Welcome to Aetna

Coventry Health Care and Aetna are one company. Working together, we are building healthy communities with people like you at the center.

The real value of any health plan is how it works for you and your family. We're here to help you make the most of your health and wellness benefits. We have many tools and services that can help you get and stay well.

This guide covers important information you need as a new Aetna member.

- ID cards
- Explanation of benefits (EOB)
- Secure member website, Aetna Navigator®
- And more

Explore your secure member website, Aetna Navigator®.

New member materials give you a good start

Now that you're an Aetna member, you'll get some new plan materials.

- **ID card** — In the past, you may have received a separate ID card for each family member in your plan. Now we've made it simpler for you with our new family ID card. This one ID card lists each family member — up to five per card — covered by your plan.

If you have more than five plan members in your family, you will receive a second ID card that shows their names. If it's needed, we've included a duplicate ID card for another family member, like a spouse. If you have covered family members who live at a different address, we'll send them a separate card.

You can start using your new ID card on your plan's effective date. You'll need to take your card with you whenever you visit the doctor, pharmacy or hospital. If you have pharmacy benefits with us, your ID card shows your pharmacy information, too. Phone numbers you may need are listed on your card.

Register or log in to www.aetnavigators.com from your smartphone or internet browser to view or print a digital ID card if you need another card. Digital ID cards can also be viewed with our Aetna Mobile app for both iPhone® and Android™ smartphones. You can find our app by going to your phone's App StoreSM and searching for "Aetna."

- **Privacy notice** — We will send this with your ID card. This notice tells you how Aetna, as well as doctors, hospitals and other

providers, may use and share your personal health information. It also tells you how to get this information.

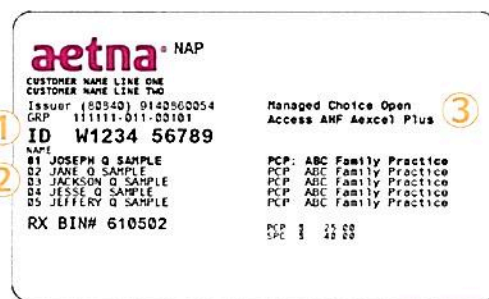

- **Plan documents** — Think of these as your owner's manual. They include a Summary of Benefits and a policy or Certificate of Coverage. They tell you what is covered and how benefits are paid.

Your ID card gives key information about your Aetna plan:

- 1 Your member ID and group number.
- 2 List of up to five family members.
- 3 Plan (this is the plan you choose when searching for a doctor, hospital or other providers).

On the back of the card:

- The toll-free number for member services to get answers to your questions.
- The claims address for paying claims.

Aetna's family explanation of benefits (EOBs) makes tracking easy

Your Aetna family EOB will have a new look making it easier for you to understand your claims. Now, instead of an EOB for each dependent, you will get a single EOB for your family. This means there may be more than one claim shown on the EOB. Your EOB will:

- 1 Track your spending, savings and deductibles.
- 2 Include a list of some common EOB terms with definitions. After the definitions, it shows totals for charges.
- 3 Have helpful messages from Aetna or your employer.
- 4 Give a payment summary for the claims on the EOB.
- 5 Show detailed information for each claim processed on your EOB.

You can view, print or save your EOB and other documents anytime when you log in to your secure member website at www.aetnavigators.com.

Go green with electronic EOBs

If you are registered for Aetna Navigator or have given us an e-mail address, we'll e-mail you when you have a new EOB. You can register for or log in to Navigator to view it.
