Access and Disability Services

Dickinson College is committed to ensuring that the college's programs and facilities are accessible to all qualified students on a nondiscriminatory basis. A student with a disability is not required to disclose a disability unless that student is seeking accommodations.

The office charged with facilitating accommodations for students with disabilities is Access and Disability Services (ADS), located in the "OWLL" (Old West Lower Level), Room 005. Students can inquire about services on a drop-in basis during the daily open hours of 11 a.m.-2 p.m. and 2-3 p.m., or email access@dickinson.edu or call 717-245-1734.

The procedure for disclosing a disability and requesting accommodations is provided on the [Access and Disability Services \(ADS\) Website](#). Dickinson College acknowledges that each student's circumstance is unique, and that a flexible approach should be taken in determining reasonable accommodations. To support eligibility for reasonable accommodations as an individual with a disability--covered under Section 504 of the Rehabilitation Act and the Americans with Disabilities Act (ADA)--a student must disclose a disability and provide documentation that meets the college's guidelines to establish that the student has a physical or mental impairment substantially limiting one or more major life activities. Documentation should substantiate each functional limitation and its nexus to each accommodation request.

The college does not provide assessment for disabilities. The student is responsible for obtaining the appropriate testing or evaluation report by referring to the Guidelines for Documenting a Disability on the [ADS website](#). ADS will be happy to provide those who ask with a list of psychologists in the area who perform psychoeducational and neuro-psychological testing.

If you have a physical, psychological, learning or other type of disability and are in need of accommodations in either the academic or living environment, or if you have any questions regarding your options, please contact ADS for a confidential consultation by emailing access@dickinson.edu or by calling at 717-245-1734. Disability documentation can be sent by email to access@dickinson.edu, or via fax to 717-254-8139.

Academic Accommodations

Students requesting academic accommodations are required to register with ADS to verify their eligibility for reasonable and appropriate accommodations. Once documentation has been reviewed, students are to schedule an accommodation intake meeting as early as possible in the semester to review any potential accommodations. Students are not eligible to receive academic accommodations retroactively.

Eligible students will be emailed an accommodation letter to forward to the professors of their choosing, informing them of the accommodation(s) for which they are eligible. Students will also be informed of how they can view their granted accommodations through CLIQ on the Gateway in their customized *Access Plan*. Students should indicate on the plan which accommodations they intend to use or not use for each class and share those intentions electronically with their professors. Students should then schedule a meeting with the professor of each class in which they are seeking accommodations to discuss how each accommodation will be implemented for that class. Either during or after this meeting, the student should finalize their accommodation choices and the professor should electronically “acknowledge” the plan for each accommodation.

Students seeking test-taking accommodations will need to take both their schedule and each professor's schedule into consideration when determining whether or not test proctoring is needed. Requests for test proctoring (which are also done in the *Access Plan*) are to be made at least one week prior to any scheduled exams. Questions regarding test proctoring can be sent to proctoring@dickinson.edu.

Students with questions related to note-taking, including access to supplemental notes or to the ability to record class using a Smart Pen (if granted as an accommodation) should email notes@dickinson.edu.

Students seeking support with academic success strategies are encouraged to refer to the numerous resources found on the [SOAR website](#), or to get hard copies of all resources and guidance documents by visiting the office of SOAR (Strategies, Organization & Achievement Resources), located in the lower level of Old West, or to email SOAR@dickinson.edu.

Housing Accommodations

Dickinson is a residential college and the residential experience is understood to be an integral part of a Dickinson education. Dickinson is fully committed to the full participation of students with disabilities in all aspects of college life, including residential life. At times, students with disabilities may require an accommodation in their living environment. ADS works in cooperation with professionals in Residence Life & Housing, the Wellness Center and other relevant campus partners to evaluate requests for accommodation from students with documented conditions. The Housing Accommodation Committee will thoroughly review each request on a case-by-case basis and determine eligibility for reasonable accommodations. Housing accommodations are made only in situations where the documentation clearly demonstrates that the accommodation is necessary to mitigate a functional limitation resulting from the disability.

Students who wish to request a housing accommodation need to have rendered to ADS all the documents outlined on the [Housing Accommodations webpage](#).

Note that consideration of housing accommodation requests and possible subsequent

assignments will begin two weeks prior to posted deadlines. While requests and documentation submitted after these dates will be accepted and considered, Dickinson College cannot guarantee that it will be able to meet late applicants' accommodation needs, including any needs that develop during the semester.

Dietary Accommodations

A major facet of living at a residential college is dining together, and the opportunity for developing a sense of community that arises in this setting. To this end, all students living on campus are required to purchase a Meal Plan. Occasionally, however, students have special dietary needs based on documented health conditions, which may necessitate dietary-based accommodations. Dickinson College is committed to the full participation of students with disabilities in all aspects of college life, including dining experiences, and Dining Services can often accommodate these needs. Accommodations to the way in which a student participates in the meal plan are granted when a diagnosis and supporting documentation clearly demonstrates that an accommodation is necessary to mitigate a functional limitation resulting from the disability. Exemptions from participation in the Meal Plan have been extremely rare, and are only considered in extreme circumstances when needs cannot be accommodated by Dickinson's Dining Services.

Dickinson College offers many dining options capable of accommodating a multitude of dietary needs, including but not limited to lactose-free meals, gluten-free soups, breads and meals, vegetarian and vegan options, and kosher dining, in addition to a wide array of healthy eating choices. There are also a variety of atmospheres in which students can eat, ranging from the large Dining Hall to smaller venues, such as Union Station and the Quarry. Please visit the [Dining Services Website](#) to learn more.

Students who wish to request a dietary accommodation will need to complete and submit to ADS all the forms outlined on the [Dietary Accommodations](#) webpage by the following dates:

- July 31st for the fall semester
- December 31st for the spring semester

While applications submitted after these dates will be accepted and considered, Dickinson College cannot guarantee that it will be able to meet late applicants' accommodation needs, including any needs that develop during the semester.

Bias Incident Protocol

Bias Education & Response Team

Function of BERT: The Bias Education & Response Team (BERT) represents a cross section of the Dickinson community (faculty, administrators, and students) who support anti-bias education. BERT is a non-sanctioning body that responds to bias incidents in a proactive manner, emphasizing educational resolutions. The Team oversees a system

that provides direct support to any individual(s) affected by a bias incident. BERT's Coordinator documents incidents for information gathering and archival purposes, and coordinates responses to incidents of bias that take place on Dickinson's campus and/or between Dickinson affiliated individuals including employees and students.

Support & Partner: BERT responders provide direct support to any reporters, respondents, and witnesses through the process for reporting and resolving bias-motivated incidents.

BERT responders also connect individual(s) to campus resources as additional sources of support. For example, individuals sometimes benefit from consulting with the Wellness Center or with campus mentors to process their experiences.

Education: BERT views proactive community education as an integral part of creating an inclusive community and minimizing bias. In addition to collaborating with resolution resources on campus for addressing incidents, BERT hosts annual educational programs and provides resources that increase cultural awareness and equip our community with the skills for navigating multiple forms of diversity productively.

Documentation: Incident reports are confidential because they typically include sensitive information that requires private, secure storage of reports. All BERT incident reports are made online and reviewed by the BERT Coordinator, Executive Director for Equity & Inclusivity and the Vice President of Student Life. The BERT Coordinator reviews all incident reports and archives them in a secure electronic file for archival purposes.

BERT regularly analyzes the reports to identify any patterns of bias and discrimination that exist on campus, which will inform our efforts toward addressing future incidents as well as advancing overall goals concerning diversity education. Evaluation of responses occurs to improve the college's response and education around incidents of bias and discrimination.

Collection of data will be coordinated with the Department of Public Safety (DPS) to ensure compliance with the Clery Act with regards to hate crimes occurring on college campuses.

Coordinate Response(s): BERT responders will work in conjunction with other campus resources to coordinate responses (e.g. Academic Affairs, Student Life, The Center for Spirituality and Social Justice, and the Wellness Center) to bias- incidents/hate crimes. Responses to bias incidents will be both proactive and responsive. It is our aim that all responses are educative in nature, educating the community on what constitutes bias and the impact bias has on a community.

Purpose of Protocol

Brief History: In the spring of 2010, a group of faculty and administrators met to discuss a number of concerning incidents reported by students involving issues of race, gender and sexual orientation. The key questions that were raised included what

resources are available for affected individuals. How does the college respond to an expression that may be offensive or inflammatory to some but does not constitute a violation of our Community Standards or the law? What are the protocols for addressing these types of incidents?

In the spring of 2011, a group of faculty, students, and administrators gathered to pull together and expand upon policies and procedures already in existence related to issues of bias and discrimination. What follows is a product of those conversations, research of our peer institutions' policies and our commitment as outlined in Strategic Plan III (2011) to "build a supportive and inclusive community characterized by respect, equality, and accountability".

Purpose: The Bias Incident Protocol will provide members of the Dickinson community with information on the process for reporting bias incidents and hate crimes; identify campus resources for targets, witnesses, and alleged perpetrators involved in the incident; and outline the purpose, structure, and make-up of a Bias Education & Response Team (BERT). The Protocol outlines steps for addressing incidents whereby students are targets and the alleged perpetrators are students, faculty or staff of Dickinson College.

This protocol and the mechanisms created by it (such as the BERT) are intended to serve as resources for students seeking assistance in navigating existing policies and procedures of Dickinson College, where such exist, and not to supersede policies and procedures already in place. For situations not covered by existing college policies and procedures, this protocol and the mechanisms created by it are intended to assist students in determining their options for redress and to support them as they seek resolution.

Statement of Values

The following are supporting statements from the college's strategic plans that helped guide the development of this protocol:

The American Project

As a college, we are committed to the American project-yet unfulfilled-of promoting principles of openness, pluralism, inclusiveness and democracy. We believe that no college can achieve its academic and social goals without reflecting the richness of diverse peoples and voices in America and in the world. To reach our goals in this area, we will continue to enhance the diversity of our own community and broaden the range of other communities with which we must regularly interact in Carlisle, the nation and the world. Our programs and activities will teach students respect for all peoples. (Dickinson College Strategic Plan II)

Diversity includes the presence of persons different from one another on a variety of parameters. It recognizes that each individual possesses multiple characteristics that comprise their identity and impacts how they are perceived by and how they interact with others. These characteristics include but are not limited to race, age, color, gender

identity and expression, national origin, sexual orientation, religious affiliation or non-affiliation, ability and disability status. To this regard we continue to work toward our strategic objective to “support a climate on campus that builds community and encourages open dialogue on issues of intellectual, ethical and social importance, teach and model for students the practice of engagement with critical and controversial issues related to difference in our culture, and foster a sophisticated understanding of the balance between our diversity and the commonalities inherent in our shared humanity.” (Diversity Strategic Plan-SP III)

Dickinson welcomes reports of behaviors that a student believes are based on personal characteristics shared by a number of individuals. While there may be no formal solution to such acts, the college is committed to exploring opportunities to open communications and build community under these circumstances.

College Policy

Discrimination based upon sexual orientation, gender identity, gender expression or legally protected characteristics such as race, gender, religion, national origin, ethnicity, disability or military status is strictly prohibited.

Under this policy, no Dickinson College student, staff or faculty member shall, on the basis of a characteristic protected by law or college policy, be denied the benefits of, or be subjected to discrimination under any college program or activity.

Definitions

Bias incident is defined as a pejorative act or expression that a reasonable person would conclude is directed at and/or impacts a member or group based on but not limited to those characteristics outlined above. A bias motivated incident can occur whether the act or expression was intentional or unintentional.

Hate Speech is speech that is both discriminatory, offensive or harassing in nature towards a specific group of people AND it must also incite or is reasonably perceived to incite imminent violence or other criminal activity (hate crime) against the group in question. Distasteful, hateful and offensive speech, in and of itself, is not hate speech and is protected by the first amendment.

Hate crime is “a criminal offense committed against a person or property which is motivated, in whole or in part, by the offender’s bias. Bias is a preformed negative opinion or attitude toward a group of persons based on their [perceived] race, gender, religion, disability, sexual orientation or ethnicity.” (Clery Act cited in Handbook for Campus Safety & Security Reporting, p. 55)

While all hate crimes are bias incidents, not all bias incidents are considered hate crimes.

Although the expression of an idea or point of view may be offensive or inflammatory to some, it is not necessarily a violation of our Community Standards or law. Dickinson

embraces the free exchange of ideas essential to an academic community of inquiry.

Reporting, Response and Resolution

Reporting: The following options are available for students who believe they have been a target or witness to a bias incident or hate crime:

Visit the Interrupting Bias website where you can fill out an online form to report the incident and/or contact the BERT Coordinator. If your report involves conduct for which there is already a reporting process in place, BERT will help you access this process.

File a complaint with DPS. Students who are targeted by or witness to a bias incident or hate crime are encouraged to contact DPS immediately. Whenever possible, physical evidence (emails, written statements, Facebook posts, etc.) related to the incident should not be disturbed or destroyed before it is documented and preserved as necessary by an officer.

You may also report information anonymously through the [DPS Anonymous Tip website](#)

Please note that reporting via the Anonymous Tip website will make follow up by a staff member not possible.

File or report directly under reporting processes outlined in existing college policies and procedures, such as the Community Standards, the Sexual Misconduct Policy and the Grievance Policy.

Response:

When contact information has been provided in a non-emergency situation:

A member of the BERT will be in contact within 72 hours. A meeting will be scheduled which may include completing or filling out any missing information from the reporting form, providing the affected individuals with information regarding existing reporting processes, relevant campus resources and notifying DPS to begin an investigation of the incident (if DPS has not been previously notified).

When no contact information has been provided:

The form will serve as a record for institutional memory to identify any patterns regarding bias and hate crime incidents. To the extent that enough information is provided on the reporting form DPS will be asked to investigate the incident.

Resolution:

The goals for resolving bias motivated incidents/hate crimes include the following 1) enhance the principles of openness, pluralism, inclusiveness, and democracy, 2) to restore for targets and witnesses a sense of safety and repair to one's sense of community, 3) to be educative rather than simply punitive, 4) to model for the

community at large effective approaches for addressing and interrupting bias, and 5) to restore and maintain a discriminatory and bias free environment for all members of the campus community.

In cases where bias incidents are not violations of the Community Standards, the Sexual Misconduct Policy, the Grievance Policy or any other applicable policy of the college, the Bias Education & Response Team (BERT) will serve as primary coordinators for seeking resolution. Approaches to resolving incidents may include but are not limited to: conflict resolution sessions between target/witness and perpetrator(s), organizing community forums, community service requirement, etc.

Campus Publicity Policy

Dickinson College respects the needs for all students and student groups to express themselves publicly. Whether advertising an event or supporting a community issue, we want our students to feel that they are able to share their views. However, we have guidelines in order to be consistent among all groups.

Dickinson College disclaims all responsibility for the content of advertising materials posted on campus. All materials should be in compliance with college policies and regulations. Students, faculty and staff should be aware of current laws regarding libel, defamation, obscenity, fair labor regulations and other applicable laws. All posters must have the name of the sponsoring individual or group as well as an email address or EngageD event link. They must also have an expiration date for when the poster can be removed (event dates or registration deadlines will be used as expiration date in most cases).

All advertising should be removed by the sponsoring group within 24 hours following the event.

Advertising may only be placed on available bulletin boards. **Do not place advertising on the following: glass, wood, painted surfaces or exterior surfaces. Posters placed on glass, wood, painted surfaces or exterior surfaces will be removed.** Advertising may not depict alcohol or suggest alcoholic beverages will be provided or served at an event. Promotion of specific brands or types of alcohol, by whatever means, is not allowed. Advertising that an event is BYOB is allowed.

Any advertisement/promotion larger than 11" x 17" must be approved by the Office of Student Leadership and Campus Engagement (SLCE) at least 48 hours prior to placement. Exceptions to the policy may be authorized by Conferences and Special Events (CASE) or SLCE due to a need to post special announcements. Permission for displaying authorized posters inside glass display cases or on bulletin boards assigned to specific organizations or departments must be obtained from that organization or office. Several bulletin boards which are not assigned to a specific organization or office are located throughout the HUB and in other buildings for general use. Please check with staff in academic and other administrative buildings about appropriate locations for

displaying signs.

All advertising must be distributed by recognized campus organizations and departments. Non-Dickinson advertising can be dropped off at the CASE Office and up to five copies will be posted on general use bulletin boards in the HUB. Violators of this policy will be issued a warning by CASE. Further violations may result in loss of advertising privileges and disciplinary action

Community Standards

Introduction

As Dickinsonians, students have the opportunity to benefit from a rich and stimulating learning experience. By accepting membership in our community, students also accept a critical role in contributing to an intellectual and social environment characterized by civility, understanding, accountability, and respect. Being a member of the Dickinson College community is a privilege that carries with it the responsibility for the well-being of all other members and aspects of the community.

This document provides information to help students understand the conduct that is expected of all Dickinsonians. It also outlines how the College will move to educate when behaviors occur that are inconsistent with the standards outlined in this document. All students are expected to know and uphold the Community Standards.

The Vice President and Dean of Student Life's Office coordinates the administration of the student conduct process at Dickinson College, including social and academic misconduct. The Vice President and Dean of Student Life also has oversight responsibility for incidents involving social misconduct. The Provost and Dean of the College oversee situations that involve academic misconduct. These responsibilities have been delegated by the President and faculty [Charter and Bylaws of Dickinson College, Chapter IV, Section 2(a)].

Mission and Philosophy

Dickinson's mission is inspired by our founder Dr. Benjamin Rush and his vision to educate citizens to meet the societal and economic demands of an emerging democracy. Our residential environment provides a chance to develop these leadership and citizenship skills as students learn to assume responsibility for self and for the welfare of their community.

In this environment, students may occasionally exercise poor judgment or conduct themselves in a manner that disrupts the community. For this reason, the College maintains Community Standards that set forth expectations for behavior, as well as outline educational procedures regarding student conduct. The goals and objectives of the College's Community Standards differ from those of the civil and criminal justice systems. Ours is a process with education and accountability to community as its top priorities. We do not adhere to "courtroom" principles but rather to educational objectives

that seek to balance individual learning and community welfare.

The College affirms a student's right to be treated fairly, which includes receiving appropriate notice of concerns about specific behaviors and the opportunity to respond to those concerns. In formal resolution proceedings, this also includes the right to be assisted by an advisor and to appeal the initial hearing outcome.

Community Standards and Expectations for Conduct

The expectations articulated in the Community Standards are designed to create an environment that supports a vigorous academic life and respectful community. Dickinson expects that its students will demonstrate standards of behavior that demonstrate:

- Respect for Ideas
- Respect for Self
- Respect for Others
- Respect for Community
- Respect for Property

These standards apply to on-campus behavior, to behavior while studying as an active student away from the Carlisle campus, and to off-campus behavior that does or has the potential to adversely affect any member of the Dickinson College community or Dickinson College. While it is impossible to enumerate every possible violation of the five standards identified above, the sections following provide students more specific guidance about conduct that clearly violates our expectations.

The College has determined that certain violations are of such a serious nature that they will likely result in a student's or organization's *interim separation*, *suspension* or *expulsion* from Dickinson College (these terms are described in the **Outcomes** section of this document). Violations fall within this category when they cause, or have the potential to cause, significant adverse consequences for the safety, health and/or well-being of the student, others, or the community at large. These violations are noted with an asterisk (*) below.

Academic Misconduct

Respect for ideas—our own and others'—is a hallmark of academic integrity. We show respect for ideas by acknowledging when we have used another's words or ideas in our work. We expect others to acknowledge when they use our ideas or words in their work.

Students are expected to do their own work on quizzes, papers, examinations, class assignments, etc. Normally, a paper may be submitted in fulfillment of an assignment in only one course. Exceptions require permission from the instructors. Collaboration must be noted in writing and requires the consent of all instructors. Any of the following

are considered academic misconduct (this list is illustrative and not intended to be exhaustive).

CHEATING

Cheating involves deception or the provision or receipt of unauthorized assistance. Students are expected neither to receive nor to provide unauthorized assistance with academic work. **Cheating may take many forms including plagiarism.** The examples below are illustrative but not exhaustive:

- Copying from another person's work or answers.
- Referring to and using prohibited materials in the preparation for assignments or the taking of examinations or quizzes.
- Obtaining and using a copy of the examination or answers to an examination without the knowledge of the instructor.
- Collaborating on assignments or examinations unless such collaboration has been permitted.
- Submitting the same paper or assignment in two courses without permission of both professors. Using substantive sections of an assignment or paper completed for another course also requires permission of both instructors.
- Assisting another to do any of the above or to cheat in a similar manner.
- Using online translators to complete assignments, quizzes or examinations in a language course.

PLAGIARISM

Plagiarism may take a number of forms but to plagiarize is to use without proper citation or acknowledgment the words, ideas, or work of another.

The most serious degree of plagiarism involves the wholesale and deceptive borrowing of written material from sources such as published authors, websites, other students, or paper-for-hire services. Students who submit papers or significant sections of papers that they did not write themselves are committing this type of violation.

Another serious degree of plagiarism involves less wholesale but still repeated and inappropriate borrowing from outside sources. In some of these situations, students borrow several phrases or sentences from others, and do so without both quotation marks and proper attributions. In other situations, students secretly collaborate on assignments in defiance of specific prohibitions outlined by their instructor.

Finally, there is a degree of plagiarism that involves the borrowing of specific words or phrases without quotation marks. In such situations, citations may be present, but they are inadequate. This problem most commonly occurs when students paraphrase sources by attempting to change a few words in a sentence or brief series of sentences. It can also occur when students rely too heavily on parents or friends for ideas or phrases which

they mistakenly claim as their own.

Students can avoid plagiarism by following some very simple advice:

- Always provide clear and accurate citations for the sources that inform your work. This is an admonition that goes to the heart of your academic responsibility.
- Remember that almost all quotations and statistics require citations. Specific facts and ideas borrowed from others, even if expressed in your own words, also require citations.
- Summaries of an author's argument require citations. It is true that matters of general knowledge do not usually require citations, but when in doubt, students should provide citations for them.
- Students who rely on parents, friends or others for specific contributions to their work should acknowledge this indebtedness in a citation.
- Understand that paraphrasing means to summarize in your own words. The surest way to avoid plagiarism when summarizing is to write with sources and notes closed. If you cannot explain what an author argued from memory, then you probably do not understand it well enough to paraphrase.

FALSIFYING/FORGING ACADEMIC DOCUMENTS

Falsifying or forging documents involves the unauthorized alteration of information provided by the College on records or documents. Falsifying/Forging Academic Documents includes, but is not limited to, the following conduct:

- Altering information on a transcript.
- Changing a grade or the comments/markings on a paper, assignment or lab report.

Social Misconduct

Maintaining a civil, safe and respectful environment in which learning can best occur is the responsibility of all members of our community.

Alcohol and Drug Amnesty

While the College expects all students to adhere to its Community Standards, there are times when health and safety issues take precedence over conduct standards and students are encouraged to put their health and safety or the health and safety of others above all other concerns. The College encourages reporting of health and safety emergencies and seeks to remove any barriers to reporting by providing limited amnesty for individuals who report such emergencies. Consequently, when a student in need of immediate medical assistance to prevent their own death or serious injury or that of another person contacts DPS, calls 911 or contacts Residence Life & Housing, neither the reporting student nor the student at risk will be held responsible for their own

consumption or possession of alcoholic beverages or drugs provided:

- The reporting student reasonably believed they were the first person to make a call to DPS, 911 or Residence Life & Housing;
- The reporting student provides their own name when making the report, and
- The reporting student remains with the person needing medical assistance until help arrives.

This offer of amnesty refers to isolated incidents only and does not excuse or protect those who flagrantly and/or repeatedly violate the College's drug and alcohol standards and expectations. It applies only to cases of suspected extreme intoxication or other life-threatening circumstances due to alcohol or drug use and does not extend to related infractions such as assault or property damage. Although student or student organizations covered under this policy will not be subject to the conduct process, individuals involved will be required to meet with an administrator to discuss the incident and may be required to complete educational sessions and/or a substance use assessment. The incident may also result in notification of parent(s) or guardian(s). This policy only covers how the College will respond to students who could be involved in our student conduct process and does not cover criminal charges that could result from law enforcement based on the incident.

Standards of Social Conduct

Below you will find descriptions of specific departures of the community standards that will be addressed through our student conduct system.

Respect for Self - Knowing and respecting your worth, helps to teach others how to treat you. We show respect for ourselves when we respect our boundaries and values.

Students should also understand that, in addition to the sanctions that may be imposed for violations of the Community Standards, there may be other consequences that arise from their behavior including, but not limited to adverse effects to student's immigration status, impact on financial aid, or effect eligibility for other campus opportunities, including but not limited to membership or participation in certain organizations, certain honors, awards and scholarships, leadership positions, club sports or varsity athletics.

ALCOHOL

The possession, use, sale, provision and/or distribution of alcohol, except as permitted by law, is a violation of the Dickinson College Community Standards as well as a possible violation of local, state and/or federal laws. Students are expected to comply with the Drug & Alcohol policy as outlined in the [campus-wide policies](#) page [found here](#).

Possible Sanctions for Violating the Alcohol Provision for Possession and Use

While the College aims to handle situations on a case by case basis in regard to alcohol. The College also aims to respond consistently to students and to be transparent with

outcomes. The following are recommended sanctions for violations of the alcohol policy. Depending on the severity of the incident and impact on community in an incident, the College can alter sanctions to more appropriately address safety and security concerns.

Range of sanctions: Warning (minimum) to Suspension (maximum)

Recommended for First Violation of the Alcohol Policy

- Warning or Probation
- Parental Notification

Recommended for Second Violation of the Alcohol Policy

- Probation - Stayed Suspension for one semester
- Parental Notification
- Mentor Meetings with faculty or staff member
- Ethical Decision-Making Workshop

Recommended for Third Violation of the Alcohol Policy

- Stayed Suspension for one semester - Suspension for one semester
- Substance Use Assessment (BASICS course, for which there is a \$75.00 fee), Extended Substance Use Assessment (for which there is a \$75.00 fee), or Substance Use Assessment/Treatment while Suspended (you are responsible for all costs)
- Parental Notification

Recommended for Fourth Violation of the Alcohol Policy

- Suspension for one semester - Suspension for one year
- Substance Use Assessment/Treatment While Suspended (you are responsible for all costs)
- Parental Notification

DRUGS

The possession, use, distribution(*), manufacture(*), cultivation(*), sale(*), transfer(*), or the attempt or conspiracy to possess, use, distribute, manufacture, cultivate, sell or transfer any substance the possession of which is prohibited by federal, state or local drug laws (*NOTE: The intention to distribute, sell or transfer drugs may be inferred from the quantity and/or types of drugs involved*).

Effective August 2011, Pennsylvania added certain **synthetic substances** to the list of drugs and substances it is illegal to possess, use or sale. These include chemical substances contained in bath salts, synthetic marijuana, or other synthetic drugs including, but not limited to, salvia and 2C-E.

Students are expected to comply with the Drug & Alcohol policy as outlined in the [campus-wide policies](#) page [found here](#).

Medical marijuana

The possession and use of marijuana remain illegal under federal law. Consistent with federal law, including the Controlled Substances Act and the Drug Free Schools and Communities Act, the use and/or possession of marijuana (even for medical purposes) continues to be prohibited while a student is on college owned or college- controlled property, and/or at any function hosted, authorized or supervised by the college regardless of where held. All products containing THC are prohibited.

Possible Sanctions for Violating the Drug Provision for Possession and Use

While the College aims to handle situations on a case by case basis in regard to drugs. The College also aims to respond consistently to students and to be transparent with outcomes. The following are recommended sanctions for violations of the drugs policy. Procedures for Resolving Misconduct

When the actions of a student(s) or organization violate the Dickinson College Community Standards, a process of review and resolution is implemented. This section describes the various procedures employed for the resolution of concerns about behavior and conduct that is inconsistent with our values and standards as an academic community. Generally, reports of violations of standards are submitted to the Vice President and Dean of Student Life Office at which point they are resolved formally or informally. All academic misconduct situations must be reviewed by a panel as part of the formal resolution process.

Informal Resolution

The College aims to respond to student misconduct in an educational and restorative manner whenever appropriate. Informal resolution seeks to resolve conflict, restore an individual or group's relationship with the community and to promote and maintain community trust and civility. This is achieved through outcomes mutually agreed to by the college and the student. Outcomes of informal resolutions do not appear on a student or organization's conduct record; however, these outcomes can be taken into consideration if additional violations occur.

Informal resolution is reserved for allegations of social misconduct in which:

- the facts of the incident are not in dispute,
- the student(s) or organization(s) involved has accepted responsibility for their/its actions and agrees to amicable and respectful discussion throughout the process,
- and when, based upon the behavior at issue, the likely outcome does not alter a student or organization's relationship or status with the College.

Violations likely to alter a student's status at the college (asterisked in the Community Standards section of this document) are not eligible for review under informal resolution.

As part of the informal resolution process students may participate in one or more of these options: student (peer) panel meetings, restorative conferences with a College community member or conflict mediation. The resolution achieved in each situation will be based upon the specific incident under consideration.

Regardless of which process is used, the success of informal resolution requires that the meeting(s) include honest and candid dialogue, input from the parties involved, an acknowledgement and understanding of responsibility by the parties involved, and a resolution that is agreed upon by all participants.

Because the outcomes of informal resolution conversations are mutually developed and agreed upon by parties involved, an appeal of the process and its result is not permitted. If the parties are unable to agree on the outcomes of the informal resolution proceeding, any party may request that the matter be resolved through formal resolution proceedings.

Formal Resolution

Generally, there are two means of formal resolution: administrative hearings and hearing panels. Violations that do not meet the criteria for informal resolution and that are not likely to alter a student's or organization's status at the institution may be heard by a single administrative hearing officer. The administrative hearing officer is appointed by the Vice President and Dean of Student Life office. All other violations that will be resolved by formal resolution will be reviewed by a hearing panel.

Students' rights concerning conduct resolved through Formal Resolution are:

- The right to appropriate notice of concerns about specific behavior (this information is in the notice letter that the student receives).
- The opportunity to be assisted by an advisor
- The opportunity to respond to the concern (your opportunity is to provide a written statement or your account of what occurred during the hearing).
- The opportunity to appeal the initial hearing outcome if grounds for appeal are met.

Formal resolutions are reserved for allegations of social misconduct in which:

- a student(s) or organization has requested a formal resolution process
- the alleged violation(s) of the Community Standards likely to alter a student's status at the college
- the facts of the underlying incident are in dispute
- the student(s) or organization(s) involved have challenged or have failed to acknowledge responsibility for their/its actions or where the outcome of a hearing may alter a student or organization's relationship
- all academic misconduct situations must be heard through the formal resolution process

Violations which involve sexual offenses or sexual harassment are typically not addressed under the Community Standards, and must be resolved under the processes set forth in the Sexual Harassment and Misconduct Policy (current policy can be found on the following pages <https://www.dickinson.edu/titleix> or on the [campus-wide policies](#) page [found here](#)). Information regarding the resolution of sexual harassment and misconduct claims may be obtained from the Title IX Coordinator.

ADMINISTRATIVE HEARING

In situations where informal resolution is not available or the parties have requested, an administrative hearing. Typically, these are for violations of a more serious nature or where there is a conduct history. Students cannot be separated from the college through suspension or expulsion in an administrative hearing. A hearing officer reads through a script and asks the student whether they believe they are responsible or not responsible

for the possible violations of the standards. The hearing officer then listens to the students account of what occurred and asks clarifying questions before deciding responsibility.

HEARING PANEL

For social (non-academic) conduct violations, the hearing panel consists of three voting members: a student, a faculty member and an administrator or staff member, with the exception of any hearings to resolve the Sexual Harassment or Misconduct provision. For any violations related to Sexual Harassment or Misconduct, the panel will consist of a faculty member and two administrator or staff members. The Associate Dean for Residence Life & Housing and Student Conduct, or designee, will serve as the chairperson (non-voting) facilitating the hearing process and assuring the process is followed appropriately. For academic conduct violations, the hearing panel consists of three voting members: a student, a faculty member and an Associate Provost who serves as chairperson (voting member). The individuals who serve as hearing officers or on hearing panels are chosen from a pool of eligible panel members.

The various members of the pool are chosen as follows:

- **Students** who are members of the hearing panel pool are nominated by members of the College community, interviewed by the Vice President and Dean of Student Life Office and then confirmed by Student Senate. The students are trained by the Vice President and Dean of Student Life Office and Academic Affairs to hear incidents involving academic and non-academic violations of the College policy. Students will not serve on hearing panels for the violation of Sexual Harassment or Misconduct.
- **Faculty** who are members of the hearing panel pool are elected by the faculty. The faculty members are trained by the Vice President and Dean of Student Life Office and Academic Affairs to hear incidents involving academic and non-academic violations of the College policy. The faculty are trained by the Vice President and Dean of Student Life Office and Academic Affairs to hear incidents involving academic and social conduct violations of the College policy.
- **Administrators and staff** who are members of the pool from which hearing panel members are selected and appointed by the Vice President and Dean of Student Life Office or the Provost's Office. The staff members are trained by the Vice President and Dean of Student Life Office to hear incidents involving non-academic violations of the College policy.

The individuals from our community who may appear before a hearing panel are the *complaining party*, the *responding party*, any individuals who are *advisors** and any individuals who appear as *witnesses***.

The **complaining party** may be any member of the College community, including students, faculty, other employees or the College itself who believe that a student or student organization has violated the Community Standards. In some instances, the complaining party may be a community member.

The **responding party** is any student, group of students, or organization accused of a violation of the Community Standards.

As used in this policy, “**parties**” refers collectively to the complaining party and the responding party.

*The complaining party and the responding party may each be assisted by an **advisor**. This person may help prepare the party for the hearing and may accompany the party that he or she is assisting to the hearing. An advisor must be a current student, full-time faculty member or full-time staff member of Dickinson College. This person must not have a law degree and cannot speak on behalf of the responding party or complaining party during the hearing.

** The complaining party and the responding party may each have **witnesses** who have relevant information pertaining to the incident appear during the hearing or, in lieu of appearing, submit statements from witnesses in writing in advance of the hearing according to the schedule described in this policy. ^[1] Witness information must be submitted in advance and witnesses must be approved by the Vice President and Dean of Student Life Office before information will be shared with the hearing administrator or hearing panel. Similarly, any written statements must be submitted in advance.

Notice of Hearing

The Associate Dean for Residence Life & Student Conduct or their designee, makes an initial determination of whether a student and/or organization may have violated the Community Standards and/or College policy. Throughout this document, Associate Dean for Residence Life & Student Conduct refers to the Associate Dean with oversight of the conduct process. A **notice letter** provides a student or organization with information about the policy or policies violation(s) that are alleged to have taken place. Notice of informal resolution or administrative hearing will be provided no less than two (2) business days in advance of the resolution proceeding. In general, notice of a hearing before a hearing panel will be given approximately five (5) business days before the scheduled date of the hearing. Under extenuating circumstances, the timeframes set forth in this section may be extended by the Vice President and Dean of Student Life. The time frames set forth in this policy are meant to provide guidance and the College may alter or set new time frames as appropriate. In addition, the notice letter also provides a student or organization with the date, time, and place of the hearing, as well as the name(s) of the person(s) hearing the case. If the student or organization wishes to contest their hearing officer or panel member(s) based upon a perceived conflict of interest they should contact the Associate Dean for Residence Life & Student Conduct as soon as possible, but within 24 hours after receiving notice of an informal resolution or administrative hearing and within three (3) business days before the date of a hearing before a hearing panel. A conflict of interest exists where, based upon facts and circumstances, the hearing officer or panel member cannot listen without bias or render a fair and impartial decision. Any documents a student receives related to a hearing are confidential and must not be

shared other than with an advisor, who is also expected to maintain confidentiality.

Accommodations

If a student requires accommodations for a disability during the hearing process, they must inform the Associate Dean for Residence Life & Student Conduct no later than 24 hours prior to the scheduled informal resolution, administrative hearing or hearing panel. The Assistant Dean will work with Disability Services and the student to determine if an accommodation is appropriate and the nature of the accommodation.

The Hearing Process

The panel or administrative hearing officer will listen to and consider all relevant information presented at the hearing. Information supporting the violation(s) alleged may be offered in the form of documents and/or oral information from the complaining party and other individuals. The responding party shall be provided with an opportunity and is encouraged to respond to the allegations and present any information available to support their position regarding the alleged violation(s) by offering documents and/or oral information. Individuals that either party intends to call as witnesses either in person or by written statement must be identified within 24 hours in advance of an administrative hearing and within three business days before the date of a hearing panel. Likewise, any documents that either party intends to use in conduct proceedings, including statements of witnesses, must be submitted 24 hours in advance of an informal resolution or administrative hearing and within three business days before the date of a hearing panel. The parties will be notified of the approval of documents and witnesses at least two business days before the resolution proceeding. The Vice President and Dean of Student Life Office will share the identity of witnesses and any documents, including witness statements, to be offered with the other party at least two business days before the proceeding.

Parties and other individuals who offer information at a hearing are expected to respond to questions presented via the hearing panel chair and/or by the panel members themselves. Once all the information has been presented, everyone will be dismissed from the hearing room so that the panel or administrative hearing officer may deliberate in private.

Administrative and panel hearings are audio-recorded. The audio recording is created for two limited purposes only: for reference by the hearing board or officer during deliberations and for review by the appellate officers during an appeal. No other recordings of conduct proceedings are allowed and no other access to the recordings is permitted.

The hearing panel or hearing officer will determine whether it is more likely than not, based upon the available information, that the responding party is responsible for the violation alleged. If it is determined that a violation of the Community Standards has occurred for which the responding party is responsible, the panel or hearing officer will

determine sanctions, taking into account any previous disciplinary action for which the responding party has been responsible.

The result of the hearing and any sanction imposed are communicated to the responding party. Generally, this will occur within five (5) business days from the date of the hearing. There are some violations, as determined by law, for which a victim or victims will be notified about the outcome of a hearing.

Students and/or organizations are expected to attend scheduled hearings. If a student or organization fails to attend a hearing for any reason other than an emergency, the hearing may be held in the absence of the student or organization. Students and/or organizations can request to have a hearing rescheduled. Requests to reschedule must be submitted to the Associate Dean for Residence Life & Student Conduct within 24 hours after receiving a notice of an administrative hearing or hearing panel. Requests must come directly from the student receiving a notice letter.

If a hearing must be held at or after the end of the semester and/or a hearing panel cannot reasonably be convened, those matters will proceed either with a modified panel or to an administrative hearing. When proceeding as an administrative hearing, hearings for academic misconduct violations will be heard by two Associate Provosts, or designees of the Provost, and hearings for social violations will be heard by the Associate Dean for Residence Life & Student Conduct, or their designee.

Because the goals and objectives of the College's Community Standards and policies differ from those of the civil and criminal justice systems, in situations which give rise to both violations of the Community Standards as well as violations of any local, state or federal law, student conduct proceedings may move forward without regard to pending civil litigation, criminal arrest, and/or prosecution. Proceedings under the College's Community Standards may be carried out prior to, simultaneously with, or following civil or criminal proceedings off-campus. On-campus adjudication does not preclude or limit a student's access to the state and federal justice systems.

Interim Separation

The Vice President and Dean of Student Life, or their designee, may place a student or organization on interim separation for any behavior that, in their judgment, poses an ongoing risk of harm to the safety or well-being of an individual or other members of the campus community. Pending formal resolution of the situation as provided by the Community Standards, the student or organization will be denied access to the entire campus. During interim separation, a student may continue their coursework. When Interim Separation is imposed, the College will make reasonable efforts to complete the hearing within two weeks of the interim separation beginning.

Interim Measures

The Vice President and Dean of Student Life, or their designee, may impose conditions

on any student or organization associated with a hearing process which, in the Dean's judgment, are necessary to maintain order, preserve the integrity of the hearing process and provide for the safety and well-being of individuals and organizations associated with the hearing process.

Outcomes

Hearing panels or administrative hearing officers who find a student or organization responsible for a violation of the Community Standards or College policy, will issue sanctions, including but not limited to, those outlined below. Sanctions may be issued individually, or a combination of sanctions may be imposed. The determination of sanctions is based upon several factors, including: the interest of the College community; the impact of the violation on the community, its members or its property; any previous conduct violations; and any mitigating or aggravating circumstances.

Academic Misconduct Outcomes

Academic honesty and integrity are a necessary foundation for scholarly work. Cheating in any form, including plagiarism, is unacceptable. Students found responsible for violations of the Academic Standards will receive sanctions as appropriate. In addition to the sanctions described in the Community Standards for social violations (such as warning, stayed suspension, suspension, expulsion, revocation and/or withholding of diploma), which are also applicable to academic violations, students found responsible for academic misconduct may also receive:

A ZERO ON THE ASSIGNMENT IN QUESTION

The lowest score that can be earned for the assignment in question will be given and the student's final grade calculated based on the grading information stated in the course syllabus.

REQUIRED WITHDRAWAL FROM THE COURSE WITH A PENALTY GRADE OF "F"

Students immediately lose the privilege of attending the class. A letter grade of "F" will be recorded on the student's academic record and calculated into the semester and cumulative GPA as 0.00. A failed course may be retaken for credit. Both the original grade and the new grade are calculated in the cumulative grade point average. All "F" grades continue to appear on the student's academic record regardless of course repetition.

The typical sanction for academic misconduct is an "F" in the course and stayed suspension.

In most situations, conduct files of students who have been found responsible for academic misconduct but have not been suspended or expelled are destroyed seven (7) years after graduation or permanent separation from the college. The conduct files of students who withdrew with pending disciplinary action or have been suspended or expelled from the College are maintained in the Vice President and Dean of Student Life

Office indefinitely. In incidents where a student is found responsible for an academic violation, the student's academic advisor and class dean will be notified of that outcome.

Social Misconduct Outcomes

The outcomes which may be imposed individually or in combination on a student or organization found to have violated the Community Standards include, but are not limited to, the following:

WARNING

Notice to a student or organization that continuation or repetition of conduct found to be in violation of the Community Standards or policies may result in further disciplinary action.

RESTITUTION/RESTORATION

Restitution includes the reimbursement for damages to or the misappropriation of property. Restoration includes the performance of appropriate services to repair or otherwise compensate for damages. Restitution and restoration may also include personal apologies, or other direct efforts to compensate for or address an issue.

HOUSING RESTRICTION(S)

Housing restrictions include, but are not limited to, restricted access to any or all parts of residence halls, the loss of room selection/lottery privileges, the loss of ability to engage in social or residential off-campus non-commercial spaces, requirement to move on-campus at your own expense, removal of guest privileges, and/or restriction from autonomous housing options.

HOUSING RELOCATION

Housing relocation includes the involuntary relocation of a student from one residence hall to another residence hall on campus. If a student is relocated, they may be restricted from the prior residence.

OFF CAMPUS NUISANCE HOUSE

Any off-campus residence currently occupied by Dickinson College students where one or more residents or participants in social activities at the residential space has been placed on probation may be designated by the College as a nuisance house. During the period of designation, exemplary community behavior is expected. Carlisle Police will also be notified of the designation. Additional violations of the Community Standards during this designation period may result in citations from the Carlisle Police.

ASSESSMENT AND/OR TREATMENT

Referral to the Wellness Center or approved off-campus agencies for various

assessments, evaluations and/or treatment. This includes but is not limited to substance abuse assessment and/or treatment, anger management evaluation and/or treatment, and conflict mediation.

RESTRICTIONS ON PARTICIPATION OR USE

Restrictions on participation include the revocation, or the loss for a stated period of time or under a stated set of conditions, of a student's ability to participate in certain College approved activities, including but not limited to varsity sports, clubs, organizations (including but not limited to Greek organizations) or leadership positions with such sports, clubs and organizations. Restrictions on use include the denial of access to, or use of, certain College facilities, programs or equipment for a stated period of time or under a stated set of conditions.

PARENTAL NOTIFICATION

Disclosure to a parent that the student has been found responsible for a violation of the alcohol and/or drug provisions of the Community Standards. **This is a typical sanction for an alcohol and/or drug violation.**

PROBATION

A specified period of time requiring maintenance of exemplary conduct. Further violations during this time may result in more serious sanctions. This may also include all residents of a house, apartment, or suite on or off-campus.

STAYED SUSPENSION

A student or organization on stayed suspension has been found responsible for conduct that warrants suspension from the College. In the exercise of its discretion, Dickinson College has determined to withhold immediate imposition of suspension and to allow the individual or organization to remain on campus, usually with additional terms of compliance. If a student or organization is found in violation of any aspect of the Community's Standards or of terms of compliance during the period of the stay, the stay on this suspension may be lifted and the suspension will become effective immediately, resulting in separation from the College for the remainder of the suspension period. In addition, any other sanctions for the new violation(s) will be imposed. During a period of stayed suspension, the terms imposed on an organization will also be binding on the members of the organization.

SUSPENSION FROM THE COLLEGE

A student suspended from the College may not participate in classes or other College activities and may not be on College property (except by appointment, arranged in advance with the Provost and Dean of the College or the Vice President and Dean of Student Life or one of their designees) for the period of time specified in the notice of suspension. Suspension extending beyond the semester in which action is taken shall

consist of units of full semesters, and/or summer sessions. In no case shall the suspension terminate prior to the end of a semester. Courses taken at another institution during this period of suspension will not be accepted for transfer at Dickinson. Conditions for resuming active status on campus following suspension may be imposed by the College. An organization that is suspended shall be required to forfeit its ability to conduct group-sponsored activities, to participate in College-sponsored activities and any College support for the organization will be withdrawn during the period of suspension.

An organization that is suspended shall be required to forfeit its ability to conduct group-sponsored activities, to participate in College-sponsored activities, and any College support for the organization will be withdrawn, during the period of suspension.

REVOCAION OR WITHHOLDING OF DIPLOMA AND DEGREE

If a student has graduated, or otherwise satisfied the requirements for earning a degree, from Dickinson College before violations of the Community Standards are discovered or before a determination of violations is complete, the College reserves the right to revoke the diploma and/or degree conferred, or to withhold the conferring of a degree or diploma otherwise earned for a specified period of time or indefinitely.

EXPULSION

For an individual, expulsion is permanent termination of student status, which includes exclusion from any Dickinson College property, College sponsored or College affiliated events. A person expelled from the College is denied the rights and privileges of inclusion in the Dickinson College community both as a student and as an alumnus. For an organization, expulsion is permanent termination of the organization's relationship and status with the College, which includes termination of access to facilities, funding, and/or right to assemble as an organization on College property, and College sponsored or affiliated events. An organization expelled from the College is denied the rights and privileges of inclusion in the Dickinson College community as an organization.

OTHER

Such other sanctions as may be appropriate in the judgment of the College.

Appeals Process

Decisions made by a hearing panel or hearing officer following a formal resolution can be appealed by either party within five (5) business days of the date of notification of the decision by the Vice President and Dean of Student Life office.

The appeal may be based only on one or more of the following grounds:

- A deviation from College policy or procedures that materially affected the outcome;
- The sanctions imposed were too harsh or too lenient; or,
- New information that could affect the finding and that was not reasonably

available through the exercise of due diligence at the time of the investigation.

All appeals must be in writing and submitted to the Associate Dean for Residence Life & Student Conduct. The appeal shall consist of a plain, concise and complete written statement expounding on the grounds for the appeal. The Associate Dean for Residence Life & Student Conduct shall determine whether one or more bases for the statement of appeal have been met. If they have, the appeal will be reviewed by an appellate officer or panel. Situations which were resolved through an administrative hearing will be reviewed by an appellate officer and situations which were resolved through a panel hearing will be reviewed by an appeal panel.

The appeals panel shall consider the merits of an appeal only based on the information provided in the written request for appeal, and the record of the original hearing. The appellate officer or the panel may request to meet with the hearing officers, responding party and/or the complaining party to seek clarification of the hearing record only. Any decision of the appeals panel shall be made by majority vote. The appeals panel must be persuaded to act by clear and convincing reasons. All appeal panel decisions are final, except for cases of expulsion*. The complaining party and the responding party will be notified of the appeal panel's decision by letter within five (5) business days, or as soon as reasonably possible after the decision is rendered.

In situations involving social misconduct (non-academic) violations, the appeals panel is comprised of the Vice President and Dean of Student Life, or their designee, most commonly the Associate Vice President for Student Life, one student and one faculty member none of whom were involved in the original hearing. In situations which involve academic conduct violations, the appeals panel is comprised of an Associate Provost, one student and one faculty member none of whom were involved in the original hearing. The appeals panel must be persuaded by clear and convincing evidence that is presented in writing in the appeal letter. The individual appealing will be notified of the appeal panel's decision by letter within five (5) business days, or as soon as reasonably possible after the decision is rendered.

If an appeal needs to be held at or after the end of the semester and/or an appeal panel cannot reasonably be convened, regardless of whether the hearing took place while classes were in session or not, the appeal shall be reviewed by the Provost/Dean of the College, or their designee, in matters of academic violations or to the Vice President and Dean of Student Life, or their designee, most commonly the Associate Vice President for Student Life in matters of social violations.

*In matters where expulsion is the sanction recommended by either the hearing panel or the appeal panel, the responding party may appeal the decision of the appeal panel to the President. The President, or their designee(s), shall conduct the final appeal. The appeal must be in writing, addressed to the President of the College and be delivered to the Vice President Dean of Student Life Office within five (5) business days of the date of notification of the decision by the appeals panel. The appeal may be based only on the

grounds that procedures set forth in the Community Standards were not followed by the appeals board, the sanctions imposed by the appeals board were excessive for the violation, and/or new or relevant information, not available at the time of the hearing, has arisen. The appeal is a review of the written request for appeal, review of the recording and all documents from the original hearing. Appeals are non-

oral and the President will normally make a decision within 10 business days or as soon as practicable.

Student Records and Confidentiality

All resolution proceedings, whether informal or formal, are conducted in compliance with the requirements of FERPA and College policy. No information shall be released from such proceedings except as required or permitted by law and College policy.

It is generally the policy of Dickinson College to obtain consent from a student before releasing information from a student's education record, including the disciplinary proceedings of the College, to parents. However, where in the judgment of the College the release of such information to parents is appropriate and is not otherwise prohibited by FERPA or other applicable laws, the College reserves the right to release information without student consent. The College's complete FERPA policy may be found in the Student Handbook.

Informal resolution is an administrative proceeding, and matters resolved through informal resolution processes are not part of a student's conduct files, subject to the exception noted in the previous description of the Informal Resolution section.

Affirmative findings of responsibility in matters resolved by formal resolution proceedings are part of a student's conduct record. Once a student has been found responsible for violating the Community Standards by formal resolution proceedings, all records of matters addressed by informal resolution shall be transferred to and become a part of a student's conduct record. Such records shall be used in reviewing any further conduct, developing sanctions, and shall remain a part of a student's conduct record for all purposes.

Generally disciplinary sanctions are not noted on a student's transcript. The conduct files of students who withdrew with pending disciplinary action or have been suspended or expelled from the College are maintained in the Vice President and Dean of Student Life Office indefinitely. In most matters, conduct files of students who have not been suspended or expelled are destroyed seven years following their graduation. Students who withdraw prior to graduation and who have not been suspended or expelled are destroyed seven years following their departure. Further questions should be directed to the Associate Dean for Residence Life & Student Conduct.

Records of disciplinary action involving organizations (other than stayed suspension, suspension or expulsion) are maintained in the Vice President and Dean of Student Life

Office indefinitely.

Students who declare an interest in studying abroad through the Center for Global Study and Engagement (CGSE) are subject to a conduct record check. Information that will be shared with the CGSE includes but is not limited to; violations that resulted in the suspension of the student, violations that resulted in a student being placed on stayed suspension or conduct probation, violations involving illicit drugs or drug paraphernalia, sexual harassment, sexual offenses, other acts of violence, and major damage to property. It is within the sole discretion of the College, through the CGSE and the CGSE Conduct Committee, to determine whether a student who has violated College policy and/or the Community Standards is eligible to study abroad. Consideration and qualification for study off-campus are not disciplinary determinations but may be affected by a student's disciplinary record.

^[1] While the Vice President and Dean of Student Life office will make reasonable efforts to accommodate the schedules of the parties and their witnesses, accommodating everyone's schedules is not always possible and may unreasonably delay the timely disposition of the violations. When this point is reached, and the Vice President and Dean of Student Life office determines that the hearing will go forward on a certain date, there will be no further efforts to accommodate schedules of witnesses and statements in lieu of appearing will be the offering party's only option.

COVID-19 Addendum to the Community Standards

APPLICABLE TO STUDENTS ON CAMPUS

As we have shared throughout the summer, this fall semester will look different. However, we know Dickinsonians are ready for the challenge of caring for each other. Time and time again we have seen you serve your community; during this time you will serve each other. Your actions this fall and the personal responsibility we all take within our community are more important than ever. By emphasizing safety, health, and a collective understanding of what is required from all of us, we can minimize the impacts of this new coronavirus. Together we will win against this global pandemic.

The expectations and guidelines shared in this addendum to the Community Standards asks each member of the residential community to commit to a strong regimen of personal hygiene, including frequent handwashing; cleanliness in your rooms, suites, and apartments; the wearing of personal protective equipment (PPE), such as face coverings, basically whenever you are outside of your apartment; and maintain social distancing of at least six feet where possible. The College will also support the protection of its students, staff, and faculty by providing PPE and posting signage that reinforces the expectations around personal health and safety.

This semester will be about considering your actions within the context of the community, your fellow students, and other faculty and staff who may be on campus. So, we will ask you to do things for the good of the community. We will start by requiring all residential students to be tested for COVID-19 prior to the start of the academic year. This requirement will provide a baseline of information for students living on campus. However, students must consider that a negative test at that time is only a snapshot in time. Students could be exposed to the virus and test positive, even hours later. We implore students to take a negative test as an opportunity to refocus on the safety practices they will put in place moving forward to protect themselves, their apartment-mates, and the broader community.

We must all work together to ensure the safety, health, and well-being of our community and campus in these trying times. These expectations are one element of our ongoing plan to build and sustain a culture that makes the health and safety of others its top priority.

As a Dickinson student, you are a member of the Carlisle community. We must also protect those living around the college. We expect that you will follow all safety guidelines when you are spending time both on and off campus grounds. You represent Dickinson to those living in Carlisle, so at all times prioritize the safety and well-being of the broader Carlisle community in addition to the Dickinson community.

This document remains effective as an addendum to the Dickinson College Community Standards starting August 12, 2020 until otherwise noted by the College. The College reserves the right to update and make edits to this document to be in line with the guidance that comes from local, state, and national public health agencies as well as government officials. All updates to the document will be clearly noted with the date and posted on the College's website.

Failure to follow these policies and rules will result in a charge of the appropriate alleged violation which may include a policy violation of the Community Standards. The student will go through the conduct process and if found responsible, receive sanctions which could result in losing your ability to live on campus. Please know that students' health, wellness, and safety is the College's top priority.

COLLEGE NOTIFICATION OF COVID SYMPTOMS

The College requires that all students - living on campus or approved commuters who will be visiting campus - notify the College immediately (no later than 4 hours after you notice the symptoms) if you develop symptoms associated with COVID-19.

In order to notify the proper College entities, please call the Wellness Center at (717) 245-1663 for further directions. The Wellness Center is open M-F from 8:30am-4:30pm. Outside of these hours, contact the Department of Public Safety who will put you in touch with the Student Life on Call staff member.

Student living on campus who are symptomatic will be asked to be tested at the Wellness Center and isolate (in housing provided by the College) as soon as possible (see Isolation below). Students who are tested off-campus will receive follow up contact from Wellness Center staff.

Wellness Center staff will ask the student for a list of close contacts, following current guidelines for contact tracing. Close contacts currently consist of the following:

- Individuals with whom they were within 6 feet of for 15 minutes or more within the 48 hours prior to symptom onset, regardless of whether face coverings were being worn.
- Close contact also includes being directly exposed to respiratory secretions (e.g., cough or sneeze).

When a student is tested at the Wellness Center, staff will obtain consent from the student to share appropriate medical information with Residence Life staff and other relevant College personnel (e.g., athletic trainers) - as well as family members, if requested.

After the College has learned that a student has tested positive for COVID-19, the Pennsylvania Department of Health will be notified to begin their contact tracing to determine if there was exposure to other members of our community so that the College can take appropriate next steps to mitigate further spread of the virus.

HEALTH MONITORING/REPORTING

All students on campus will be required to self-monitor their health and report whether they are experiencing any symptoms of COVID-19 or have had potential exposures to the College by logging into <https://dickinson.medicatconnect.com/> on a daily basis. The information provided will not be considered part of students' confidential medical records at the Wellness Center, but it will only be accessible to specific college personnel. When asked, students must accurately and honestly report symptoms or risk factors for COVID-19. Students who feel ill or have a fever should not interact with others and must contact the Wellness Center (Monday through Friday from 8:30am to 4:30pm) or the Department of Public Safety for further instruction.

According to the CDC, people with COVID-19 have had a wide range of symptoms reported – ranging from mild symptoms to severe illness.

Symptoms may appear 2-14 days after exposure to the virus. People with these symptoms may have COVID-19:

- Fever or chills
- Cough
- Shortness of breath or difficulty breathing
- Fatigue
- Muscle or body aches
- Headache
- New loss of taste or smell
- Sore throat
- Congestion or runny nose
- Nausea or vomiting
- Diarrhea

This list does not include all possible symptoms. Please refer to the CDC for a more updated list as new symptoms continue to be determined.

RESTRICTED MOVEMENT (INITIAL REQUIREMENT UPON ARRIVAL)

Students arriving to campus for the fall semester, students who have lived on campus this summer and are relocating to a new space for the fall and/or students who will be living with new roommates, will be asked to restrict their movement for 14 days following move-in.

Students should remain in their residences, except when attending essential tasks on campus (i.e., picking up food, picking up your book order, etc.) or attend in-person medical appointments. Students may spend time outside as long as safety guidelines are followed, which include wearing a face covering outdoors if they are unable to maintain a distance of 6 feet from individuals with whom they do not reside (i.e., who are not roommates/suitemates/housemates (i.e., “household members”). If students require additional necessities (e.g., groceries and/or over-the-counter health supplies/medication) during these first 14 days, they can purchase these online from local stores and the college can arrange to have them picked up and delivered via the safety shuttle at predetermined times.

ISOLATION (FOR STUDENTS WHO ARE ILL)

Residence Life & Housing staff will provide symptomatic students being tested by the Wellness Center with an isolation housing assignment.

- Residence Life staff will drop off a key and a wagon outside of the student’s apartment to allow the student to move themselves.
- Students should take only what they will need for 10-14 days, including any clothing, bedding, medication, toiletries, cooking utensils, dishes, groceries, etc.
- Students will be provided with written instructions from the Wellness Center about isolating, including information about contacting Residence life & Housing staff if they require meals delivered, time sensitive items in the mail room picked up, or a small bag of clothing laundered.

- Any student who requires assistance while in isolation can be in touch with the Residence Life staff member who provided their isolation assignment.
- Local students who prefer to transport themselves to an off-campus location (or have a family member willing to provide transportation) will be allowed to do so, although this may not be advisable if they do not have adequate access to food, medication, and other essential items, and/or if they would be living with individuals who are susceptible to COVID-19. Students who choose to return home will be provided with interim isolation housing if they cannot leave campus immediately.

QUARANTINE (FOR STUDENTS POTENTIALLY EXPOSED)

Wellness Center staff will contact all students who are identified as close contacts of the student who is symptomatic, including roommates/suitemates/housemates (i.e., “household members”), to inform them of the potential exposure to a suspected case of COVID-19, arrange for testing at the Wellness Center, and connect them with relevant College personnel to arrange for quarantine. The identity of the student who is symptomatic will not be disclosed to close contacts.

- Household members will need to quarantine at least until all results are back and can discontinue quarantine if test results are negative for everyone in the apartment/suite/room (including the student who is symptomatic).
- If these household members only share a bathroom with each other (e.g., apartment housing), they will be allowed to self-quarantine together, but would still be encouraged to remain in their apartment, not go to class or the dining areas, and social distance from each other as much as possible.
- If household members quarantine together and any of these household members tests positive, time spent in quarantine may be prolonged if social distancing cannot be maintained and/or if bedrooms are shared. Please refer to the CDC guidance on quarantine for details: <https://www.cdc.gov/coronavirus/2019-ncov/if-you-are-sick/quarantine.html>
- Other close contacts will need to quarantine at least until all results are back and can discontinue quarantine if test results are negative for the student who is symptomatic.
- Close contacts who are not household members of the student who is symptomatic will need to quarantine in a space with their own bedroom and a private bathroom (a shared bathroom is only acceptable if those sharing the bathroom have a similar level of exposure to the student who is symptomatic).
- Students will be provided with instructions from the Wellness Center about quarantining and Residence Life staff will assist students in quarantine in a manner similar to those in isolation, as indicated above.

RETURN TO HOUSING ASSIGNMENT POST-QUARANTINE OR ISOLATION

Any student who tests positive for COVID-19 (or who has not been tested) should remain in isolation until all of the following criteria have been met and the Department of Health has instructed the student to discontinue isolation:

- It has been at least 24 hours since resolution of fever without the use of fever-reducing medications
- There has been improvement in other symptoms (e.g., cough, shortness of breath)
- At least 10 days have passed since symptoms first appeared (20 days for individuals with severe/critical illness or who are severely immunocompromised).
- If the student tests positive but remains asymptomatic, the student should remain in isolation until it has been 10 days since the positive test result.
- Please note that these criteria may change over time and the most up to date guidelines can be found on the CDC's website.

Any student in quarantine who has not tested positive and remains asymptomatic should discontinue quarantine after 14 days since their close contact with the person who tested positive and the Department of Health has instructed the student to discontinue quarantine.

FACE COVERINGS

The best way to prevent illness is to avoid potential exposures. You will be expected to wear a face covering when in shared spaces on campus and/or within six feet of others. This combined with other recommended practices such as social distancing, frequent handwashing, health-monitoring and good hygiene practices (e.g., cover coughs and sneezes, clean frequently touched surfaces, etc.), help to mitigate the spread of COVID-19.

Below are a few examples of when to wear a face covering versus situations when not wearing a face covering may be permitted.

When to wear a face covering:

- In the classroom or laboratory, if applicable
- In the HUB, except while eating
- In all hallways, lobbies, or other high-traffic areas
- In your apartment when guests are visiting (anyone outside of your household)

When it is not necessary to wear a face covering:

- In your apartment when only members of your "household" around
- Outside while more than six feet from others

All Dickinson students, faculty, and staff reserve the right to kindly ask that students and other community members wear a face covering if they are not wearing one in a

required setting. It is recommended that all students carry an extra face covering while on campus. If a student does not have a face covering to put on in that moment, they can be directed to visit the Department of Public Safety or the Wellness Center who have face coverings.

SOCIAL DISTANCING

Social distancing is designed to limit the spread of a disease by reducing the opportunities for close contact between people. It is asked that everyone does their best to maintain a safe social distance of six feet or more in all settings.

We recognize that maintaining six feet of social distancing may not be possible in all unforeseen and informal situations but ask that all students make every effort to abide. For everyone's health and safety, face coverings will also be utilized (see above for more information) in an effort to maintain social distancing.

VISITORS

To mitigate the possible spread of the virus, we are limiting visits during this time. A visitor is anyone who is not approved to live on campus for the fall semester.

- Visitors to campus will be prohibited from entering any residential facility and are encouraged to remain outdoors whenever possible (the only exception to this is limited to move-in and move-out, where a student may have two helpers. Helpers must be screened by Residence Life & Housing prior to entering any residential facility. And, the time spent in the residential facility should be limited to the act of moving belongings).
- Visitors must wear face coverings while on campus and practice social distancing.
- All visitors must be registered online. [COVID Health and Safety: Daytime Visitor Registration Form](#). It will be the responsibility of the student, office or department to register their visitor before or once they arrive to campus.
- A visitor to campus will be asked to inform the College if they exhibit symptoms of illness within 14 days of the visit. If a student learns one of their visitors is experiencing symptoms during this window, they should contact Residence Life & Housing at (717)245-1556.
- Visitors are not allowed to stay overnight on campus.

GUESTS

To mitigate the possible spread of the virus, we are limiting guests in residential facilities during this time. A guest is anyone who is an approved member of the residential community but not assigned to live in the space.

- On campus students will not be permitted to have guests in their residential space during the first two weeks of classes. On the Friday after the second week of classes, residential students can have guests visit them in their residential

space. Each resident can have one guest at any given time, so the maximum number of people in any residential facility can be double the space occupancy. Guests and residents are expected to wear face coverings during this time as social distancing may not be possible.

- All students will be required to complete a roommate agreement to determine their own expectations for guests within their residential space.
- Students who are not approved to live on campus are not current members of the residential community and cannot be guests in residential facilities.

COMMON SPACES

Congregating in indoor communal areas of campus in groups is prohibited in any spaces that cannot allow for six feet social distancing.

This includes, but is not limited to apartments, the HUB, the Kline Center, etc. All students who are congregating in a communal space, outside of the people they live with, must wear a covering and maintain six feet of social distance, per the policy.

You may find furniture removed in common spaces and appliances disabled to discourage congregating in certain areas.

SOCIAL SPACES

Students will be able to socialize with the people they live with plus one guest per resident in their residential space (after the first two weeks of class). Students wanting to gather outside of their own residential space may do so outside.

Students need to consider risk when seeking to socialize with others. Interacting with others while practicing harm reduction strategies can be helpful to maintain and build connections and prevent isolation. Harm reduction strategies include (taken from <https://www.health.harvard.edu/blog/how-to-socialize-in-a-pandemic-2020060519996>):

- Understand the rates of virus transmission in [Carlisle and Cumberland County](#);
- Consider vulnerability to the virus;
- Evaluate the risk of the activity, which includes its duration and setting.

Per the Community Standards, drinking games and binge drinking paraphernalia are not permitted at any time. Given what we know about COVID-19, students found participating in drinking games or using binge drinking paraphernalia will be viewed as especially egregious now given the ease of contamination via this manner of alcohol consumption.

EVENTS

Events on campus will primarily be virtual. There may be limited opportunities for on

campus students to gather outside, weather permitting.

TRAVEL

Students living on campus are strongly encouraged to minimize their travel and continue to practice all necessary health and safety behaviors while off-campus. We ask that students not travel via mass transit, once they have arrived on campus. If you must travel, please follow the guidelines developed by the Pennsylvania Department of Health: <https://www.health.pa.gov/topics/disease/coronavirus/Pages/Travelers.aspx>. Travel to states on the Governor's list or counties within PA that are not in the "green" phase, will require a 14-day quarantine upon return to campus. It is important to continue to be thoughtful about how your travel and activity can create a risk to those in your household.

If a student plans to stay on campus through the exam period, we ask that you not travel via mass transit or travel to any area with high amounts of COVID-19 (as defined on the website above) to go home for the Thanksgiving break.

Catering

Purpose and Objectives

This policy establishes procedures for the use of institutional funds to purchase food and beverage or catering services. The objectives include the following:

- A. Ensuring the college maximizes the value of limited resources used to buy food services and leverages opportunities found through internal resources.
- B. Providing guidance on how institutional funds shall be used, i.e. the requirement to give Dickinson College Catering the first-right-of-refusal for all events.
- C. Ensuring College community members execute advance planning and preparation to ensure successful college events for all parties involved.
- D. Providing guidance on purposes and circumstances under which institutional funds should and should not be used.
- E. Ensuring appropriate parties are involved in the decision to use institutional funds.
- F. Ensuring catered functions advance the mission of the college through application of the institution's strategic plan.

Use of Dickinson College Catering is required for on-campus events where food is served because the college has invested in the fixed resources (staff and equipment) associated with delivering complete dining and catering services. Giving discounts to the college's internal customers is appropriate to make budgets go further. However, it is also appropriate to charge internal customers for more than just the variable costs associated with food service. Charging internal customers only the variable costs would lead to higher (and wasteful) consumption. This would also over-extend the college's catering services in addition to creating higher, unnecessary expenses for the college.

This policy describes the general procedures to follow under normal circumstances as outlined in the Process for Requesting Catering Services Using Institutional Funds section. Should other-than-normal circumstances occur, and deviation from the policy is contemplated, the consideration of such deviation shall follow the process outlined in Process for Requesting Catering Services Using Institutional Funds section. It is also understood that this policy may be modified in the future from time-to-time. Proposed changes to this policy would be presented to the college's senior officers (i.e. President's Staff) and to the All College Committee on Planning & Budget (P&B) for recommendation to the President.

Policy Goal

The goal of this policy is to maximize to the greatest extent possible the overall value obtained from the use of institutional funds and to minimize the real dollars leaving the campus. The true incremental cost to the college associated with any catering order consists only of the variable costs (i.e. food and additional staff who are scheduled to work for the event). The use of outside vendors incurs true costs to the college consisting of both the fixed and variable costs. Maximum value can be achieved through the use of internal resources, i.e. reduced costs to the college by using Dining Services' volume purchase agreements and utilizing production staff who are already on the schedule, as well as equipment which the college already owns.

Use of Institutional Funds

Use of institutional funds for any purpose is subject to the approval process described in the Process for Requesting Catering Services Using Institutional Funds section. Requests for all catered functions that are to be funded by institutional funds shall be made through Dickinson College Catering.

College internal customers will receive a 20 percent discount off the price of food and beverage services through Dickinson Dining and Catering Services (1); prices are based on the Catering Menu posted for the public and external customers. Pricing for external customers will be set at prevailing market rates and will be reviewed/adjusted annually. Discounts do not apply to additional services and non-food charges, i.e. delivery fees, linens and TIPS servers.

(1) Custom menus are not eligible for a discount; cost is the published rate.

(2) [Guidelines for Catering at Dining Services' website.](#)

The use of institutional funds for purchase of food, beverage or catering shall be:

- A. To support college community events.
- B. To support officially recognized college group events.
- C. To support academic initiatives that broadly affect college community members.
- D. To support college fund-raising and community outreach efforts.

Institutional Funding of Catered Services

Institutional funds for the purchase of food and beverage or for catered functions shall be requested through the college budgeting process. Budget requests shall be reviewed and approved or denied by the College Planning and Budget Committee.

Process for Requesting Catering Services Using Institutional Funds

- A. Provide catering services with written approval to use institutional funds by delivering a completed Internal Requisition or Student Senate Authorization Form. Provide catering services appropriate approval for service of alcohol as applicable.
- B. Place request for services by following standards and guidelines published (2) by Catering Services. Customized, complex, or global and authentic themes require significant pre-planning and advance notification.
- C. Requests made after published deadlines may be declined or may be assessed an additional fee as published in the catering guidelines. Declined requests do not mean an event cannot be held; however, the event will not have food and beverage service
- D. Catering requests may be granted an exemption from use of Dickinson College Catering at the discretion of the Director of Dining Services and the Catering Manager providing the request was submitted prior to established deadlines. Exemptions typically are granted if Catering Services' resources will be over-extended upon review of each event.
- E. There is an automatic exemption for events with fewer than 25 people and spending less than \$200. The rationale for these numbers is that food for groups of 25 or more people have greater risks of foodborne illness outbreaks and require more planning for food safety controls.
- F. Other exemptions from the requirement to use Dickinson College Catering Services are requested through the Director of Dining Services and may include:
 - Contracts with "food trucks" to support Student Senate and Student Life programming
 - Specific ethnic cuisine to support a related cultural program or event

Deliveries and Solicitations

For the safety and privacy of all members of the campus community, solicitors, peddlers and door-to-door solicitation are not permitted on campus, including in any campus buildings.

Members of the campus community are not permitted to raise funds or sell products on campus without permission from the office of Residence Life & Housing. No one, including members of the campus community, is permitted to solicit, raise funds or sell products in the residential facilities.

No deliveries are to be made to an individual room in any campus building, including the residential facilities. All personnel delivering personal products should be directed to meet you at the main entrance to a campus building.

Drug Free College Community

DRUG FREE COMMUNITY STATEMENT

The Federal Drug-Free Workplace Act of 1988 and the Drug Free Schools and Communities Act and its amendments of 1989 (Public Law 101-226, 20 U.S.C. 1011i) require that all institutions who receive federal funds or any other form of federal financial assistance certify a drug-free environment.

It is the policy of Dickinson College to comply with the Drug-Free Workplace Act of 1988 and the Drug-Free Schools and Communities Act of 1989 and its amendments (DFSCA). Accordingly, Dickinson College is required to adopt and put into effect programs to prevent the unlawful manufacture, distribution, dispensation, possession or use of illegal drugs or alcohol by students and employees on Dickinson property, at college sponsored activities or events, and to offer anti-drug and alcohol abuse programming.

These federal regulations also require the college to distribute annually to students and employee's information which outlines the following:

- The health risks associated with alcohol and drug use and abuse;
- Alcohol and drug abuse resources for students and employees;
- Policies on alcohol and other drugs;
- Information on state, municipal and federal laws and sanctions; and
- Standards of conduct that clearly prohibit the unlawful possession, use, or distribution of illicit drugs and alcohol by students and employees on its property or as part of its on-campus or off-campus activities.

These guidelines are reviewed by Dickinson College annually to determine the effectiveness of the program and consistency of sanction enforcement, in order to identify and implement any necessary changes.

Drug and Alcohol Policy

INTRODUCTION

Dickinson College recognizes that illegal or abusive use of alcohol and other drugs by members of the college community has a detrimental effect on the college's commitment to excellence in teaching, research and education. Misuse of drugs by students, faculty and staff members poses hazards both to the individual involved and to the community. Students, faculty and staff share the responsibility for creating attitudes conducive to eliminating the abuse of alcohol and other drugs within the college community.

Dickinson's comprehensive approach to addressing substance abuse emphasizes:

- Taking effective steps to create and maintain a drug-free workplace and educational

- environment for students, faculty and staff;
- Providing access to medical and behavioral healthcare services, along with referrals to off-campus treatment facilities as appropriate;
- Engaging in a wellness model that focuses on prevention, the development of personal skills and environmental management.
- Encouraging individuals who are diagnosed with at-risk substance abuse disorders or are otherwise experiencing problems associated with alcohol and other drugs to seek assessment and treatment.
- Engaging in ongoing self-assessment of college sanctions for the illegal manufacture, distribution, use or possession of drugs and the unlawful possession or use of alcohol.

This document includes information on:

- The health risks associated with alcohol and other drugs,
- Resources for students,
- College drug and alcohol policies which address standards of conduct and sanctions for students and
- Information on state and federal laws related to violations.

HEALTH RISKS ASSOCIATED WITH ALCOHOL AND OTHER DRUGS

All drugs, including alcohol, have well-documented risks which may affect not only substance users but also the user's peers, family, friends and communities. General effects of substance use and/or abuse include impaired brain functioning; compromised job or academic performance; relationship difficulties; physical or verbal aggression; financial distress; physical injuries or accidents; legal or campus sanctions; willfully destroying property; and death.

The following summaries describe some of the additional substance-specific risks associated with the use and misuse of alcohol and other substances.

Sources: <https://www.drugabuse.gov/drugs-abuse> and <https://www.dea.gov/factsheets>

Alcohol

Alcohol is a central nervous system depressant that is absorbed into the bloodstream and transmitted to all parts of the body. The NIAAA recommends that men drink no more than 4 standard drinks per day or 14 drinks per week. The recommendation for women is no more than 3 standard drinks per day or 7 drinks per week. A standard drink is defined as: 12-ounces of beer, 1.5 ounces of liquor, or 5 ounces of wine. Drinking at levels above the recommended guidelines is considered high-risk drinking. Specific effects on the body are outlined below.

Brain

Alcohol consumption can cause drowsiness, changes in mood and behavior, memory

loss or blackouts, or seizures because it causes your neurotransmitters to relay information too slowly. Long-term, heavy alcohol use can shrink brain mass and subsequently interfere with sleep, mood, cognitive functioning, temperature regulation and motor coordination.

Lungs

The “alcoholic lung” refers to severe oxidative stress that may predispose those who abuse alcohol to lung infections.

Heart

Long-term alcohol use causes alcoholic cardiomyopathy, which is a condition marked by a weakened heart muscle that can cause fatigue, shortness of breath, irregular heartbeat or swollen legs/feet. Both heavy drinking and long-term drinking can cause abnormal heart rates called arrhythmias and lead to strokes. Chronic alcohol use and heavy drinking can cause high blood pressure or hypertension. Alcohol exacerbates the medical conditions that often lead to strokes (e.g., hypertension, arrhythmias, and cardiomyopathy).

Liver

Heavy, chronic alcohol use can make the liver fatty, which in turn causes alcoholic hepatitis. Cirrhosis of the liver is another possible complication.

Stomach

Alcohol can irritate your stomach and chronic use can damage the stomach lining. Possible health consequences include ulcers, gastritis (inflammation of the stomach lining) and bleeding.

Kidney

Heavy or chronic alcohol consumption can interfere with kidney function directly or indirectly due to liver disease. In addition, alcohol can have the diuretic effect of increasing urine output. This in turn can disturb the electrolyte balance and cause dehydration.

Pancreas

Alcohol causes the pancreas to secrete enzymes internally, harming the pancreas. Excessive, long-term alcohol use can cause inflammation (pancreatitis) and swelling of tissues and blood vessels.

THC and other Cannabinoids

THC is a mind-altering substance derived from the Cannabis Sativa or Cannabis Indica plants. THC is in marijuana, marijuana extracts, and resins. Short-term effects include

impaired short-term memory, altered sensory experiences, a distorted sense of time and decreased motor coordination. At high doses, psychotic symptoms are possible (e.g., hallucinations and delusions). Long-term effects on the brain can include impaired thinking, learning and memory. Physical health effects from marijuana use are increased heart rate, breathing problems, reproductive system changes, and intense nausea and vomiting in long-term, heavy users.

Cocaine and Other Stimulants

Stimulants speed up your body's systems. Stimulants include cocaine, ADHD prescription medications such as Adderall, Dexedrine, and Ritalin; diet pills; and methamphetamine.

Cocaine is a stimulant drug made from the leaves of the coca plant. Short-term effects of use include dilated pupils, constricted blood vessels, increased blood pressure, higher body temperature, nausea, fast or irregular heart rate, muscle twitches or tremors, restlessness and irritability, euphoria, high energy, hypersensitivity to sound, sight or touch, and paranoia. Cocaine's effects appear almost immediately and disappear within a few minutes to an hour. Long-term effects can include problems swallowing, nosebleeds, loss of smell, and frequent runny nose in those who snort cocaine. Those who smoke might experience lung-related problems such as cough, asthma or greater risk for lung infections. Those who inject might experience skin and soft tissue infections and greater risk for diseases like HIV. Those who use orally could experience bowel decay.

Amphetamines are prescription medications that have similar effects to cocaine except that they last longer. They can cause increased blood pressure, higher heart rates, decreased appetite, insomnia and physical exhaustion. Taking amphetamines not prescribed to you or in ways not prescribed is abuse. Chronic abuse can manifest in symptoms such as paranoia, skin picking, hallucinations or erratic behavior.

Depressants can decrease anxiety, induce sleep, prevent seizures and relieve muscle spasms. Specific types of depressants include barbiturates, Benzodiazepines including Rohypnol (anti-anxiety medications), GHB and sedative-hypnotic sleep medications (e.g., Lunesta or Ambien). Taking depressants not prescribed to you or in ways not prescribed is abuse. Short-term effects include sleepiness, decreased anxiety, slower reaction time, impaired judgment and confusion. Other effects include dizziness, low blood pressure, slowed breathing, lightheadedness, slurred speech, weakness, loss of coordination, headache, blurred vision, and nausea and vomiting.

Hallucinogens are found in plants or synthetically made. PCP, LSD, MDMA/Ecstasy, and ketamine are types of hallucinogens. They cause perceptual distortions related to space and time. Dilated pupils, increased blood pressure and heart rate, panic, anxiety, confusion or suspicion and flashbacks are possible effects of use.

Inhalants (sprays, solvents, glue) are chemicals inhaled or "huffed" that produce anesthetic-like effects. These effects include slurred speech, dizziness, loss, of

consciousness, euphoria, lack of motor coordination, slight stimulation and lowered inhibition. Long-term effects include disorientation, muscle weakness, weight loss, mood changes (depression and irritability) and loss of consciousness.

Opioids include heroin and prescription pain medications such as codeine, morphine, Vicodin, OxyContin, methadone, and fentanyl. Short-term effects include pain relief, slowed movement, facial and neck flushing, constipation, slowed breathing, nausea and vomiting, and pupil constriction. Overdose and addiction are risks associated with opioid use.

DRUG/ALCOHOL ABUSE RESOURCES

Student Resources

Assessment, Education and Treatment

Wellness Center: provides counseling, assessment, and campus-wide psychoeducational programming for drug and alcohol use. The Wellness Center employs an Alcohol and Other Drug (AOD) Services Coordinator, who oversees a peer educator program focused on prevention of alcohol and drug abuse.

START Program: Incoming and transfer students are required to complete the START Learning Program for Higher Education prior to the start of their first semester. The START Program is a series of well-researched educational programs for adults committed to thinking about their life choices and values. The START Program is an online program which includes modules aimed at reducing campus sexual assault, dating/domestic violence and stalking; empowering bystanders of potentially violent situations to intervene before the violence occurs; and educating students about alcohol, drugs and their effects. "Alcohol: How Do You Measure Up?" is an assessment tool in the START Program which demonstrates some of the costs of alcohol consumption, and lets students examine their drinking habits and compare them to their peers.

ALCOHOL AND OTHER DRUG POLICIES

Students

Drug and Alcohol Policy:

Drugs: Illicit Drugs are controlled substances that possess a high potential for abuse, have no currently accepted medical use in the United States and demonstrate a lack of accepted safety for use under medical supervision. Controlled substances so defined fall under seven headings: marijuana (marijuana, hashish); stimulants (amphetamines, cocaine); depressants (barbiturates, tranquilizers, hypnotics); hallucinogens (LSD, PCP); opiates or narcotics (heroin, morphine, opium, codeine); inhalants (sprays, solvents, glue); and designer drugs (synthetic drugs similar in effect to stimulants, hallucinogens and narcotics). To be used legally and safely, some of the drugs above must be prescribed by a physician. This list is not comprehensive; there may be substances omitted that are also illegal and fall under the designation of controlled substances.

Dickinson College prohibits the unlawful manufacture, cultivation, possession, distribution, dispensation and use of any drug by any member of the college community on any college-owned property, at any college activity or activity offered by an organization recognized by the college, or during any college-sponsored event or travel.

The possession of unlawful drug paraphernalia is also prohibited.

While the possession and use of marijuana for medical purposes is legal under Pennsylvania law, the manufacture, possession, distribution, dispensing and use of

marijuana and products containing THC remains illegal under federal law. Consistent with federal law, including the Controlled Substances Act and the Drug Free Schools and Communities Act, the use and/or possession of marijuana, even for medical purposes, continues to be prohibited while a student is on college owned or college controlled property, and/or at any function hosted, authorized or supervised by the college regardless of where held.

Alcohol: the shortened term for ethyl alcohol, is a depressant that slows the activity of the central nervous system and the brain. Alcohol is a substance regulated by local, state and federal agencies with respect to its purchase, transportation, consumption and possession.

Dickinson College prohibits the use, sale, provision, and distribution of alcohol, except as permitted by law, on any college-owned property, at any college activity or activity offered by an organization recognized by the college, or during any college-sponsored event or travel. The following items and activities are also prohibited on any college-owned property, at any college activity or activity offered by an organization recognized by the college, or during any college-sponsored event or travel:

- Underage possession or consumption – A person under the legal drinking age may not possess, consume or be under the influence of alcohol.
- Drinking games – Any activity or game that promotes or encourages the consumption of large amounts of alcohol is prohibited, including but not limited to, activities such as beer pong, quarters and flip cups.
- Alcohol Paraphernalia – The possession of materials used in drinking games or activities that promote or encourage the consumption of large amounts of alcohol is prohibited, including but not limited to beer pong tables, beer funnels and beer bongs.
- Hosting Underage Guests – Students are prohibited from serving alcohol to underage guests and must have the service of alcohol monitored by a TIPS-trained bartender. If students under the legal drinking age are found to be in a location where alcohol is being consumed, the college will presume that the underage students are in the possession of and have been consuming alcohol.
- Public Intoxication – Creating a disturbance to any member of the college community, college officials or law enforcement while under the influence of alcohol is prohibited.
- Hosting/Attending an Unregistered Event – Any event with alcohol and five (5) or more guests, in addition to the residents, must be registered. Hosting or attending an unregistered event that is required to be registered is prohibited.
- Large Volume Containers – Kegs, beer party balls, punch bowls or other large volume containers of alcohol are prohibited unless pre-authorized by the office of Student Leadership & Campus Engagement.
- Multiple Locations – Events or activities, whether formally or informally organized, which encourage persons to consume alcohol in three or more places or encourage the consumption of large amounts of alcohol are prohibited, including but not limited to “Around the World” or “Progressive” parties.

- Other Dangerous Conduct – The consumption of quantities of alcohol or the sustained consumption of alcohol that interferes with a person’s participation in the college community and/or that pose a risk to the health or safety of students or others is prohibited.

Because issues around the use, misuse, and abuse of alcohol have an impact on the academic and social success of students, the college expects that students who are legally eligible to drink will use alcohol responsibly and in a manner that does not put underage students at risk. Additionally, the host of any event at which alcohol is provided is responsible for complying with applicable laws and policies of the college. The “host” is the person, persons, or organization who provides the food, beverages, or accommodations for any activity. The college reserves the right to prohibit or restrict consumption of alcohol at certain events and in certain facilities.

Community Standards

Maintaining a civil, safe and respectful environment in which learning can best occur is the responsibility of all members of our community. Below you will find descriptions of specific departures of the community standards related to alcohol and other drugs that will be addressed through our student conduct system.

- Adulteration of Food and/or Beverage - The intentional placement of drugs or other illicit substances into the food or beverage to be consumed by others, and without their knowledge and consent.
- Drugs - The possession, use, distribution, manufacture, cultivation, sale, transfer, or the attempt or conspiracy to possess, use, distribute, manufacture, cultivate, sell or transfer any substance the possession of which is prohibited by federal, state or local drug laws (NOTE: The intention to distribute, sell or transfer drugs may be inferred from the quantity and/or types of drugs involved). Effective August 2011, Pennsylvania added certain synthetic substances to the list of drugs and substances it is illegal to possess, use or sale. These include chemical substances contained in bath salts, synthetic marijuana, or other synthetic drugs including, but not limited to, salvia and 2C-E.
- Alcohol - The possession, use, sale, provision and/or distribution of alcohol, except as permitted by law, is a violation of the Dickinson College Community Standards as well as a possible violation of local, state and/or federal laws. Students are expected to comply with the Alcohol Policy as outlined in the Student Handbook.
- Drug Paraphernalia - The possession and/or use of any paraphernalia which is prohibited by federal, state or local drug laws is a violation of the Dickinson College Community Standards.

Alcohol and Drug Amnesty: While the college expects all students to adhere to its Community Standards, there are times when health and safety issues take precedence over conduct standards and students are encouraged to put their health and safety or the health and safety of others above all other concerns. The college encourages reporting of health and safety emergencies and seeks to remove any barriers to reporting by providing limited amnesty for individuals who report such emergencies.

Consequently, when a student in need of immediate medical assistance to prevent his or her own death or serious injury or that of another person contacts DPS, calls 911 or contacts Residential Life & Housing, neither the reporting student nor the student at risk will be held responsible for his or her own consumption or possession of alcoholic beverages or drugs provided:

- The reporting student reasonably believed s/he was the first person to make a call to DPS, 911 or Residence Life & Housing.
- The reporting student provides his/her own name when making the report and
- The reporting student remains with the person needing medical assistance until help arrives.

This offer of amnesty refers to isolated incidents only and does not excuse or protect those who flagrantly and/or repeatedly violate the college's drug and alcohol standards and expectations. It applies only to cases of suspected extreme intoxication or other life-threatening circumstances due to alcohol or drug use and does not extend to related infractions such as assault or property damage. Although students or student organizations covered under this policy will not be subject to the conduct process, individuals involved will be required to meet with an administrator to discuss the incident and may be required to complete educational sessions and/or a substance use assessment. The incident may also result in notification of parent(s) or guardian(s). This policy only covers how the college will respond to students who could be involved in our student conduct process and does not cover criminal charges that could result from law enforcement based on the incident.

College Discipline:

Dickinson College will impose disciplinary sanctions on members of the college community for violations of the College's Standards of Conduct regarding drugs and alcohol. The outcomes which may be imposed individually or in combination on a student or organization found to have violated the Community Standards include, but are not limited to, the following:

- Assessment and/or Treatment Referral to the Wellness Center or approved off-campus agencies for various assessments, evaluations and/or treatment. This includes but is not limited to: substance abuse assessment and/or treatment, anger management evaluation and/or treatment, and conflict mediation.
- Restrictions on Participation or Use Restrictions on participation include the revocation, or the loss for a stated period of time or under a stated set of conditions, of a student's ability to participate in certain college approved activities, including but not limited to varsity sports, clubs, organizations (including but not limited to Greek organizations) or leadership positions with such sports, clubs and organizations. Restrictions on use include the denial of access to, or use of, certain college facilities, programs or equipment for a stated period of time or under a stated set of conditions.
- Parental Notification Disclosure to a parent that the student has been found responsible for a violation of the alcohol and/or drug provisions of the Community

Standards. This is a typical sanction for an alcohol and/or drug violation.

- Warnings, suspension, or expulsion. Violations involving the possession, use, distribution, manufacture, cultivation or sale of drugs are of such a serious nature that they are likely to result in the suspension or expulsion of a student.

In addition to any college discipline, the college may refer any violation of this policy to law enforcement agencies for prosecution or other action. The college will cooperate fully with law enforcement agencies regarding any unlawful conduct involving drugs or alcohol.

Studying Abroad: Students who declare an interest in studying abroad through the Center for Global Study and Engagement (CGSE) are subject to a conduct record check. Information that will be shared with the CGSE includes but is not limited to; violations that resulted in the suspension of the student, violations that resulted in a student being placed on stayed suspension or conduct probation, violations involving illicit drugs or drug paraphernalia, sexual harassment, sexual offenses, other acts of violence and major damage to property. It is within the sole discretion of the college, through the CGSE and the CGSE Conduct Committee, to determine whether a student who has violated college policy and/or the Community Standards is eligible to study abroad. Consideration and qualification for study off-campus are not disciplinary determinations but may be affected by a student's disciplinary record.

A person who violates any law governing illicit drugs and alcohol is subject to criminal sanctions provided by law. In addition, a student who is convicted of any offense under state or federal law involving the possession or sale of a controlled substance will not be eligible to receive certain kinds of financial aid. (See "Suspension of Financial Aid Eligibility for Drug-Related Offenses" in the Student Handbook).

**Pennsylvania law, specifically 18 Pa. C.S. 7508, addresses mandatory minimum sentences for drug trafficking crimes. Mandatory minimum sentences under PA law provide little flexibility upon conviction. There are also additional factors that may amplify or aggravate sentencing, such as possession of a firearm.*

Driver's License Suspension for Drug Crimes in Pennsylvania

There are certain criminal offenses in Pennsylvania that carry a suspension of an individual's driver's license as part of the penalty for that criminal offense, including some non-driving-related criminal offenses. Some common examples of criminal

offenses that carry license suspension as part of the penalty include any offense under the PA Controlled Substance, Drug, Device and Cosmetic Act. Suspension of a driver's license is part of a separate administrative proceeding handled by the PA Department of Transportation (PennDOT).

Election Activities Policy

Dickinson College encourages its students to participate in national, state, and local political activities to prepare themselves for active lives as engaged citizens. While all students, faculty and staff are free to express political opinions and engage in political activities, it is important that they avoid the appearance that they are speaking or acting for the college in political matters.

As a non-profit, private institution of higher education whose activities are regulated in part by Section 501(c)(3) of the Internal Revenue Code, Dickinson College may not participate or intervene in the political campaign of any candidate for public office. Federal Elections Commission regulations also prohibit Dickinson College from facilitating the making of contributions or funding communications that influence, or are intended to influence, the outcome of federal elections. Nevertheless, every individual has the right to organize and to join political associations and to advocate and publicize political opinions. In addition, student groups on campus have the opportunity to provide educational and programmatic activities around political issues, current elections and voter registration.

College facilities and funds may be used by political groups on campus so long as the use does not favor one political party over another. Student activities funds may not be used for direct political action, for disbursement to any organization that is not an officially recognized Dickinson College organization or contributed to a political campaign or other political fund or organization. Student organizations that use college facilities for political presentations must open such presentations to all members of the campus community. No campaign political rallies may be held on campus. For a fuller description of "Do's" and "Don'ts" of Political Campaign-Related Activities at Colleges and Universities, see the American Council of Education memorandum (September

2014) at <http://www.acenet.edu/news-room/Documents/Memo-Political-Campaigns.pdf>

Events with Alcohol Policy

Overview

Dickinson College expects the responsible use of alcohol at events that are hosted by students. Our support is demonstrated in the provision of clear expectations and education to student hosts and is predicated on the expectation that students of legal age who choose to drink will drink responsibly and safely. It is the community's shared commitment to promote personal responsibility and respect for the well-being of self and peers.

The college recognizes the choice not to drink alcohol and actively discourages and holds students accountable for the irresponsible use of alcohol. In compliance with Pennsylvania laws and the Drug Free Schools and Communities Act, the college does not approve of the consumption of alcohol by students (or their guests) who are under the age of 21, on or off the campus. Inappropriate behavior involving the furnishing or consumption of alcoholic beverages will result in appropriate disciplinary proceedings and penalties. The college recognizes and cooperates with law enforcement authorities in their efforts pertaining to alcohol and will seek to educate students about laws pertaining to alcohol, as well as about the use and abuse of alcohol.

By establishing this policy, the college supports

- Events where alcohol is served to students of age;
- Educational efforts that will assist student hosts in the responsible management of events involving alcohol; and
- Organizations and individuals being held accountable to community standards for responsible use of alcohol.

- All events of this type are subject to periodic checks by Student Life and/or DPS

Wristbands

- All student-organized events will require wristbands, with 1-3 removable tabs. Some senior class events, such as Pints with Profs and Senior Cider Social have wristband exceptions. This is arranged between the senior class, Dining Services and SLCE.
- Registered event hosts will receive wristbands with the number of tabs corresponding to number of hours of the event. (one tab for one hour, two for two, three for three or more hours)
- Students are given a wristband upon entrance to the event after showing appropriate ID. (state/national if no list of 21-year-olds available; Dickinson ID if a list of 21-year-olds is available)
- To receive a drink, students present their wristband to the TIPS server. The server then tears off the appropriate tab. If the student tears off their own tab they will not be given a drink.
- Hosts will also receive tab signage. This will be given to TIPS hosts to display during the event. Each sign will state which tab will be taken at which time. For example, "Tab 1 8:00 – 9:00 p.m."
- Students who arrive at the beginning of an event will receive all the tabs available. (Example: If the event is from 8:00 – 10:00 p.m. anyone who arrives when the event begins will receive two tabs.)
- During the event, one tab will be used per hour and no tab can be used after the designated hour is up. (Example: At the earlier party, if you arrive between 8:00 – 9:00 p.m. you could use "Tab 1" to get a drink. After 9:00 p.m. "Tab 1" is no longer accepted by TIPS servers.)
- As the event progresses the students handing out wristbands must tear off tabs as each hour passes. So, a student who arrives at the two-hour event at 9:20 p.m. will only receive one tab on their wristband, the other having been torn off. Note: If a student arrives in the fourth hour of a three-hour event they may receive one tab.

Length and Timing of Events

- Events must have a start and ending time. The maximum length of events will be four hours, during which no more than three (3) beverages may be served to any individual. Any exceptions will be determined by SLCE, DPS and Dining Services.

Types of Alcohol

- Beer in cans or bottles and boxed or bottled wine are allowed for events
- Other types of alcoholic beverages and types of alcoholic beverage containers may be considered and approved on a case-by-case basis

Quantity of Alcohol

SLCE determines the quantity of alcohol purchased. The number of guests 21 years of age and over, multiplied by the length of the party divided by the quantity of alcohol (either cases of beer, 24 cans, or glasses of wine, 5 in a bottle). Amounts are rounded down since not all students attend all events from the beginning. Quantity of alcohol is limited to a maximum of three drinks per person per event.

Example: If the Juggling Club held a three-hour dinner for 80 guests, 50 of whom were 21+, they could purchase 6 cases of beer, OR 30 bottles of wine, OR some combination of the two, 15 bottles of wine and 3 cases of beer.

Food and Non-Alcoholic Beverages Requirement

At any event where alcohol is served, food/snacks and non-alcoholic beverages must be available. Dining Services can assist with determining appropriate type and quantity of food.

Funding Events

- Event hosts may not charge for alcohol, charge an entry fee, charge for cups or other containers in which alcohol is served unless the host or provider has an appropriate Pennsylvania Liquor License.
- Student Senate-funded groups may use funds from their individual -06 accounts to pay for alcohol for events, as long as all other above guidelines are followed. If no -06 funds are available, clubs and organizations may apply for alcohol funding through Senate, per their finance standing rules.

Expectations for Fraternities and Sororities

The mission of the college is to prepare young people, by means of a useful education in liberal arts and sciences, for engaged lives of citizenship and leadership in the service of society.

- Dickinson College Mission

The purpose of this section of the Student Handbook is to set basic expectations between Dickinson College and its (general/social) fraternities and sororities which have

collegiate chapters in operation at the college, and to explain the mutual benefits and responsibilities which the relationship between these organizations entail.

The college, by action of the president and board of trustees, has officially recognized the College Interfraternity Council and the College Panhellenic Council and their constituent member organizations as members of the college community.

These relationships are founded upon the college's acceptance of fraternities and sororities as a constituent part of campus life and a source of support for the mission of the college. Student participation in sorority or fraternity life offers students a chance to find a group that shares common ideals, encourage leadership and personal development, and excel in academics and the development of a philanthropic mindset. The success of the fraternity and sorority community will depend upon the mutual efforts of the collegiate chapters, headquarters staff, faculty/staff and alumni advisors, and alumni volunteers and association. The college will support efforts through staffing in the Division of Student Life and by guidance and recommendations from the Enrollment Student Life Committee.

Expectations and Responsibilities

The relationship between members of the Greek community and the college should be one of mutual respect, cooperation, understanding and trust. This trust is based on shared goals and objectives, expectations of Dickinson College, the college community, fraternity and sorority chapters, and the responsibilities of each within this relationship.

Dickinson College will provide support to Greek Life in the following ways:

- *Advising*- Each chapter is required to have staff/faculty advisor, as well as an alumni advisor. The college will appoint a member or members of the student life staff to assist in advising the various Councils as well as serving as Greek Life Advisor.
- *Use of campus facilities*-All Greek organizations have access to campus facilities according to the guidelines for use within the CASE Office, the Student Handbook and Residential Life policies. Failure to adhere to guidelines or community standards may result in restriction of use or removal from housing.
- *Membership/Advisor Support & Development* - Student life staff will provide ongoing support and training for Panhellenic, IFC, chapter presidents & officers, and alumni and faculty advisors in areas including but not limited to leadership development, scholarship, risk management, recruitment and new member education.

Panhellenic, IFC, college fraternities and sororities are responsible for:

- *Scholarship* - Members of all fraternities and sororities are expected to be in good academic standards. Each chapter will have a member of the executive committee who is responsible for working with members on academic support and referral. Members falling below the chapter required GPA for membership for the college minimum of 1.75 for first years or 2.0 for sophomore and above, whichever is higher, will be placed on social restriction or probation as defined in their bylaws. All

members of each fraternity and sorority are required to sign a grade release at the beginning of the year.

- *Risk Management* - All chapters are expected to minimize the risk of liability and harm to people and property; to adhere to national chapter and FIPG standards for best practice in risk management; to have a written chapter risk management plan that meets the college's expectations and levels for appropriate insurance coverage and to work with membership on cultivating a culture that holds members accountable for their collective actions. Chapters and members will recognize that the group and individual members are expected to be in compliance with the college's Community Standards, as well as all applicable local, state and federal laws.
- *Financial Management* - All chapters are expected to conduct their financial affairs responsibly; pay off debts in a timely manner; and maintain sound financial business practices with outside vendors.
- *Chapter Management* - Each chapter is expected to live into the ideals set forth by their founders through a strong program of chapter management that focuses on values that are congruent with the college; develops leaders; forges lifetime connections with individuals and the college; and provides a beneficial extracurricular experience for those involved.

Recognized/Unrecognized Fraternities and Sororities

The fraternity and sorority community at Dickinson College is composed of organizations which have petitioned the college for recognition and have accepted and met the conditions for recognition. The fraternities and sororities are organized under the jurisdiction of their respective governing/coordinating bodies recognized by the college, the College Interfraternity Council and the College Panhellenic Council. These bodies and the fraternity and sorority chapters are recognized as official components of the Division of Student Life and contribute to the fulfillment of its mission and objectives as well as to those of the college.

The following organizations are officially recognized by Dickinson College as of Fall 2020:

Fraternities:

- Delta Sigma Phi - Theta Lambda Chapter
- Kappa Alpha Psi - Xi Kappa Chapter
- Sigma Lambda Beta - Dickinson College Colony

Sororities:

- Delta Nu - Local Chapter
- Delta Sigma Theta – Upsilon Delta Chapter
- Kappa Alpha Theta - Epsilon Lambda Chapter
- Kappa Kappa Gamma - Epsilon Omega Chapter
- Pi Beta Phi - PA Gamma Chapter

- Sigma Lambda Gamma - Beta Epsilon Chapter

Participation in organizations that have had their recognition suspended or revoked by the college is prohibited and is a violation of the Community Standards. These violations may result in individual sanctions up to and including suspension from the college. Organizations will also be charged when an individual is charged with unauthorized fraternity or sorority membership, and unrecognized organizations found to be operating (including participation in recruitment, new member activities, or living in a house or apartment run by or on behalf of an unrecognized group) will face an extension of current sanctions.

Currently the college is not entertaining any new groups or re-colonization of prior groups until the college has completed its review and prioritization of Greek life goals. Recommendations made in the report regarding expansion will be carefully considered by ESLC and it should be noted that any expansion will be a collaborative conversation between the college and either IFC or Panhellenic as we seek to maintain the appropriate size of our Greek life community.

Gender Inclusive Housing

At Dickinson, we hold diversity and inclusion as a central tenet because it is an essential foundation for learning and excellence in a global society. The residential experience represents an important foundation for student's overall academic and social success. As an integral part of the out-of-classroom experience, students living in college residences can expect an inclusive living environment to fully benefit from the Dickinson experience.

First Year Students

What exactly is gender-inclusive housing?

Gender-inclusive housing is a residential space in which roommates of any combination of biological sexes, gender identities or gender expressions choose to live together. This includes small houses, apartments, suites and traditional rooms that comprise our current residential facilities.

Why does Dickinson College offer a gender-inclusive housing option?

There are some students for whom traditional, same-sex room assignments are not ideal or appropriate, and we believe it is important that housing policies evolve to meet the needs of all students to create an inclusive, welcoming environment. This policy helps create an environment that acknowledges, appreciates and respects the diverse nature of the Dickinson student body, while giving students more options in finding a roommate who is truly compatible.

This provides the opportunity for first-year students to share a multiple-occupancy bedroom regardless of students' sex or gender. This option may be meaningful for a variety of students: those who feel uncomfortable rooming with members of the same sex, transgender students in the process of discovering their gender identity, students who feel they would be more compatible with a roommate of a different sex or gender, and students who do not want sex or gender to be a primary factor in choosing a roommate.

How do I select gender-inclusive housing?

First-year students who feel that gender-inclusive housing will be the best option for them will signal this request on the housing preference form that goes out in May as part of the housing selection process.

Students who indicate a preference for this option will be contacted by a professional staff member for a conversation that will help us provide housing that best meets a student's individual needs.

Are bathrooms gender-inclusive as well?

Generally, there are two types of bathrooms within residential facilities: single person and group bathrooms. All single person bathrooms (one toilet, one sink and one shower) are gender-inclusive (anyone can use the bathroom).

Group bathrooms are those with multiple toilets, sinks and showers. These bathrooms are designated at the beginning of the year as male or female, but residents are given the opportunity to review and determine the final designation of these bathrooms.

Based on the conversation with a staff member, students will be assigned to a housing facility that will best meet their needs regarding housing and bathrooms.

How will vacancies be managed?

When there is a vacancy in a stand-alone gender-inclusive double room, the student

remaining in the room may elect to pull in any new roommate. Both students must agree to live together. If a roommate cannot be identified, the room will default back to single-sex status. In this case, Residence Life and Housing may place a student of the same sex in the room.

Can students be randomly assigned to a roommate of the opposite sex?

No. Students who wish to take advantage of this option must enter into any roommate arrangement as willing partners.

What if a student chooses to live with someone in a gender-inclusive arrangement and becomes uncomfortable with the situation?

As with any roommate or housing issue, the college has an established room-change process, the outcome of which may allow for re-assignment in any living situation where there is a problem that cannot be resolved.

What if my parents don't want me to live in a gender-inclusive housing space? Will they be notified if I select this option?

Students 18 years of age and older may make decisions about their housing assignment without parental consent. We encourage students to maintain an open dialogue with their families so that they can be supportive of a student's housing decision. For adult students, it is the student's choice whether or not to tell their parents or guardians. Students under 18 should discuss housing plans with their families, as they must provide parental consent for a gender-inclusive option.

What if I want to learn more about gender identity and expression?

If you have questions regarding gender-identity, gender-expression, gender non-conforming or transgender student support, feel free to contact the Office of LGBTQ Services at LGBTQ@dickinson.edu.

For the purpose of gender-inclusive housing, the following definitions may be helpful:

Gender non-conforming: individuals whose gender expression is different from societal expectations related to gender.

Gender expression: the external manifestation of one's gender identity, usually expressed through "masculine", "feminine" or gender non-conforming behavior, clothing, haircut, voice or body characteristics.

Transgender: people whose gender identity, expression or behavior is different from those typically associated with their assigned sex at birth, including but not limited to transsexuals, cross-dressers, androgynous people, genderqueers and gender non-conforming people.

Definition Source: National Center for Transgender Equality; Mara Keisling, Executive Director, <http://transequality.org>.

Upper Class Students

During the housing selection process for the 2013-2014 academic year, an explicit gender-inclusive housing option was implemented to continue the college's commitment toward an inclusive living and learning environment.

What exactly is gender-inclusive housing?

Gender-inclusive housing is residential space in which roommates of any combination of biological sexes, gender-identities or gender expressions choose to live together. This includes the small houses, apartments, suites and traditional rooms that comprise our current residential facilities.

Why does Dickinson College offer a gender-inclusive housing option?

There are some students for whom traditional, same-sex room assignments are not ideal or appropriate, and we believe it is important that housing policies evolve to meet the needs of all students to create an inclusive, welcoming environment. This policy helps create an environment that acknowledges, appreciates and respects the diverse nature of the Dickinson student body, while giving students more options in finding a roommate who is truly compatible.

While this housing option has been available for upper-level students, this new policy allows two or more students to share a multiple-occupancy bedroom, suite, or apartment regardless of students' sex or gender. Gender-inclusive housing is not intended for romantic couples. Rather, it provides options for a variety of students: those who feel uncomfortable rooming with members of the same sex, transgender students in the process of discovering their gender identity, students who feel they would be more compatible with a roommate of a different sex or gender, and students who do not want sex or gender to be a primary factor in choosing a roommate. Gender-inclusive housing intends to help create a campus climate that is welcoming, inclusive and supportive of all students.

What about the bathrooms? Are they gender-inclusive as well?

Generally, there are two types of bathrooms within residential facilities: single person and group bathrooms. All single-person bathrooms (one toilet, one sink and one shower) are gender-inclusive (anyone can use the bathroom).

Group bathrooms are those with multiple toilets, sinks and showers. These bathrooms are designated at the beginning of the year as male or female, but residents are given the opportunity to review and determine the final designation of these bathrooms.

With the exception of the following facilities that house upper-class students, a gender-inclusive bathroom facility is available in each residential unit:

- Kisner-Woodward (KW)
- Cooper
- Reed House
- Baird-McClintock
- Todd House
- High Street Residence

While the option to designate a bathroom as gender-inclusive within the buildings above is extended to the residents, it cannot be guaranteed. Please take this information into consideration as you make your housing selection.

How do I select gender-inclusive housing?

The information below reviews Dickinson's approach to gender-inclusive housing for upper-class students. Incoming first-year and transfer students will receive housing selection information that will detail the way that they may request gender-neutral housing. Interested first-year and transfer students will have a conversation with a professional staff member so that the college can provide housing that best meets the needs of the student

If you are a rising sophomore, junior or senior:

1. To live with a roommate of any sex or gender you will simply select to do so online through the MyHousing system and as a part of the roommate preferencing process.
2. You must apply with your prospective roommate(s) following the same processes and deadlines of all students entering the housing selection process.
3. Students will not be assigned to gender-inclusive housing unless they have elected to do so.
4. This housing option is intended for students who wish to share a room, suite or apartment with friends regardless of gender identity. As with any housing option, it is not recommended or encouraged that any couple, heterosexual or LGBTQQI live together. The majority of upper-class gender-inclusive room assignments are friends with similar living habits, regardless of gender.
5. We encourage students to maintain an open dialogue with their families. Students 18 and older are legally able to make decisions about their housing placements.
6. The gender-inclusive housing option is available in all residential facilities. This avoids segregation and offers students gender-inclusive housing within all housing styles and at the various housing price points. The default designation for a room, apartment or suite will be single-sex unless the students selecting into the space choose to create a gender-inclusive pair/group. Once a room, apartment or suite is gender-inclusive, that space will continue to be gender-inclusive as long as the residents can maintain the occupancy of the living space.

How will vacancies be managed?

When there is a vacancy in a stand-alone gender-inclusive double, the student remaining in the room may elect to pull in any new roommate. Both students must agree

to live together. If a roommate cannot be identified, the room will default back to single-sex status. In this case, the Office of Residential Life and Housing may place a student of the same sex in the room.

When there is vacancy in a gender-inclusive triple, apartment or suite, the residents may elect to pull in any roommate(s). If the residents in a triple, apartment or suite cannot fill the vacancies, the Office of Residential Life and Housing will first attempt to place students in the apartment or suite who are interested in living in a gender-inclusive space. If the Office of Residential Life and Housing needs to maximize use of all available spaces on campus and if the above is not possible, then the Office of Residential Life and Housing staff will work closely with the student group to determine next steps.

Is this a change in policy?

Mixed-gender housing options have been available at Dickinson for many years. Gender-inclusive housing is a more explicit and campus wide housing option, officially implemented during fall of 2013. As with all policies, gender-inclusive housing will be continuously reviewed and improved to most effectively meet student needs.

Can students be randomly assigned to a roommate of the opposite sex?

No. Students who wish to take advantage of the new policy must enter into any roommate arrangement as willing partners.

What are the differences between co-ed /mixed-gender and gender-inclusive housing?

The terms co-ed /mixed gender operate on the assumption that there are two genders: male and female. It leaves no room for those who do not identify as their biological sex or those who are transgender or gender non-conforming. This idea is based on the notion that there are more than two genders, in fact an infinite amount. Allowing for gender-inclusive housing, as opposed to co-ed /mixed-gender, shows more inclusiveness and room for diverse identities.

What if a student chooses to live with someone in a gender-inclusive arrangement and becomes uncomfortable with the situation?

As with any roommate or housing issue, the college's established room change process may allow for re-assignment in any living situation where there is a problem that cannot be resolved.

What if my parents don't want me to live in a gender-inclusive housing space? Will they be notified if I select this option?

Students 18 years of age and older may make decisions about their housing

assignment without parental consent. We encourage students to maintain an open dialogue with their families so that they can be supportive of a student's housing decision. For adult students, it is the student's choice whether or not to tell their parents or guardians. Students under 18 should discuss housing plans with their families, as they must provide parental consent for a gender-inclusive option.

What if I want to learn more gender identity and expression?

If you have questions regarding gender-identity, gender-expression, gender non-conforming or transgender student support, feel free to contact the Office of LGBTQ Services at LGBTQ@dickinson.edu.

The Office of LGBTQ Services offers education, outreach, advocacy and support to the Dickinson LGBTQQA community. Please visit the Office of LGBTQ Services' Web site for more information at dickinson.edu/LGBTQ.

For the purpose of gender-inclusive housing, the following definitions may be helpful:

Gender non-conforming: individuals whose gender expression is different from societal expectations related to gender.

Gender expression: the external manifestation of one's gender identity, usually expressed through "masculine", "feminine" or gender non-conforming behavior, clothing, haircut, voice or body characteristics.

Transgender: people whose gender identity, expression or behavior is different from those typically associated with their assigned sex at birth, including but not limited to transsexuals, cross-dressers, androgynous people, genderqueers and gender non-conforming people.

Hazing Policy

Hazing is a violation of college policy and a criminal offense in the Commonwealth of Pennsylvania.

Dickinson College is committed to preserving the individual dignity and well-being of each and every member of the campus community and supports students' desire to build community through groups and associations. These associations can offer powerful opportunities for student engagement and learning. The college also acknowledges the need for belonging that students often feel and value, that these contributions that student groups make toward fulfilling that need.

Within every group there exist organizational structures (e.g. hierarchies, practices) that define the relationships among its members. These structures can be:

- formal and/or informal
- explicit and/or implied

- planned and/or spontaneous

Groups are encouraged to consider these structures and relationships, as understanding them is critical to positive group development and the prevention of hazing. Groups are cautioned that within any of those structures, any activity which serves to reinforce, or has the effect of reinforcing dominant-subordinate relationships among group members must be approached with great care and guidance. This is particularly true when a group affiliates new member.

Hazing occurs across campus in a wide variety of student groups. Hazing is often about power and control and does nothing to build group or team unity. More than half of students in colleges and universities have experienced hazing. On a yearly basis, across the country, a significant number of hazing incidents and death involve alcohol consumption.

Definition

Dickinson College defines hazing as any act that, as an explicit or implied condition for initiation to, admission into, affiliation with, acceptance in, or continued membership in a group or organization, could be seen by a reasonable person as endangering the physical well-being of an individual, as causing mental distress to an individual, or as being disruptive to the campus community, regardless of the individual's willingness to participate. Specific examples of hazing include but are not limited to the following:

- Requiring members to perform unnecessary duties not assigned to existing members
- Required calisthenics or other forms of physical exercise
- Sleep deprivation
- Required carrying of certain items
- Restriction of communication; confiscation of phone, tablets, or laptops
- Yelling or screaming
- Personal servitude or chores
- Assigning pranks such as stealing, painting objects, or harassing other groups
- Wearing embarrassing or uncomfortable clothing
- Restrictions on showering, bathing, or taking care of personal hygiene

Individuals or organization who are found responsible for particularly high-level hazing will face sanctions likely to include suspension or expulsion of the student and/or the organization. Specific examples of high-level hazing include but are not limited to the following;

- Lineups for purposes of interrogation, intimidation or debasement
- Forced consumption of food, liquid or alcohol
- Paddling or whipping
- Branding, cutting, labelling or shaving parts of the body
- Pushing, showing, tackling or other forms of personal contact

- Assigning pranks such as stealing, painting objects or harassing other groups

Reporting Hazing

All members of the college community should report hazing when they see it occurring or believe that it has occurred. If you or someone you know is being hazed or if you have questions about anything that is being done as part of a membership experience, please say something. You can employ the following options:

- Contact the Department of Public Safety to speak to an officer
- Talk to the IFC or Panhellenic Council Advisors
- Use the Anonymous Tip Form to provide information anonymously- assuming this is not an emergency or crisis situation- at [this link](#)
- IF SOMEONE IS IN IMMEDIATE DANGER, PLEASE DIAL 911.

Hazing Outcomes

The college recognizes a continuum of group development activities. At one end of the continuum are positive group development activities that do not constitute hazing because they stand the test of transparency, foster a sense of group unity and do not compromise the well-being of any individual participants. At the other end are behaviors that are clearly hazing because they are dangerous, abusive and/or disruptive, and involve only subordinate members of the group. In between are activities that could be seen by groups as benign, but are considered hazing because they serve no legitimate group-related purpose, could be considered disruptive to the academic community or when occurring in the context of individuals' personal history have the potential to cause physical, mental or emotional harm.

In the event that the college must intervene in a situation involving hazing, the dean of students will determine the nature of the intervention by where along this continuum the behavior falls. The primary purpose of any intervention is to ensure that the hazing ends, and that those who participate in hazing are appropriately held accountable to the Dickinson community. Toward that end, individuals associated with the group (e.g. organizational executives) may be held personally accountable along with the group. The college also reserves the right to engage other authorities as appropriate (e.g. law enforcement agencies, Greek national offices, etc.)

Specifically, consequences for hazing for groups and/or individuals include but are not limited to:

- Warnings
- Mandated educational programs for members &/or others
- Community restitution
- Student status and/or housing restrictions
- Suspensions

- Expulsion

Students are also reminded that hazing is a violation of Pennsylvania law. The text of the law is available in the Dean of Students office and [online](#).

Library Policies

LIBRARY CELL PHONE POLICY

Cell phones are required to be set to vibrating/silent ring in the library. If you are planning on having a lengthy conversation (longer than 2 minutes), please move to the entrance of the library. All conversations, no matter the length, should be quiet. If you are having a conversation that disturbs others, you may be asked to leave the library. Thank you for your cooperation.

COLLECTIONS GUIDELINES

Materials acquired by the library are mainly for the benefit of undergraduate coursework and should be appropriate for undergraduate research. Librarians pro-actively purchase books, films, music scores, audio recordings and primary source materials for curricular use. Faculty members may request specific books in either print or e-book format. We also welcome faculty recommendations for new subscriptions to journals and databases. Faculty members can send purchase requests to their liaison librarian at any time, and liaison librarians can also set up alerts of new books published in specific fields from which faculty can make purchase recommendations.

OPEN ACCESS

The Waidner-Spahr Library funds open access publishing efforts as a long-term, sustainable means of supporting scholarly communication. These activities are detailed on the "Open Access" tab of the Copyright & Scholarly Communication guide.

COPYRIGHT USE POLICY

Introduction

U.S. copyright law stems from the Constitutional clause giving Congress the power to “promote the Progress of Science and useful Arts, by securing for limited Times to Authors and Inventors the exclusive Right to their respective Writings and Discoveries.” In short, to encourage creativity and expression, copyright law protects the rights of creators of literary, artistic, musical or other creative works to exclusively use, promote, control or sell his/her creation for a specified period of time. The college affirms its commitment to respect copyright law and the protection of intellectual property, including the recognition that the law contains specific exceptions which provide for the permissible use of materials in educational settings without the consent of the copyright holder. The goal of this policy is to provide relevant, common sense guidelines to help

faculty, students and staff exercise their rights to use information in the furtherance of their education and research, while remaining within the legal parameters of existing copyright law. Dickinson supports the appropriate use of legal exceptions to copyright, with the expectation that each faculty member, staff member and student will respect copyright and act in good faith to comply with current copyright law and the College Copyright Use Policy. The college urges everyone at Dickinson to recognize that copyright law can be complicated, and to seek guidance when appropriate. This policy is not a substitute for advice on particular cases or situations and users are encouraged to seek help when this policy does not provide the answer needed.

Works protected by U.S. copyright law

Users of works authored, created, or performed by others are responsible for determining if those works are currently protected by copyright law and must limit their use of such works to uses permitted under copyright law. Copyright protection is afforded to both published and unpublished works. While one cannot copyright an idea, the creative expression of an idea may be copyrighted. A copyright symbol or registration is NOT required for a work to be protected by copyright law. Determining the duration of copyright protection is complicated. The period of protection varies greatly depending on the nature of the work protected, when a work was first copyrighted and the actions of a copyright holder in renewing or maintaining copyright protection as permitted by law. It is safest to assume a work is subject to copyright protection until you are able to verify that it is not. Works that are no longer protected by copyright are considered to be in the “public domain” with the copyright holder’s rights having been extinguished by operation of law in favor of the benefits to society created by access to the work on a broad basis. Most, but not all, U.S. federal government documents are in the “public domain” and not subject to copyright.

However, non-federal government documents, such as state and local government documents, may be copyrighted.

“Fair Use”

In keeping with the original spirit of the purpose of copyright law (to promote the progress of science and the useful arts), the law contains specific exceptions to requiring the consent of the copyright holder before a work may be used in the educational context. This is called the “fair use” exception to copyrights (17 U.S.C. §107).

However, it is a myth that any use in an educational setting or by an educator or student is automatically “fair use”. There are four factors which must each be evaluated in determining if the “fair use” exception applies.

1. **The purpose and character of the use** – Use of a copyrighted work or a portion thereof in a non-profit educational setting favors fair use, but the three other factors set forth below must also be weighed. A “transformative” use strongly favors fair use. A use may be transformative if it makes use of a prior work in a totally new and

highly creative way, for example a parody of a song.

2. **The nature of the copyrighted work** – Fair use is more likely when using works that are factual/non-fiction, rather than creative/fictional works.
3. **The amount and substantiality of the portion used relative to the work as a whole** – Note that there is no set proportion, number of words, or number of pages that automatically constitute fair use. Use of the “heart of the work” may constitute a violation even if it is a relatively small proportion of the entire work.
4. **The effect of the use on the potential market for or value of the work**
For movies and music, there are additional criteria that must be met in order for the fair use standard in the educational environment to apply. “Fair use” is a complicated doctrine and questions should be directed to staff at the Waidner-Spahr Library.

Other Copyright Exceptions

Other exceptions relevant to higher education exist in copyright law to provide for library copying and lending; public displays in libraries and galleries; computer software backup; photographing architectural works; and making specially formatted copies for people with disabilities. Users should contact the staff at the Waidner-Spahr Library for assistance.

Permission to Use Copyrighted Material

It is always acceptable to use copyrighted material if the permission of the copyright holder (who may or may not be the author or original publisher) has been secured. The grant by the copyright holder of some of the rights in the copyrighted work (but less than all of the rights) for a period of time is known as a license. A license should be secured in writing. If you ask for permission and do not get any response, you may NOT assume that your use is acceptable. In fact, without written permission to use a copyrighted work that is not otherwise subject to an exception for use, you must assume that you do not have permission to use the work.

In addition to securing permission to use copyrighted materials directly from the copyright holder, online information resources and software are often acquired under a license granted by the copyright holder to a third party to use or permit the further use of the copyrighted work. Examples include licensed Library databases and LIS distributed software.

College Response to Copyright Violations

Violations can occur by illegal reproduction, distribution, performance, or public display of copyrighted works or portions of copyrighted works, or by the production of derivative works which are not deemed sufficiently transformative to constitute a new, original

work. Upon becoming aware of a copyright violation, the college will take immediate and appropriate action to stop the violation.

In addition to being a violation of federal and state law, violation of copyright law is also a violation of college policy and may result in internal disciplinary action. Disciplinary actions involving faculty will be initiated by the provost and dean of the college. Disciplinary actions involving college administrators or staff will be referred to employee's division head who will work together with Human Resource Services to review an alleged violation. Disciplinary actions involving students will be referred to the dean of students or his/her designee. Members of the college community are individually responsible for all prohibited use of copyrighted material. Violation of copyright may also result in legal action against the individual violator, as specified in copyright law.

Plagiarism vs. Copyright

Copyright violations are distinguishable from plagiarism. One can commit plagiarism by failing to cite a work, even if that work is not protected by copyright. Citing a work properly avoids plagiarism, but depending on how the original work is used, a copyright violation may still occur.

For Additional Guidance

General inquiries about copyright, coursepacks, and obtaining permissions may be directed to circ@dickinson.edu, and staff at the Waidner-Spahr Library will assist. Complex questions about copyright may be referred by Library staff to the Office of General Counsel.

This policy is subject to change to maintain compliance with current U.S. copyright law.

GIFTS

Giving to the Waidner-Spahr Library

The original Library of Dickinson College was started with a generous gift from John and Mary Dickinson in 1783. The continuing patronage of donors throughout our long history has endowed the Library with unique strengths. The Waidner-Spahr Library is grateful to accept gifts of books and other materials.

Book Donation Guidelines

The Library welcomes books that have college-level content relevant to the current Dickinson curriculum and are in like-new condition (clean, unmarked, secure bindings, with pages in good condition). Hardcover books or trade paperbacks are welcome, but we cannot accept mass-market paperbacks. Unmarked course textbooks less than 10 years old will be considered on a case-by-case basis, depending on the subject. General encyclopedias and directories are not typically acceptable. Print journals and magazines are also not typically acceptable, regardless of their condition.

Books that are acceptable for the Waidner-Spahr collection but which are already owned by the Library will be donated to Better World Books. Books that do not meet criteria for the Library collection or Better World Books will be recycled or sold. Funds resulting from the sale of donated books will be used for new Library purchases. Donors are asked to consult with the associate director for library resources and administration to discuss proposed gifts of books. The associate director may be able to suggest other contacts if the intended gift is deemed inappropriate for the college. Materials must be boxed and delivered at the donor's expense. Email inquiries may be sent to ask@dickinson.libanswers.com

Audiovisual Materials Donation Guidelines

The Library welcomes commercially produced DVDs of films that have content relevant to the current Dickinson curriculum and are in like-new condition (include original artwork and case). Documentaries on relevant subjects or feature films appropriate for Dickinson's film studies program are welcome. Classical music on like-new, commercially produced CDs will be considered on a case-by-case basis. We cannot accept homemade tapes or bootleg copies of broadcasts, films, or performances. The following formats, even if commercially produced, are not appropriate for donation: VHS tapes, cassette tapes, vinyl records, laserdiscs. DVDs which are acceptable for the Waidner-Spahr collection but which are already owned by the Library will be donated to Better World Books. Other materials will be discarded.

Donors are asked to consult with the associate director for library resources and administration to discuss proposed gifts of audiovisual materials. The associate director may be able to suggest other contacts if the intended gift is deemed inappropriate for the college. Materials must be boxed and delivered at the donor's expense. Email inquiries may be sent to ask@dickinson.libanswers.com.

Financial Contributions to the Library

Financial contributions support the purchase of Library materials.

Gifts may be made online using Dickinson's giving website. Select The Waidner-Spahr Library from the drop-down list of possible designations.

To give by mail, please send a check (made payable to Friends of the Dickinson College Library) to:

Donations of Rare & Unique Materials

Prospective donors of rare books, personal papers, photographs, artifacts, or other special materials will be referred to the college archivist who will evaluate the appropriateness of the gift for addition to the Archives & Special Collections. Since the college archives is a rich resource for our students as well as for the college community, we welcome publications and personal papers of college alumni and faculty, in addition to material relating to the college's history and the local community. Email inquiries may be sent to archives@dickinson.edu.

Receipts for Gifts

Monetary appraisals and/or appraisal fees for gifts of materials to the Library are the responsibility of the donor. Any donors wishing to receive a gift receipt from the college must provide the Library with an original copy of an appraisal report or receipts of purchase.

INTERLIBRARY LOAN POLICIES

The purpose of Interlibrary loan is to support faculty and student research by providing access to materials that the Dickinson College library does not own and to materials owned but are currently unavailable by requesting those materials from other institutions. We reciprocate by lending our books and copying documents for other institutions.

Borrowing Materials Through Interlibrary Loan

Dickinson College faculty, administrators, staff, students and emeriti faculty are permitted to use Interlibrary loan services at no charge. If studying off campus, see our Guide for Study Abroad.

Dickinson College alumni and retirees, and Friends of the Library are permitted to use Interlibrary loan services at no charge when the material borrowed is obtained free of charge. However, some libraries bill for their services. These charges will be passed on to the patron making the request.

All patrons will be responsible for charges arising from damaged, lost or overdue materials. Non-compliance will result in suspension of interlibrary loan privileges.

We use two different systems to meet the needs of our patrons and the libraries who borrow from us, PALCI / EZ- Borrow for book loans and ILLiad for hard to get books and copies of articles and other documents.

PALCI / EZ-Borrow books are generally delivered to the library within 3-5 working days. You will be notified by email when requested material is available for pick-up. Length of loan for PALCI / EZborrow is 28 days from the time the library has received it. You may self-renew using the library catalog's on-line renewal service or request a renewal at the circulation desk for another 28 days.

ILLiad books are generally delivered within 5-7 working days. You will be notified by email when requested material is available for pick-up. Length of loan for ILLiad requested books is determined by the lending library. Renewals may be requested through your ILLiad account.

ILLiad articles are usually sent electronically within 1-3 days. Articles sent in paper format will be sent to your campus address. Articles are yours to keep.

BORROWING A LAPTOP COMPUTER

Laptop Loans for Students

The library has 35 dual boot MacBooks available for in-library use by students.

notified by email.

Magnetometer Use

Dickinson College values the safety of all students, faculty, staff and guests of the campus. Towards that end, the college reserves the right to employ a magnetometer (metal detector) at campus events.

Metal detectors may be used if any of the following criteria are met:

- At dances, parties and concerts, when these events are:
(1) open to the public outside of the Dickinson community (the Dickinson community consists of current Dickinson students, faculty, staff and alumni), and (2) the event is expected to draw more than 100 people.
- When deemed necessary by the chief of public safety, or other appropriate college administrators.

The following information should be provided to all individuals purchasing tickets for events in which a metal detector will be used:

All guests at this event are subject to search, including screening with a metal detector before being admitted. By seeking admission to this event, you are consenting to such a search.

The following should be posted at the entrances to events subject to the policy:

All guests at this event are subject to search, including screening with a metal detector, before being admitted.

Missing Student Policy

If a member of the college community has reason to believe a student is missing, they should immediately notify Dickinson's Department of Public Safety (DPS) at 717-245-1111, whether or not the student resides on campus. DPS will generate a missing person report and initiate an investigation. DPS will notify the Student Life On-Call (SLOC), the chief of DPS and other appropriate personnel to initiate actions to locate the student. All possible efforts will be made to locate the student to determine their state of health and well-being. If the student is an on-campus resident, DPS, working with Residence Life personnel and the SLOC, may make an entry into the student's room to check on their welfare. If the student is an off-campus resident, DPS will enlist the aid of the police agency having jurisdiction.

Concurrently, college officials will endeavor to determine the student's whereabouts through contact with friends, associates, and/or employers of the student. Whether or not the student has been attending classes, scheduled academic or organizational meetings, or appearing for scheduled work shifts, will be established. If located,

verification of the student's state of health and intention of returning to the campus will be made.

In addition to registering a general emergency contact, students residing in on-campus housing have the option to identify confidentially an individual to be contacted by the college in the event the student is determined to be missing. If a student has identified such an individual, the college will notify that person no later than 24 hours after the student is determined to be missing. A student who wishes to identify a confidential contact may do that through the housing registration process. A student's confidential contact information will be accessible only by authorized campus officials and police in the course of the investigation.

After investigating a missing person report, should DPS determine that the student has been missing for 24 hours, DPS will notify Carlisle Police (or other law enforcement agency with jurisdiction) and the student's emergency contact no later than 24 hours after the student is determined to be missing. The notification of the emergency contact will be made by SLOC or the dean of students. If the missing student is under the age of 18 and is not an emancipated individual, the SLOC or the Dean of Students will notify the student's parent or legal guardian immediately after DPS has determined the student has been missing for 24 hours.

If the circumstances related to a student's disappearance appear to be related to foul play, i.e. kidnapping or other criminal acts, then the appropriate notifications and actions will be initiated immediately.

Noise Policy

All members of the Dickinson College community are expected to respect the rights of students and area residents to live in an environment free from excessive noise pollution, thereby enabling all community members to pursue their academics free from harassing noise and excessively boisterous activities. Although students should expect that some events and activities will entail music and noise, they also have a right to expect that the level of noise will be reasonable and appropriate to the time and place. Responsibility for providing an environment free of excessive noise falls first upon individuals and groups who are expected to regulate themselves.

Any persons who object to the time, place and level of noise have the right to request that the noise be eliminated. When the complainant and the person or group responsible for the music or noise cannot agree concerning a reasonable level, the appropriate procedure is to ask a third party to mediate the problem. Appropriate third parties include: resident advisors, community advisors, house & apartment managers, student life staff, and public safety officers.

In those cases where a third party is involved, disciplinary action may be initiated through the college conduct system. Sanctions for violations of the noise policy will be drawn from sanctions found in the Community Standards, individually or in any combination.

For more specific guidelines in residential spaces see "Noise Guidelines" under the Residential Living Guidelines.

Non-Discrimination Policy

Dickinson College is an intellectual and social community that values justice, free inquiry, diversity and equal opportunity. It is a fundamental policy of the college to respect pluralism and to promote tolerance, civility and mutual understanding within its community. The college does not discriminate on the basis of race, color, national origin, sex, disability, religion, age, veteran status, gender identity or expression, sexual orientation or any other protected class.

Open/Closed Social Events Policy

Dickinson College does not discriminate on the basis of sexual orientation or legally protected characteristics such as race, gender, religion, national origin, ethnicity, disability, or military status. Its social policies reflect this commitment and strive to promote a campus-wide sense of community. In order to foster such an environment and to provide college organizations with choices based on purpose of social events, resources and support of the institutional mission, the college policy on open and closed social events is:

Closed Social Events

This means the social event is open to organization members only.

1. All college organizations holding social events on college-owned facilities or premises may designate their social event as "Closed" when the purpose of the event supports this designation.
2. Two or more organizations may co-sponsor a "Closed" social event in college-owned facilities or premises which are open to members of the co-sponsoring organizations only. Co-sponsorship involves use of the resources and assumption of responsibility for compliance with college policies in an equal manner by all organizations involved.

Social Events Open to Members and Invited Guests

If a social event is open solely to organization members and their invited guests, the only restrictions which can be made in advance regarding a guest list are on the basis of:

1. Past behavioral problems
2. Minimum age
3. Status as a member of the Dickinson College community (student or potential student, faculty, administrator, staff, alumnus/a, parent/family member, trustee)

Open Social Events

An “Open” social event is one with no invited guest list and upon which no limits or restrictions on access are imposed. If a social event is open to the college community at large, the same restrictions listed above apply. The only persons who may not be permitted access to an open social event are those whose behavior in the past has caused problems, those below the minimum age, and/or those who do not belong to the college community.

Note: Any organization whose inter/national bylaws and/or insurance guidelines contain restrictions on the type of social event the organization may host must comply with those restrictions.

Parental Notification Policy

Parking and Vehicle Registration Policy

Executive summary: all students, faculty and staff who wish to park in campus parking lots during weekday business hours (Monday through Friday – 7 a.m.-5 p.m.) are required to purchase a parking tag for \$50 per year, or \$30 per semester. A parking tag provides access to campus parking lots but does not guarantee a parking spot. The fine for parking in a campus parking lot without a parking tag is \$75 for the first occurrence, and \$100 for subsequent occurrences.

PARKING FEE POLICY DETAILS:

- Students, faculty and staff who wish to park in a campus parking lot are required to pay a parking fee and obtain a transferable parking tag, to be hung from the rear-view mirror.
- Parking tags will be available to all students, faculty and staff.
- Parking tags are transferable and can be shared between multiple vehicles. This allows people with two vehicles to only purchase one tag. This also promotes carpooling, since multiple people can buy a single tag and share it.
- People who drive motorcycles will receive a parking decal in addition to a transferable tag.
- Vehicles that by virtue of their length require more than one parking space still only require one parking tag. For example, a truck with a trailer behind it that takes up two parking spaces still requires only one parking tag.
- Parking tags are not required for summer parking (Commencement through the first day of classes), for weekend parking, for winter break parking, or for after-hour parking (5 p.m.-7 a.m.).
- Purchasing a parking tag does not guarantee a space in a campus parking lot. The parking tag provides the opportunity to park in campus parking lots. If a person wishes to park curbside on the street, no parking tag is required.
- Vehicle registration is no longer required.
- The cost of a parking tag is \$50 per year, or \$30 per semester.

- Parking tag fees are not pro-rated, but tags issued 30 days prior to the end of a semester will be valid for the remainder of the semester for which they are issued and the next semester or fiscal year as well, depending on the length of term being purchased (semester or annual).
- There will be no refunds for parking tags that are no longer needed prior to the expiration of the tag. Individuals, however, can assign their parking tag(s) to another individual. To avoid possible issues associated with ticketing, it is recommended that public safety be notified when tags are transferred to other people.
- Payroll deduction represents a loan from the college. Employees who purchase parking tags via payroll deduction authorize the college to deduct any remaining balance from their final pay, in the event they leave the college prior to the end of the payment term.
- When using payroll deduction, the maximum number of applicable pay periods for the year is 17. Payroll deduction will be available beginning in September and February each semester. If you purchase a tag after the first payroll deduction date, your payments will be divided equally among the remaining number of pay periods in the term. Consequently, by maximizing the number of payroll deductions during a term, you will minimize your monetary deduction each pay period. For example, if you purchase an annual tag for \$50 in August, your payment will be spread out over 17 pay periods beginning in September, totaling \$2.94 per pay period. However, if you don't register for a parking tag until November 1, your payment of \$50 will be spread out over 13 pay periods, totaling \$3.85 per pay period.
- Students, faculty and staff who have state-issued ADA hang tags are not required to purchase a parking tag.
- Parking lot designations will remain as they currently exist, both for faculty and staff and for students. Signs exist at the entrances to lots, or in some cases portions of lots, denoting the lot designation. The current designations are as follows:
 - Red Lots are for faculty and staff only
 - Blue Lots are for students, faculty and staff
 - Special exceptions are identified in the 'Important Notes' section, below.
- The fine for parking in a campus parking lot without a parking tag is \$75, with subsequent offenses being \$100.00.
- Lost parking tags can be replaced for \$50.00.
 - Parking tags will be replaced for no additional cost in the event that the tag is stolen and a police report filed.

PAYMENT OPTIONS:

- All payment options must be initiated after logging-in to your college email account and then accessing the payment link from the college webpage.
- All payment options will result in a payment receipt that must be taken to public safety in order to receive the tag. The payment receipt will be electronic except for employees who opt to pay using cash or check, in which case the receipt will be obtained from the cashier's office after payment.

- Students' parking tags will be purchased via direct billing from student accounts.
- Employees can purchase parking tags using payroll deduction, credit card, or with cash or check at the cashier's office in the lower level of the HUB.
- Employees can purchase a parking tag(s) for another employee(s) by accessing the selected payment option and then filling out the form for the employee who will receive the tag. Employees can also buy multiple tags in their own name and simply provide the tag to another employee, but any public safety concerns regarding the vehicle will then be communicated to the person whose name is on the parking tag payment form. This may include the purchaser being accountable for the payment of parking tickets. Either way, a separate form must be completed for each parking tag being purchased.
- In an effort to encourage carpooling, the college will purchase a limited number of parking tags for carpoolers. Please contact Ken Shultes at shultes@dickinson.edu for details. This opportunity is being funded by the college's Green Revolving Loan Fund which promotes sustainability projects that will reduce carbon emissions. This opportunity will exist in future years as funding allows.

VISITOR PARKING:

In order to avoid issues with employees parking in visitor parking spaces, the following new policies regarding visitor parking will go into effect along with the parking fee policy. The new policies regarding visitor parking are as follows:

- Visitors who wish to park in campus parking lots during time periods when tags are required must obtain a visitor parking tag.
- Visitor parking tags are not required at night, on weekends, during the summer or during winter break.
- Visitor parking tags will be available from public safety, the HUB information desk, and from administrative assistants and academic coordinators in buildings where visitor parking occurs frequently, such as admissions, Old West, the Kline center, Weiss Center and the Waidner Spahr Library.
- The requirement to obtain visitor parking tags may be waived on days that are specifically targeted for visitors to be on campus, such as big admissions days in the spring.
- The fine for parking in a visitor parking space without a visitor parking tag is \$50. Multiple offenses will result in an increased fine of \$100.00 per occurrence.
- The college will increase the number of visitor parking spaces on campus prior to the implementation of the parking fee policy. Specific changes include the following:
- The 20-minute parking spaces in the HUB parking lot will change to 'Visitor Only' spaces.
- Visitor parking spaces will be added in the HUB/ATS lot, the Old West lot, and the Tome Parking lot.

SUSTAINABILITY:

The establishment of a parking fee provides an incentive to walk or ride a bike to work, and/or to carpool with other students or employees.

- Employees who carpool can share a parking tag and split the fee. Information pertaining to carpooling will be included on the parking website.
- The college will continue to support a bicycle culture on campus, and there are plans to install additional bike racks and shelters on campus when funding is available.
- The college has installed Electric Vehicle (EV) charging stations on campus which reduce parking spaces for other vehicles, but which do not reduce the overall number of parking spaces on campus. There are six EV charging stations on campus.

IMPORTANT NOTES:

- Parking in the Dickinson park parking lot does not require a parking tag. Consequently, employees who wish to park at Dickinson Park and carpool with other employees from there can do so to reduce costs related to campus parking. This will also reduce congestion in other campus parking lots.
- The east end of the 5 North Orange parking lot (the area to the east of the gas pump) will continue to be dedicated parking areas for Project Share and the Central Pennsylvania Youth Ballet (CPYB), and staff from those organizations will be required to purchase a parking tag if they intend to park in a campus parking lot.
- First year students will continue to be prohibited from bringing a car to campus, unless they receive permission for special circumstances. The parking area for first year students with special exceptions to have a car will be the Kline Center West parking lot, on the far west end of that lot. First year students who are approved to park a car in a college parking lot are required to purchase a parking tag.
- The Parker Street parking lot will continue to be a special lot for students living in the High Street Residence Hall.
- Curbside parking is still prohibited for college students and employees on Conway Street and Parker Street.
- The Goodyear Lot parking lot to the east of the Ceramic Studio will continue to be a parking lot designated for students living in Goodyear Hall.
- Parking lots behind the Denny Apartments will be reserved for students only, which is a requirement of housing ordinances.
- The 50 Mooreland Parking Lot will be for employees only, including on nights and weekends.
- For safety reasons and specifically to avoid obstructed views, parking tags must only be hung while the vehicle is parked.
- Parking tags are transferable. Therefore, parking tags can be shared with another person or given to another person, either directly or anonymously. Please note that students may only purchase one student tag, and red tags may not be transferred to students.
- Winter Break: Persons needing to leave vehicles parked on campus during Winter Break must contact public safety to be directed where to park the vehicle. Vehicles parked on campus may be parked in the Kaufman lot or the West Kline lot, but only at the direction of public safety. In the event of a storm, cars not parked in the areas designated by public safety may be towed at the owner's expense.

SCHEDULE:

- Parking tags can be obtained for the upcoming fiscal year starting on August 1. If purchasing a semester tag, tags can be purchased starting one month prior to the start of the semester.
- Public safety will start enforcing vehicle registration and parking violations on September 1, 2019 and on the first day of classes each semester thereafter.

COMMUNICATION STRATEGY:

The parking fee policy will be communicated as broadly as possible, to include all-campus emails, new employee on-boarding information, student residential living guidelines, community standards documents, The Employee Handbook, parking web pages and Vitality newsletters. The policy will also be posted in Dining Services, Facilities Management, Public Safety and the Children's Center.

Preferred or Chosen Name Policy

Dickinson recognizes that faculty, staff and students may use names other than their legal name to identify themselves. These may include, but are not limited to, people who use their middle name instead of their first name, people who use nicknames of a legal name, people who use an anglicized name, or people who use a name that affirms their gender identity.

It is the policy of the college that students, faculty, staff and administrators may use whatever preferred or chosen first name they want, regardless of whether they have legally changed their name, except where their legal names are required by law, industry standard or strong business need.

The use of a preferred or chosen name cannot be for illegal purposes.

Systems using Preferred or Chosen Name

The college administration will begin working as early as June 1, 2017 to implement preferred first name use on college information systems, reports and processes. It is important that you review and update your preferred first name before this time.

This will be a phased implementation with a goal to have select systems using preferred first name by September 2017. A list of updated systems is provided [here](#).

The policy uses the language of both "Preferred" and "Chosen" names. Both terms describe the intent of this initiative. A person may prefer to be known by a shortened name or a nickname. Alternatively, a person may choose to be known by a different name. The FAQs below use the term "preferred name" or "preferred name use," so whether you choose a different name or prefer a nickname, we will refer to it as preferred name.

1. Can anyone select a preferred name?

Yes. This option is available for all current students, faculty, staff and administrators.

2. Do I have to specify a preferred name?

No, you do not have to specify a preferred name. This is an option for people who wish to use a name other than their legal name to identify themselves. If you use your legal name, you do not need to specify a preferred name.

3. How do I submit a preferred name request?

Current students and employees can view and request a preferred first name by using the “College Name Registration” widget on their Gateway home page.

4. Can I use my preferred name for everything at Dickinson College?

Dickinson College will strive to use your preferred name where possible, but your legal name will continue to be used in business and other processes that require use of a legal name. Examples of where your legal name is necessary include but are not limited to the following.

- Financial Aid documents
- Payroll
- Billing records
- Medical records
- Federal Immigration documents
- Non-Resident Visas and supporting documentation
- Tax forms (i.e. W2, 1095C, 1099s)
- Checks and direct deposit files issued by Accounts Payable
- Student loan documents

Dickinson College’s implementation of the Preferred or Chosen Name Use policy began in the summer of 2017. The goal of the implementation is to provide a consistent name experience across all college information systems and services. We strive to use your selected preferred name everywhere, except where legally necessary. Full implementation of this policy is ongoing as new information systems and services are added each year.

5. Where will my preferred name appear?

We strive to have your preferred name appear wherever legal name is not required. As we transition our information systems and processes to use preferred name, we will list them [here](#).

6. When will my preferred name show up in the campus directory or my class rosters

Beginning in September 2017, you may expect your preferred name to be displayed within two weeks of submission.

7. Will professors receive a notification of my name change?

No. Your preferred name will display in the CLIQ Class Roster within 2 weeks of submission.

8. Can I change my preferred name to whatever I want?

We trust the members of the Dickinson community to choose preferred names after careful consideration, with good intentions, and with the community's best interests in mind. We don't anticipate having to deny a name change request or remove a preferred name. However, we do reserve the right to reject inappropriate requests and to remove preferred names with or without notice.

We cannot give an exhaustive account of which uses or names would be inappropriate, but we can illustrate the idea with a few examples. Name changes may not be used to avoid legal obligations or for illegal purposes. Names requested should not include offensive or derogatory language. The purpose of the preferred name policy is to foster a campus environment that is inclusive and that encourages self-expression; we expect to approve all name changes that do not contravene this purpose.

If you would like to speak with someone to determine whether use of a preferred name is right for your needs, please contact Todd Nordgren (nordgret@dickinson.edu), director of the Office of LGBTQ Service.

9. How do I delete my preferred name?

If you are a current student or employee who has submitted a preferred first name and later decide that you would prefer to use your legal first name or a different preferred first name everywhere on campus, you may delete your preferred first name.

Current students and employees can delete a preferred first name by using the "College Name Registration" widget on their Gateway home page. Click the "Remove Name" button on the "College Name Registration" form.

10. How do I change or correct my legal name at Dickinson College?

If you are a current student, visit the [Registrar's website](#) for information about changing your legal name.

If you are an employee, visit the [Human Resource Services website](#) for information about changing your legal name or other personal information.

You will need to provide appropriate documentation.

11. Does changing my preferred first name automatically update my Dickinson username and email address?

No. If you would like to use your preferred first name as the basis for your username, please contact the [LIS Helpdesk](#).

Changing your username may have an impact on your ability to use Dickinson computing resources while your new username is synchronized across all campus information systems and services. Upon request, the LIS help desk can provide more information on the process of changing your username.

12. Will my preferred name appear on my Dickinson College ID card?

Cards issued after August 1, 2017 will have the preferred name printed on the front of the Dickinson College ID card.

In order for your preferred first name to appear on your ID card, you must have already indicated your preferred first name in Gateway. Note that the processing of your preferred first name request may take two weeks.

Visit the card office to request a replacement ID with your preferred name. The standard fee for ID card replacement will apply.

Your Dickinson College ID card is not a legal form of identification. Carry your driver's license or other legal identification when you leave campus or need to provide legal identification.

13. How does the preferred name policy affect F-1 & J-1 visa students?

Preferred name is for use within the college community. International students may feel free to select a preferred first name for on-campus use. However, this does not apply in situations where one's legal name is required. For the purpose of F-1 or J-1 student visa status, the legal name is required on I-20s and DS-2019s. An individual's legal name is what appears in the passport.

14. I have more questions about the Preferred Name Policy. Who do I contact?

Todd Nordgren, director of the Office of LGBTQ Services, will assist in answering questions about the Preferred or Chosen Name Use policy. He can be reached at nordgret@dickinson.edu.

For issues with your preferred name appearing in any information system or service, please contact the [LIS help desk](#).

Protection of Minors Policy

Purpose:

This policy is designed to educate our community members- faculty, staff, students, volunteers- about the state laws and regulations regarding the prevention, identification, and reporting of child abuse. Dickinson College is committed to the protection and safety of minors. While the vast majority of the members of the Dickinson community are adults age 18 and over, our community also includes minors less than 18 years of age, both in formal relationship to the College, and more informally, as frequent visitors. For example, minors may be matriculated or prospective students, participants in camp programs, volunteer programs, outreach and enrichment programs or children in our [Children's Center](#).*

*Nothing in this policy is intended to supersede obligations imposed by law regarding the maintenance of privilege by specified professionals.

Policy

It is the obligation of every member of the college community to report suspected child abuse as soon as possible as outlined below.

Duty to Report

Every member of the Dickinson Community has a duty to report as soon as possible if he/she has reasonable cause to suspect that a child is a victim of child abuse based on:

1. Information shared with him/her by the child or any individual; or
2. His/her own observations or knowledge.

The duty to report is triggered by reasonable suspicion or belief. There is no requirement that there be actual evidence of abuse, nor should any individual seek to investigate the matter for him/herself. Any doubt as to whether or not to report should be resolved in favor of making the report to ensure that the appropriate professionals in child protective services can assess the report and evaluate the safety of the child.

Procedure

Under this policy, any Dickinson community member (faculty, staff, students, volunteers) suspecting abuse of a child is required to bring all reasonable suspicions or beliefs to the immediate attention of the appropriate state authorities immediately.

Child Line: 1-800-932-0313

As soon as the report is made, you must contact the Director of Enterprise and Risk Management and/or the Chief of Public Safety. These individuals, in turn, have the obligation to verify that appropriate authorities have been notified and to coordinate investigations by police or other agencies.

Failure by any member of the Dickinson community to report information related to suspected child abuse as soon as possible to either Child Line or the designated officials will result in discipline up to and including termination for employees and dismissal for students. Failure of these officials to initiate timely notice and timely and appropriate investigation will result in discipline up to and including expulsion and/or termination.

Definition of Child Abuse

A child is defined as anyone under the age of 18. The term "child abuse" shall mean intentionally, knowingly, or recklessly doing any of the following:

- 1) Causing bodily injury to a child through any recent act or failure to act.
- 2) Fabricating, feigning, or intentionally exaggerating or inducing a medical symptom or disease which results in a potentially harmful medical evaluation or treatment to the child through any recent act.
- 3) Causing or substantially contributing to serious mental injury to a child through any act or failure to act or a series of such acts or failures to act.

- 4) Causing sexual abuse or exploitation of a child through any act or failure to act.
- 5) Creating a reasonable likelihood of bodily injury to a child through any recent act or failure to act.
- 6) Creating a likelihood of sexual abuse or exploitation of a child through any recent act or failure to act.
- 7) Causing serious physical neglect of child.
- 8) Engaging in any of the following recent acts:
 - (i) Kicking, biting, throwing, burning, stabbing or cutting a child in a manner that endangers the child.
 - (ii) Unreasonably restraining or confining a child, based on consideration of the method, location or the duration of the restraint or confinement.
 - (iii) Forcefully shaking a child under one year of age.
 - (iv) Forcefully slapping or otherwise striking a child under one year of age.
 - (v) Interfering with the breathing of a child.
 - (vi) Causing a child to be present at a location while a violation of 18 Pa.C.S. § 7508.2 (relating to operation of methamphetamine laboratory) is occurring, provided that the violation is being investigated by law enforcement.
 - (vii) Leaving a child unsupervised with an individual, other than the child's parent, who the actor knows or reasonably should have known
 - (A) Is required to register as a Tier II or Tier III sexual offender under Pennsylvania law, where the victim of the sexual offense was under 18 years of age when the crime was committed.
 - (B) Has been determined to be a sexually violent predator under Pennsylvania law.
 - (C) Has been determined to be a sexually violent delinquent child as defined by Pennsylvania law.
- 9) Causing the death of the child through any act or failure to act.

Child abuse may be committed by any individual, including an employee, student, volunteer, parent, caregiver or any other party in the child's life. The duty to report exists regardless of whether or not the suspected perpetrator is a member of the Dickinson community and regardless of the specific role he/she occupies in the child's life.

Duty to Report

Pennsylvania law requires that private colleges, including Dickinson College their employees and persons affiliated with the college, such as students, and volunteers (the Dickinson community), report suspected child abuse. Reports of suspected abuse must be made by members of the Dickinson community to **Child Line at 1-800-932-0313**. Consistent with this policy, however, it is expected that notice of this report will also be shared as soon as possible with the Associate Vice President of Human Resource Services and/or the Chief of Public Safety after Child Line has been notified.

Consequences of Abuse

The employment of any college employee who is convicted of a charge related to abuse

of a minor will be terminated, whether the abuse occurred on or off campus. Any employee against whom a credible allegation of child abuse has been made as determined by a preponderance of the evidence, on or off campus, is subject to college discipline up to and including termination. Any Dickinson student who is convicted of a charge related to abuse of a minor will be expelled from the college, whether the abuse occurred on or off campus. Any Dickinson student against whom a credible accusation has been made as determined by a preponderance of the evidence, on or off campus, is subject to discipline up to and including expulsion.

Religious Holidays Policy

Dickinson College is fully committed to understanding and support of the diverse faith traditions to which members of our community adhere. While classes will still be held, the administration and faculty will make every effort not to schedule college-wide and/or public events on major religious holidays. Students of any faith who observe the major religious holidays or other minor religious holidays that typically restrict their participation in regular activities may also be excused from academic, athletic, and other responsibilities on those days by following the guidelines in the policy below.

The Religious Holiday Policy reads: *The college (offices and departments) will not schedule public and/or college-wide events on the following major religious holidays: Rosh HaShanah, Yom Kippur, the first night of Passover, Eid-al-Fitr, and Eid-al-Adha. The college calendar already excludes events on Christmas and Easter. Students must make arrangements with their faculty members in advance when an exam (including quizzes), papers, and other work are due on major religious holidays. A student will not be penalized for missing class or not handing in work on a holiday due to religious observance. However, students must notify faculty, in writing, reasonably in advance of the holiday if they will be absent from class for religious observance. Likewise, students who observe these holidays must notify, in advance, their coaches should they have athletic practice or scheduled competition at a time of religious observance. While faculty and staff are expected to be sensitive to the needs of observant students of all faiths when planning lectures, field trips, work and other curricular activity that might conflict with observance of a major religious holiday, any course work or other obligation that is missed remains the student's responsibility to complete. Faculty members are expected to make reasonable arrangements for students to complete missed work;*

students must make up the work.

Residential Living Guidelines and Policies

Students living on campus are expected to participate actively in their communities as well as fulfilling the obligations of a respectful and responsible citizen in the community. Residential policies and guidelines are designed to foster safe, productive and respectful environments that allow students maximal opportunities for growth and development. While living in college-sponsored facilities, you are expected to follow these guidelines and policies and any other guidelines established by an individual community.

Air Conditioning

Some residence halls are equipped with air conditioning. If you live in a building without air conditioning and have a documented medical condition that requires air conditioning, submit this information in writing to the [Access and Disability Services](#). The installation of a personal air conditioning unit is strictly prohibited.

The College strives to maintain an occupied target temperature of 68 degrees +/- 2 degrees for the heating season and an occupied target of 74 degrees +/- 2 degrees in the cooling season. The most challenging times of year are the spring and fall when outdoor temperatures can change rapidly from hot to cold – even within the confines of a single day. Window air conditioning units are not installed in the spring unless a student received an accommodation for air conditioning from the [Access and Disability Services](#) due to a documented medical condition.

Please see the College's [temperature policy](#) for additional information.

Alcohol

In accordance with the college's Community Standards, students who are under the legal age for possession/consumption of alcohol may not have alcohol in their residential space. Guests who are of age to possess/consume alcohol may not have alcohol in spaces where the residents are not of the legal age. Please see the College's [Drug & Alcohol Policy](#) for additional information.

Appliances

The following appliances have been approved for residential use within your bedroom:

- Personal refrigerator no larger than 4.1 cubic feet
- Microwave oven using less than 700 watts
- UL approved coffee makers
- Any appliances with concealed heating elements (ex. hot pots)

- Multiple strip outlets (fused, with at least 14-gauge wire, grounded cord) are allowed when needed to power electronic devices.

Additional UL approved cooking appliances may be permitted for use and storage in pre-identified kitchen areas with prior approval from the Residence Life and Housing office.

The following appliances are not permitted in residential facilities:

- Any electrical appliances with open heating elements (hot plates, George Forman Grills, barbeques, toasters/toaster ovens)
- Halogen lamps
- Electric blankets
- Concealed extension cords or multiple outlet adapters.

Balconies & Porches

Certain housing assignments have access to balconies and/or porches. Occupancy of these spaces is limited to the total number of residents in the housing assignment plus 2 additional students. Over-occupancy of these spaces is a potentially serious safety issue and use of these spaces is monitored by College staff such as Department of Public Safety and Facilities Management. Students seen to be over-occupying these spaces will be asked to reduce the occupancy to established limits. Repeated reminders about safe occupancy limits may result in a loss of use of the space for a short- or long-term basis.

Bicycles

You are permitted to have a bicycle on campus. Storage spaces or racks are provided around the campus at a variety of locations. You may not store bicycles in lounges, hallways or stairwells as this can block an exit in case of an emergency evacuation. If your bicycle is stolen or damaged, it is your responsibility to report it to the Department of Public Safety.

Break and Vacation Housing

Housing remains open during the following break periods: mid-term pause, Thanksgiving vacation, spring vacation. During these breaks, you may remain in your assigned room at no additional cost. You may leave personal items in your room during any break period; however, the college does not assume responsibility for personal articles. Campus services such as Dining Services may alter their hours during these times.

During Winter Vacation students are not permitted to remain on campus without approval from Residence Life & Housing. Certain Winter sport athletes are permitted to return to campus on the date established by the Athletic Department. During Winter Vacation the following spaces

will not be used to house students who are approved to be on campus during the break: Adams Hall, Drayer Hall, or Morgan Hall. If you live in any of these residences and require housing over the winter break, you will be assigned to a temporary space.

Students requesting housing during any break period and/or after exams must request permission directly with the Residence Life and Housing office prior to the start of each break period. Students who have an active discipline record will not be permitted to remain on campus over any break and/or after exams without permission from the Director of Residence Life and Housing.

At the end of the academic year, only graduating seniors and students involved in commencement are allowed to remain on campus. All students, other than graduating seniors, who need to stay on campus must request permission to remain in housing directly with the Residence Life and Housing office. The student will then be notified if their request has been approved.

Business Ventures & Solicitation

You may not conduct or solicit business in college housing. This includes using your computer network access to conduct business through your computer or the internet. Failure to comply will result in disciplinary action.

For the safety and privacy of all members of the campus community, solicitors, peddlers and door-to-door solicitation are not permitted on campus, including in any residential buildings.

Members of the campus community are not permitted to raise funds or sell products on campus without permission from Student Leadership & Campus Engagement. No one, including members of the campus community, is permitted to solicit, raise funds, or sell products in the residential facilities.

No deliveries are to be made in an individual room in any campus building, including the residential facilities. All personnel delivering personal products should be directed to meet you at the main entrance of a campus building.

Check in and Check Out

When checking-in to housing, you will be issued a key(s) that will grant you access to your room and building assignment. You will also receive a Room Condition & Inventory report and be asked to note any previous damages to the room or furnishings to your RA, HAM, or the Residence Life and Housing office.

You are required to officially check out with the appropriate staff member when moving out of college housing which includes turning in your key(s). Plan to check out of your room **within 24 hours of your last final exam** unless given permission prior to the start of final exams.

- If you change rooms during the year, you are expected to check-out of your initial room by having an RA or HAM evaluate the condition of your room when you leave.

When you check-in to your new room, you should complete a new Room Inventory form.

- If you leave for any other reasons (Disciplinary action, Leave of Absence, etc.) please contact the Residence Life and Housing office for further instruction.

Cleaning & Repairs

Facilities Management provides housekeeping services for the public areas of each traditional residence hall, including bathrooms, hallways, and lounges. You are expected to keep your own room clean and orderly. If you discover your room is in need of repair, you should contact Facilities Management directly.

Houses and apartments are independent living spaces. As such, students in these spaces are expected to maintain the cleanliness of these spaces on their own. At the end of the academic year, Facilities Management and Residence Life and Housing will inspect all houses and apartments; if the condition of these spaces requires excessive cleaning or repair, the residents may be charged.

Students can notify Facilities Management by completing a work order online. Facilities Management is open Monday through Friday 8:30am-4:30pm. For emergency repairs, after these hours, contact the Department of Public Safety.

The right to inspect and repair rooms at times convenient to the college or its authorized agents is unconditionally reserved by the college. If you have concerns or questions about the service provided in the residence halls, please contact Facilities Management at (717) 245-1212.

Community Billing

The purpose of community billing is to promote individual responsibility and to hold students mutually accountable for the condition of their shared living spaces. Public areas (i.e. corridors, stairways, lounges, bathrooms) are the collective responsibility of the residents of that suite, wing, floor, or building, apartment or house. Charges for damages to those areas may be divided among the residents of those facilities. Areas covered under the community billing policy may include but are not limited to vandalism, stolen furniture, or housekeeping charges in a common or public area when it is not directly possible to determine the responsible person(s).

For more information, see Residential Damage.

Cooking

Cooking within a residential facility is permitted within pre-identified kitchen areas or with approved appliances (see Appliances) within an individual room.

Using self-heating packets to cook meals within residential spaces is prohibited. Self-heating packets use water to create a reaction with heat, and it produces dangerous levels of carbon monoxide as a byproduct.

Damage Billing

Vandalism, damage, destruction of college or personal property, or creating a condition that requires clean up or repair is not permitted. Damage to your room and college-provided furnishings shall be the financial responsibility of you and other assigned occupants. In instances when unnecessary cleanup or repairs are necessary, students may be subject to the financial responsibility either individually, or as a suite, wing, floor or building in such instances when it is not directly possible to determine the responsible person(s).

For more information, see [Residential Damage](#).

Decorating your Residential Space

As part of personalizing your residential space, you are encouraged to decorate your room. You may not make any permanent or semi-permanent alterations to the room, including structure, painting, partitions, paneling, and electrical system modifications. You may not affix anything to any internal or external structure of the housing facility (e.g., flag, signs, satellite television dish, antenna, etc.) or have anything hanging or protruding from the facility unless approved by the Director of Residence Life and Housing. Organizations wishing to have identifying letters, signs, or flags visible from the outside of their residential facility must submit a letter to the Director of Residence Life and Housing to request approval.

- Lights - You may not have halogen or decorative lights, including string lights.
- Wall Decorations - You may not use items that would result in damage in the walls and/or paint. This includes, but is not limited to, screws, nails, staples and/or adhesives such as Scotch or duct tape on walls. Glue may not be used on walls, furniture or floors.
- Nothing may be hung on ceilings, sprinkler pipes, block fire safety devices or block any egress or exit, including any tapestries or other fabric items.
- Holiday Decorations - No cut or live trees or wreaths are permitted in college-operated residential facilities.
- Outdoor Furniture - Only furniture intended for use outdoors (patio/deck furniture) may be used or stored outside. Indoor furniture (i.e. couches, loveseats, etc.) may not be used or stored outdoors.

Drones

All members of the College community, including faculty, staff and students, as well as visitors to Dickinson College, are prohibited from operating Unmanned Aircraft Systems (UASs), also known as drones, without the permission of the Director of Academic Technology.

Entry & Inspection of Student Rooms

The College reserves the right to enter any room at any time without advance notice for the purposes of inspection, repair, maintenance, protecting the health, safety, and security of residents and in cases of emergency, as determined by the college. Entry may be made by members of the Student Life staff, including members of the Department of Public Safety.

The College further reserves the right to inspect a room at any time and its contents for violation of College policies, including the Community Standards, or residence hall regulations, including but not limited to possessing illegal substances or substances believed by the College to be illegal or conducting activities that could endanger the life, safety, order or welfare of another person.

Routine health and safety inspections of residential spaces will be announced at least one day in advance of the inspection. During any such inspection of residential spaces, any evidence of violations of the Community Standards may be confiscated and processed accordingly.

Fire Safety Equipment & Procedures

All residential facilities are equipped with fire detection and firefighting equipment. Tampering with fire safety equipment is strictly prohibited. Tampering with fire safety, including discharging fire extinguishers or disabling smoke detectors, may result in suspension from the college, plus the cost of restoring equipment to its original condition. Failure to comply with these policies will likely result in disciplinary action.

Students may be fined for a fire alarm resulting from the use of a prohibited appliance, such as a toaster, or prohibited activities (smoking, burning candles or incense, etc.).

It is vital that all fire alarms are taken seriously, and you are expected to leave the building during a fire alarm. You must remain outside the building until such time as the Department of Public Safety or Facilities personnel indicate that it is safe to re-enter the building.

Your Resident Advisor or House and Apartment Manager will have information on proper procedures for evacuating the building during a fire alarm. Failure to leave the building during a fire alarm may result in fine or disciplinary proceedings. Fire drills will be held during the semester and are coordinated by Residence Life and Housing and the Department of Public Safety.

Fire Safety Guidelines

The following appliances have been approved for residential use within your bedroom:

- Personal refrigerator no larger than 4.1 cubic feet
- Microwave oven using less than 700 watts
- UL approved coffee makers
- Any appliances with concealed heating elements (ex. hot pots)

- Multiple strip outlets (fused, with at least 14-gauge wire, grounded cord) are allowed when needed to power electronic devices.

Additional UL approved cooking appliances may be permitted for use and storage in pre-identified kitchen areas with prior approval from the Residence Life and Housing office.

The following appliance/items are not permitted in residential facilities:

- Any electrical appliances with open heating elements (hot plates, George Foreman Grills, outdoor grills, toasters/toaster ovens)
- Electric blankets
- Halogen lamps or decorative lights, including string lights (battery operated string lights are OK)
- Concealed extension cords or multiple outlet adapters.

- Gasoline motors of any type, including motorcycles, mopeds, etc. as well as fuels, such as gasoline, propane, or lighter fluids
- Nothing may be hung on ceilings, sprinkler pipes, block fire safety devices or block any egress or exit, including any tapestries or other fabric items
- Hoverboards (self-balancing scooters, battery-operated scooters, hands-free Segways)
- Three-dimensional (3-D) printers

Grills may not be used or stored indoors. All grills must be placed at least 25 feet from any building when in use and may never be used on rooftops, roof decks or fire escapes. Do not dump hot coals onto the grass or into trashcans. Cold coals may be emptied into trashcans.

Fire pits are prohibited and cannot be used indoors or outdoors.

Flammable Materials

Spark or flame-producing items such as fireworks, firecrackers, explosive materials, candles, incense burners, oil burning lamps and lanterns are prohibited in all residential spaces.

Grills may not be used or stored indoors. All grills must be placed at least 25 feet from any building and may never be used on rooftops, roof decks or fire escapes. Do not dump hot coals onto the grass or into trashcans. Cold coals may be emptied into trashcans.

Fire pits are prohibited and cannot be used indoors or outdoors.

You may not store gasoline motors of any type, including motorcycles, mopeds, etc., within residential spaces. You may not keep fuels, such as gasoline or propane, in residential spaces.

Furniture

All furniture must remain in the assigned room. No college-provided furnishings may be removed from the room. You may provide additional furnishings such as carpets, chairs, and sofas as long as the items meet federal fire resistance standards; however, they may not block or unduly restrict exits to the room. All personal articles must be removed prior to your departure from your room or you may be charged for the removal of property not original to the room. Outlined below are additional guidelines to adhere to when furnishing your residential space:

- Waterbeds are prohibited.
- Do not place mattresses directly on the floor.
- Only beds specifically designed to be lofted will be permitted.
- Do not use concrete blocks or bricks to raise the bed, as these cause unusual wear and tear and pose a potential safety hazard. Bed raisers specifically designed for this purpose are permitted.
- No college-issued furniture may be used for outdoor purposes unless it is deck furniture on approved balconies, porches or other outside areas.
- Only furniture intended for use outdoors (patio/deck furniture) may be used or stored outside. Indoor furniture (i.e. couches, loveseats, etc.) may not be used or stored outdoors.
- Lounge or common room furniture may not be removed from the public area and/or placed in individual rooms.
- All college-issued furniture must remain in the room/apartment. Students will be charged for missing furniture.

Guest Policy

A guest is considered anyone not currently assigned to the residential living space in question, including other Dickinson students. The college encourages you to have guests visit you in your room with the consent of your roommate(s). Students are reminded that residential spaces are shared spaces and you should proactively discuss with your roommate(s) how to manage guests and any additional policies that will govern guests in the room. Especially in the case of an overnight guest you should consult and work with your roommate(s) ahead of time to determine what will be most appropriate. A student should expect to have access to his or her room without the presence of inhabitants not assigned to that space by the college.

Guests are not permitted to stay in your room for more than any 2 consecutive nights. **No guests may visit more than a total of 7 days per semester.** You are responsible for the behavior of your guests and for informing your guests of the appropriate policies.

Guests to the college should remember that they are subject to the laws, rules, and regulations governing behavior in the Commonwealth of Pennsylvania and Dickinson College. Dickinson students will be held responsible for the behavior of their guests and may face disciplinary proceedings withing the Community Standards as a result of the behavior of a guest.

Hall Recreation

You may not play sports in any public areas or hallways of any residential building, including, but not limited to rollerblading, skateboarding, soccer, frisbee, basketball and bicycle riding.

Health & Safety Inspections

The Residence Life and Housing staff regularly conduct inspections of each area on campus. Student rooms are given a brief inspection during the fall and spring semesters. The purpose of these inspections is to provide the appropriate education and assist with correcting any health or safety concerns. Policy violations that are discovered during these inspections may be referred to the college's conduct system and prohibited items may be confiscated. Students with questions about these inspections should speak with Residence Life and Housing.

Housing Accommodations

If you need housing accommodations due to medical, psychological or other health-related reasons, you should follow the process outlined in the [Access and Disability Services website](#). The Residence Life and Housing office works in collaboration with [Access & Disability Services](#) and the [Wellness Center](#) to review all requests and recommendations for appropriate accommodation.

Insurance & Liability

The College cannot and does not assume responsibility for personal accident, injury or illness to residents, guests or visitors, or for the loss or theft of money or loss, theft or damage of personal property of students. Damages that result from unforeseeable maintenance issues (burst pipes, power failure, etc.) are the responsibility of the student. The college does not carry insurance covering residents or their property. You are encouraged to protect yourself from loss by purchasing appropriate insurance. In that regard, you should review any homeowner's policy that you or your caregiver's might have to determine whether the contents of your College housing are already covered or could be covered with a policy rider.

Keys

You will be assigned a key(s) that will allow you access to your building and individual room. Rooms should be locked and you should carry your keys and College ID with you at all times. You are prohibited from duplicating housing keys for any reason. You may

not loan, sell or transfer any housing key or College ID to any person for the purpose of allowing that person to enter college housing unescorted or use the residence hall or apartment's facilities.

- In the event that keys are lost, stolen or misplaced, you are responsible for immediately reporting that the key is missing to the Residence Life and Housing office and the Department of Public Safety.
- Failure to return the key(s) upon departure from the room/apartment/house will result in a charge to your student account to change the key lock cylinder.
- You will be charged \$100 for a lock change if your key is lost or not returned after moving out. For houses, suites or apartments where two keys are assigned, there will be a \$75 charge per additional lock that must be changed. Your key(s) should be returned immediately upon moving out of your residential space.
- Students issued a temporary ID card for residential access at the beginning of the year are required to return this ID upon receipt of their permanent College ID. Anyone who loses or fails to return the temporary ID card will be charged \$25.

Residential facilities are locked at all times. Many residential areas are equipped with card access to exterior doors. Students should not take action that prevents the exterior doors from closing and locking such as propping the door or taping the lock.

Lockouts

For the first two weeks of every semester, there will be no charge for lock-outs. After the first two weeks, there will be a \$25 charge for every lock-out handled by Residence Life and Housing staff or Department of Public Safety staff. If a student is locked out more than three (3) times in a semester, the charge will increase to \$50 per occurrence. If you are locked out of your residence, you should contact the following as applicable:

- Traditional Residence Halls can contact the RA on duty for assistance from 7:00 pm until 1:00 am. You can contact an RA on duty by calling the duty phone for the area (the number is posted in your residence hall). The Department of Public Safety will handle lockouts from 1:00 am until 7:00 pm (call 717-245-1349). On Saturdays and Sundays, please call the duty phone for the area between 9:00 am until 1:00 am.
- Houses/Apartments can contact the Department of Public Safety at all times.

Noise Guidelines

To support your academic success, the college maintains both quiet hours and courtesy hours in all residences. Courtesy hours mean that residents are prohibited from making noise that significantly disturbs other residents, including those in the Carlisle community. During quiet hours, noise should not be heard outside your room, suite or apartment. Quiet hours are as follows:

- Sunday through Thursday, 10:00 pm until 8:00 am the following morning

- Friday and Saturday, midnight until 10:00 am the following morning

Quiet hours are in effect 24 hours a day during Reading Periods and Final Exams. Any disturbance of the larger community (floor, building or neighbors) is not permitted during these times.

Pets

You may not keep or host animals in residential facilities unless it is fish within a bowl or tank. The bowl or tank may not exceed 20 gallons in a residence hall. The college will not be responsible for the care of fish during break periods. Violation of the Animals on Campus Policy may result in damage billing for the replacement and/or refurbishment of carpeting, furniture or other affected areas of the facility. Failure to remove the animal from the residence in a timely manner may result in removal by animal control services.

Residents with appropriate documentation of a disability requiring the use of a service or support animal are encouraged to contact Access and Disability Services to discuss their disability-related housing accommodation requests.

Room & Board Agreement

All students are required to read and sign a Room and Board Agreement prior to moving into their residence at the beginning of the academic year. This document, together with other policies, procedures and regulations in this handbook or published by the Division of Student Life, constitutes the agreement between you and the College. Many of the residential living guidelines and policies are outlined in the agreement.

Room Changes, Reassignments, & Vacancies

Requests for room changes must be made directly to the Residence Life and Housing office and are limited at times due to space availability. The change of rooms or substitution of one occupant for another without approval in writing from the Residence Life and Housing office is prohibited. You should work with a professional staff member in Residence Life and Housing to discuss options related to a room change request. Room/hall changes are not permitted during the first two and last two weeks of each semester in order to complete accurate occupancy reporting.

The College reserves the right to reassign students in order to make the most efficient and beneficial use of available facilities, including the consolidation of spaces to create completely vacant rooms. Additionally, the occupancy of a room may be increased when, in the judgment of the College, it is necessary to do so to accommodate the housing needs of the student body.

Reassignment may also occur as a result of ADA accommodation requirements, disciplinary action (violation of Community Standards), violation of the agreed upon standards of your floor, area, or building, and/or administratively at the discretion of the Director of Residence Life and Housing.

When a vacancy occurs, you may request a specific roommate to fill that space. If no request is made the Residence Life and Housing office will make the space available for general occupancy and may reassign a vacant space at any time. If there is a vacancy in your room, you must leave the room ready for another student to move in at any time. The Residence Life and Housing office will notify you as soon as plans are made to fill the vacancy in the room you are occupying. Behavior which discriminates against or impedes an interested student or assigned occupant will be considered a violation of the Community Standards and reviewed as such.

Room Condition & Inventory

During the move-in process, you have the obligation to conduct a thorough room inspection and report any concerns (condition of the room, furniture, maintenance needs) to the Residence Life and Housing office. Any difference between your room's condition at check-in and check-out will be the responsibility of the room's occupants. Completed Room Condition and Inventories will be maintained annually by the Residence Life and Housing office.

Public areas (i.e. corridors, stairways, lounges, bathrooms) are the collective responsibility of residents of that building, suite, apartment or house. Charges for damages to those areas may be divided among the residents of those facilities.

If you change rooms during the year, you are expected to check out of your initial room by having an RA of HAM evaluate the condition of your room when you leave. When you check into your new room, you should complete a new Room Inventory form. Failure to check out with your Resident Advisor or HAM may prevent you from appealing any damage charges that result from the final inventory of your room.

Room Selection

Room assignments for all returning students are completed through an online room selection program called Housing Self-Service during the spring semester (students can find their Housing Self-Service in Gateway, look for the icon with a house). Returning students who have registered for courses for the following fall semester and do not have any holds on their account may participate in the room selection process. Students receive a randomly generated lottery time and select a room in order of their class year. More detailed information about room selection and housing options is available from the [Residence Life and Housing office](#) early in the spring semester.

Students Studying Abroad

Students who plan to study off-campus are reminded that the room selection process will occur in the spring semester. Students have the option to select another student to act as a proxy on their behalf; however, it is the responsibility of the individual(s) who will be away from campus to make and communicate these arrangements with the Residence Life and Housing office. The proxy will then be responsible for participating in the room selection process on behalf of the students away. The Residence Life and Housing office does not assume responsibility for selecting rooms or filing off-campus applications for students who are away from campus during the spring semester.

First-Year Housing

First-year students receive room assignments and the name(s) of roommates via email. First-year students are assigned rooms based on information provided to the Residence Life and Housing office. First-year students generally are housed in double, triple or quad rooms and in facilities that are largely populated with other first-year students.

Smoking

Smoking, including the use of e-cigarettes, is prohibited in all areas of the residential spaces, including rooms, bathrooms, lounges, hallways, and stairwells. Additionally, smoking is prohibited within 25 feet of residential buildings. Smoking is limited to a location that does not impede traffic flow in and out of residence halls and where smoke cannot drift into the interior of residence halls.

Storage

The college does not provide storage spaces during the summer months. Individual students, fraternities and sororities, and special interest houses are encouraged to make storage arrangements by working with area storage companies. Items left in and around residential facilities at the end of the spring semester will be given to the U-Turn project or discarded by Facilities Management. You may be charged for the removal of property not original to the room.

You can find information about local storage options here.

Windows

You may not remove window screens at any time. Throwing any object out of a residence window or balcony is prohibited. Food, plants, shoes, flags, banners, or other items are not permitted outside windowsills or balconies unless granted permission by the Residence Life and Housing office.

Sexual Harassment & Misconduct Policy

Dickinson will not tolerate any type of sexual harassment, misconduct or intimate partner violence. The college is committed to taking all appropriate steps to eliminate sexual harassment, misconduct and violence, prevent its recurrence and address its effects. This policy outlines Dickinson's institutional values, prohibited conduct, resources, reporting options, and complaint processes for the review, investigation and resolution of reports of sexual harassment, misconduct and violence.

The full Sexual Misconduct Policy can be viewed on the Dickinson College website on the following pages <https://www.dickinson.edu/titleix> or on the [campus-wide policies](#) page [found here](#).

Smoking Policy

Dickinson College promotes a smoke-free environment, and smoking and the use of electronic cigarettes is permitted only in outdoor areas of the campus not within 25 feet of a building. No smoking is allowed in any building on campus. This includes private offices, residence hall rooms and public buildings. The use of electronic cigarettes is also prohibited in buildings on campus. The success of this policy depends upon the thoughtfulness, consideration, and cooperation of smokers and nonsmokers. In all cases, the right of nonsmokers to protect their health will take precedence over a smoker's desire to smoke.

the Controlled Substances Act (21 U.S.C. 802(6)) and includes marijuana.

Title IV Federal Aid includes: Federal Work Study, Federal Direct Loans, Federal Pell Grants, Supplemental Educational Opportunity Grants, Academic Competitive Grants, Federal SMART Grants, Robert C Byrd Scholarships and Federal Perkins Loans.

Technology Policies

These policies serve as guidelines to support operational efficiencies and ensure compliance with applicable laws and regulations.

Responsible Use Information Technology Resources

Purpose

Dickinson College is a private institution fully committed to the ideals of academic freedom, freedom of expression and cultural diversity. This policy describes the appropriate uses of computers, networks, servers, hardware and software ("Information Technology") at Dickinson College. In addition, it describes responsibilities of individuals and Dickinson College with respect to the confidentiality and privacy of information stored on institutional computers and servers.

Scope

This policy applies to all individuals using Dickinson College's Information Technology. Use of the college's Information Technology constitutes the user's agreement to abide by this policy, including consent to monitoring and inspection (as permitted and limited below). "Monitoring" refers to the observation and examination of system-wide general activity, usage patterns and performance metrics, including but not limited to, CPU loads, network traffic patterns, and volume, and attached devices. "Inspection" refers to the observation and examination of individual electronic communications, including electronic mail, mailboxes, Internet use, and the contents created or stored on any college computer, server or network-related equipment. Failure to adhere to this policy may result in the loss of email and/or computing/networking privileges and discipline up to and including censure, expulsion or termination of employment in addition to any applicable civil or criminal penalties.

Individual Responsibility

Library and Information Services ("LIS") is responsible for monitoring. It is the responsibility of all individuals in the Dickinson community to use Information Technology resources in accordance with this policy. Inappropriate behavior or malicious misuse of Information Technology resources that in any way degrades college equipment and/or services or that violates the rights of others in the community or that violates the law or college policy is strictly prohibited. Each member of the community is responsible for using only those accounts or computers for which he or she has authorization and is responsible for protecting all passwords. Individuals are urged to report unauthorized use of computers, networks, or other LIS facilities on campus by

calling the LIS help desk or by notifying the Assoc Vice President for Enterprise Systems.

Institutional Privileges

Dickinson College reserves the right to monitor and allocate Information Technology resources. To accomplish allocation of resources, the system administrators may suspend or terminate privileges of individuals without notice if malicious misuse or use inconsistent with this policy, any other relevant college policy or applicable law is detected. Privileges may also be suspended, without notice, to meet time-dependent, critical operational needs.

Because of its obligations with respect to compliance and the integrity of services provided under this policy, except as outlined below, Dickinson asserts sole ownership of all electronic communications, including electronic mail, mailboxes, files and their contents, created or stored on any college computer/network related equipment.

Nothing in the policy is intended to supersede the rights, title and interests, including copyrights, of faculty and students in their intellectual property and Dickinson College asserts no ownership or proprietary rights in such works outside the intellectual property policies of the college regardless of the presence or storage of such works on any college computer, network or network related equipment.

Similarly, the college asserts no ownership or propriety rights in the works of other college employees where such works were not created for, and are not related to, their employment.

User Logins and Passwords

Access to Information Technology resources is provided via user login and password systems. Users are personally responsible for the security of the password that they select. Viewing, copying, altering or destroying any file, or connecting to a computer on the network without explicit permission of the owner is prohibited.

Passwords should be known only to the person responsible for the account and user login. Any suspected breach of password security should be immediately reported to the LIS help desk.

Protecting Desktop Equipment and Files

Backups and protection of files stored on employee desktop and laptop equipment are the responsibility of the user of the equipment. Users must back up their work files on a regular basis. LIS licenses software for this purpose that may be obtained by contacting the LIS help desk.

Individual users are responsible for safeguarding the equipment entrusted to them by the college. This includes reasonable protection of equipment from damage and theft.

Management of Personally Owned Devices

With the approval of the relevant senior officer, the college subsidizes the purchase and operation of personally owned computing devices such as smartphones to conduct college business. Employees participating in these programs are expected to treat these devices with the same care with regard to institutional information as they would college-owned devices. This obligation includes the requirements that employees employ passcodes on these devices and that they establish the ability to remotely disable these devices in the event of loss or theft.

Use of Cloud Systems and Storage

Most cloud systems and storage services do not meet Dickinson College safety and security standards and are not compliant with federal data storage laws. Please contact the Help Desk (helpdesk@dickinson.edu) for information about which systems and storage options have been approved by the college.

Confidentiality and Right to Monitor and Inspect

Users of Dickinson College information technology should understand that uses of these resources are not completely private. Under normal circumstances, the General Counsel and the relevant senior officer, in consultation with the Chief Information Officer, must approve in advance any individual inspection, other than that which is voluntary, required by law, or necessary to respond to emergency situations.

The circumstances under which such inspections without notice may occur include, but are not limited to, the following:

- 1) To protect the integrity, security, or functionality of college or other information technology resources, or to protect the college or individuals in the community from harm;
- 2) There is reasonable cause to believe that the user has violated, or is violating, any Dickinson College policy or applicable civil or criminal law; or
- 3) An information technology resource appears to be engaged in unusual or unusually excessive activity that disrupts the system, as indicated by system monitoring.
- 4) The normal operation and maintenance of the college's technology resources require backup and caching of data and communications, logging of activity, monitoring of general use patterns, and other such activities that are necessary to provide service.

The college, in its discretion, may use or disclose the results of any such inspection, including the contents and records of individual communications, as it considers appropriate, to college personnel, third parties, or law enforcement agencies.

Personal Use

Dickinson College provides Information Technology to faculty, staff and students for use in the pursuit of legitimate academic and business pursuits for the college. Incidental personal use of Information Technology is permitted provided that such use:

- Does not affect productivity, quality or service to students and others whom we serve.
- Does not interfere with the user's job responsibilities or other obligations to the college.
- Does not create a conflict of interest or contribute to personal financial gain related to commercial activity.
- Does not directly or indirectly interfere with the college's operation of electronic mail services, computing capacity or network capacity.
- Does not interfere with other users' access to or use of the campus network.
- Does not violate federal, state or local laws, or college policy.

Legal Compliance

All existing federal, state and local laws and relevant college regulations and policies apply to the use of computing resources and all users of such resources are required to be in compliance with all such laws, regulations and policies at all times. This includes not only those laws and regulations that are specific to computers and networks, but also those that apply generally to personal conduct. As such, any of these resources may be subject to review by designated college personnel in accordance with college policies.

Inappropriate Uses – Examples

The following are examples of violations of this Acceptable Use of Information Technology Resources Policy. This list is not dispositive.

- **Malicious misuse.** Using logins or passwords assigned to others; disrupting the network; destroying information; intentionally erasing stored information or modifying equipment, accounts, disks or files that are not your own; removing software from public computers; spreading viruses; sending email that threatens or harasses other people; downloading, uploading or sharing images or information that violates any law; invading the privacy of others; subscribing others to mailing lists or providing the email addresses of others to bulk mailers without their consent; running a personal business, downloading material from the Internet that violates federal, state or local law, or college policy (except when disclosed in advance to the provost and dean of the college, and determined to be related to legitimate research or learning purposes); illegally duplicating or otherwise copying copyrighted or licensed software or using illegal copies of copyrighted materials; or using Information Technology in violating any federal, state or local law.
- **Unacceptable use of software and hardware.** Knowingly or carelessly running or installing unlicensed software on any computer or computer system or network; giving another user a program intended to damage the systems or network; violating terms of applicable software licensing agreements, including copying or reproducing any licensed software; or violating copyright laws and their fair use provisions through inappropriate reproduction or dissemination of copyrighted text, images, music or other materials; using imaging equipment to duplicate, alter and subsequently reproduce official documents.

- **Inappropriate access.** Unauthorized use of a computer account; providing misleading information in order to obtain access to computing facilities; using the campus network to gain unauthorized access to any computer system; connecting unauthorized equipment to the campus network including wireless access points; unauthorized attempts to circumvent data protection schemes to uncover security loopholes (including creating and/or running programs that are designed to exploit security vulnerabilities and/or decrypt intentionally secure data); intentionally locking another user out of that user's account; knowingly or carelessly performing an act that will interfere with the normal operation of computers, peripherals, or networks; or deliberately wasting or overloading computer resources.
- **Inappropriate use of electronic mail and Internet access.** Initiating or propagating electronic chain messages; inappropriate mass mailing including multiple mailings to newsgroups, mailing lists, or individuals, forging the identity of a user or machine in an electronic communication; using another person's email account or identity to send email messages; attempting to monitor or tamper with another user's electronic communications; reading, copying, changing or deleting another user's files or software without the explicit agreement of the owner; using e-mail or personal web page advertising to solicit or proselytize others for commercial ventures, religious or political causes, or for personal gain related to commercial activity; any use that otherwise violates federal, state or local law, or college policy.

Noncompliance and Sanctions

LIS may suspend or terminate all computing privileges of any individual without notice who engages in any improper computing activities. Serious cases, as determined by the Vice President for Library and Information Services, and in consultation with the appropriate senior officer of the division with supervisory authority over the individual may result in disciplinary action against the individual up to and including the suspension, expulsion, or termination of employment of the offending individual, as appropriate.
