

September 5, 2016

Dear Class of 2020:

Hola everyone! My name is Odalis – literally reads “oh-Dallas”, even though I’m from Houston, TX – and I’m running for student senator. Many reasons cross my mind as for why I would like to be part of the Student Senate:

- I want every member of Class of 2020 to have an unforgettably amazing first-year experience.
- I care for the mental and physical well-being of all my fellow Dickinsonians.

Below are the some of the reasons for why I think you should consider voting for me:

- I’m able to see and understand many things from a different perspective
- I’m respectful and cooperate with others due to my work as Vice-President of my graduating class, and as President of National Honor Society: I also organized successful blood drives, volunteer work, and fundraisers
- I can pitch in my ideas and make great decisions that will benefit us, as I did when was treasurer for two years in high school
- I am organized, responsible and a hard worker. I was the manager for the Boys’ Soccer Team in high school. During my two-year tenure, I organized paper work, fixed their uniforms, prepared everything for the games and practices, contacted the trainer for any injuries, and arranged fundraisers for the team.

For those and other reasons, I believe that I’ve demonstrated my qualifications to be part of the Student Senate. I cannot wait to contribute and be an active part of the Dickinson community.

So, please, if you wish to have someone that really cares and could help make a difference in our campus, vote for me!

Sincerely,

Odalis Almendarez Pina
