Sponsored Guest Wireless - Connection Instructions

If you're a sponsored guest of the college and you've been given a username and password from a faculty or staff member for connecting to the Guest wireless network, you'll need to follow these instructions. You will be able to connect up to 2 devices simultaneously with the same username and password

1. First, you'll need to connect to the **Guest** wireless network. This is done the same as connecting to any other wireless network – just select Guest from the list of available networks:
