (as defined below).

Under the Standards for Privacy of Individually Identifiable Health Information (45 CFR Part 164, the "Privacy Standards"), these employees are permitted to have such access subject to the following:

- (1) **General.** The Plan shall not disclose Protected Health Information to any member of the Employer's workforce unless each of the conditions set out in this HIPAA Privacy section is met. "Protected Health Information" shall have the same definition as set out in the Privacy Standards but generally shall mean individually identifiable health information about the past, present or future physical or mental health or condition of an individual, including information about treatment or payment for treatment.
- (2) **Permitted Uses and Disclosures.** Protected Health Information disclosed to members of the Employer's workforce shall be used or disclosed by them only for purposes of Plan administrative functions. The Plan's administrative functions shall include all Plan payment and health care operations. The terms "payment" and "health care operations" shall have the same definitions as set out in the Privacy Standards, but the term "payment" generally shall mean activities taken with respect to payment of premiums or contributions, or to determine or fulfill Plan responsibilities with respect to coverage, provision of benefits, or reimbursement for health care. "Health care operations" generally shall mean activities on behalf of the Plan that are related to quality assessment; evaluation, training or accreditation of health care Providers; underwriting, premium rating and other functions related to obtaining or renewing an insurance contract, including stop-loss insurance; medical review; legal services or auditing functions; or business planning, management and general administrative activities.
- (3) **Authorized Employees.** The Plan shall disclose Protected Health Information only to members of the Employer's workforce who are designated and are authorized to receive such Protected Health Information, and only to the extent and in the minimum amount necessary for these persons to perform duties with respect to the Plan. For purposes of this HIPAA Privacy section, "members of the Employer's workforce" shall refer to all employees and other persons under the control of the Employer.
 - (a) **Updates Required.** The Employer shall amend the Plan promptly with respect to any changes in the members of its workforce who are authorized to receive Protected Health Information.
 - (b) **Use and Disclosure Restricted.** An authorized member of the Employer's workforce who receives Protected Health Information shall use or disclose the Protected Health Information only to the extent necessary to perform his or her duties with respect to the Plan.
 - (c) **Resolution of Issues of Noncompliance.** In the event that any member of the Employer's workforce uses or discloses Protected Health Information other than as permitted by the Privacy Standards, the incident shall be reported to the privacy official. The privacy official shall take appropriate action, including:

- (i) Investigation of the incident to determine whether the breach occurred inadvertently, through negligence, or deliberately; whether there is a pattern of breaches; and the degree of harm caused by the breach;
 - (ii) Applying appropriate sanctions against the persons causing the breach, which, depending upon the nature of the breach, may include, oral or written reprimand, additional training, or termination of employment;
 - (iii) Mitigating any harm caused by the breach, to the extent practicable; and
 - (iv) Documentation of the incident and all actions taken to resolve the issue and mitigate any damages.
- (4) **Certification of Employer.** The Employer must provide certification to the Plan that it agrees to:
- (a) Not use or further disclose the Protected Health Information other than as permitted or required by the Plan documents or as required by law;
 - (b) Ensure that any agent or subcontractor, to whom it provides Protected Health Information received from the Plan, agrees to the same restrictions and conditions that apply to the Employer with respect to such information;
 - (c) Not use or disclose Protected Health Information for employment-related actions and decisions or in connection with any other benefit or employee benefit plan of the Employer;
 - (d) Report to the Plan any use or disclosure of the Protected Health Information of which it becomes aware that is inconsistent with the uses or disclosures hereunder or required by law;
 - (e) Make available Protected Health Information to individual Plan members in accordance with Section 164.524 of the Privacy Standards;
 - (f) Make available Protected Health Information for amendment by individual Plan members and incorporate any amendments to Protected Health Information in accordance with Section 164.526 of the Privacy Standards;
 - (g) Make available the Protected Health Information required to provide any accounting of disclosures to individual Plan members in accordance with Section 164.528 of the Privacy Standards;
 - (h) Make its internal practices, books and records relating to the use and disclosure of Protected Health Information received from the Plan available to the Department of Health and Human Services for purposes of determining compliance by the Plan with the Privacy Standards;
 - (i) If feasible, return or destroy all Protected Health Information received from the Plan that the Employer still maintains in any form, and retain no copies of such information when no longer needed for the purpose of which disclosure was made, except that, if such return or destruction is not feasible, limit further uses and disclosures to those purposes that make the return or destruction of the information unfeasible; and
 - (j) Ensure the adequate separation between the Plan and member of the Employer's workforce, as required by Section 164.504(f)(2)(iii) of the Privacy Standards.

The following members of Dickinson College's workforce are designated as authorized to receive Protected Health Information from Dickinson College Preferred Provider Organization Health Plan ("the Plan") in order to perform their duties with respect to the Plan: Dickinson College authorized employees.

COMPLIANCE WITH HIPAA ELECTRONIC SECURITY STANDARDS. Under the Security Standards for the Protection of Electronic Protected Health Information (45 CFR Part 164.300 et. seq., the "Security Standards"), the Employer agrees to the following:

- (1) The Employer agrees to implement reasonable and appropriate administrative, physical and technical safeguards to protect the confidentiality, integrity and availability of Electronic Protected Health Information that the Employer creates, maintains or transmits on behalf of the Plan. "Electronic Protected Health Information" shall have the same definition as set out in the Security Standards, but generally shall mean Protected Health Information that is transmitted by or maintained in electronic media.
- (2) The Employer shall ensure that any agent or subcontractor to whom it provides Electronic Protected Health Information shall agree, in writing, to implement reasonable and appropriate security measures to protect the Electronic Protected Health Information.
- (3) The Employer shall ensure that reasonable and appropriate security measures are implemented to comply with the conditions and requirements set forth in Compliance With HIPAA Privacy Standards provisions (3) Authorized Employees and (4) Certification of Employers described above.

FUNDING THE PLAN AND PAYMENT OF BENEFITS

The cost of the Plan is funded as follows:

For Employee and Dependent Coverage: Funding is derived from the funds of the Employer and contributions made by the covered Employees.

The level of any Employee contributions will be set by the Plan Administrator. These Employee contributions will be used in funding the cost of the Plan as soon as practicable after they have been received from the Employee or withheld from the Employee's pay through payroll deduction.

Benefits are paid directly from the Plan through the Claims Administrator.

PLAN IS NOT AN EMPLOYMENT CONTRACT

The Plan is not to be construed as a contract for or of employment.

CLERICAL ERROR

Any clerical error by the Plan Administrator or an agent of the Plan Administrator in keeping pertinent records or a delay in making any changes will not invalidate coverage otherwise validly in force or continue coverage validly terminated. An equitable adjustment of contributions will be made when the error or delay is discovered.

If, due to a clerical error, an overpayment occurs in a Plan reimbursement amount, the Plan retains a contractual right to the overpayment. The person or institution receiving the overpayment will be required to return the incorrect amount of money. In the case of a Covered Person, if it is requested, the amount of overpayment will be deducted from future benefits payable.

AMENDING AND TERMINATING THE PLAN

If the Plan is terminated, the rights of the Covered Persons are limited to expenses incurred before termination.

The Employer intends to maintain this Plan indefinitely; however, it reserves the right, at any time, to amend, suspend or terminate the Plan in whole or in part. This includes amending the benefits under the Plan or the Trust agreement (if any).

CERTAIN PLAN PARTICIPANTS RIGHTS UNDER ERISA

Plan Participants in this Plan are entitled to certain rights and protections under the Employee Retirement Income Security Act of 1974 (ERISA). ERISA specifies that all Plan Participants shall be entitled to:

Examine, without charge, at the Plan Administrator's office, all Plan documents and copies of all documents governing the Plan, including a copy of the latest annual report (form 5500 series) filed by the Plan with the U.S. Department of Labor and available at the Public Disclosure Room of the Employee Benefits Security Administration.

Obtain copies of all Plan documents and other Plan information upon written request to the Plan Administrator. The Plan Administrator may make a reasonable charge for the copies.

Continue health care coverage for a Plan Participant, Spouse, or other dependents if there is a loss of coverage under the Plan as a result of a Qualifying Event. Employees or dependents may have to pay for such coverage.

Review this summary plan description and the documents governing the Plan or the rules governing COBRA continuation coverage rights.

Reduction or elimination of exclusionary periods of coverage for Pre-Existing Conditions under this group health Plan, if an Employee or dependent has Creditable Coverage from another plan. The Employee or dependent should be provided a certificate of Creditable Coverage, free of charge, from the group health plan or health insurance issuer when coverage is lost under the plan, when a person becomes entitled to elect COBRA continuation coverage, when COBRA continuation coverage ceases, if a person requests it before losing coverage, or if a person requests it up to twenty-four (24) months after losing coverage. Without evidence of Creditable Coverage, a Plan Participant may be subject to a Pre-Existing Conditions exclusion for twelve (12) months (eighteen (18) months for Late Enrollees) after the Enrollment Date of coverage.

If a Plan Participant's claim for a benefit is denied or ignored, in whole or in part, the participant has a right to know why this was done, to obtain copies of documents relating to the decision without charge, and to appeal any denial, all within certain time schedules.

Under ERISA, there are steps a Plan Participant can take to enforce the above rights. For instance, if a Plan Participant requests a copy of Plan documents or the latest annual report from the Plan and does not receive them within thirty (30) days, he or she may file suit in a federal court. In such a case, the court may require the Plan Administrator to provide the materials and to pay the Plan Participant up to \$110 a day until he or she receives the materials, unless the materials were not sent because of reasons beyond the control of the Plan Administrator. If the Plan Participant has a claim for benefits which is denied or ignored, in whole or in part, the participant may file suit in state or federal court.

In addition, if a Plan Participant disagrees with the Plan's decision or lack thereof concerning the qualified status of a medical child support order, he or she may file suit in federal court.

In addition to creating rights for Plan Participants, ERISA imposes obligations upon the individuals who are responsible for the operation of the Plan. The individuals who operate the Plan, called "fiduciaries" of the Plan, have a duty to do so prudently and in the interest of the Plan Participants and their beneficiaries. No one, including the Employer or any other person, may fire a Plan Participant or otherwise discriminate against a Plan Participant in any way to prevent the Plan Participant from obtaining benefits under the Plan or from exercising his or her rights under ERISA.

If it should happen that the Plan fiduciaries misuse the Plan's money, or if a Plan Participant is discriminated against for asserting his or her rights, he or she may seek assistance from the U.S. Department of Labor, or may file suit in a federal court. The court will decide who should pay court costs and legal fees. If the Plan Participant is successful, the court may order the person sued to pay these costs and fees. If the Plan Participant loses, the court may order him or her to pay these costs and fees, for example, if it finds the claim or suit to be frivolous.

If the Plan Participant has any questions about the Plan, he or she should contact the Plan Administrator. If the Plan Participant has any questions about this statement or his or her rights under ERISA, including COBRA or the Health Insurance Portability and Accountability Act (HIPAA), and other laws affecting group health plans,

that Plan Participant should contact either the nearest Regional or District Office of the U.S. Department of Labor's Employee Benefits Security Administration (EBSA) or visit the EBSA website at www.dol.gov/ebsa/. (Addresses and phone numbers of Regional and District EBSA Offices are available through EBSA's website.)
