Retirement Checklist

You have finally reached retirement eligibility status at Dickinson College. As you consider retiring from the college, there are a few things to think about in the upcoming months or weeks before you formally retire. HOW DO I REGISTER TO AUDIT A CLASS?

If you are interested in auditing a class, start by sending an email to the Registrar's Office!

Adult students wishing to pursue courses at the college for personal enrichment and who do not want these courses to count toward a degree at Dickinson College may apply for permission to take a course on a space available basis and register through the Office of Continuing Education. Courses may be taken for credit or non-credit (audit).

After registering for a class(es), follow-up with Human Resource Services to complete a tuition remission form.

Contact the Office of Continuing Education at reg@dickinson.edu or call 717-245-1315.

LEARNING CONTINUES...

Continuing to learn novel concepts and take part in the exploration of new material or ideas keeps your brain active and healthy while also being a great way to stay connected with the Dickinson community!

Think of all the things you may want to try or learn about as you gain free time and the ability to do activities you previously did not have time to access.

From a visit to the college farm to exploring the depths of the collections in the Weiss Center's Trout Gallery—or checking out the physics labs or planetarium...the sky literally is the limit (or maybe not)!

If you are interested in taking a class or two and sharpening your mind in retirement, Dickinson offers the option to audit or take classes for credit at a greatly reduced rate for those 55 years and older—**but for our retirees auditing a class may be free based on your years of service and our tuition benefits.**

Any retiree considering or interested in taking a class should send an email to the Registrar's Office and also to Human Resource Services for more information. As an eligible retiree, you may audit a class by registering and submitting a tuition remission form to Human Resource Services.

Expanding your mind through books keeps your brain active and engaged with novel information!
