Bias Incident Protocol

I. Bias Education & Response Team

Function of B.E.R.T: The Bias Education & Response Team (B.E.R.T) represents a cross section of the Dickinson community (faculty, administrators, and students) who serve to provide direct support to any individual(s) affected by a bias incident or hate crime, document the incident for information gathering and archival purposes, and coordinate responses to incidents of bias that take place on Dickinson's campus and/or between Dickinson affiliated individuals (e.g. employees, students).

Support & Partner: B.E.R.T members will provide direct support by guiding any individual(s) witness to or targeted by through the process for reporting bias-motivated incidents (see Section IV Reporting, Response, & Resolution). B.E.R.T members will also connect individual(s) to campus resources as additional sources of support. In addition, B.E.R.T members will partner with individuals affected by bias incidents and when appropriate hate crimes to identify appropriate responses for address.

Documentation: The B.E.R.T coordinator will maintain summary reports of bias incidents and hate crimes for information gathering and archival purposes. Through record keeping, the BERT will be better equipped to identify any patterns of bias and discrimination that exist on campus, which will inform our efforts toward address of the incident as well as overall goals with regards to diversity education. The names of targets witnesses and perpetrator(s) will be excluded from these records for privacy purposes. In addition, documentation will allow for team to evaluate effectiveness of responses with the purpose to improve the College's response and education around incidents of bias and discrimination.

Collection of data will be coordinated with DPS to ensure compliance with the Clery Act with regards to hate crimes occurring on college campuses.

Coordinate Response(s): B.E.R.T responders will work in conjunction with other campus resources to coordinate responses (e.g. Academic Affairs, Campus Life, The Center for Service, Spirituality and Social Justice, and The Wellness Center) to bias- incidents/hate crimes. Responses to bias incidents will be both proactive and responsive. It is our aim that all responses are educative in nature, educating the community on what constitutes bias and the impact bias has on a community.

B.E.R.T responders will NOT be involved in the investigative aspects of bias incidents. Dickinson's Department of Public Safety (and when applicable Carlisle Police Dept.) will continue to be the primary investigators. B.E.R.T will meet periodically throughout the academic year (a minimum of twice a semester) to review reported bias incidents and/or to receive relevant training. Each semester a report of bias incidents will be generated by the coordinator.

II. Purpose of Protocol

Brief History

In the spring of 2010, a group of faculty and administrators met to discuss a number of concerning incidents reported by students involving issues of race, gender, and sexual orientation. The key questions that were raised included what resources are available for affected individuals. How does the College respond to an expression that may be offensive or inflammatory to some but does not constitute a violation of our Community Standards or the law? What are the protocols for addressing these types of incidents?

In the spring of 2011, a group of faculty, students, and administrators gathered to pull together and expand upon policies and procedures already in existence related to issues of bias and discrimination. What follows is a product of those conversations, research of our peer institutions' policies, and our commitment as outlined in

Strategic Plan III (2011) to “build a supportive and inclusive community characterized by respect, equality, and accountability”.

Purpose

The Bias Incident Protocol will provide members of the Dickinson community with information on the process for reporting bias incidents and hate crimes; identify campus resources for targets, witnesses, and alleged perpetrators involved in the incident; and outline the purpose, structure, and make-up of a Bias Education & Response Team (BERT). The Protocol outlines steps for addressing incidents whereby students are targets and the alleged perpetrators are students, faculty, or staff of Dickinson College.

This protocol and the mechanisms created by it (such as the B.E.R.T.) are intended to serve as resources for students seeking assistance in navigating existing policies and procedures of Dickinson College, where such exist, and not to supersede policies and procedures already in place. For situations not covered by existing college policies and procedures, this protocol and the mechanisms created by it are intended to assist students in determining their options for redress and to support them as they seek resolution.

III. Statement of Values

The following are supporting statements from the College’s strategic plans that helped guide the development of this protocol:

The American Project

As a College, we are committed to the American project-yet unfulfilled-of promoting principles of openness, pluralism, inclusiveness, and democracy. We believe that no college can achieve its academic and social goals without reflecting the richness of diverse peoples and voices in America and in the world. To reach our goals in this area, we will continue to enhance the diversity of our own community and broaden the range of other communities with which we must regularly interact in Carlisle, the nation, and the world. Our programs and activities will teach students respect for all peoples. (Dickinson College Strategic Plan II)

Diversity includes the presence of persons different from one another on a variety of parameters. It recognizes that each individual possess multiple characteristics that comprise their identity and impacts how they are perceived by and how they interact with others. These characteristics include but are not limited to race, age, color, gender identity and expression, national origin, sexual orientation, religious affiliation or non-affiliation, ability and disability status. To this regard we continue to work toward our strategic objective to “support a climate on campus that builds community and encourages open dialogue on issues of intellectual, ethical and social importance, teach and model for students the practice of engagement with critical and controversial issues related to difference in our culture, and foster a sophisticated understanding of the balance between our diversity and the commonalities inherent in our shared humanity.” (Diversity Strategic Plan-SP III)

Dickinson welcomes reports of behaviors that a student believes are based on personal characteristics shared by a number of individuals. While there may be no formal solution to such acts, the College is committed to exploring opportunities to open communications and build community under these circumstances.

IV. College policy

Discrimination based upon sexual orientation, gender identity, gender expression or legally protected characteristics such as race, gender, religion, national origin, ethnicity, disability or military status is strictly prohibited.

Under this policy, no Dickinson College student, staff or faculty member shall, on the basis of a characteristic protected by law or college policy, be denied the benefits of, or be subjected to discrimination under any college program or activity.

V. Definitions

Bias incident is defined as a pejorative act or expression that a reasonable person would conclude is directed at and/or impacts a member or group based on but not limited to those characteristics outlined above. A bias motivated incident can occur whether the act or expression was intentional or unintentional.

Hate crime is “a criminal offense committed against a person or property which is motivated, in whole or in part, by the offender’s bias. Bias is a preformed negative opinion or attitude toward a group of persons based on their [perceived] race, gender, religion, disability, sexual orientation or ethnicity.” (Clery Act cited in Handbook for Campus Safety & Security Reporting, p. 55)

While all hate crimes are bias incidents, not all bias incidents are considered hate crimes.

Although the expression of an idea or point of view may be offensive or inflammatory to some, it is not necessarily a violation of our Community Standards or law. Dickinson embraces the free exchange of ideas essential to an academic community of inquiry.

VI. Reporting, Response, & Resolution

REPORTING:

The following options are available for students who believe they have been a target or witness to a bias incident or hate crime:

- Visit the Interrupting Bias website where you can fill out an online form to report the incident and/or contact the B.E.R.T Coordinator. If your report involves conduct for which there is already a reporting process in place, B.E.R.T. will help you access this process.
- File a complaint with the Department of Public Safety. Students who are targeted by or witness to a bias incident or hate crime are encouraged to contact DPS immediately. Whenever possible, physical evidence (emails, written statements, Facebook posts, etc.) related to the incident should not be disturbed or destroyed before it is documented and preserved as necessary by an officer.
 - o You may also report information anonymously through the DPS Anonymous Tip website (http://www.dickinson.edu/info/20247/departement_of_public_safety/1654/crime_information/3). Please note that reporting via the Anonymous Tip will make follow up by a staff member not possible.
- File or report directly under reporting processes outlined in existing College policies and procedures, such as the Community Standards, the Sexual Misconduct Policy and the Grievance Policy.

RESPONSE:

When contact information has been provided in a non-emergency situation:

A member of the B.E.R.T will be in contact within 72 hours. A meeting will be scheduled which may include completing or filling out any missing information from the reporting form, providing the affected individuals with information regarding existing reporting processes, relevant campus resources and notifying DPS to begin an investigation of the incident (if DPS has not been previously notified).

When no contact information has been provided:

The form will serve as a record for institutional memory to identify any patterns regarding bias and hate crime incidents. To the extent that enough information is provided on the reporting form DPS will be asked to investigate the incident.

RESOLUTION:

The goals for resolving bias motivated incidents /hate crimes include the following 1) enhance the principles of openness, pluralism, inclusiveness, and democracy, 2) to restore for targets and witnesses a sense of safety and repair to one's sense of community, 3) to be educative rather than simply punitive, 4) to model for the community at large effective approaches for addressing and interrupting bias, and 5) to restore and maintain a discriminatory and bias free environment for all members of the campus community.

In cases where bias incidents are not violations of the Community Standards, the Sexual Misconduct Policy, the Grievance Policy or any other applicable policy of the College, the Bias Education & Response Team (B.E.R.T) will serve as primary coordinators for seeking resolution. Approaches to resolving incidents may include but are not limited to: conflict resolution sessions between target/witness and perpetrator(s), organizing community forums, community service requirement, etc.

Community Standards

Updated July 24, 2015

The 2015-2016 Community Standards resource is produced for the students, faculty, staff and administration of Dickinson College. Please contact the Vice President and Dean of Student Life Office at (717) 245-1676 with any questions.

INTRODUCTION

By choosing to attend Dickinson, students have the opportunity to benefit from a rich and stimulating learning experience. By accepting membership in our community, students also accept a critical role in contributing to an intellectual and social environment characterized by civility, understanding, accountability, and respect. Being a member of the Dickinson College community is a privilege that carries with it the responsibility for the well-being of all other members of the community.

This document provides information to help students understand the conduct that is expected of all Dickinsonians. It also outlines how the College will respond when behaviors occur that are inconsistent with the standards outlined in this document. All students are expected to know and uphold the Community Standards.

The Vice President and Dean of Student Life's Office coordinates the administration of the student conduct process at Dickinson College, including social and academic misconduct. The Vice President and Dean of Student Life also has oversight responsibility for incidents involving social misconduct. The Provost and Dean of the College oversee situations that involve academic misconduct. These responsibilities have been delegated by the President and faculty. [Charter and Bylaws of Dickinson College, Chapter IV, Section 2(a)]

MISSION AND PHILOSOPHY

Dickinson's mission is inspired by our founder Dr. Benjamin Rush and his vision to educate citizens to meet the societal and economic demands of an emerging democracy. Our residential environment provides a laboratory for developing these leadership and citizenship skills as students learn to assume responsibility for self and for the welfare of their community.

In this environment, students may occasionally exercise poor judgment or conduct themselves in a manner that disrupts the community. For this reason, the College maintains Community Standards that set forth expectations for behavior, as well as outline educational procedures regarding student conduct. The goals and objectives of the College's Community Standards differ from those of the civil and criminal justice systems. Ours is a process with education and accountability to community as its top priorities. We do not adhere to "courtroom" principles but rather to educational objectives that seek to balance individual learning and community welfare.

The College affirms a student's right to be treated fairly, which includes receiving appropriate notice of concerns about specific behaviors and the opportunity to respond to those concerns. In formal resolution proceedings, this also includes the right to be assisted by an advisor and to appeal the initial hearing outcome.

DICKINSON COMMUNITY STANDARDS AND EXPECTATIONS FOR CONDUCT

The expectations articulated in the Community Standards are designed to create an environment that supports a vigorous academic life and respectful community. Dickinson expects that its students will demonstrate standards of behavior that demonstrate:

- Respect for Ideas
- Respect for Self
- Respect for Others
- Respect for Community
- Respect for Property

These standards apply to on-campus behavior, to behavior while studying in a Dickinson program abroad, and to off-campus behavior that does or has the potential to adversely affect any member of the Dickinson College community or Dickinson College. While it is impossible to enumerate every possible violation of the five standards identified above, the section that follows provides students more specific guidance about conduct that clearly violates our expectations.

Deliveries and Solicitations

For the safety and privacy of all members of the campus community, solicitors, peddlers and door-to-door solicitation are not permitted on campus, including in any campus buildings.

Members of the campus community are not permitted to raise funds or sell products on campus without permission from the Office of Campus Life. No one, including members of the campus community, is permitted to solicit, raise funds or sell products in the residential facilities.

No deliveries are to be made to an individual room in any campus building, including the residential facilities. All personnel delivering personal products should be directed to meet you at the main entrance to a campus building.

Disability Services - Documentation and Accommodations

Dickinson College is committed to ensuring that the college's programs and facilities are accessible to all qualified students on a nondiscriminatory basis. A student with a disability is not required to disclose a disability unless he or she is seeking accommodations.

The procedure for disclosing a disability and requesting accommodations is provided on the [Office of Disability Services website](#). Dickinson College acknowledges that each student's circumstance is unique, and that a flexible approach should be taken in determining reasonable accommodations. To support eligibility for reasonable accommodations as an individual with a disability--covered under Section 504 of the Rehabilitation Act and the Americans with Disabilities Act (ADA)--a student must disclose his or her disability and provide documentation that meets the college's guidelines to establish that the student has a physical or mental impairment substantially limiting one or more major life activities. Documentation should indicate each functional limitation and how it is related to an accommodation request.

The college does not provide assessment for disabilities. The student is responsible for obtaining the appropriate testing or evaluation report by referring to the Guidelines for Documenting a Disability on the [ODS website](#). The Office of Disability Services will be happy to provide those who ask with a list of psychologists in the area who perform psychoeducational and neuro-psychological testing.

If you have a physical, psychological, learning, or other type of disability and are in need of accommodations in either the academic or living environment, or if you have any questions regarding your options, please schedule a meeting with the Director of Learning Skills and Disability Services for a confidential consultation at 717-245-1734. Documentation can be sent by email to disabilityservices@dickinson.edu, or via fax to 717-245-1618.

ACADEMIC ACCOMMODATIONS

Students requesting academic accommodations are required to register with ODS to verify their eligibility for reasonable and appropriate accommodations. Once documentation has been reviewed, students are to schedule an accommodations meeting as early as possible in the semester with Marni Jones, Director of Learning Skills and Disability Services, to review any potential accommodations. Eligible students will receive an accommodation letter to give to the professors of their choosing, informing them of the entitled accommodation(s). Students should schedule a meeting with the professor of each class in which they are seeking accommodations to discuss how each accommodation will be implemented for that class. Both the student and professor are to complete and sign an Accommodations Implementation Plan form, which the student will need to return to ODS within three days of the meeting.

A student seeking test-taking accommodations will need to take both his or her schedule and each professor's schedule into consideration when determining whether or not a test proctor is needed. Requests for test proctoring are to be made at least one week prior to any scheduled exams. Students are not eligible to receive academic accommodations retroactively. Questions regarding test proctoring can be sent to proctoring@dickinson.edu

HOUSING ACCOMMODATIONS

Dickinson College is committed to making reasonable accommodations for students with disabilities. The Office of Disability Services works in cooperation with professionals in the Residence Life & Housing, the Wellness Center, and other relevant campus partners to evaluate documented conditions and determine eligibility for reasonable accommodations. Housing accommodations are made only in situations where the documentation clearly demonstrates that the accommodation is necessary to mitigate a functional limitation resulting from the disability.

Students who wish to request a housing accommodation will need to complete and submit to ODS all the forms outlined in the "Disability Housing Accommodations Procedures and Guidelines" (found at www.dickinson.edu/ODS-Housing)

Note that consideration of housing accommodation requests and possible subsequent assignments will begin two weeks prior to posted deadlines. While requests and documentation submitted after these dates will be accepted and considered, Dickinson College cannot guarantee that it will be able to meet late applicants' accommodation needs, including any needs that develop during the semester.

DIETARY ACCOMMODATIONS

Dickinson College is committed to the full participation of students with disabilities in all aspects of College life, including dining experiences. A major facet of living at a residential college is dining together, and the opportunity for developing a sense of community that arises in this setting. To this end, all students living on campus are required to purchase a Meal Plan. Occasionally, however, students have special needs based on documented health conditions, such as those resulting in certain dietary needs, which may affect their ability to participate in the dining program in the same well that their non-disabled peers do. Dickinson College Dining Services can often accommodate these needs. Accommodations to the way in which a student participates in the meal plan are granted when a diagnosis and supporting documentation clearly demonstrates that an accommodation is necessary to mitigate a functional limitation resulting from the disability. Exemptions from participation in the Meal Plan are extremely rare, however and are only considered when needs cannot be accommodated by Dickinson Dining Services.

Dickinson College offers many dining options capable of accommodating many different dietary needs, including but not limited to lactose-free meals, gluten-free breads and meals, vegetarian and vegan options, and kosher dining, in addition to a wide array of healthy eating choices. There are also a variety of atmospheres in which students can eat, ranging from a large Dining Hall to smaller venues, such as Union Station and the Quarry. Please visit the [Dining Services Web site](#) to learn more.

Students who wish to request a dietary accommodation will need to complete and submit to ODS all the forms outlined in the "Dietary Accommodations" (found at www.dickinson.edu/ODS-Dietary) by the following dates:

- July 31st for the Fall semester
- December 31st for the Spring semester

While applications submitted after these dates will be accepted and considered, Dickinson College cannot guarantee that it will be able to meet late applicants' accommodation needs, including any needs that develop during the semester.

Drug and Alcohol Policy

A. STANDARDS OF CONDUCT

THESE STANDARDS OF CONDUCT APPLY TO ALL MEMBERS OF THE COLLEGE COMMUNITY, INCLUDING ALL STUDENTS REGISTERED FOR ONE OR MORE COURSES; ALL ADMINISTRATORS, FACULTY, STAFF AND EMPLOYEES; AND, ALL ORGANIZATIONS RECOGNIZED BY THE COLLEGE.

Illicit Drugs

Dickinson College prohibits the unlawful manufacture, cultivation, possession, distribution, dispensation and use of any drug by any member of the college community on any college-owned property, at any college activity or activity offered by an organization recognized by the college, or during any college-sponsored event or travel. The possession of unlawful drug paraphernalia is also prohibited.

Alcohol

Dickinson College prohibits the use, sale, provision, and distribution of alcohol, except as permitted by law, on any college-owned property, at any college activity or activity offered by an organization recognized by the college, or during any college-sponsored event or travel. The following items and activities are also prohibited on any college-owned property, at any college activity or activity offered by an organization recognized by the college, or during any college-sponsored event or travel:

•**Underage possession or consumption** – A person under the legal drinking age may not possess, consumer, or be under the influence of alcohol.

•**Drinking games** – Any activity or game that promotes or encourages the consumption of large amounts of alcohol is prohibited, including but not limited to, activities such as beer pong, quarters, and flip cups.

•**Alcohol Paraphernalia** – The possession of materials used in drinking games or activities that promote or encourage the consumption of large amounts of alcohol is prohibited, including but not limited to beer pong tables, beer funnels, and beer bong.

•**Hosting Underage Guests** – Students are prohibited from serving alcohol to underage guests and must have the

service of alcohol monitored by a TIPS-trained bartender. If students under the legal drinking age are found to be in a location where alcohol is being consumed, the college will presume that the underage students are in the possession of and have been consuming alcohol.

•**Public Intoxication** – Creating a disturbance to any member of the college community, college officials, or law enforcement while under the influence of alcohol is prohibited.

•**Hosting/Attending an Unregistered Event** – Any event with alcohol and five (5) or more guests, in addition to the residents, must be registered. Hosting or attending an unregistered event that is required to be registered is prohibited.

•**Large Volume Containers** – Kegs, beer party balls, punch bowls, or other large volume containers of alcohol are prohibited unless pre-authorized by the Office of Student Leadership & Campus Engagement.

•**Multiple Locations** – Events or activities, whether formally or informally organized, which encourage persons to consume alcohol in three or more places or encourage the consumption of large amounts of alcohol are prohibited, including but not limited to “Around the World” or “progressive” parties.

•**Other Dangerous Conduct** – The consumption of quantities of alcohol or the sustained consumption of alcohol that interferes with a person’s participation in the college community and/or that pose a risk to the health or safety of students or others is prohibited.

Because issues around the use, misuse, and abuse of alcohol have an impact on the academic and social success of students, the college expects that students who are legally eligible to drink will use alcohol responsibly and in a manner that does not put underage students at risk. Additionally, the host of any event at which alcohol is provided is responsible for complying with applicable laws and policies of the college. The “host” is the person, persons, or organization who provides the food, beverages, or accommodations for any activity. The college reserves the right to prohibit or restrict consumption of alcohol at certain events and in certain facilities.

B. COLLEGE DISCIPLINE

Dickinson College will impose disciplinary sanctions on members of the college community for violations of the College’s Standards of Conduct regarding drugs and alcohol. Potential sanctions for violations of this policy include but are not limited to, warnings, assessment/treatment, suspension, expulsion, and discharge. Violations involving the possession, use, distribution, manufacture, cultivation, or sale of drugs are of such a serious nature that they are likely to result in the suspension or expulsion of a student or the suspension or discharge of a college employee.

Further information about the process for college discipline of students is available in the “Community Standards” portion of the Student Handbook. Further information about the process for discipline of college employees is available in the Employee Handbook.

In addition to any college discipline, the college may refer any violation of this policy to law enforcement agencies for prosecution or other action. The college will cooperate fully with law enforcement agencies regarding any unlawful conduct involving drugs or alcohol.

C. LEGAL SANCTIONS

A person who violates any law governing illicit drugs and alcohol is subject to criminal sanctions provided by law. In addition, a student who is convicted of any offense under state or federal law involving the possession or sale of a controlled substance will not be eligible to receive certain kinds of financial aid. (See “Suspension of Financial Aid Eligibility for Drug-Related Offenses” in the Student Handbook).

A summary of the legal sanctions applicable under local, state, and federal laws for offenses involving drugs and alcohol is provided in the Appendix to this policy.

D. HEALTH RISKS

All drugs, including alcohol, present health risks. Combining drugs and combining any drug with alcohol substantially increases health risks and may be fatal. To promote awareness of these risks, the College provides the following summary of information about risks associated with alcohol and certain categories of drugs.

Alcohol - Consumption of alcohol, even in low or moderate amounts, can significantly impair judgment,

coordination, and mental functioning, including the ability to drive a vehicle. Statistics show that alcohol use increases the incidence of aggressive acts and misbehavior, including sexual misconduct, fighting, spousal and child abuse, and vandalism. Moderate to high doses impair higher mental functions, including a person's ability to learn and remember information. Very high doses cause respiratory depression and death. Repeated use of alcohol can lead to dependence, which can cause permanent damage to organs and deterioration of a healthy lifestyle.

Cannabis/Marijuana - The use of marijuana can result in slowed thinking and reaction time and impaired memory and balance. Marijuana smokers can suffer from respiratory problems, including cough, chest congestion, and heightened risk of lung infections.

Club Drugs/Ecstasy/Ketamine - Club drugs include a variety of psychoactive drugs that tend to be abused by young adults. Many club drugs create a sedative effect that can be incapacitating. Some club drugs cause amnesia, delirium, and anxiety. Repeated use may be physically addicting, resulting in withdrawal effects.

Cocaine - Cocaine is a powerfully addictive stimulant that produces potentially dangerous physical effects such as raising heart rate and blood pressure. The use of cocaine can lead heart attack, stroke, and death. Binge use of cocaine may lead to irritability, restlessness, anxiety, severe paranoia, and hallucinations.

Hallucinogens/LSD/Peyote/PCP - Hallucinogens cause illusions, poor perception of time and distance, and profound distortions in a person's perception of reality. They can also cause rapid and intense emotional swings. The effects of hallucinogens are highly variable and unpredictable. Users may experience panic, despair, fear, paranoia, and loss of control. PCP is an addictive hallucinogen. PCP abusers may become violent or suicidal

Opioids/Heroin - Opioids, including heroin and some prescribed pain medications, can result in drowsiness and respiratory depression. Opioids present a high risk for addiction and uncontrollable drug-seeking. Chronic opioid use leads to physical addiction and withdrawal symptoms can be severe, including muscle and bone pain, diarrhea and vomiting, cold flashes, and kicking movements. Abuse of opioids is associated with fatal overdose, collapsed veins, and pulmonary difficulties.

E. EDUCATION AND COUNSELING

Dickinson College offers drug and alcohol education programs regularly. Information about these programs is available at the Officer of the Dean of Students, Office of Student Leadership & Campus Engagement, the Wellness Center, and the Department of Human Resources.

F. ASSISTANCE, TREATMENT AND COMMUNITY RESOURCES

A person under 21 who attempts to purchase, consume, or possess alcohol may be sentenced to pay a fine of not more than \$500 for the first violation and not more than \$1,000 for the second and each subsequent offense. In addition, the offender's driver's license may also be suspended for up to 90 days for the first offense and up to one year for the second offense.

Pennsylvania Penalties for DUI

There are now three levels of DUI:

1. General Impairment (.08 to .099% BAC)
2. High BAC (.10 to .159% BAC)
3. Highest BAC (.16% and higher)

Under the law minors, commercial drivers, school vehicle or bus drivers, and offenders involved in an accident that injures someone or causes property damage may be subject to the high BAC penalties even if their BAC is not in the high category. Offenders who refuse breath or chemical testing may be subject to the highest BAC penalties. The following charts show the penalties for each of the BAC categories:

General Impairment penalties (Undetermined BAC, .08 to .099% BAC)

No prior DUI offenses	<ul style="list-style-type: none"> - ungraded misdemeanor - up to 6 months probation - \$300 fine - alcohol highway safety school - treatment when ordered
1 prior DUI offense	<ul style="list-style-type: none"> -ungraded misdemeanor - 12 month license suspension - 5 days to 6 months jail time - \$300 to \$2,500 fine

- alcohol highway safety school

- 1 year ignition interlock

2 or more prior DUI offenses

- 2nd degree misdemeanor
- 12 month license suspension
- 10 days to 2 years prison
- \$500 to \$5,000 fine
- treatment when ordered
- 1 year ignition interlock

The new law creates a higher set of penalties for those having higher BAC levels. It allows for treatment at all levels, and requires alcohol highway safety school for all first and second time offenders.

For those at the highest BAC levels, the new law has strict penalties, but also allows for treatment. This even-handed approach allows for individuals to receive counseling for their alcohol problem, while still penalizing those who choose to continue the dangerous practice of drinking and driving.

In addition, drivers under the influence of controlled substances and those who refuse breath or chemical testing are subject to the highest BAC category penalties.

Driver's License Suspension for Drug Crimes in Pennsylvania

There are certain criminal offenses in Pennsylvania that carry a suspension of your driver's license as part of the penalty for that criminal offense, including some non-driving-related criminal offenses. Some common examples of criminal offenses that carry license suspension as part of the penalty include any offense under the PA Controlled Substance, Drug, Device and Cosmetic Act. Suspension of your driver's license is part of a separate administrative proceeding handled by the PA Department of Transportation (PennDOT).

Drug Free College Community

INTRODUCTION

The Congress's Drug-Free Schools and Communities Act Amendments of 1989 require that, as a condition of receiving funds or any other form of financial assistance under any Federal program after October 1, 1990, all institutions of higher education must certify that they have adopted and implemented a program to prevent the unlawful manufacturing, dispensing, possession, use or distribution of illicit drugs and alcohol by students and employees. Likewise, anyone who submits research proposals to federal agencies must certify that they will not engage in any of the aforementioned activities during the period covered by the grant.

Individuals who do not make such certification and those who violate its terms will lose federal funds. As required by Federal regulations, this information was developed and distributed to inform all College community members of the seriousness of the use and abuse of illicit drugs and alcohol. It also sets forth standards of conduct regarding such activity.

STANDARDS OF CONDUCT

The unlawful manufacturing, possession, distribution, dispensing or use of illicit drugs or alcohol on college property or as part of any college activity by any member of the college community is strictly prohibited. Any violation of college policies and/or local ordinances, State or Federal laws will result in appropriate disciplinary action. In addition to college sanctions, students should know that where appropriate, the college will cooperate fully with law enforcement agencies. A student who has been convicted of any offense under any federal or state law involving the possession or sale of a controlled substance will not be eligible to receive any Title IV Federal grant, loan, or work assistance. See Suspension of Financial Aid Eligibility for Drug-Related Offenses section of this handbook.

When on college-owned property or at any college activity (on or off-campus), all individuals and groups will be expected to observe and comply with drug and alcohol laws. The host of any event at which alcohol is provided in any way is responsible for complying with public laws, regulations and policies established by the college. The "host" is the person, persons or organization who provides the food, beverages or accommodations in which the activity takes place. The college reserves the right to prohibit or otherwise limit consumption of alcohol at certain events and in certain facilities. For more information, contact the Office of Student Leadership & Campus Engagement at 717-245-1671.

ILLICIT DRUGS

Illicit Drugs are controlled substances that possess a high potential for abuse, have no currently accepted medical use in the United States and demonstrate a lack of accepted safety for use under medical supervision. Controlled substances so defined fall under seven headings: marijuana (marijuana, hashish); stimulants (amphetamines, cocaine); depressants (barbiturates, tranquilizers, hypnotics); hallucinogens (LSD, PCP); opiates or narcotics (heroin, morphine, opium, codeine); inhalants (sprays, solvents, glue); and designer drugs (synthetic drugs similar in effect to stimulants, hallucinogens and narcotics). To be used legally and safely, some of the drugs above must be prescribed by a physician. This list is not comprehensive; there may be substances omitted that are also illegal and fall under the designation of controlled substances.

ALCOHOL

Alcohol, the shortened term for ethyl alcohol, is a depressant that slows the activity of the central nervous system and the brain. Alcohol is a substance regulated by local, state and federal agencies with respect to its purchase, transportation, consumption and possession.

LEGAL SANCTIONS

In Pennsylvania, the following violations are punishable by fines and, in some instances, loss of driving privileges (not exhaustive list, illustrative only):

- purchase, consumption, transportation or possession of alcoholic beverages by a person under age 21;
- misrepresentation of age to purchase alcohol and altering, selling or manufacturing of false identification;
- selling or furnishing of alcoholic beverages to those under age 21.

Lying about age to obtain alcohol, making a false ID and furnishing alcohol to individuals under age 21 are misdemeanor offenses.

The legal sanctions for the unlawful possession, use or distribution of illicit drugs are more diverse than the sanctions governing alcohol. Sanctions may vary from fines, for first-time misdemeanor offenses involving simple possession of certain substances, to felony counts and multiple year terms of imprisonment for more serious violations. A summary of penalties related to illicit drugs and alcohol may be found online at the [U.S. Drug Enforcement Administration](#) and the [Pennsylvania Liquor Control Board](#). Individuals seeking legal advice regarding drug or alcohol laws should consult legal counsel.

HEALTH RISKS

Illicit drugs can interfere with important brain activities including coordination, memory and learning. They increase the risk of lung cancer, destroy liver cells, initiate severe weight loss and may weaken the immune system. Users may also experience abdominal pain, nausea, vomiting, rapid heartbeat and irregular breathing. Convulsions, coma and death are also possible. Combining drugs can be fatal.

Alcohol is a central nervous system depressant that is absorbed into the blood stream and transmitted to all parts of the body. Moderate doses reduce physical coordination and mental alertness while larger doses of alcohol drastically impair an individual's ability to function, sometimes rendering them unconscious. Long-term drinking can increase the risk of developing liver and heart disease, circulatory and stomach problems, various forms of cancer and causes irreversible brain damage.

EDUCATION, COUNSELING AND TREATMENT

Drug and alcohol education programs are conducted regularly to heighten everyone's awareness of the necessity to have a drug-free college community. Resources are provided to community members by sources such as the Office of the Dean of Students, Office of Student Leadership & Campus Engagement, Wellness Center and Human Resources Services.

COLLEGE SANCTIONS

Dickinson College adheres to the laws, regulations and ordinances of federal, state and local authorities. Any student or employee violating them will be subject to referral and external prosecution through the college's Department of Public Safety and/or the state and local police. Students are also subject to disciplinary action through the Community Standards. Any questions regarding this policy should be addressed to the Dean of Students Office, the Department of Public Safety or Human Resources Services.

Election Activities Policy

Dickinson College encourages its students to participate in national, state, and local political activities to prepare themselves for active lives as engaged citizens. While all students, faculty, and staff are free to express political opinions and engage in political activities, it is important that they avoid the appearance that they are speaking or acting for the college in political matters.

As a non-profit, private institution of higher education whose activities are regulated in part by Section 501(c)(3) of the Internal Revenue Code, Dickinson College may not participate or intervene in the political campaign of any candidate for public office. Federal Elections Commission regulations also prohibit Dickinson College from facilitating the making of contributions or funding communications that influence, or are intended to influence, the outcome of federal elections. Nevertheless, every individual has the right to organize and to join political associations and to advocate and publicize political opinions. In addition, student groups on campus have the opportunity to provide educational and programmatic activities around political issues, current elections, and voter registration.

College facilities and funds may be used by political groups on campus so long as the use does not favor one political party over another. Student activities funds may not be used for direct political action, for disbursement to any organization that is not an officially recognized Dickinson College organization or contributed to a political campaign or other political fund or organization. Student organizations that use College facilities for political presentations must open such presentations to all members of the campus community. No campaign political rallies may be held on campus. For a fuller description of "Do's" and "Don'ts" of Political Campaign-Related Activities at Colleges and Universities, see the American Council of Education memorandum (September 2014) at <http://www.acenet.edu/news-room/Documents/Memo-Political-Campaigns.pdf>

Events with Alcohol Policy

OVERVIEW

Dickinson College expects the responsible use of alcohol at events that are hosted by students. Our support is demonstrated in the provision of clear expectations and education to student hosts, and is predicated on the expectation that students of legal age who choose to drink will drink responsibly and safely. It is the community's shared commitment to promote personal responsibility and respect for the well-being of self and peers.

The College recognizes the choice not to drink alcohol and actively discourages and holds students accountable for the irresponsible use of alcohol. In compliance with Pennsylvania laws and the Drug Free Schools and Communities Act, the College does not approve of the consumption of alcohol by students (or their guests) who are under the age of 21, on or off the campus. Inappropriate behavior involving the furnishing or consumption of alcoholic beverages will result in appropriate disciplinary proceedings and penalties. The College recognizes and cooperates with law enforcement authorities in their efforts pertaining to alcohol, and will seek to educate students about laws pertaining to alcohol, as well as about the use and abuse of alcohol.

By establishing this policy, the college supports

- Events where alcohol is served to students of age;

Expectations for Fraternities and Sororities

The purpose of this section of the Student Handbook is to set basic expectations between Dickinson College and its (general/social) fraternities and sororities which have collegiate chapters in operation at the College, and to explain the mutual benefits and responsibilities which the relationship between these organizations entail.

The College, by action of the President and Board of Trustees, has officially recognized the College Interfraternity Council and the College Panhellenic Council and their constituent member organizations as members of the official organizational structure of the College and sets forth in the mutual covenants specified in their respective governing documents, rituals and mission statements, their rights and responsibilities.

The relationship is founded upon the College's acceptance of fraternities and sororities as an integral part of campus life and a source of support for the mission of the College. The success of the fraternity and sorority community will depend upon the mutual efforts of the College, the collegiate chapters, headquarters staff, alumni volunteers, and alumni/ae associations. The College pledges its ongoing support by assignment of the area of Greek Life to the Division of Student Life, as an official component of its departmental responsibilities.

Fraternities and sororities have been recognized by the College because they can:

- Enhance the diversity of student life.
- Foster the development of life-long relationships and friendships.
- Contribute to the educational and personal development of students.
- Create an environment that promotes and encourages academic achievement and intellectual development.
- Enhance the extra and co-curricular programs of the college and contribute to the life of the campus through participation in and support of programs and activities.
- Provide structured opportunities for self-governance, leadership and management skill development.
- Serve as a vehicle to involve students in service to the college and Carlisle communities.
- Foster a life-long affiliation with Dickinson College.

RECOGNIZED/UNRECOGNIZED FRATERNITIES AND SORORITIES

The fraternity and sorority community at Dickinson College is composed of organizations which have petitioned the college for recognition and have accepted and met the conditions for recognition. The fraternities and sororities are organized under the jurisdiction of their respective governing/coordinating bodies recognized by the College, the College Interfraternity Council and the College Panhellenic Council. These bodies and the fraternity and sorority

the College will not be open to any new groups and it means that groups that have been suspended or removed from campus will not be allowed to return. Following the Greek Life Review, if the College has selected to continue its relationship with Greek organizations, the Greek Life Working group shall use the data and results from survey to determine the optimal number of fraternities and sororities for a healthy Greek Life at Dickinson.

FERPA

NOTIFICATION TO STUDENTS OF RIGHTS UNDER FERPA

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. These rights include:

- (1) The right to inspect and review your education records within 45 days of the day the college receives a request for access.

You should submit to the Registrar a written request that identifies the record(s) you wish to inspect. The college official will make arrangements for access and notify you of the time and place where the records may be inspected. If the records are not maintained by the college official to whom the request was submitted, that official shall advise you of the correct official to whom the request should be addressed.

- (2) The right to request the amendment of your education records that you believe are inaccurate, misleading, or otherwise in violation of your privacy rights under FERPA.

If you wish to ask the college to amend a record, you should write the college official responsible for the record, clearly identify the part of the record you want changed, and specify why it should be changed.

If the college decides not to amend the record as requested, the college will notify you in writing of the decision and your right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to you when notified of the right to a hearing.

(3) The right to provide written consent before the college discloses personally identifiable information from your education records, except to the extent that FERPA authorizes disclosure without consent. While it is the policy of Dickinson College to deal only with the student on matters addressed within the education record, the college reserves the right to advise others of information within a student's education record without the student's consent to the fullest extent provided by FERPA.

The college discloses education records without a student's prior written consent under the FERPA exception for disclosure to school officials with legitimate educational interests. A school official is a person employed by the college in an administrative, supervisory, academic or research, or support staff position (including Public Safety personnel and staff of the Health and Counseling Centers); a person or company with whom the college has contracted as its agent to provide a service instead of using College employees or officials (such as an attorney, auditor, or collection agent); a person serving on the Board of Trustees; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibilities for the college.

Upon request, the college also discloses education records without consent to officials of another school in which you seek or intend to enroll.

(4) The right to file a complaint with the U.S. Department of Education concerning alleged failures by the college to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

This includes, but is not limited to, guns, air guns, dart guns, pistols, revolvers, rifles, cannons, etc., and any ammunition for any such device.

Weapon - Any device that is designed to or traditionally used to inflict harm. This includes, but is not limited to: (1) firearms, slingshots, switchblades, daggers, blackjacks, brass knuckles, bows and arrows, hand grenades, hunting knives, nun-chucks, throwing stars, etc.; (2) any object that could be reasonably construed as a weapon; or (3) any object legally controlled as a weapon or treated as a weapon under the laws of the Commonwealth of Pennsylvania.

Explosives - Any chemical compound or mechanical mixture that contains any oxidizing and combustible units, or other ingredients, in such proportion, quantities or packing that an ignition by fire, friction, concussion, percussion, or detonator, or any part of the compound or mixture, may cause a sudden generation of highly heated gases that results in gaseous pressures capable of producing destructive efforts on contiguous objects or of destroying life or limb. This includes, but is not limited to, firecrackers, black powder, dynamite, etc. as well as detonating devices such as detonators, blasting caps, timers, incendiary wire and the like.

First Year Vehicle Policy

First-year students are not permitted to possess or operate motor vehicles on the Dickinson campus or in the Carlisle area. This restriction applies to any vehicle regardless of its type, ownership, or registration but does not apply to fleet vehicles used in accordance with college sponsored activities. This policy is in effect seven days a week. Exceptions to the policy are granted according to strict guidelines and can only be made by the Department of Public Safety. Requests for exceptions must be made in writing by the student and forwarded to the Chief of Public Safety.

Violations of the first-year student car policy may result in loss of car privileges for the first full semester of the sophomore year, a fine and the immediate removal of the vehicle from the Carlisle area.

Gender Neutral Housing

FIRST YEAR STUDENT POLICY

At Dickinson, we hold diversity and inclusion as a central tenet because it is an essential foundation for learning and excellence in a global society. The residential experience represents an important foundation for students overall academic and social success. As an integral part of the out-of-classroom experience, students living in college residences can expect an inclusive living environment to fully benefit from the Dickinson experience.

WHAT EXACTLY IS GENDER-NEUTRAL HOUSING?

Gender-neutral housing is a residential space in which roommates of any combination of biological sexes, gender identities or gender expressions choose to live together. This includes small houses, apartments, suites and traditional rooms that comprise our current residential facilities.

WHY DOES DICKINSON COLLEGE OFFER A GENDER-NEUTRAL HOUSING OPTION?

There are some students for whom traditional, same-sex room assignments are not ideal or appropriate, and we believe it is important that housing policies evolve to meet the needs of all students to create an inclusive, welcoming environment. This policy helps create an environment that acknowledges, appreciates and respects the diverse nature of the Dickinson student body, while giving students more options in finding a roommate who is truly compatible.

While this housing option has been available for upper-level students, this new policy provides the opportunity for first-year students to share a multiple-occupancy bedroom regardless of students' sex or gender. This option may be meaningful for a variety of students: those who feel uncomfortable rooming with members of the same sex, transgender students in the process of discovering their gender identity, students who feel they would be more compatible with a roommate of a different sex or gender, and students who do not want sex or gender to be a primary factor in choosing a roommate.

HOW DO I SELECT GENDER-NEUTRAL HOUSING?

First-year students who feel that gender-neutral housing will be the best option for them will signal this request on the housing preference form that goes out in May as part of the housing selection process.

Students who indicate a preference for this option will be contacted by a professional staff member for a conversation that will help us provide housing that best meets a student's individual needs.

ARE BATHROOMS GENDER-NEUTRAL AS WELL?

Generally, there are two types of bathrooms within residential facilities: single person and group bathrooms. All single person bathrooms (one toilet, one sink and one shower) are gender-neutral (anyone can use the bathroom).

Group bathrooms are those with multiple toilets, sinks and showers. These bathrooms are designated at the beginning of the year as male or female, but residents are given the opportunity to review and determine the final designation of these bathrooms.

Based on the conversation with a staff member, students will be assigned to a housing facility that will best meet their needs regarding housing and bathrooms.

HOW WILL VACANCIES BE MANAGED?

When there is a vacancy in a stand-alone gender-neutral double room, the student remaining in the room may elect to pull in any new roommate. Both students must agree to live together. If a roommate cannot be identified, the room will default back to single-sex status. In this case, the Office of Campus Life may place a student of the same sex in the room.

CAN STUDENTS BE RANDOMLY ASSIGNED TO A ROOMMATE OF THE OPPOSITE SEX?

No. Students who wish to take advantage of the new policy must enter into any roommate arrangement as willing partners.

WHAT IF A STUDENT CHOOSES TO LIVE WITH SOMEONE IN A GENDER-NEUTRAL ARRANGEMENT AND BECOMES UNCOMFORTABLE WITH THE SITUATION?

As with any roommate or housing issue, the college has an established room-change process, the outcome of which may allow for re-assignment in any living situation where there is a problem that cannot be resolved.

WHAT IF MY PARENTS DON'T WANT ME TO LIVE IN A GENDER-NEUTRAL HOUSING SPACE? WILL THEY BE NOTIFIED IF I SELECT THIS OPTION?

Students 18 years of age and older may make decisions about their housing assignment without parental consent. We encourage students to maintain an open dialogue with their families so that they can be supportive of a student's housing decision. For adult students, it is the student's choice whether or not to tell their parents or guardians. Students under 18 should discuss housing plans with their families, as they must provide parental consent for a gender-neutral option.

WHAT OTHER INSTITUTIONS OFFER A GENDER-NEUTRAL HOUSING OPTION?

Dickinson is proud to join a community of more than 100 colleges and universities who offer some form of gender-neutral housing. Policies that resemble ours include American, Colby, Connecticut, Gettysburg, Hamilton, Oberlin, Princeton, Skidmore, University of Pennsylvania, Vassar and Wesleyan. There are also variations of these policies across institutions. To learn more about other institutions offering gender-neutral housing, please [click here](#).

WHAT IF I WANT TO LEARN MORE ABOUT GENDER IDENTITY AND EXPRESSION?

If you have questions regarding gender-identity, gender-expression, gender non-conforming or transgender student support, feel free to contact the Office of LGBTQ Services at LGBTQ@dickinson.edu.

The Office of LGBTQ Services offers education, outreach, advocacy and support to the Dickinson LGBTQQIA community. Please visit the Office of LGBTQ Services' Web site for more information at dickinson.edu/LGBTQ.

For the purpose of gender-neutral housing, the following definitions may be helpful:

Gender non-conforming: individuals whose gender expression is different from societal expectations related to gender.

Gender expression: the external manifestation of one's gender identity, usually expressed through "masculine", "feminine" or gender non-conforming behavior, clothing, haircut, voice or body characteristics.

Transgender: people whose gender identity, expression or behavior is different from those typically associated with their assigned sex at birth, including but not limited to transsexuals, cross-dressers, androgynous people, genderqueers and gender non-conforming people.

UPPER CLASS STUDENT POLICY

During the housing selection process for the 2013-2014 academic year, an explicit gender-neutral housing option was implemented to continue the college's commitment toward an inclusive living and learning environment.

WHAT ABOUT THE BATHROOMS? ARE THEY GENDER-NEUTRAL AS WELL?

Generally, there are two types of bathrooms within residential facilities: single person and group bathrooms. All single-person bathrooms (one toilet, one sink and one shower) are gender-neutral (anyone can use the bathroom).

Group bathrooms are those with multiple toilets, sinks and showers. These bathrooms are designated at the beginning of the year as male or female, but residents are given the opportunity to review and determine the final designation of these bathrooms.

With the exception of the following facilities that house upper-class students, a gender-neutral bathroom facility is available in each residential unit.:

- Kisner-Woodward (KW)
- Cooper
- Reed House
- Baird-McClintock
- Todd House

While the option to designate a bathroom as gender-neutral within the buildings above is extended to the residents, it cannot be guaranteed. Please take this information into consideration as you make your housing selection.

HOW DO I SELECT GENDER-NEUTRAL HOUSING?

The information below reviews Dickinson's approach to gender-neutral housing for upper-class students. Incoming first-year and transfer students will receive housing selection information that will detail the way that they may request gender-neutral housing. Interested first-year and transfer students will have a conversation with a professional staff member so that the college can provide housing that best meets the needs of the student.

If you are a rising sophomore, junior or senior:

1. To live with a roommate of any sex or gender you will simply select to do so online through the MyHousing system and as a part of the roommate preferencing process.
2. You must apply with your prospective roommate(s) following the same processes and deadlines of all students entering the housing selection process.
3. Students will not be assigned to gender-neutral housing unless they have elected to do so.
4. This housing option is intended for students who wish to share a room, suite or apartment with friends regardless of gender identity. As with any housing option, it is not recommended or encouraged that any couple, heterosexual or LGBTQQI live together. The majority of upper-class gender-neutral room assignments are friends with similar living habits, regardless of gender.
5. We encourage students to maintain an open dialogue with their families. Students 18 and older are legally able to make decisions about their housing placements.
6. The gender-neutral housing option is available in all residential facilities. This avoids segregation and offers students gender-neutral housing within all housing styles and at the various housing price points. The default designation for a room, apartment or suite will be single-sex unless the students selecting into the space choose to create a gender-neutral pair/group. Once a room, apartment or suite is gender-neutral, that space will continue to be gender-neutral as long as the residents can maintain the occupancy of the living space.

HOW WILL VACANCIES BE MANAGED?

When there is a vacancy in a stand-alone gender-neutral double, the student remaining in the room may elect to pull in any new roommate. Both students must agree to live together. If a roommate can not be identified, the room will default back to single-sex status. In this case, the Office of Residential Life and Housing may place a student of the same sex in the room.

When there is vacancy in a gender-neutral triple, apartment or suite, the residents may elect to pull in any roommate(s). If the residents in a triple, apartment or suite cannot fill the vacancies, the Office of Residential Life and Housing will first attempt to place students in the apartment or suite who are interested in living in a gender-neutral space. If the Office of Residential Life and Housing needs to maximize use of all available spaces on campus and if the above is not possible, then the Office of Residential Life and Housing staff will work closely with the student group to determine next steps.

IS THIS A CHANGE IN POLICY?

Mixed-gender housing options have been available at Dickinson for many years. Gender-neutral housing is a more explicit and campus wide housing option, officially implemented during fall of 2013. As with all policies, gender-neutral housing will be continuously reviewed and improved to most effectively meet student needs.

CAN STUDENTS BE RANDOMLY ASSIGNED TO A ROOMMATE OF THE OPPOSITE SEX?

No. Students who wish to take advantage of the new policy must enter into any roommate arrangement as willing partners.

WHAT ARE THE DIFFERENCES BETWEEN CO-ED /MIXED-GENDER AND GENDER-NEUTRAL HOUSING?

The terms co-ed /mixed-gender operate on the assumption that there are two genders: male and female. It leaves no room for those who do not identify as their biological sex or those who are transgender or gender non-conforming. This idea is based on the notion that there are more than two genders, in fact an infinite amount. Allowing for gender-neutral housing, as opposed to co-ed /mixed-gender, shows more inclusiveness and room for diverse identities.

WHAT IF A STUDENT CHOOSES TO LIVE WITH SOMEONE IN A GENDER-NEUTRAL ARRANGEMENT AND BECOMES UNCOMFORTABLE WITH THE SITUATION?

As with any roommate or housing issue, the college's established room change process may allow for re-assignment in any living situation where there is a problem that cannot be resolved.

WHAT IF MY PARENTS DON'T WANT ME TO LIVE IN A GENDER-NEUTRAL HOUSING SPACE? WILL THEY BE NOTIFIED IF I SELECT THIS OPTION?

Students 18 years of age and older may make decisions about their housing assignment without parental consent. We encourage students to maintain an open dialogue with their families so that they can be supportive of a student's housing decision. For adult students, it is the student's choice whether or not to tell their parents or guardians. Assisted Problem Solving Policy

Dickinson College seeks to promote and maintain a work environment that provides for the full and satisfying performance of their duties. However, the college also recognizes that there may be occasions in which work-related concerns or problems arise that cannot be resolved in the normal day-to-day interaction with peers and supervisors.

Employees who believe that college policies have been inappropriately applied to them or who encounter situations in which they have work-related problems with other employees or visitors that require intervention by the college, or in which they have problems with the work setting itself that have not been resolved, may use these procedures. The college encourages employees to seek answers to work-related questions and concerns. Certain matters, specifically limitations included in the college benefits, job classifications, compensation and non-work related issues or concerns are not subject to procedures beyond general inquiry. Additionally, reports or concerns of discriminatory harassment should be made in accordance with the specific reporting procedures set forth under the "Eliminating All Forms of Discriminatory Harassment" section of the Administrator and Support Staff Handbook.

With other concerns, as a first step, an employee is encouraged to direct a particular work-related problem or query to another appropriate department administrator, for example a second-level supervisor or the senior office for his or her division. Alternatively, an employee may contact HR Services, which will attempt to answer the questions and advise the employee on how to resolve problems in the most appropriate and timely manner. To the extent consistent with the need to gather facts and try to assist in facilitating a resolution, employee communications relating to concerns with a member of the college's employee assistance program (EAP) if they wish to discuss the issues confidentially with someone outside the college. The college encourages early discussion of problems and concerns in accordance with the above informal process so that there is the potential to resolve concerns when they first arise and where any resolution can be most efficient and effective.

If an employee has a concern that he or she feels will not be adequately addressed through the informal grievance procedure, the employee may file a formal grievance. The grievance must be in writing and submitted to the employee's supervisor and HR Services. If the employee is not satisfied with the determination of his/her supervisor and HR Services, he or she may seek to address the matter further in writing with the appropriate dean, vice president, department chairperson or director. If the employee is not satisfied with that determination, the employee then may seek further consideration by presenting his/her concerns to the associate vice president of HR Services. The decision of the associate vice president of HR Services is deemed the final decision of the college.

In order to assure that prior discussions relating to concerns or grievance do not become stale, a formal grievance should be raised within ten days of the conclusion of the informal procedure, and any further consideration should be sought within ten days of the final determination at the prior level.

Hazing Policy

Hazing is a violation of College policy and a criminal offense in the Commonwealth of Pennsylvania.

Dickinson College is committed to preserving the individual dignity and well-being of each and every member of the campus community, and supports students' desire to build community through groups and associations. These associations can offer powerful opportunities for student engagement and learning. The college also acknowledges the need for belonging that students often feel and values the contributions that student groups make toward fulfilling that need.

Within every group there exist organizational structures (e.g. hierarchies, practices) that define the relationships among its members. These structures can be:

- formal and/or informal
- explicit and/or implied
- planned and/or spontaneous

Groups are encouraged to consider these structures and relationships, as understanding them is critical to positive group development and the prevention of hazing. Groups are cautioned that within any of those structures, any activity which serves to reinforce, or has the effect of reinforcing dominant-subordinate relationships among group members must be approached with great care and guidance. This is particularly true when a group affiliates new members.

DEFINITION

Dickinson College defines hazing as any act that, as an explicit or implied condition for initiation to, admission into, affiliation with, acceptance in, or continued membership in a group or organization, could be seen by a reasonable person as endangering the physical well-being of an individual, as causing mental distress to an individual, or as being disruptive to the campus community, regardless of the individual's willingness to participate. Such activities may include but are not limited to: the use of alcohol or other intoxicating substances; physical abuse in any form; sexual abuse or simulated sexual abuse; sexual harassment; the creation of excessive fatigue; physical and psychological shocks or intimidation; quests, treasure hunts, scavenger hunts, road trips or any other such activities; public wearing of apparel which is conspicuous and not normally in good taste; engaging in public stunts and buffoonery; degrading or humiliating games and activities; and any other activities which violate college policy.

HAZING OUTCOMES

The college recognizes a continuum of group development activities. At one end of the continuum are positive group development activities that do not constitute hazing because they stand the test of transparency, foster a sense of group unity and do not compromise the well-being of any individual participants. At the other end are behaviors that are clearly hazing because they are dangerous, abusive and/or disruptive, and involve only subordinate members of the group. In between are activities that could be seen by groups as benign, but are considered hazing because they serve no legitimate group-related purpose, could be considered disruptive to the academic community or when occurring in the context of individuals' personal history have the potential to cause physical, mental or emotional harm.

In the event that the college must intervene in a situation involving hazing, the dean of students will determine the nature of the intervention by where along this continuum the behavior falls. The primary purpose of any intervention is to ensure that the hazing ends, and that those who participate in hazing are appropriately accountable to the Dickinson community. Toward that end, individuals associated with the group (e.g. organizational executives) may be held personally accountable along with the group. The college also reserves the right to engage other authorities as appropriate (e.g. law enforcement agencies, Greek national offices, etc.)

Specifically, consequences for hazing for groups and/or individuals include but are not limited to:

- Warnings
- Mandated educational programs for members &/or others
- Community restitution
- Student status and/or housing restrictions
- Suspensions
- Expulsion

Students are also reminded that hazing is a violation of Pennsylvania law. The text of the law is available in the Dean of Students office and [online](#).

HUB Publicity Policy

All advertising must be distributed by recognized campus organizations and departments. Non-Dickinson advertising can be dropped off at the CASE Office and up to five copies will be posted on general use bulletin boards in the HUB.

Dickinson College disclaims all responsibility for the content of advertising materials posted on campus. All materials should be in compliance with college policies and regulations. Students, faculty and staff should be aware of current laws regarding libel, defamation, obscenity, fair labor regulations, and other applicable laws.

Advertising may only be placed on available bulletin boards. Do not place advertising on the following: glass, wood, painted surfaces or exterior surfaces.

Advertising may not depict alcohol or suggest alcoholic beverages will be provided or served at an event. Promotion of specific brands or types of alcohol, by whatever means, is not allowed. Advertising that an event is BYOB is allowed.

Exceptions to the policy contained in items 1-4 may be authorized by CASE due to a need to post special academic announcements.

Permission for displaying authorized posters inside glass display cases or on bulletin boards assigned to specific organizations or departments must be obtained from that organization or office. Several bulletin boards which are not assigned to a specific organization or office are located throughout the HUB for general use.

All advertising should be removed by the sponsoring group within 24 hours following the event.

Violators of this policy will be issued a warning by CASE. Further violations may result in loss of advertising privileges in the HUB and disciplinary action.

Library Policies

LIBRARY CELL PHONE POLICY

Cell phones are required to be set to vibrating/silent ring in the library. If you are planning on having a lengthy conversation (longer than 2 minutes), please move to the entrance of the library. All conversations, no matter the length, should be quiet. If you are having a conversation that disturbs others, you may be asked to leave the library. Thank you for your cooperation.

COLLECTIONS GUIDELINES

Materials acquired by the library are mainly for the benefit of undergraduate coursework and should be appropriate for undergraduate research. Librarians pro-actively purchase books, films, music scores, audio recordings, and primary source materials for curricular use. Faculty members may request specific books in either print or e-book format. We also welcome faculty recommendations for new subscriptions to journals and databases. Faculty members can send purchase requests to their liaison librarian at any time, and liaison librarians can also set up alerts of new books published in specific fields from which faculty can make purchase recommendations.

BOOKS

Print Book Collection Strategy

The library typically adds four to six thousand books per year through purchase and in-kind donation.

- The library purchases books based on faculty recommendations of specific titles. Faculty may express a preference for print versions of books. Alerts of newly published books, from which faculty may choose, have been set up for many departments. These alerts are based on a librarian developed profile which covers all disciplines taught at Dickinson. Faculty who wish to receive book alerts may contact their liaison librarian.
- Liaison librarians also select books for purchase, typically based on their knowledge of the curriculum, and on reviews or proactive searching to identify books on specific subject areas.
- The library proactively purchases titles issued as part of book series identified as highly relevant to the curriculum.
- The library proactively purchases core scholarly titles identified by our book vendor, YBP.
- Books donated to the library which fit our donation guidelines are added to the collection.

E-book Collection Strategy

Our e-book strategy allow us to make available a very large number of scholarly titles at an affordable cost and with access 24/7 from on or off campus.

- Two subscriptions to large interdisciplinary scholarly e-book collections provide unlimited access to over 200,000 scholarly monographs.
- Other subscriptions provide access to a large number of online reference materials (dictionaries, encyclopedias, etc.)
- With our “demand-driven acquisition” program, we add approximately 125 records to our catalog each week for newly published scholarly e-books. The titles are selected using a librarian developed profile which covers all disciplines taught at Dickinson. Users of our catalog or JumpStart have instant access if they click on the link to a title. If a title is never used, the library pays nothing. For the first three uses we “rent” the e-book, paying a percentage of list price. On the 4th use of an e-book the library purchases it.
- Specific e-books not available through the demand-driven program or our subscriptions, or which are desired for the permanent collection, are purchased in e-book format upon recommendation of faculty or liaison librarians. These purchases follow the same guidelines as those for print book purchases.

PRINT TITLES IN JSTOR

The Waidner-Spahr Library has purchased access to fifteen **JSTOR** collections of journals (Arts & Sciences I through XI and XIII, the Life Sciences Collection, the Language & Literature Collection, and the Jewish Studies Archives Collection).

JSTOR has such a strong preservation program, and their online content is of such high quality and so preferable to our users that after consulting with faculty in Fall 2014, the Library established the practice of withdrawing most print duplicate issues once they are available full-text in JSTOR. The Library does retain print copies of specific journals as needed to meet pedagogical and research purposes, upon request of faculty. These journals are listed on this page under *Titles Retained in Print*.

NEW DATABASES LIST AND LINKS

Waidner-Spahr Library has a **new and improved Databases List** that will help you find the best library databases for your research. Search by database name, or browse by subject or database type.

The **old databases list** will be available through the Spring 2015 semester.

Please update your bookmarks to point to the new databases list (<http://libguides.dickinson.edu/az.php>) before Summer 2015.

See instructions below for identifying new persistent links to specific databases.

OPEN ACCESS

The Waidner-Spahr Library funds open access publishing efforts as a long-term, sustainable means of supporting scholarly communication. These activities are detailed on the "Open Access" tab of the Copyright & Scholarly Communication guide.

COPYRIGHT USE POLICY

Introduction

U.S. copyright law stems from the Constitutional clause giving Congress the power to “promote the Progress of Science and useful Arts, by securing for limited Times to Authors and Inventors the exclusive Right to their respective Writings and Discoveries.” In short, to encourage creativity and expression, copyright law protects the rights of creators of literary, artistic, musical or other creative works to exclusively use, promote, control or sell his/her creation for a specified period of time. The College affirms its commitment to respect copyright law and the protection of intellectual property, including the recognition that the law contains specific exceptions which provide for the permissible use of materials in educational settings without the consent of the copyright holder. The goal of this policy is to provide relevant, common sense guidelines to help faculty, students, and staff exercise their rights to use information in the furtherance of their education and research, while remaining within the legal parameters of existing copyright law. Dickinson supports the appropriate use of legal exceptions to copyright, with the expectation that each faculty member, staff member and student will respect copyright and act in good faith to comply with current copyright law and the College Copyright Use Policy. The College urges everyone at Dickinson to recognize that copyright law can be complicated, and to seek guidance when appropriate. This policy is not a substitute for advice on particular cases or situations and users are encouraged to seek help when this policy does not provide the answer needed.

Works protected by U.S. copyright law

Users of works authored, created, or performed by others are responsible for determining if those works are currently protected by copyright law and must limit their use of such works to uses permitted under copyright law. Copyright protection is afforded to both published and unpublished works. While one cannot copyright an idea, the creative expression of an idea may be copyrighted. A copyright symbol or registration is NOT required for a work to be protected by copyright law. Determining the duration of copyright protection is complicated. The period of protection varies greatly depending on the nature of the work protected, when a work was first copyrighted and the actions of a copyright holder in renewing or maintaining copyright protection as permitted by law. It is safest to assume a work is subject to copyright protection until you are able to verify that it is not. Works that are no longer protected by copyright are considered to be in the “public domain” with the copyright holder’s rights having been extinguished by operation of law in favor of the benefits to society created by access to the work on a broad basis. Most, but not all, U.S. federal government documents are in the “public domain” and not subject to copyright. However, non-federal government documents, such as state and local government documents, may be copyrighted.

“Fair Use”

In keeping with the original spirit of the purpose of copyright law (to promote the progress of science and the useful arts), the law contains specific exceptions to requiring the consent of the copyright holder before a work may be used in the educational context. This is called the “fair use” exception to copyrights (17 U.S.C. §107). However, it is a myth that any use in an educational setting or by an educator or student is automatically “fair use”. There are four factors which must each be evaluated in determining if the “fair use” exception applies.

(1) **The purpose and character of the use** – Use of a copyrighted work or a portion thereof in a non-profit educational setting favors fair use, but the three other factors set forth below must also be weighed. A “transformative” use strongly favors fair use. A use may be transformative if it makes use of a prior work in a totally new and highly creative way, for example a parody of a song.

(2) **The nature of the copyrighted work** – Fair use is more likely when using works that are factual/non-fiction, rather than creative/fictional works.

(3) **The amount and substantiality of the portion used relative to the work as a whole** – Note that there is no set proportion, number of words, or number of pages that automatically constitute fair use. Use of the “heart of the work” may constitute a violation even if it is a relatively small proportion of the entire work.

(4) **The effect of the use on the potential market for or value of the work**

For movies and music, there are additional criteria that must be met in order for the fair use standard in the educational environment to apply. “Fair use” is a complicated doctrine and questions should be directed to staff at the Waidner-Spahr Library.

Other Copyright Exceptions

Other exceptions relevant to higher education exist in copyright law to provide for library copying and lending; public displays in libraries and galleries; computer software backup; photographing architectural works; and making specially formatted copies for people with disabilities. Users should contact the staff at the Waidner-Spahr Library for assistance.

Permission to Use Copyrighted Material

It is always acceptable to use copyrighted material if the permission of the copyright holder (who may or may not be the author or original publisher) has been secured. The grant by the copyright holder of some of the rights in the copyrighted work (but less than all of the rights) for a period of time is known as a license. A license should be secured in writing. If you ask for permission and do not get any response, you may NOT assume that your use is acceptable. In fact, without written permission to use a copyrighted work that is not otherwise subject to an exception for use, you must assume that you do not have permission to use the work.

In addition to securing permission to use copyrighted materials directly from the copyright holder, online information resources and software are often acquired under a license granted by the copyright holder to a third party to use or permit the further use of the copyrighted work. Examples include licensed Library databases and LIS distributed software.

College Response to Copyright Violations

Violations can occur by illegal reproduction, distribution, performance, or public display of copyrighted works or portions of copyrighted works, or by the production of derivative works which are not deemed sufficiently transformative to constitute a new, original work. Upon becoming aware of a copyright violation, the College will take immediate and appropriate action to stop the violation.

In addition to being a violation of federal and state law, violation of copyright law is also a violation of College policy, and may result in internal disciplinary action. Disciplinary actions involving Faculty will be initiated by the Provost and Dean of the College. Disciplinary actions involving College administrators or staff will be referred to employee’s division head who will work together with Human Resource Services to review an alleged violation. Disciplinary actions involving students will be referred to the Dean of Students or his/her designee. Members of the College community are individually responsible for all prohibited use of copyrighted material.

Violation of copyright may also result in legal action against the individual violator, as specified in copyright law.

Plagiarism vs. Copyright

Copyright violations are distinguishable from plagiarism. One can commit plagiarism by failing to cite a work, even if that work is not protected by copyright. Citing a work properly avoids plagiarism, but depending on how the original work is used, a copyright violation may still occur.

For Additional Guidance

General inquiries about copyright, coursepacks, and obtaining permissions may be directed to circ@dickinson.edu, and staff at the Waidner-Spahr Library will assist. Complex questions about copyright may be referred by Library staff to the Office of General Counsel.

This policy is subject to change to maintain compliance with current U.S. copyright law.

GIFTS

Giving to the Waidner-Spahr Library

The original Library of Dickinson College was started with a generous gift from John and Mary Dickinson in 1783. The continuing patronage of donors throughout our long history has endowed the Library with unique strengths. The Waidner-Spahr Library is grateful to accept gifts of books and other materials.

Book Donation Guidelines

The Library welcomes books that have college-level content relevant to the current Dickinson curriculum and are in like-new condition (clean, unmarked, secure bindings, with pages in good condition). Hardcover books or trade paperbacks are welcome, but we cannot accept mass-market paperbacks. Unmarked course textbooks less than 10 years old will be considered on a case-by-case basis, depending on the subject. General encyclopedias and directories are not typically acceptable. Print journals and magazines are also not typically acceptable, regardless of their condition.

Books that are acceptable for the Waidner-Spahr collection but which are already owned by the Library will be donated to Better World Books. Books that do not meet criteria for the Library collection or Better World Books will be recycled or sold. Funds resulting from the sale of donated books will be used for new Library purchases. INTERLIBRARY LOAN POLICIES

The purpose of Interlibrary loan is to support faculty and student research by providing access to materials that the Dickinson College library does not own and to materials owned but are currently unavailable by requesting those materials from other institutions. We reciprocate by lending our books and copying documents for other institutions.

Borrowing Materials Through Interlibrary Loan

Dickinson College faculty, administrators, staff, students and emeriti faculty are permitted to use Interlibrary loan services at no charge. If studying off campus, see our Guide for Study Abroad.

Dickinson College alumni and retirees, and Friends of the Library are permitted to use Interlibrary loan services at no charge when the material borrowed is obtained free of charge. However, some libraries bill for their services. These charges will be passed on to the patron making the request.

All patrons will be responsible for charges arising from damaged, lost or overdue materials. Non-compliance will result in suspension of interlibrary loan privileges.

We use two different systems to meet the needs of our patrons and the libraries who borrow from us, PALCI / EZ-Borrow for book loans and ILLiad for hard to get books and copies of articles and other documents.

PALCI / EZ-Borrow books are generally delivered to the library within 3-5 working days. You will be notified by e-mail when requested material is available for pick-up. Length of loan for PALCI / EZborrow is 28 days from the time the library has received it. You may self-renew using the library catalog's on-line renewal service or request a renewal at the circulation desk for another 28 days.

ILLiad books are generally delivered within 5-7 working days. You will be notified by e-mail when requested material is available for pick-up. Length of loan for ILLiad requested books is determined by the lending library. Renewals may be requested through your ILLiad account.

ILLiad articles are usually sent electronically within 1-3 days. Articles sent in paper format will be sent to your campus address. Articles are yours to keep.

STUDY ROOM USE & RESERVATION POLICY

The library has 13 study rooms located on the upper level, main level and lower level of the library. Several of the study rooms are quiet, enclosed spaces, but some of the study rooms are equipped with a flat panel television monitor, VCR/multi region DVD player and computer ready or computer installed. Magnetometer Use

Dickinson College values the safety of all students, faculty, staff and guests of the campus. Towards that end, the college reserves the right to employ a magnetometer (metal detector) at campus events.

Metal detectors may be used if any of the following criteria are met:

- At dances, parties and concerts, when these events are:
(1) open to the public outside of the Dickinson community (the Dickinson community consists of current Dickinson students, faculty, staff and alumni), and (2) the event is expected to draw more than 100 people.
- When deemed necessary by the Chief of Public Safety, or other appropriate college administrators.

The following information should be provided to all individuals purchasing tickets for events in which a metal detector will be used:

All guests at this event are subject to search, including screening with a metal detector before being admitted. By seeking admission to this event, you are consenting to such a search.

The following should be posted at the entrances to events subject to the policy:

All guests at this event are subject to search, including screening with a metal detector, before being admitted.

Missing Student Policy

If a member of the college community has reason to believe a student is missing, they should **immediately** notify Dickinson Public Safety (DPS) at 717-245-1111, whether or not the student resides on campus. DPS will generate a missing person report and initiate an investigation. DPS will notify the Student Life On-Call (SLOC), the Chief of DPS and other appropriate personnel to initiate actions to locate the student. All possible efforts will be made to locate the student to determine their state of health and well-being. If the student is an on campus resident, DPS, working Residence Life personnel and the SLOC, may make an entry into the student's room to check on their welfare. If the student is an off-campus resident, DPS will enlist the aid of the police agency having jurisdiction.

Concurrently, college officials will endeavor to determine the student's whereabouts through contact with friends, associates, and/or employers of the student. Whether or not the student has been attending classes, scheduled academic or organizational meetings, or appearing for scheduled work shifts, will be established. If located, verification of the student's state of health and intention of returning to the campus will be made.

In addition to registering a general emergency contact, students residing in on-campus housing have the option to identify confidentially an individual to be contacted by the college in the event the student is determined to be missing. If a student has identified such an individual, the college will notify that person no later than 24 hours after the student is determined to be missing. A student who wishes to identify a confidential contact may do that through the housing registration process. A student's confidential contact information will be accessible only by authorized campus officials and police in the course of the investigation.

After investigating a missing person report, should DPS determine that the student has been missing for 24 hours, DPS will notify Carlisle Police (or other law enforcement agency with jurisdiction) and the student's emergency contact no later than 24 hours after the student is determined to be missing. The notification of the emergency contact will be made by SLOC or the Dean of Students. If the missing student is under the age of 18 and is not an emancipated individual, the SLOC or the Dean of Students will notify the student's parent or legal guardian immediately after DPS has determined the student has been missing for 24 hours.

If the circumstances related to a student's disappearance appear to be related to foul play, i.e. kidnapping or other criminal acts, then the appropriate notifications and actions will be initiated immediately.

Noise Policy

All members of the Dickinson College community are expected to respect the rights of students and area residents to live in an environment free from excessive noise pollution, thereby enabling all community members to pursue their academics free from harassing noise and excessively boisterous activities. Although students should expect that some events and activities will entail music and noise, they also have a right to expect that the level of noise will be reasonable and appropriate to the time and place. Responsibility for providing an environment free of excessive noise falls first upon individuals and groups who are expected to regulate themselves.

Any persons who object to the time, place and level of noise have the right to request that the noise be eliminated. When the complainant and the person or group responsible for the music or noise cannot agree concerning a reasonable level, the appropriate procedure is to ask a third party to mediate the problem. Appropriate third parties include: Resident Advisors, Community Advisors, House & Apartment Managers, Student Life staff, and Public Safety Officers.

In those cases where a third party is involved, disciplinary action may be initiated through the college conduct system. Sanctions for violations of the noise policy will be drawn from sanctions found in the Community Standards, individually or in any combination.

For more specific guidelines in residential spaces see "[Noise Guidelines](#)" under the Residential Living Guidelines.

Open/Closed Social Events Policy

Dickinson College does not discriminate on the basis sexual orientation or legally protected characteristics such as race, gender, religion, national origin, ethnicity, disability, or military status. Its social policies reflect this commitment and strive to promote a campus-wide sense of community. In order to foster such an environment and to provide college organizations with choices based on purpose of social events, resources and support of the institutional mission, the college policy on open and closed social events is:

CLOSED SOCIAL EVENTS

This means the social event is open to organization members only.

1. All College organizations holding social events on College-owned facilities or premises may designate their social event as “Closed” when the purpose of the event supports this designation.
2. Two or more organizations may co-sponsor a “Closed” social event in College-owned facilities or premises which are open to members of the co-sponsoring organizations only. Co-sponsorship involves use of the resources and assumption of responsibility for compliance with college policies in an equal manner by all organizations involved.

SOCIAL EVENTS OPEN TO MEMBERS AND INVITED GUESTS

If a social event is open solely to organization members and their invited guests, the only restrictions which can be made in advance regarding a guest list are on the basis of:

1. Past behavioral problems
2. Minimum age
3. Status as a member of the Dickinson College community (student or potential student, faculty, administrator, staff, alumnus/a, parent/family member, trustee)

OPEN SOCIAL EVENTS

An “Open” social event is one with no invited guest list and upon which no limits or restrictions on access are imposed. If a social event is open to the college community at large, the same restrictions listed above apply. The only persons who may not be permitted access to an open social event are those whose behavior in the past has caused problems, those below the minimum age, and/or those who do not belong to the college community.

Note: Any organization whose inter/national bylaws and/or insurance guidelines contain restrictions on the type of social event the organization may host must comply with those restrictions.

Parental Notification Policy

The Family Educational Rights and Privacy Act (FERPA) is a federal law that protects the privacy of student education records. When and under what circumstances the college will discuss information about a student with his or her guardian is subject to limits of this law. The college's complete FERPA policy and FAQs on the subject can be found at http://www.dickinson.edu/info/20088/registrar_office/264/ferpa.

Parking and Vehicle Registration Policy

Persons planning to use more than one motor vehicle must register each vehicle separately. Vehicles should be registered immediately upon being brought to campus.

There is no charge to register your vehicle and obtain a Dickinson parking decal. All persons associated with Dickinson College who expect to park a motor vehicle on campus at any time should acquire a Dickinson parking decal. It should be understood that this does not guarantee the registrant a parking space in any particular campus lot.

Note: First-year students are not permitted to possess or operate motor vehicles on the Dickinson campus or in the Carlisle area. This restriction applies to any vehicle regardless of its type, ownership, or registration but does not apply to college motor pool vehicles used in accordance with college sponsored activities, or car sharing services such as ZipCar. This policy is in effect seven days a week. Exceptions to the policy are granted according to strict guidelines and may only be made by the Department of Public Safety. Requests for exceptions must be made in writing by the student and forwarded to the Chief of Public Safety at security@dickinson.edu. Requests for exceptions for medical reasons may require the submissions of documents from your health care provider. Public Safety may consult with the Wellness Center for requests of this type.

PARKING AND OPERATION OF MOTOR VEHICLES

Parking and operation of motor vehicles must conform to provisions of the laws and ordinances of the Commonwealth of Pennsylvania and the Borough of Carlisle. Parking a vehicle for extended periods (longer than 72 hours) is discouraged in most campus lots. If you need to park your vehicle for periods longer than 72 hours, please use the Facilities Management lot on North Orange Street or the Kaufman Lot and notify Public Safety. Motor vehicles which are abandoned or illegally parked in college parking lots will be removed in accordance with Section 3353 of the Pennsylvania Vehicle Code.

1. Parking offenses will be assessed a \$25 fine. A third offense in an academic year may result in the loss of parking privileges on campus.
2. Handicapped, no parking, service vehicle, visitor parking and shipping and receiving areas are tow zones. In addition to the towing charge, a \$25 fine will be imposed. A second towing offense will result in a towing charge, a \$25 fine and loss of all parking privileges on the campus.
3. All fines must be paid at the Cashier’s Office in the Holland Union Building within 7 days from the time the citation was issued.

Penalties for violations committed with a vehicle will be charged against the registration of the vehicle unless another person is clearly identified as the operator of the vehicle at the time of the violation. Penalties assessed will, unless paid to as above, be charged to the individual’s account with the college and treated on the same basis as any other amount owed to the college.

Protection of Minors Policy

Purpose: This policy is designed to educate our community members- faculty, staff, students, volunteers- about the state laws and regulations regarding the prevention, identification, and reporting of child abuse. Dickinson College is committed to the protection and safety of minors. While the vast majority of the members of the Dickinson community are adults age 18 and over, our community also includes minors less than 18 years of age, both in formal relationship to the College, and more informally, as frequent visitors. For example, minors may be matriculated or prospective students, participants in camp programs, volunteer programs, outreach and enrichment programs or children in our Children's Center.*

*Nothing in this policy is intended to supersede obligations imposed by law regarding the maintenance of privilege by specified professionals.

Policy: It is the obligation of every member of the college community to report suspected child abuse as soon as possible as outlined below.

Duty to Report

Every member of the Dickinson Community has a duty to report as soon as possible if he/she has reasonable cause to suspect that a child is a victim of child abuse based on:

1. Information shared with him/her by the child or any individual; or
2. His/her own observations or knowledge.

The duty to report is triggered by reasonable suspicion or belief. There is no requirement that there be actual evidence of abuse, nor should any individual seek to investigate the matter for him/herself. Any doubt as to whether or not to report should be resolved in favor of making the report to ensure that the appropriate professionals in child protective services can assess the report and evaluate the safety of the child.

Procedure

Under this policy, any Dickinson community member (faculty, staff, students, volunteers) suspecting abuse of a child is required to bring all reasonable suspicions or beliefs to the immediate attention of the appropriate state authorities immediately.

Child Line: 1-800-932-0313

As soon as the report is made, you must contact the Director of Human Resource Services or the Chief of Public Safety. These individuals, in turn, have the obligation to verify that appropriate authorities have been notified and to coordinate investigations by police or other agencies.

Failure by any member of the Dickinson community to report information related to suspected child abuse as soon as possible to either Child Line or the designated officials will result in discipline up to and including termination for employees and dismissal for students. Failure of these officials to initiate timely notice and timely and appropriate investigation will result in discipline up to and including termination.

Definition of Child Abuse

A child is defined as anyone under the age of 18. The term "child abuse" shall mean intentionally, knowingly, or recklessly doing any of the following:

1. Causing bodily injury to a child through any recent act or failure to act
2. Fabricating, feigning, or intentionally exaggerating or inducing a medical symptom or disease which results in a potentially harmful medical evaluation or treatment to the child through any recent act.
3. Causing or substantially contributing to serious mental injury to a child through any act or failure to act or a series of such acts or failures to act.
4. Causing sexual abuse or exploitation of a child through any act or failure to act.
5. Creating a reasonable likelihood of bodily injury to a child through any recent act or failure to act.
6. Creating a likelihood of sexual abuse or exploitation of a child through any recent act or failure to act.
7. Causing serious physical neglect of child.
8. Engaging in any of the following recent acts:
 - (i) Kicking, biting, throwing, burning, stabbing or cutting a child in a manner that endangers the child.
 - (ii) Unreasonably restraining or confining a child, based on consideration of the method, location or the duration of the restraint or confinement.
 - (iii) Forcefully shaking a child under one year of age.
 - (iv) Forcefully slapping or otherwise striking a child under one year of age.
 - (v) Interfering with the breathing of a child.
 - (vi) Causing a child to be present at a location while a violation of 18 Pa.C.S. § 7508.2 (relating to operation of methamphetamine laboratory) is occurring, provided that the violation is being investigated by law enforcement.
 - (vii) Leaving a child unsupervised with an individual, other than the child's parent, who the actor knows or reasonably should have known:
 - (A) Is required to register as a Tier II or Tier III sexual offender under Pennsylvania law, where the victim of the sexual offense was under 18 years of age when the crime was committed.
 - (B) Has been determined to be a sexually violent predator under Pennsylvania law.
 - (C) Has been determined to be a sexually violent delinquent child as defined by Pennsylvania law.
9. Causing the death of the child through any act or failure to act.

Child abuse may be committed by any individual, including an employee, student, volunteer, parent, caregiver or any other party in the child's life. The duty to report exists regardless of whether or not the suspected perpetrator is a member of the Dickinson community and regardless of the specific role he/she occupies in the child's life.

Duty to Report:

Pennsylvania law requires that private colleges, including Dickinson College their employees and persons affiliated with the college, such as students, and volunteers (the Dickinson community), report suspected child abuse. Reports of suspected abuse must be made by members of the Dickinson community to **Child Line at 1-800-932-0313**.

Consistent with this policy, however, it is expected that notice of this report will also be shared as soon as possible with the Director of Human Resource Services and/or the Chief of Public Safety after Child Line has been notified.

Consequences of Abuse:

The employment of any college employee who is convicted of a charge related to abuse of a minor will be terminated, whether the abuse occurred on or off campus. Any employee against whom a credible allegation of child abuse has been made as determined by a preponderance of the evidence, on or off campus, is subject to College discipline up to and including termination. Any Dickinson student who is convicted of a charge related to abuse of a minor will be expelled from the College, whether the abuse occurred on or off campus. Any Dickinson student against whom a credible accusation has been made as determined by a preponderance of the evidence, on or off campus, is subject to discipline up to and including expulsion.

Religious Holidays Policy

Dickinson College is fully committed to tolerance, understanding and support of the diverse faith traditions to which members of our community adhere. While classes will still be held, the administration and faculty will make every effort not to schedule College-wide and/or public events on major religious holidays. Students of any faith who observe the major religious holidays or other minor religious holidays that typically restrict their participation in regular activities may also be excused from academic, athletic, and other responsibilities on those days by following the guidelines in the policy below.

The Religious Holiday Policy reads: *The college (offices and departments) will not schedule public and/or college-wide events on the following major religious holidays: Rosh HaShanah, Yom Kippur, the first night of Passover, Eid-al-Fitr, and Eid-al-Adha. The college calendar already excludes events on Christmas and Easter. Students must make arrangements with their faculty members in advance when an exam (including quizzes), papers, and other work are due on major religious holidays. A student will not be penalized for missing class or not handing in work on a holiday due to religious observance. However, students must notify faculty, in writing, reasonably in advance of the holiday if they will be absent from class for religious observance. Likewise, students who observe these holidays must notify, in advance, their coaches should they have athletic practice or scheduled competition at a time of religious observance. While faculty and staff are expected to be sensitive to the needs of observant students of all faiths when planning lectures, field trips, work and other curricular activity that might conflict with observance of a major religious holiday, any course work or other obligation that is missed remains the student's responsibility to complete. Faculty members are expected to make reasonable arrangements for students to complete missed work; students must make up the work.*

- Concealed extension cords or multiple outlet adapters.

BALCONIES & PORCHES

Certain housing assignments have access to balconies and/or porches. Occupancy of these spaces is limited to the total number of residents in the housing assignment plus 2 additional students. Over-occupancy of these spaces is a potentially serious safety issue, and use of these spaces is monitored by College staff such as Department of Public Safety and Facilities Management. Students seen to be over-occupying these spaces will be asked to reduce the occupancy to established limits. Repeated reminders about safe occupancy limits may result in a loss of use of the space for a short- or long-term basis.

BICYCLES

You are permitted to have a bicycle on campus. Storage spaces or racks are provided around the campus at a variety of locations. You may not store bicycles in lounges, hallways, or stairwells as this can block an exit in case of an emergency evaluation. If your bicycle is stolen or damaged, it is your responsibility to report it to the Department of Public Safety.

BREAK AND VACATION HOUSING

Housing remains open during the following break periods: mid-term pause, Thanksgiving vacation, spring vacation. During these breaks you may remain in your assigned room at no additional cost. You may leave personal items in your room during any break period; however, the college does not assume responsibility for personal articles.

Campus services such as Dining Services may alter their hours during these times.

During winter vacation students are not permitted to remain on campus. Winter sport athletes are permitted to return to campus after December 31 and will be assigned to temporary housing spaces. The following spaces may be used to house students who are approved to be on campus during the break: McKenney Suites, Louth Street Townhouses (373, 377, 379, 381, 383), Todd House, Factory Apartments (230 and 236 W. North Street). If you live in one of these residences, your space may be temporarily reassigned to house other students over the break. You may, however, leave belongings in these rooms/apartments during the break.

Students requesting housing during any break period and/or after exams must request permission directly with the Residence Life and Housing office prior to the start of each break period. Students who have an active discipline record will not be permitted to remain on campus over any break and/or after exams without permission from the Director of Residence Life and Housing.

At the end of the academic year, only graduating seniors and students involved in commencement are allowed to remain on campus. All students, other than graduating seniors, who need to stay on campus must request permission to remain in housing directly with the Residence Life and Housing office. The student will then be notified if their request has been approved.

BUSINESS VENTURES & SOLICITATION

You may not conduct or solicit business in college housing. This includes using your computer network access to conduct business through your computer or the internet. Failure to comply will result in disciplinary action.

For the safety and privacy of all members of the campus community, solicitors, peddlers and door-to-door solicitation are not permitted on campus, including in any residential buildings.

Members of the campus community are not permitted to raise funds or sell products on campus without permission from the Student Leadership & Campus Engagement office. No one, including members of the campus community, is permitted to solicit, raise funds, or sell products in the residential facilities.

No deliveries are to be made to an individual in any campus building, including the residential facilities. All personnel delivering personal products should be directed to meet you at the main entrance to a campus building.

CHECK IN AND CHECK OUT

When checking in to housing, you will be issued a key(s) that will grant you access to your room and building assignment. You will also receive a Room Inventory report and be asked to note any previous damages to the room or furnishings to your RA, HAM, or the Residence Life and Housing office.

You are required to officially check out with the appropriate staff member when moving out of college housing which includes turning in your key(s). Plan to check out of your room **within 24 hours of your last final exam** unless given permission prior to the start of final exams.

- If you change rooms during the year, you are expected to check out of your initial room by having an RA or HAM evaluate the condition of your room when you leave. When you check into your new room, you should complete a new Room Inventory form.
- If you leave for any other reasons (Disciplinary action, Leave of Absence, etc.) please contact the Residence Life and Housing office for further instruction.

CLEANING & REPAIRS

Facilities Management provides housekeeping services for the public areas of each traditional residence hall, including bathrooms, hallways and lounges. You are expected to keep your own room clean and orderly. If you discover your room is in need of repair, you should contact Facilities Management directly.

Houses and apartments are independent living spaces. As such, students in these spaces are expected to maintain the cleanliness of these spaces on their own. At the end of the academic year, Facilities Management and Residence Life and Housing will inspect all houses and apartments; if the condition of these spaces requires excessive cleaning or repair, the residents may be charged.

Student can notify Facilities Management by completing a service request form online or by calling Service Response at x1700. For emergency repairs, after working hours, contact the Department of Public Safety. The right to inspect and repair rooms at times convenient to the college or its authorized agents is unconditionally reserved by the college. If you have concerns or questions about the service provided in the residence halls, please contact Facilities Management at x1212.

COMMUNITY BILLING

The purpose of community billing is to promote individual responsibility and to hold students mutually accountable for the condition of their shared living spaces. Public areas (i.e. corridors, stairways, lounges, bathrooms) are the collective responsibility of the residents of that suite, wing, floor, or building, apartment or house. Charges for damages to those areas may be divided among the residents of those facilities. Areas covered under the community billing policy may include, but are not limited to vandalism, stolen furniture, or housekeeping charges in a common or public area when it is not directly possible to determine the responsible person(s).

COOKING

Cooking within a residential facility is permitted within pre-identified kitchen areas or with approved appliances (see "Appliances") within an individual room.

DAMAGE BILLING

Vandalism, damage, destruction of college or personal property, or creating a condition that requires clean up or repair is not permitted. Damage to your room and college-provided furnishings shall be the financial responsibility of you and other assigned occupants. In instances when unnecessary clean up or repairs are necessary, students may be subject to the financial responsibility either individually, or as a suite, wing, floor or building in such instances when it is not directly possible to determine responsible person(s).

DECORATING YOUR RESIDENTIAL SPACE

As part of personalizing your residential space, you are encouraged to decorate your room. You may not make any permanent or semi-permanent alterations to the room, including structure, painting, partitions, paneling and electrical system modifications. You may not affix anything to any internal or external structure of the housing facility (e.g., satellite television dish, antenna, etc.) or have anything hanging or protruding from the facility, unless approved by the Director of Residence Life and Housing.

- Lights - You may not have halogen or decorative lights, including string lights.
- Wall Decorations - You may not use screws, nails, staples and/or adhesives such as Scotch or duct tape on walls. Glue may not be used on walls, furniture or floors.
- Nothing may be hung on ceilings, sprinkler pipes, block fire safety devices or block any egress or exit, including any tapestries or other fabric items.
- Holiday Decorations - No cut or live trees or wreaths are permitted in college-operated residential facilities.

ENTRY & INSPECTION OF STUDENT ROOMS

The College reserves the right to enter any room at any time without advance notice for the purposes of inspection, repair, maintenance, protecting the health, safety, and security of residents and in cases of emergency, as determined by the college. Entry may be made by members of the Student Life staff, including members of the Department of Public Safety.

The College further reserves the right to inspect a room at any time and its contents for violation of College policies, including the Community Standards, or residence hall regulations, including but not limited to possessing illegal substances or substances believed by the College to be illegal or conducting activities that could endanger the life, safety, order or welfare of another person.

Routine health and safety inspections of residential spaces will be announced at least one day in advance of the inspection. During any such inspection of residential spaces, any evidence of violations of the Community Standards may be confiscated and processed accordingly.

FIRE SAFETY EQUIPMENT & PROCEDURES

All residential facilities are equipped with fire detection and firefighting equipment. Tampering with fire safety equipment is strictly prohibited. Tampering with fire safety, including discharging fire extinguishers or disabling smoke detectors, may result in suspension from the college, plus cost of restoring equipment to its original condition. Failure to comply with these policies will likely result in disciplinary action.

Students may be fined for a fire alarm resulting from the use of a prohibited appliance, such as a toaster, or prohibited activities (smoking, burning candles or incense, etc.).

It is vital that all fire alarms are taken seriously and you are expected to leave the building during a fire alarm. You must remain outside the building until such time as Department of Public Safety or Facilities personnel indicate that it is safe to re-enter the building.

Your Resident Advisor or House and Apartment Manager will have information on proper procedures for evacuating the building during a fire alarm. Failure to leave the building during a fire alarm may result in fine or disciplinary proceedings. Fire drills will be held during the semester and are coordinated by Residence Life and Housing and the Department of Public Safety.

FLAMMABLE MATERIALS

Spark or flame-producing items such as fireworks, firecrackers, explosive materials, candles, incense burners, oil burning lamps and lanterns are prohibited in all residential spaces.

Grills may not be used or stored indoors. All grills must be placed at least 25 feet from any building and may never be used on rooftops, roof decks or fire escapes. Do not dump hot coals onto the grass or into a trashcan. Cold coals may be emptied into trashcans.

You may not store gasoline motors of any type, including motorcycles, mopeds, etc., within residential spaces. You may not keep fuels, such as gasoline or propane, in residential spaces.

FURNITURE

All furniture must remain in the assigned room. No college-provided furnishings may be removed from the room. You may provide additional furnishings such as carpets, chairs and sofas as long as the items meet federal fire resistance standards; however, they may not block or unduly restrict exits to the room. All personal articles must be removed prior to your departure from your room or you may be charged for the removal of property not original to the room. Outlined below are additional guidelines to adhere to when furnishing your residential space:

- Waterbeds are prohibited.
- Do not place mattresses directly on the floor.
- Only beds specifically designed to be lofted will be permitted.
- Do not use concrete blocks or bricks to raise the bed, as these cause unusual wear and tear and pose a potential safety hazard. Bed raisers specifically designed for this purpose are permitted.
- No college-issued furniture may be used for outdoor purposes, unless it is deck furniture on approved balconies, porches or other outside areas.
- Lounge or common room furniture may not be removed from the public area and/or placed in individual rooms.
- All college-issued furniture must remain in the room/apartment. Students will be charged for missing furniture.

GUEST POLICY

A guest is considered anyone not currently assigned to the residential living space in question, including other Dickinson students. The college encourages you to have guests visit you in your room with the consent of your roommate(s). Students are reminded that residential spaces are shared spaces and you should proactively discuss with your roommate(s) how to manage guests and any additional policies that will govern guests in the room. Especially in the case of an overnight guest you should consult and work with your roommate(s) ahead of time to determine what will be most appropriate. A student should expect to have access to his or her room without the presence of inhabitants not assigned to that space by the college.

Guests are not permitted to stay in your room for more than any 2 consecutive nights. **No guests may visit more than a total of 7 days per semester.** You are responsible for the behavior of your guests and for informing your guests of the appropriate policies.

Guests to the college should remember that they are subject to the laws, rules and regulations governing behavior in the Commonwealth of Pennsylvania and Dickinson College. Dickinson students will be held responsible for the behavior of their guests and may face disciplinary proceedings within the Community Standards as a result of the behavior of a guest.

HALL RECREATION

You may not play sports in any public areas or hallways of any residential building, including, but not limited to roller-blading, skateboarding, soccer, frisbee, basketball and bicycle riding.

HEALTH & SAFETY INSPECTIONS

The Residence Life and Housing office regularly conducts inspections of each area on campus. Student rooms are given a brief inspection during the fall and spring semesters. The purpose of these inspections is to provide the appropriate education and assist with correcting any health or safety concerns. Policy violations that are discovered during these inspections may be referred to the college's conduct system and prohibited items may be confiscated. Students with questions about these inspections should speak with Residence Life and Housing.

HOUSING ACCOMODATIONS

If you need housing accommodations due to medical, psychological or disability reasons, you should download the required form and work with the Office of Disability Services. The form can be downloaded from their website. The Residence Life and Housing office works in collaboration with Disability Services and the Wellness Center to review all requests and recommendations for appropriate accommodation.

INSURANCE & LIABILITY

The College cannot and does not assume responsibility for personal accident, injury or illness to residents, guests or visitors, or for the loss or theft of money or loss, theft or damage of personal property

of students. Damages that result from unforeseeable maintenance issues (burst pipes, power failure, etc.) are the responsibility of the student. The college does not carry insurance covering residents or their property. You are encouraged to protect yourself from loss by purchasing appropriate insurance. In that regard, you should review any homeowner's policy that you or your caregiver's might have to determine whether the contents of your College housing are already covered or could be covered with a policy rider.

KEYS

You will be assigned a key(s) that will allow you access to your building and individual room. Rooms should be locked and you should carry your keys and College ID with you at all times. You are prohibited from duplicating housing keys for any reason. You may not loan, sell or transfer any housing key or College ID to any person for the purpose of allowing that person to enter college housing unescorted or use the residence hall or apartment's facilities.

- In the event that keys are lost, stolen or misplaced, you are responsible for immediately reporting that the key is missing to the Residence Life and Housing office and the Department of Public Safety.
- Failure to return the key(s) upon departure from the room/apartment/house will result in a charge to your student account to change the key lock cylinder.
- You will be charged \$100 for each lost or unreturned room key. Houses, suites and apartments may incur additional costs based on the number of locks to be changed.
- Students issued a temporary ID card for residential access at the beginning of the year are required to return this ID upon receipt of their permanent College ID. Anyone who loses or fails to return the temporary ID card will be charged \$25.

Residential facilities are locked at all times. Many residential areas are equipped with card access to exterior doors. Students should not take action that prevents the exterior doors from closing and locking such as propping the door or taping the lock.

LOCK-OUTS

For the first two weeks of every semester there will be no charge for lock-outs. After the first two weeks there will be a \$25 charge for every lock-out handled by Residence Life and Housing staff or Department of Public Safety staff. If a student is locked out more than three (3) times in a semester, the charge will increase to \$50 per occurrence. If you are locked out of your residence, you should contact the following as applicable:

- Traditional Residence Halls can contact the RA on duty for assistance from 7:00 pm until 1:00 am. You can contact an RA on duty by calling the duty phone for the area. The Department of Public Safety will handle lockouts from 1:00 am until 7:00 pm. On Saturdays and Sundays, please contact call the duty phone for the area between 9:00 am until 1:00 am.
- Houses/Apartments can contact the Department of Public Safety at all times.

NOISE GUIDELINES

To support your academic success, the college maintains both quiet hours and courtesy hours in all residences. Courtesy hours means that residents are prohibited from making noise that significantly disturbs other residents, including those in the Carlisle community. During quiet hours, noise should not be heard outside your room, suite or apartment. Quiet hours are as follows:

- Sunday through Thursday, 10:00 pm until 8:00 am the following morning
- Friday and Saturday, midnight until 10:00 am the following morning

Quiet hours are in effect 24 hours a day during Reading Periods and Final Exams. Any disturbance of the larger community (floor, building or neighbors) is not permitted during these times.

PETS

You may not keep or host pets in residential facilities unless it is fish within a bowl or tank. The bowl or tank may not exceed 20 gallons in a residence hall. The college will not be responsible for the care of fish during break periods. Violation of the pet policy may result in damage billing for the replacement and/or refurbishment of carpeting, furniture or other affected areas of the facility. Failure to remove the pet from the residence in a timely manner may result in removal by animal control services.

ROOM & BOARD AGREEMENT

All students are required to read and sign a Room and Board Agreement prior to moving into their residence at the beginning of the academic year. This document, together with other policies, procedures and regulations in this handbook or published by the Division of Student Life, constitutes the agreement between you and the College. Students can learn more about the Room and Board Agreement by visiting our website.

ROOM CHANGES, REASSIGNMENTS, & VACANCIES

Requests for room changes must be made directly to the Residence Life and Housing office and are limited at times due to space availability. The change of rooms or substitution of one occupant for another without approval in writing from the Residence Life and Housing office is prohibited. You should work with a professional staff member in Residence Life and Housing to discuss options related to a room change request. Room/hall changes are not permitted during the first two and last two weeks of each semester in order to complete accurate occupancy reporting.

The College reserves the right to reassign students in order to make most efficient and beneficial use of available facilities, including the consolidation of spaces to create completely vacant rooms. Additionally, the occupancy of a room may be increased when, in the judgment of the College, it is necessary to do so to accommodate the housing needs of the student body.

Reassignment may also occur as a result of ADA accommodation requirements, disciplinary action (violation of Community Standards), violation of the agreed upon standards of your floor, area, or building, and/or administratively at the discretion of the Director of Residence Life and Housing.

When a vacancy occurs you may request a specific roommate to fill that space. If no request is made within five business days, the Residence Life and Housing office will make the space available for general occupancy and may reassign a vacant space at any time. If there is a vacancy in your room, you must leave the room ready for another student to move in at any time. The Residence Life and Housing office will notify you as soon as plans are made to fill the vacancy in the room you are occupying. Behavior which discriminates against or impedes an interested student or assigned occupant will be considered a violation of the Community Standards and reviewed as such.

ROOM CONDITION & INVENTORY

During the move-in process, you have the obligation to conduct a thorough room inspection and report any concerns (condition of room, furniture, maintenance needs) to the Residence Life and Housing office. Any difference between your room's condition at check-in and check-out will be the responsibility of the room's occupants. Completed Room Condition and Inventories will be maintained annually by the Residence Life and Housing office.

Public areas (i.e. corridors, stairways, lounges, bathrooms) are the collective responsibility of residents of that building, suite, apartment or house. Charges for damages to those areas may be divided among the residents of those facilities.

If you change rooms during the year, you are expected to check out of your initial room by having an RA of HAM evaluate the condition of your room when you leave. When you check into your new room, you should complete a new Room Inventory form. Failure to check out with your Resident Advisor or HAM may prevent you from appealing any damage charges that result from the final inventory of your room.

ROOM SELECTION

Room assignments for all returning students are completed through an online room selection program called MyHousing during the spring semester. Returning students who have registered for courses for the following fall semester and do not have any holds on their account may participate in the room selection process. Students receive a randomly generated lottery time and select a room in order of their class year. More detailed information about room selection and housing options is available from the Residence Life and Housing office early in the spring semester.

*** Note to Students Studying Abroad**

Students who plan to study off-campus are reminded that the room selection process will occur in the spring semester. Students have the option to select another student to act as a proxy on their behalf; however it is the responsibility of the individual(s) who will be away from campus to make and communicate these arrangements with the Residence Life and Housing office. The proxy will then be responsible for applying for off-campus permission or participating in the room selection process on behalf of the students away. The Residence Life and Housing office does not assume responsibility for selecting rooms or filing off-campus applications for students who are away from campus during the spring semester.

First year students receive room assignments and the name(s) of roommates via email. First year students are assigned rooms based on information provided to the Residence Life and Housing office. First year students generally are housed in double, triple or quad rooms and in facilities that are largely populated with other first year students.

SMOKING

Smoking, including use of e-cigarettes, is prohibited in all areas of the residential spaces, including rooms, bathrooms, lounges, hallways and stairwells. Additionally, smoking is prohibited within 25 feet or residential buildings. Smoking is limited to a location that does not impede traffic flow in and out of residence halls and where smoke cannot drift into the interior of residence halls.

STORAGE

The college does not provide storage spaces during the summer months. Individual students, fraternities and sororities, and special interest houses are encouraged to make storage arrangements by working with area storage companies. Items left in and around residential facilities at the end of the spring semester will be given to the U-Turn project or discarded by Facilities Management. You may be charged for the removal of property not original to the room.

WINDOWS

You may not remove window screens at any time. Throwing any object out of a residence window or balcony is prohibited. Food, plants or other items are not permitted outside windowsills or balconies unless granted permission by the Residence Life and Housing office.

Smoking Policy

Dickinson College promotes a smoke-free environment, and smoking and the use of electronic cigarettes is permitted only in outdoor areas of the campus not within 25 feet of a building. No smoking is allowed in any building on campus. This includes private offices, residence hall rooms and public buildings. The use of electronic cigarettes is also prohibited in buildings on campus. The success of this policy depends upon the thoughtfulness, consideration, and cooperation of smokers and nonsmokers. In all cases, the right of nonsmokers to protect their health will take precedence over a smoker's desire to smoke.

Suspension of Financial Aid Eligibility

CONVICTION

A student who has been convicted of any offense under any Federal or State law involving the possession or sale of a controlled substance shall not be eligible to receive any Title IV Federal grant, loan, or work assistance during the period beginning on the date of such conviction and ending after these specified intervals:

- If a student is convicted of an offense involving the **possession** of a controlled substance, ineligibility period is:
 1. First offense - 1 year
 2. Second offense - 2 years
 3. Third offense - Indefinite
- If a student is convicted of an offense involving the **sale** of a controlled substance, ineligibility period is:
 1. First offense - 2 years
 2. Second offense – Indefinite

REHABILITATION

1. the student satisfactorily completes a drug rehabilitation program that complies with the criteria established by the Secretary of Education and includes two unannounced drug tests;
2. the student successfully passes two unannounced drug tests conducted by a drug rehabilitation program that complies with criteria established by the Secretary of Education; or
3. the conviction is reversed, set aside, or otherwise rendered nugatory.

The term “controlled substance” has the meaning given the term in section 102(6) of the Controlled Substances Act (21 U.S.C. 802(6)) and includes marijuana.

Title IV Federal Aid includes: Federal Work Study, Federal Direct Loans, Federal Pell Grants, Supplemental Educational Opportunity Grants, Academic Competitive Grants, Federal SMART Grants, Robert C Byrd Scholarships and Federal Perkins Loans.

Technology Policies

COMPUTER USAGE: RIGHTS AND RESPONSIBILITIES

The Responsible Use Policy applies to all members of the Dickinson College community. It meets the needs of the college to provide a clear policy regarding the use of college-owned resources for electronic communications and Internet services.

This policy was developed after a review of policies that are used at other institutions of higher education and in consultation with subject and legal experts. It has been discussed with the Faculty Personnel Committee, the Information Technology and Services Committee and other members of the college community. Careful attention has been paid to maintaining academic freedom as well as to safeguarding personal privacy. The policy strikes a reasonable balance between individual’s open access to electronic communications and the college’s need to protect itself as a provider of electronic services and the members of the community.

There are two ways material may be reviewed. The first is through the discipline process where someone has filed a complaint. The second is identified in the first paragraph of the policy and deals with monitoring. Monitoring means that as part of systems or performance monitoring, or upon receiving claims of wrongdoing or harassment, i.e. a complaint received by the Help Desk, Library & Information Services (LIS) staff can “look” to the extent necessary to determine that personal use is or is not in compliance with the policy. This means that authorized LIS staff would look first at the pattern of traffic, not the content of the traffic. If, based upon this monitoring, reason to be concerned arises, LIS staff may proceed to look further, but only to the point that a violation is established. At that point the LIS staff would refer the matter to the disciplinary process described in the policy.

ELECTRONIC COMMUNICATIONS WITH STUDENTS POLICY

Dickinson College uses electronic mail (e-mail) as one means of conveying official notifications and communications to its students. Each student is provided with a Dickinson e-mail account for this purpose. You are responsible for receiving, reading, responding to, and complying with official e-mail communications from the college and college officials. These include, but are not limited to, communications from the President, Provost and Dean of the College, Vice President for Student Development, Dean of Students, Registrar, Financial Aid, Public Safety and other offices, as well as communications from your professors. If you do not have regular access to e-mail, you must make arrangements with the college for alternative means of communication. You are also responsible for ensuring that there is enough space in your e-mail accounts to receive messages. Instructions on maintaining and cleaning out Dickinson e-mail accounts can be found on the [LIS Web site](#).

POLICY FOR RESPONSIBLE USE OF ELECTRONIC COMMUNICATIONS AND NETWORK SERVICES

Use of college-owned computers and the campus network and other communications systems is considered a privilege, not a right. The college reserves the right to limit, restrict, or extend computing/networking privileges and access to computer resources. Electronic communications, including electronic mail, mailboxes, Internet and the contents, (subject to the intellectual property policies of the college) created or stored on any college computer/network related equipment, are the sole property of the college. Computers and the campus network are provided to assist students and employees in the completion of their academic pursuits and job duties and to support the college’s daily operations and long term goals. The college reserves the right to monitor computer/network communications, including Internet access and e-mail at its discretion for legitimate business and educational purposes. Legitimate purposes may include but are not limited to: periodic systems checks; checks for inappropriate personal use of college equipment, investigations into claims of wrongdoing; locating information stored in files required for the conduct of business; and quality control.

You should be aware that your e-mail messages, even those marked personal or those which must be accessed with personal identification or password, may be reviewed by the college to ensure proper usage consistent with this policy.

We urge you to use restraint when drafting e-mail messages. Employees and students should use the same caution in drafting and transmitting e-mail messages as they would when writing a formal memorandum. Always assume that your messages will be saved and may be reviewed by someone other than the original addressee; these messages can be subpoenaed by court order.

The primary use of the computer and the Dickinson campus network must be related to legitimate academic pursuits, the college’s business and/or the employee’s job functions within the college. Personal computer use is permitted provided that such use:

- Does not affect productivity, quality or service to students and others whom we serve.
- Does not interfere with the user’s job responsibilities or other obligations to the college.
- Does not create a conflict of interest or contribute to personal financial gain.

- Does not directly or indirectly interfere with the college's operation of electronic mail services, computing capacity or network capacity.
- Does not violate any of the guidelines and procedures contained in this and other applicable laws or Dickinson college policies including other Acceptable Use Policies currently in effect at Dickinson and the college's policy on harassment.
- Provided that established computer naming formats are followed.

Employees and students are prohibited from using college-owned computers and/or college-provided computer/network services to:

- Download offensive or derogatory material from the Internet.
- Duplicate copyrighted or licensed software or use illegal copies of software. These practices may also be violations of federal law.
- Send harassing or offensive communications over computer lines, including initiating or forwarding electronic chain letters.
- Gain or attempt to gain unauthorized access to or make unauthorized use of, another's individual ID and/or password, computer accounts, disks, files, equipment, networks or facilities.
- Violate the privacy of others by reading their files or computer mail.
- Intentionally erase stored information or modify equipment, accounts, disks, or files which are not your own.
- Attempt to deceive other computer users through false representation or forgery.
- Attempt to defeat any security mechanisms, including automatic idle session timeouts, which have been put in place to protect the integrity of computer systems, information, and networks.
- Intentionally introduce harmful software or release a virus, worm or other program that damages or otherwise harms a system or network.
- Interfere with any other person's fair use of computer systems.
- Compromise any computer system by releasing privileged or sensitive information, including personal passwords.
- Run a personal business.
- Violate any local, state or federal law.
- Establish workgroup file sharing, print sharing or peer to peer services on any segment of the Dickinson campus network without approval and verification from LIS.
- Implement private wireless access points on the Dickinson campus network per the policy for Wireless Internet Access.

The prohibited uses are not intended to restrict academic freedom. Nevertheless, members of the college community will remain responsible for prohibited uses which have no reasonable relationship to teaching, learning or scholarly research.

Employees and students are advised that continued use of the college's computers/networks constitutes consent to monitoring of electronic communications, including electronic mail, mailboxes, Internet and the contents created or stored on any college computer/network related equipment and is conditioned upon strict adherence to college policy. Failure to adhere to this policy may result in the loss of e-mail and/or computing/ networking privileges and discipline up to and including censure, expulsion or termination in addition to any applicable civil or criminal penalties.

Disciplinary actions involving faculty will be initiated by the Provost and Dean of the College after consulting with the Faculty Personnel Committee. Disciplinary actions involving college administrators or staff will be referred to the normal personnel procedures by the employee's division head. Disciplinary actions involving students will be referred to the student disciplinary hearing process by the Dean of Students or his/her designee. Continued use of the college's e-mail system constitutes acceptance of this policy.

UNAUTHORIZED PEER TO PEER NETWORKING POLICY

Unauthorized peer to peer (P2P) networking involves at least two issues. First, unless authorized in advance by Library and Information Services (LIS), P2P networking in and of itself violates the Policy for Responsible Use of Electronic Communications and Network Services agreed to by all students as a condition for using the campus network. Such activity is generally prohibited because it has the potential of degrading overall network performance. Second, P2P networking may also involve illegal file sharing, a violation of federal law. The complete Unauthorized Peer to Peer Networking Policy can be found on the LIS Web site at lis.dickinson.edu/Technology/Policies/peer-to-peer.htm.

WIRELESS ACCESS POLICY

The Library & Information Services division (LIS) is solely responsible for installing and maintaining wireless access points (WAP) and wireless networking services on the Dickinson College campus network. LIS will support and maintain the devices that it installs. No other WAPs are permitted to be connected to the Dickinson College network. Examples of prohibited WAPs include streaming video devices, wireless printers, and smartphone personal 'hot spots'. The Dickinson College Policy for Responsible Use of Electronic Communications and Network Services governs the use of the wireless network. Unauthorized WAPs will be removed from the Dickinson College network. The owner of the unauthorized WAP will be considered to have committed a violation of the Responsible Use Policy.

For more information on any Technology Policies, please see their website [here](#).

Visual Identity

The name “Dickinson College” is synonymous with high quality education and is a valuable asset of this institution. The use of the college’s name or other college marks, logos or seals, in whole or in part, by unauthorized individuals, clubs and organizations is prohibited. Those clubs and organizations recognized by the college and who are in good standing, are extended the privilege of using the college name and its marks and logos, in association with their club or organization subject to the college’s prior approval, as well as the college’s unlimited right to stop any use in its sole discretion or which in the opinion of the college causes, or has the potential to cause, injury to the reputation of Dickinson College.

Sexual Misconduct Policy

Dickinson will not tolerate any type of sexual harassment, misconduct or intimate partner violence. The college is committed to taking all appropriate steps to eliminate sexual harassment, misconduct and violence, prevent its recurrence and address its effects. This policy outlines Dickinson's institutional values, prohibited conduct, resources, reporting options, and complaint processes for the review, investigation and resolution of reports of sexual harassment, misconduct and violence.
