EDUCATION

Checklist to Obtain Sustainability Course Designation

You will need the following information to complete the [Request for Sustainability Designation](#) form:

- The course attribute that you are requesting: Sustainability Connections (SCON) or Sustainability Investigations (SINV). [Review criteria online.](#)
- A summary of the sustainability-related content of your course.
- The definition(s) of sustainability that students will be introduced to in your course.
- A brief description of how students will demonstrate attainment of sustainability learning outcomes, including a list of relevant assignments (see [learning outcomes](#)).
- Course department, course number, course title, and numbers for cross-listings of the course.
- Semester(s) **and** section(s) for which the designation is requested (e.g. only this coming semester or every semester the course is offered? Only the section you teach or also sections of the course taught by others?)
