Teladoc Health[™] Global Care

Traveling outside the U.S. for work or pleasure shouldn't mean leaving behind access to quality health care. With Global Care from Teladoc Health, members can rest assured they'll be covered no matter where they go. It's quality care that travels with you.

How does it work?

Members traveling abroad can receive a diagnosis and a recommended treatment plan from a U.S.-based physician right from their phone. With this service, they can be confident they'll be connected to a U.S. doctor and receive the same quality care they do when they're home.

If necessary, members can also take the documented treatment advice they receive and any medication recommendations to a local health service provider for further medical help.

Some features include:

- Trusted medical advice available within 24 hours for common, acute symptoms such as sore throat, nausea, rashes, fever, etc.
- Reassurance of connecting with a U.S.-based physician.
- Easy access from the top-rated Teladoc Health mobile app.
- Added caregiver option available, so caregivers can initiate calls for their loved ones while traveling.

"Teladoc Health can uniquely provide comfort and clinical expertise for members whether they are home or thousands of miles away. We're reducing stress, lowering costs and improving care around the globe."

Lewis Levy, Chief Medical Officer, Teladoc Health

High-quality

The Teladoc Health U.S.-based physician network provides high-quality medical advice and comprehensive recommendations.

Familiar care

Members can easily be connected to U.S. doctors from anywhere, at any time, using the same Teladoc mobile app they're already familiar with.

Assurance

Members can be comforted knowing no matter where they travel to, they'll speak to a board-certified physician and can receive quality care.
