Engagement Showcase

Save the Date:
Monday April 27, 2020 from 12:00-1:30pm

The Center for Civic Learning & Action (CCLA) is devoted to developing ethical leaders who collaborate in the pursuit of just and resilient communities. We are seeking proposals for projects advancing community-identified needs and furthering community-minded civic engagement. The Engagement Showcase will feature student posters of these community-driven projects where students can present their work to the campus.

Call for Proposals

Proposals

Content. Project proposals must focus on community-identified needs or community engagement related work developed by a student or group of students. Projects can arise from service-learning courses, independent studies focusing on community engagement research, or individual ideas of meaningful civic engagement.

Your target audience for the poster is any member of the community. Posters should be accessible to those who have little to no experience with community engagement work. If you are including complicated terms and/or concepts, make sure to explain them sufficiently.

Details. Each proposal must include a title, presenter name(s), a project abstract, presentation description, and physical set-up needs. Detailed instructions can be found on the proposal application form. Proposals can be submitted through this application: https://dickinson.co1.qualtrics.com/jfe/form/SV_0UPncox607GnqPb.

Timeline. Proposal submissions will be reviewed on December 1, 2019 and March 15, 2020. Decisions will be made within two weeks, and CCLA will pay for printing accepted posters.
**Printing Guidelines.** Final posters must be submitted to engage@dickinson.edu by **Thursday, April 16, 2020** to print. We will send a reminder email once you are accepted with poster guidelines and submission details. Posters should be 36” x 44”; poster titles should be legible from 20 feet. Other content should be clearly legible from 4-6 feet. Creating your poster as a single PowerPoint slide (be sure to adjust slide size) is a relatively simple approach. Search for PowerPoint slide templates for ideas.

We recommend the following resources to assist in designing your poster:

- [Presenting a Research Poster](#) from University of Nebraska-Lincoln
- [Effective Poster Presentations](#) from the Center for Innovation and Research in Teaching at Grand Canyon University. The embedded videos are helpful!

If you have any questions or comments, contact Laura Megivern, Director of Community Engagement at CCLA, at megiverl@dickinson.edu or engage@dickinson.edu.
