

Camp Starfish – Summer Counselors – New Hampshire

My name is Jessica Eades and I am a seasonal administrator at Camp Starfish. I am reaching out to ask you to share a great summer opportunity to your students at Camp Starfish in Rindge, New Hampshire. Camp Starfish is a summer camp for youth with emotional, behavioral, social and learning troubles, and our counselors will learn skills that can help them in their future careers with counseling, teaching, ABA therapy, etc.

Camp Starfish is a not-for-profit residential (overnight) summer camp that serves children between the ages of 6 to 17 who have social, emotional, behavioral, and learning challenges. Many of our campers don't always know how to read social cues, make a friend, regulate their emotional responses, deal with frustration, etc. Using a combination of traditional camp programs combined with a one-to-one staff to camper ratio, we have created a camp that meets the needs of children who have not been or would not be successful at other camps.

I was wondering if you could pass this information along to your students? I've attached a flier explaining the benefits of working at Starfish, and you can [click here](#) to go to our website, where your students can look more in-depth at camp life and apply! If you have any questions, please feel free to contact me at (719) 640-9773, or email me at Jessica.eades1257@gmail.com.
