

COVID-19 Test Kit Resources

Testing for Employees

On-site COVID-19 testing for employees is no longer offered at Dickinson College.

Employees who have been exposed to COVID-19, or who feel symptomatic may obtain testing at local pharmacies, [Sadler](#)

[Health Center](#), [UPMC](#), [PennState Health](#), other healthcare provider locations, or through at-home test kits available at retail locations.

At-home tests from the USPS are now available. *The program has been reinstated as of September 25, 2023. For more information on testing options, please visit [covid.gov/tests](https://www.covid.gov/tests).*

- *There are thousands of free COVID-19 testing sites in the U.S. Visit [testinglocator.cdc.gov](https://www.testinglocator.cdc.gov) to [locate a free COVID-19 testing site](#) near you.*

At-Home Test Kits & Pharmacies:

- *Some insurance plans cover the cost of at-home test kits.* If you have insurance through **Dickinson College**, tests kits are available at no cost using your **Meritain Health** member card containing your [Optum Rx prescription benefit information](#).

Test kits may be ordered online for pick-up or delivery. You can also pick up a test kit at your pharmacy. For more information, please visit [Optum Rx](#).

**Please be aware that if you order test kits through an online pharmacy, you may have up-front charges, and can submit a claim to [Optum Rx to request reimbursement](#).*

- **Before You Throw Out "Expired" Tests:** [Check FDA's website to see if your COVID-19 tests' expiration dates have been extended.](#)
