

Letter of Intent

The Culture Crew wants a vote from you!

Dear Class of 2020,

My name is **Justina Warnick** and I'm running alongside my roommate **Stephanie Teeuwen** on a ticket for class senator! I'm from Wilkes-Barre, Pennsylvania (near Scranton – home of The Office) and Stephanie is from Oegstgeest, Netherlands.

We are overjoyed to be running for the Student Senate Class of 2020 Senator positions for countless reasons: to be a direct link between your voice and campus policy, to meet many more fellow classmates, to launch student ideas into action, and to represent and further encourage cross-cultural activities.

1) Direct link between your voice and campus policy

As Class Senator, we will commit to an open-door policy in order to increase the opportunities through which you can communicate your concerns. This includes welcoming you to our actual dorm room and encouraging you to text, email, Snapchat, or Facebook us! We think it is of the utmost importance that every voice from the freshmen class can not only be heard clearly but also be continually supported in meetings by Senators. This approach is sure to cultivate responses and resolutions to class concerns.

2) Meet many more fellow classmates

One of the perks of being involved in the student representative, parliamentary body of Dickinson College is being able to meet new people. We understand and appreciate that many of you most likely have great things to contribute to our campus and look forward to meeting 612 of you!

3) Launch student ideas into action

Being part of this central system presents the opportunity to pitch student ideas and to tirelessly defend them until they come to fruition. We are far beyond excited and more than ready to support your ideas that can make our campus an even better place!

4) To represent and further encourage cross-cultural activities

Our cross-cultural friendship has taught us more about ourselves, each other, and the world in the past two weeks than any diversity class could teach. We recognize the importance in sitting with each other to listen to Dutch music or talk about Wilkes-Barre's locally famous food or find similarities within our languages. It is this attitude and experience that we wish to enhance on campus and provide greater opportunities for cultural expression!

The Culture Crew wants a vote from you! We hope to represent our class soon!
