	Semi-monthly 24 pays	\$1.53	\$3.56
	Non-12 month 17 pays	\$2.16	\$5.03

**Please be advised of the following July 1, 2020 changes:**

**United Concordia Dental** – Expanded network enhancement to Elite Plus Network.

**Health Care Flexible Spending Account** – Full-time employee contribution limit increased to \$2,750 per year (previous plan year limit was \$2,700).

**REMINDERS:**

**Flexible Spending Accounts** administered by **HealthSmart** – Internal Revenue Service (IRS) accounts to set aside pre-tax income to cover anticipated health or dependent care expenses that are not covered by insurance.

<b>HEALTH CARE EXPENSE ACCOUNT**</b>	Due to IRS regulations, the maximum amount allowed is \$2,750 to help cover out of pocket health care expenses. Examples of covered expenses include copayments, coinsurance or services not covered under a medical, prescription drug, dental or vision plan. Note: IRS publication 502 governs items that are reimbursable under a health care expense account.
<b>DEPENDENT CARE EXPENSE ACCOUNT**</b>	A \$5,000 maximum or up to the total salary of the lowest paid spouse (whichever is less) covers work related dependent care expenses. Note: IRS publication 503 governs items that are reimbursable under a dependent care expense account.

*\*\* To avoid forfeiture, all claims must be expensed and paid in full by September 15.*

**Retirement:**

An excellent way to save for retirement and reduce current tax liability is to contribute part of your salary to an employer-sponsored retirement plan. At Dickinson, employees can contribute pre-tax dollars, effective from their date of employment, to plans administered by **TIAA** and/or **Fidelity**.

- **Defined Contribution Plan** – Eligibility occurs following the completion of one year of full-time service with the College. After the one-year waiting period, Dickinson College contributes an amount equal to 8% of your base salary. Dickinson has an employer match where employees must contribute at least .25% of their own salary to receive an additional .25% Dickinson match. The one-year waiting period is waived for persons presently employed (meaning you are employed now and in that organization's retirement plan) coming to Dickinson with an active, 100% vested and qualified retirement plan. The waiver was established so that candidates presently employed, in a retirement plan and 100% vested would not lose retirement benefits when they choose to join Dickinson.
- **Tax Deferred Annuity Plan** calendar year limits for employee contributions via payroll deduction increases from \$19,000 to **\$19,500** for calendar year 2020.
  - **Employees age 50 and older** may contribute an additional \$6,500, through a catch-up provision, making the total elective deferral maximum **\$26,000**. These additional contributions are available to any eligible employee based solely on age, regardless of past contributions or length of service.
