

Letter of Intent: Director of Club Consulting

My name is Grey Medeiros, and I am running for Director of Club Consulting for the Student Senate. I currently hold this position after being elected at the start of the spring semester, and I have become very comfortable with fulfilling the duties that the position requires. I am grateful for to the opportunity to continue supporting Dickinson's flourishing club system, and I hope to ensure that each student is able to pursue their social, educational, and recreational interests through a club on campus. Although I run unopposed, I would very much appreciate your vote, and I look forward to serving the student body as your Director of Club Consulting next year.

Thank you,

Grey Medeiros
