Credit Correction Form

◆ Student Code #: _____

◆ Email: _____

◆ Title of Study: _____

◆ Description of study (describe what you experienced during this research participation):

◆ Please check the reason for your appeal:

1. _____ I completed an in-person study, but did not get credit.

2. _____ I signed up to complete an in-person study, but the researcher did not show up.
NOTE: You will be given credit under this circumstance if the Participant Pool Manager can verify the researcher absence.

3. _____ I signed up to complete an in-person study, but there was a technical problem (such as locked doors, lack of enough materials) that prevented me from completing the study.
NOTE: You will be given credit under this circumstance **only** if Participant Pool Manager verifies the problem with the researcher in question.

◆ Provide any additional details you think are relevant: _____

ONLINE STUDIES: Credit is only awarded if you signed up for the research and **you completed the questionnaire and hit the submit button**. By hitting the submit button, your participation will be recorded and you will receive credit. Unfortunately, computer error (power outages, loss of internet) is not an acceptable reason for credit correction for online studies. To get credit, you must go back and redo the questionnaire, making sure to hit the submit button at the end.

Submit this form to Participant Pool Manager, Kaufman 177, within 72 hours of the problem (or on Monday if the problem occurred over the weekend). **Appeals received later than this will not be considered.** You will be emailed the final decision.
