

Student Senator

Gabriella Gueits

Letter of Intent

My name is Gabriella Gueits and I am from Philadelphia, Pennsylvania. I am a potential biology major, and I am running for First Year Class Senator. I am interested in joining Student Senate because I feel that I could represent our class, and bring a perspective consistent with our class to Senates. I would like to share my leadership and teamwork skills with other members of the Senate so that we can make Dickinson ours these next four years.

In high school, I served as a representative in the Student Government Association and as an officer on the Community Service Corps. In these positions I shared ideas on how to improve issues in our school community and on how to get students involved in fundraisers and activities. I also played on the lacrosse team, which allowed me to bring my specific talents to the team. During my four years of high school, I gave back to my community by volunteering at a local parish and at local shelters for the homeless, and I hope to continue this by getting involved in clubs and activities on campus and in the Carlisle community to make a difference at Dickinson.

As a Class Senator I hope to share my ideas with others during Senate, and to discuss campus issues and make Dickinson a safe environment. Because I attended an all-girl catholic high school, I feel it is important that we all come together as a class and create a life-lasting bond with one another and I hope to create this environment for our class if I am elected.

Thank you,

Gabriella Gueits
