Applicants are being sought for a full-time research coordinator in the Biobehavioral Study of Eating and Weight Lab under the direction of Dr. Michael Lowe*, located within the Department of Psychology at Drexel University in Philadelphia, PA. The position involves coordinating several studies and participating in the analysis and write-up of papers stemming from two NIMH grants on eating disorders, one of which is ongoing. The grants are examining the role of weight suppression and dieting in eating disorders and encompass both behavioral and biological measures. This is an excellent opportunity to gain experience in eating disorders research and to be trained in preparation of manuscripts for publication. This position is ideal for individuals who are considering pursuing a graduate degree in psychology in the future. This research group is staffed by faculty, research coordinators, clinical psychology Ph.D. and masters students, and undergraduate students, providing an environment rich in intellectual stimulation and mentorship.

Qualifications:
- College graduate with coursework in psychology
- Interest in eating behavior research; strong quantitative skills desirable
- Strong organizational, interpersonal, computer and communication skills
- Position is for two years with a start date mid-summer

Responsibilities:
- Managing data sets and assisting with statistical analyses
- Contributing to preparation of manuscripts
- Assist with recruitment for new studies
- Maintaining contact and regulatory approvals with NIH and IRB
- Assisting with office management and other research activities in the lab

Opportunities also will be available, as desired, for the research coordinator to collaborate on data analysis and preparation of poster presentations and manuscripts. Further information about the research lab can be obtained at https://drexel.edu/coas/academics/departments-centers/psychology/research/health-psychology/biobehavioral-study-of-eating-and-weight-lowe-lab/

Interested candidates should send 1) cover letter, including relevant past experience, 2) resume or CV, and 3) contact information for three references to Nicole Virzi at Nicole.Virzi@gmail.com. Please specify “Research Coordinator Application” in the subject line of your email. Applicants are encouraged to submit their materials as soon as possible but no later than March 15, 2019.
