

International Travel Warning Policy

Policy/Procedure

Policy/Procedure

Dickinson College is committed to educating its students in a global community. This includes creating many opportunities for study and service abroad. Providing for the safety of our students as they travel around the world for educational and service programs is of paramount importance. When there is a United States State Department Travel Warning in place for a particular area to which students will be traveling or where students are currently studying or serving, the presumption is that traveling to or remaining in these locations is unsafe and will not be permitted. Exceptions to this policy will be considered on a case-by-case basis by the International Travel Risk Assessment Committee which will make a recommendation to the President's Staff.
