<td><strong>Vacation</strong></td>
<td>Vacation Hours. All regular full-time support-staff earn vacation on a monthly basis. This vacation must be used during the fiscal year in which it is earned (July 1 through June 30), with the approval of the department head. Vacation may be taken in quarter-hour increments. All vacation is made available to employees in advance, at the beginning of the fiscal year (July 1). Regular full-time support-staff employees receive three weeks (15 days) vacation per year for each of their first 10 years of employment. Effective on the July 1 following the completion of 10 years of continuous full-time service they begin receiving four weeks (20 days) vacation each year. A full-time employee, who works fewer than 12 months a year and part-time employees, will only earn vacation for the months he or she works. For example, if an employee works 10 months a year and is off two months, he or she does not earn vacation for those two months. Or if an employee works full time for 10 months and half time for two months, he or she will earn one-half-time vacation for the two months he or she worked half time. Part-time employees also receive vacation that is prorated, based on the number of hours worked. Full-time vacation allotment for new hires is based on month of hire. Please note that the remaining vacation time is shown in hours. This is calculated based on the number of days earned times the number of hours the employee is regularly scheduled to work. Therefore, if an employee has earned 15 days of vacation and is scheduled to work 7 hours per day, the remaining vacation time will show 105.00 hours at the beginning of the fiscal year.</td>

<td><strong>FloatHol</strong></td>
<td>Floating Holiday Hours. The college provides nine paid holidays each year, seven that are fixed and two that are floating holidays. Employees may use floating holidays at their convenience with their supervisor’s approval. New employees are eligible for two floating holidays during their first fiscal year of employment if they begin working for the college before Jan. 1 and one floating holiday if they begin working after Jan. 1 but before March 1. Please note that the remaining floating holiday time is shown in hours. This is calculated based on the number of days earned times the number of hours the employee is regularly scheduled to work. Therefore, if an employee has earned 2 days of floating holiday time and is scheduled to work 7 hours per day, the remaining floating holiday time will show 14.00 hours at the beginning of the fiscal year.</td>
</tr>
<tr>
<td><strong>Sick</strong></td>
<td>Sick Time Hours. Full-time support staff employees earn sick leave time at a rate of 10 days per fiscal year. Sick leave does not accumulate or carry over from year to year. Sick leave renews at the start of each fiscal year, provided the employee is actively at work. For nonexempt support-staff employees, sick leave may be taken in quarter-hour increments. An employee should telephone the supervisor as soon as he or she knows that he or she will be unable to work. Employees must keep the college informed about the projected date and time of return. If employees cannot reach their supervisor, they should inform HR Services.</td>

Sick leave is prorated for non-12 month full-time employees and for part time employees in the same manner as vacation time.

Please note that the remaining sick time is shown in hours. This is calculated based on the number of days earned times the number of hours the employee is regularly scheduled to work. Therefore, if an employee has earned the full 10 days of sick time and is scheduled to work 7 hours per day, the remaining sick time will show 70.00 hours at the beginning of the fiscal year.
