

Dickinson Summer Programs Financial Aid Refund

Policy/Procedure

For students receiving Financial Aid, the financial aid refund rules apply as stated in the Dickinson College Bulletin under the Dickinson College Refund Policy. It is important to understand that since the financial aid refund is calculated using different methods, the refund to the student account may not fully cover the required refund to the financial aid programs. Therefore, the student may end up owing funds to Dickinson College after the refund to the financial aid programs has been made.
