

Hello! My name is Valerie Busch I am writing to express my interest in becoming President of the Class of 2020. I want to be President to represent my class. I have always wanted to be part of student council in High School and once the opportunity arose here, I decided to apply. I believe I would be a great candidate because of my connection to my peers. I feel like I can listen to what they have to say and then implement those thoughts and opinions into the Senate meetings that occur weekly. I love to make people happy and would love to get my peers' voices heard. In addition, I have great communication skills due to my past experiences and my involvement on this campus. I am Secretary of ALD Honor Society and in this position, I communicate to other members as well as the executives during our weekly meetings. I am also an Associate Board of the Idea Fund Club, which also strengthens my communication skills as I spend time talking to other peers involved with the club. I commit my time volunteering at the YWCA, dedicating my time helping the kids in the community with their homework and other educational activities. Due to all my experiences and involvement, I am very organized and can manage my time well. Therefore, I can handle the weekly Senate meetings and would be able plan events accordingly for my class and determine what they want to see. I want to expand my involvement in this school by representing my class and making Dickinson mine by being the Class President. I believe I would be a great candidate as President because of my positivity, strong work ethic, communication skills, and strong organizational skills.
