

Earth Sciences Senior Capstone Prospectus Form

YOUR NAME:

NAME OF FACULTY SUPERVISOR:

CHECK THE CLASSES HAVE YOU TAKEN:

<input type="checkbox"/> Earth's Hazards	<input type="checkbox"/> Environmental Geology	<input type="checkbox"/> Hydrogeology	<input type="checkbox"/> GIS
<input type="checkbox"/> Earth's Changing Climate	<input type="checkbox"/> Volcanology	<input type="checkbox"/> Ig and Met. Petrology	<input type="checkbox"/> Advanced GIS
<input type="checkbox"/> Sediment. & Stratigraphy	<input type="checkbox"/> Oceanography	<input type="checkbox"/> Special Topics:	<input type="checkbox"/> Statistics:
<input type="checkbox"/> Earth Materials	<input type="checkbox"/> Paleontology	<input type="checkbox"/> Special Topics:	<input type="checkbox"/> Physics:
<input type="checkbox"/> Structural Geology	<input type="checkbox"/> Intro. to Soil Science	<input type="checkbox"/> Special Topics	<input type="checkbox"/> Chemistry:
<input type="checkbox"/> Chem. of Earth Systems	<input type="checkbox"/> Energy Resources	<input type="checkbox"/> Other	<input type="checkbox"/> Calculus:
<input type="checkbox"/> Field Geology	<input type="checkbox"/> Surface Processes	<input type="checkbox"/> Other	<input type="checkbox"/> Biology:

TITLE OF CAPSTONE (tentative):

Describe the topic you will investigate as part of you capstone experience (e.g. state a possible hypothesis you plan to test or a question you will try to answer).

Describe the methods you plan to use to test or your hypothesis or answer your question. Will you need special equipment or materials?

Where will this research be conducted?
