

## **Yale Child Study Center – Research Fellowship *for Graduates and Graduating Seniors***

The Yale Autism Center of Excellence (ACE) and Yale Social and Affective Neuroscience of Autism Program (SANA) is interested in recruiting highly qualified students for an exciting pre-doctoral fellowship for current graduates with at least a Bachelor's degree or graduating seniors. **The position will commence July 2020.**

### **Yale Fellowship in Developmental Psychopathology and Social Neuroscience**

Successful applicants will be involved in a 2-year training program involving clinical research experience. The primary training experience will be in daily activities related to behavioral, psychophysiological, eye-tracking and neuroimaging studies of toddlers and children with and without autism. With research mentorship, selected applicants will be expected to guide a pre-determined project of research from the point of data collection through analysis and publication of results.

Completed applications including cover page, CV, official transcripts, letters of recommendation and personal statements are due no later than **January 15, 2020.**
