

My name is Ali Rice, Class of 2018, and I am running for the position of Senior Class Senator. Keeping this short and sweet, I am running because I love Dickinson. I love the people and the community that we are so lucky to find ourselves in. As a Student Senator for the Senior Class, I would be able to represent my peers and my community to collectively make our school even better.

I have served on Senate as a Junior Senator, as a Sophomore Senator, and I served as a Representative to the Sophomore Class on the Enrollment and Student Life Committee. I have worked with students and faculty to implement positive changes on our campus, such as the installation of water bottle filling stations by Biddle Field, and the addition of complete sets of kitchen supplies for dorms on the Quads and Morgan Field.

As a representative for the Senior Class, I would be most excited to work for the goals of my fellow seniors. What would make your last year at Dickinson the best? How can we positively impact our school so that other students can enjoy Dickinson like we did, if not more? Let's leave our mark and go out with a bang!

Thank you for your consideration!
