Preface

The medical benefits plan described in this Booklet is a benefit plan of the Employer. These benefits are not insured with Aetna or any of its affiliates, but will be paid from the Employer’s funds. Aetna and its HMO affiliates will provide certain administrative services under the Aetna medical benefits plan.

Aetna agrees with the Employer to provide administrative services in accordance with the conditions, rights, and privileges as set forth in this Booklet. The Employer selects the products and benefit levels under the Aetna medical benefits plan.

The Booklet describes your rights and obligations, what the Aetna medical benefits plan covers, and how benefits are paid for that coverage. It is your responsibility to understand the terms and conditions in this Booklet. Your Booklet includes the Schedule of Benefits and any amendments.

This Booklet replaces and supersedes all Aetna Booklets describing coverage for the medical benefits plan described in this Booklet that you may previously have received.

Coverage for You and Your Dependents

Health Expense Coverage

Benefits are payable for covered health care expenses that are incurred by you or your covered dependents while coverage is in effect. An expense is “incurred” on the day you receive a health care service or supply.

Coverage under this plan is non-occupational. Only non-occupational injuries and non-occupational illnesses are covered.

Refer to the What the Plan Covers section of the Booklet for more information about your coverage.

Treatment Outcomes of Covered Services

Aetna is not a provider of health care services and therefore is not responsible for and does not guarantee any results or outcomes of the covered health care services and supplies you receive. Except for Aetna RX Home Delivery LLC, providers of health care services, including hospitals, institutions, facilities or agencies, are independent contractors and are neither agents nor employees of Aetna or its affiliates.
Throughout this section you will find information on who can be covered under the plan, how to enroll and what to do when there is a change in your life that affects coverage. In this section, “you” means the employee.

Who Is Eligible

Employees
To be covered by this plan, the following requirements must be met:

- You will need to be in an “eligible class,” as defined below; and
- You will need to meet the “eligibility date criteria” described below.

Determining if You Are in an Eligible Class
You are in an eligible class if:

- You are a regular full-time employee, as defined by your employer.

Determining When You Become Eligible
You become eligible for the plan on your eligibility date, which is determined as follows.

On the Effective Date of the Plan
If you are in an eligible class on the effective date of this plan, your coverage eligibility date is the effective date of the plan.

After the Effective Date of the Plan
If you are hired after the effective date of this plan, your eligibility coverage date is the first day of the month coinciding with or next following the date you are hired.

If you enter an eligible class after the effective date of this plan, your coverage eligibility date is the date you enter the eligible class.

Obtaining Coverage for Dependents
Your dependents can be covered under this Plan. You may enroll the following dependents:

- Your spouse.
- Your dependent children.

Aetna will rely upon your employer to determine whether or not a person meets the definition of a dependent for coverage under this Plan. This determination will be conclusive and binding upon all persons for the purposes of this Plan.

Coverage for Dependent Children
To be eligible for coverage, a dependent child must be under 26 years of age.
An eligible dependent child includes:

- Your biological children;
- Your stepchildren;
- Your legally adopted children;
- Your foster children, including any children placed with you for adoption;
- Any children for whom you are responsible under court order;
- Your grandchildren in your court-ordered custody; and
- Any other child with whom you have a parent-child relationship.

Coverage for a handicapped child may be continued past the age limits shown above. See Handicapped Dependent Children for more information.

Important Reminder
Keep in mind that you cannot receive coverage under this Plan as:

- Both an employee and a dependent; or
- A dependent of more than one employee.

How and When to Enroll

Initial Enrollment in the Plan
You will be provided with plan benefit and enrollment information when you first become eligible to enroll. You will need to enroll in a manner determined by Aetna and your employer. To complete the enrollment process, you will need to provide all requested information for yourself and your eligible dependents. You will also need to agree to make required contributions for any contributory coverage. Your employer will determine the amount of your plan contributions, which you will need to agree to before you can enroll. Your employer will advise you of the required amount of your contributions and will deduct your contributions from your pay. Remember plan contributions are subject to change.

You will need to enroll within 31 days of your eligibility date. Otherwise, you may be considered a Late Enrollee. If you miss the enrollment period, you will not be able to participate in the plan until the next annual enrollment period, unless you qualify under a Special Enrollment Period, as described below.

If you do not enroll for coverage when you first become eligible, but wish to do so later, your employer will provide you with information on when and how you can enroll.

Newborns are automatically covered for 31 days after birth. To continue coverage after 31 days, you will need to complete a change form and return it to your employer within the 31-day enrollment period.

Late Enrollment
If you do not enroll during the Initial Enrollment Period, or a subsequent annual enrollment period, you and your eligible dependents may be considered Late Enrollees and coverage may be deferred until the next annual enrollment period. If, at the time of your initial enrollment, you elect coverage for yourself only and later request coverage for your eligible dependents, they may be considered Late Enrollees.

You must return your completed enrollment form before the end of the next annual enrollment period as described below.

However, you and your eligible dependents may not be considered Late Enrollees if you qualify for one of the circumstances described in the “Special Enrollment Periods” section below.
Annual Enrollment
During the annual enrollment period, you will have the opportunity to review your coverage needs for the upcoming year. During this period, you have the option to change your coverage. The choices you make during this annual enrollment period will become effective the following year.

If you do not enroll yourself or a dependent for coverage when you first become eligible, but wish to do so later, you will need to do so during the next annual enrollment period, unless you qualify under one of the Special Enrollment Periods, as described below.

Special Enrollment Periods
You will not be considered a Late Enrollee if you qualify under a Special Enrollment Period as defined below. If one of these situations applies, you may enroll before the next annual enrollment period.

Loss of Other Health Care Coverage
You or your dependents may qualify for a Special Enrollment Period if:

- You did not enroll yourself or your dependent when you first became eligible or during any subsequent annual enrollments because, at that time:
  - You or your dependents were covered under other creditable coverage; and
  - You refused coverage and stated, in writing, at the time you refused coverage that the reason was that you or your dependents had other creditable coverage; and
- You or your dependents are no longer eligible for other creditable coverage because of one of the following:
  - The end of your employment;
  - A reduction in your hours of employment (for example, moving from a full-time to part-time position);
  - The ending of the other plan’s coverage;
  - Death;
  - Divorce or legal separation;
  - Employer contributions toward that coverage have ended;
  - COBRA coverage ends;
  - The employer’s decision to stop offering the group health plan to the eligible class to which you belong;
  - Cessation of a dependent’s status as an eligible dependent as such is defined under this Plan;
  - With respect to coverage under Medicaid or an S-CHIP Plan, you or your dependents no longer qualify for such coverage; or
  - You or your dependents have reached the lifetime maximum of another Plan for all benefits under that Plan.
- You or your dependents become eligible for premium assistance, with respect to coverage under the group health plan, under Medicaid or an S-CHIP Plan.

You will need to enroll yourself or a dependent for coverage within:

- 31 days of when other creditable coverage ends;
- within 60 days of when coverage under Medicaid or an S-CHIP Plan ends; or
- within 60 days of the date you or your dependents become eligible for Medicaid or S-CHIP premium assistance.

Evidence of termination of creditable coverage must be provided to your employer or the party it designates. If you do not enroll during this time, you will need to wait until the next annual enrollment period.
New Dependents
You and your dependents may qualify for a Special Enrollment Period if:

- You did not enroll when you were first eligible for coverage; and
- You later acquire a dependent, as defined under the plan, through marriage, birth, adoption, or placement for adoption; and
- You elect coverage for yourself and your dependent within 31 days of acquiring the dependent.

Your spouse or child who meets the definition of a dependent under the plan may qualify for a Special Enrollment Period if:

- You did not enroll them when they were first eligible; and
- You later elect coverage for them within 31 days of a court order requiring you to provide coverage.

You will need to report any new dependents by completing a change form, which is available from your employer. The form must be completed and returned to your employer within 31 days of the change. If you do not return the form within 31 days of the change, you will need to make the changes during the next annual enrollment period.

If You Adopt a Child
Your plan will cover a child who is placed for adoption. This means you have taken on the legal obligation for total or partial support of a child whom you plan to adopt.

Your plan will provide coverage for a child who is placed with you for adoption if:

- The child meets the plan’s definition of an eligible dependent on the date he or she is placed for adoption; and
- You request coverage for the child in writing within 31 days of the placement;
- Proof of placement will need to be presented to your employer prior to the dependent enrollment;
- Any coverage limitations for a preexisting condition will not apply to a child placed with you for adoption provided that the placement occurs on or after the effective date of your coverage.

When You Receive a Qualified Child Support Order
A Qualified Medical Child Support Order (QMCSO) is a court order requiring a parent to provide health care coverage to one or more children. Your plan will provide coverage for a child who is covered under a QMCSO, if:

- The child meets the plan’s definition of an eligible dependent; and
- You request coverage for the child in writing within 31 days of the court order.

Coverage for the dependent will become effective on the date of the court order. Any coverage limitations for a preexisting condition will not apply, as long as you submit a written request for coverage within the 31-day period.

If you do not request coverage for the child within the 31-day period, you will need to wait until the next annual enrollment period.

Under a QMCSO, if you are the non-custodial parent, the custodial parent may file claims for benefits. Benefits for such claims will be paid to the custodial parent.
When Your Coverage Begins

Your Effective Date of Coverage
If you have met all the eligibility requirements, your coverage takes effect on the later of:

- The date you are eligible for coverage; and
- The date your enrollment information is received; and
- The date your required contribution is received by Aetna.

If your completed enrollment information is not received within 31 days of your eligibility date, the rules under the Special or Late Enrollment Periods section will apply.

Important Notice:
You must pay the required contribution in full or coverage will not be effective.

Your Dependent’s Effective Date of Coverage
Your dependent’s coverage takes effect on the same day that your coverage becomes effective, if you have enrolled them in the plan.

Note: New dependents need to be reported to your employer within 31 days because they may affect your contributions. If you do not report a new dependent within 31 days of his or her eligibility date, the rules under the Special or Late Enrollment Periods section will apply.
It is important that you have the information and useful resources to help you get the most out of your Aetna medical plan. This Booklet explains:

- Definitions you need to know;
- How to access care, including procedures you need to follow;
- What expenses for services and supplies are covered and what limits may apply;
- What expenses for services and supplies are not covered by the plan;
- How you share the cost of your covered services and supplies; and
- Other important information such as eligibility, complaints and appeals, termination, continuation of coverage, and general administration of the plan.

Important Notes

- Unless otherwise indicated, “you” refers to you and your covered dependents.
- Your health plan pays benefits only for services and supplies described in this Booklet as covered expenses that are medically necessary.
- This Booklet applies to coverage only and does not restrict your ability to receive health care services that are not or might not be covered benefits under this health plan.
- Store this Booklet in a safe place for future reference.

Common Terms

Many terms throughout this Booklet are defined in the Glossary section at the back of this document. Defined terms appear in bolded print. Understanding these terms will also help you understand how your plan works and provide you with useful information regarding your coverage.

About Your Aetna Choice POS II Medical Plan

This Aetna Choice POS II medical plan provides coverage for a wide range of medical expenses for the treatment of illness or injury. It does not provide benefits for all medical care. The plan also provides coverage for certain preventive and wellness benefits. With your Aetna Choice POS II plan, you can directly access any network or out-of-network physician, hospital or other health care provider for covered services and supplies under the plan. The plan pays benefits differently when services and supplies are obtained through network providers or out-of-network providers under this plan.

Important Note

Network providers have contracted with Aetna, an affiliate or third party vendor to provide health care services and supplies to Aetna plan members. Network providers are generally identified in the printed directory and the on-line version of the directory via DocFind at www.aetna.com unless otherwise noted in this section. Out-of-network providers are not listed in the Aetna directory.

The plan will pay for covered expenses up to the maximum benefits shown in this Booklet.
Coverage is subject to all the terms, policies and procedures outlined in this Booklet. Not all medical expenses are covered under the plan. Exclusions and limitations apply to certain medical services, supplies and expenses. Refer to the What the Plan Covers, Exclusions, Limitations sections and Schedule of Benefits to determine if medical services are covered, excluded or limited.

This Aetna Choice POS II plan provides access to covered benefits through a broad network of health care providers and facilities. This Aetna Choice POS II plan is designed to lower your out-of-pocket costs when you use network providers for covered expenses. Your deductibles, copayments, and payment percentage will generally be lower when you use network providers and facilities.

You also have the choice to access licensed providers, hospitals and facilities outside the network for covered services and supplies. Your out-of-pocket costs will generally be higher when you use out-of-network providers because the deductibles, copayments, and payment percentage that you are required to pay are usually higher when you utilize out-of-network providers. Out-of-network providers have not agreed to accept the negotiated charge and may balance bill you for charges over the amount Aetna pays under the plan.

Some services and supplies may only be covered through network providers. Refer to the Covered Benefit sections and your Schedule of Benefits to determine if any services are limited to network coverage only.

Your out-of-pocket costs may vary between network and out-of-network benefits. Read your Schedule of Benefits carefully to understand the cost sharing charges applicable to you.

Availability of Providers
Aetna cannot guarantee the availability or continued participation of a particular provider. Either Aetna or any network provider may terminate the provider contract or limit the number of patients accepted in a practice. If the physician initially selected cannot accept additional patients, you will be notified and given an opportunity to make another selection.

Ongoing Reviews
Aetna conducts ongoing reviews of those services and supplies which are recommended or provided by health professionals to determine whether such services and supplies are covered expenses under this Booklet. If Aetna determines that the recommended services or supplies are not covered expenses, you will be notified. You may appeal such determinations by contacting Aetna to seek a review of the determination. Please refer to the Reporting of Claims and the Claims and Appeals sections of this Booklet.

To better understand the choices that you have with your Aetna Choice POS II plan, please carefully review the following information.

How Your Aetna Choice POS II Medical Plan Works

The Primary Care Physician:
To access network benefits, you are encouraged to select a Primary Care Physician (PCP) from Aetna’s network of providers at the time of enrollment. Each covered family member may select his or her own PCP. If your covered dependent is a minor, or otherwise incapable of selecting a PCP, you should select a PCP on their behalf.

You may search online for the most current list of participating providers in your area by using DocFind, Aetna’s online provider directory at www.aetna.com. You can choose a PCP based on geographic location, group practice, medical specialty, language spoken, or hospital affiliation. DocFind is updated several times a week. You may also request a printed copy of the provider directory through your employer or by contacting Member Services through e-mail or by calling the toll free number on your ID card.

A PCP may be a general practitioner, family physician, internist, or pediatrician. Your PCP provides routine preventive care and will treat you for illness or injury.
A PCP coordinates your medical care, as appropriate either by providing treatment or may direct you to other network providers for other covered services and supplies. The PCP can also order lab tests and x-rays, prescribe medicines or therapies, and arrange hospitalization.

Changing Your PCP
You may change your PCP at any time on Aetna’s website, www.aetna.com, or by calling the Member Services toll-free number on your identification card. The change will become effective upon Aetna’s receipt and approval of the request.

Specialists and Other Network Providers
You may directly access specialists and other health care professionals in the network for covered services and supplies under this Booklet. Refer to the Aetna provider directory to locate network specialists, providers and hospitals in your area. Refer to the Schedule of Benefits section for benefit limitations and out-of-pocket costs applicable to your plan.

Important Note
ID Card: You will receive an ID card. It identifies you as a member when you receive services from health care providers. If you have not received your ID card or if your card is lost or stolen, notify Aetna immediately and a new card will be issued.

Accessing Network Providers and Benefits

- You may select a PCP or other direct access network provider from the network provider directory or by logging on to Aetna’s website at www.aetna.com. You can search Aetna’s online directory, DocFind, for names and locations of physicians, hospitals and other health care providers and facilities. You can change your PCP at anytime.
- If a service or supply you need is covered under this Plan but not available from a network provider in your area, your PCP may refer you to an out-of-network provider. As long as your PCP has provided you with a referral that has been approved by Aetna, you will receive the network benefit level as shown in your Schedule of Benefits.
- If a service or supply you need is covered under this Plan but not available from a network provider in your area, please contact Member Services by email or at the toll-free number on your ID card for assistance.
- Certain health care services such as hospitalization, outpatient surgery and certain other outpatient services, require precertification with Aetna to verify coverage for these services. You do not need to precertify services provided by a network provider. Network providers will be responsible for obtaining necessary precertification for you. Since precertification is the provider’s responsibility, there are no additional out-of-pocket costs to you as a result of a network provider’s failure to precertify services. Refer to the Understanding Precertification section for more information on the precertification process and what to do if your request for precertification is denied.
- Except for your prescription drug expenses, you will not have to submit medical claims for treatment received from network health care professionals and facilities. Your network provider will take care of claim submission. Aetna will directly pay the network provider or facility less any cost sharing required by you. You will be responsible for deductibles, payment percentage and copayments, if any.
- You may be required to pay some network providers at the time of service. When you pay a network provider directly, you will be responsible for completing a claim form to receive reimbursement of covered expenses from Aetna. You must submit a completed claim form and proof of payment to Aetna. Refer to the General Provisions section of this Booklet for a complete description of how to file a claim under this Plan.
- You will receive notification of what the plan has paid toward your covered expenses. It will indicate any amounts you owe towards your deductible, copayments, or payment percentage or other non-covered expenses you have incurred. You may elect to receive this notification by e-mail, or through the mail. Call or e-mail Member Services if you have questions regarding your statement.
Cost Sharing For Network Benefits
You share in the cost of your benefits. Cost Sharing amounts and provisions are described in the Schedule of Benefits.

- **Network providers** have agreed to accept the negotiated charge. Aetna will reimburse you for a covered expense, incurred from a network provider, up to the negotiated charge and the maximum benefits under this Plan, less any cost sharing required by you such as deductibles, copayments and payment percentage. Your payment percentage is based on the negotiated charge. You will not have to pay any balance bills above the negotiated charge for that covered service or supply.
- You must satisfy any applicable deductibles before the plan will begin to pay benefits.
- Deductibles and payment percentage are usually lower when you use network providers than when you use out-of-network providers.

  For certain types of services and supplies, you will be responsible for any copayments shown in your Schedule of Benefits. The copayments will vary depending upon the type of service and whether you obtain covered health care services from a provider who is a specialist or non-specialist. You will be subject to the PCP copayments shown on the Schedule of Benefits when you obtain covered health care services from any PCP who is a network provider. If the provider is a network specialist, then the specialist copayment will apply.
- After you satisfy any applicable deductible, you will be responsible for any applicable payment percentage for covered expenses that you incur. You will be responsible for your payment percentage up to the maximum out-of-pocket limit applicable to your plan.
- Once you satisfy any applicable maximum out-of-pocket limit, the plan will pay 100% of the covered expenses that apply toward the limits for the rest of the Plan Year. Certain designated out-of-pocket expenses may not apply to the maximum out-of-pocket limits. Refer to your Schedule of Benefits for information on what covered expenses do not apply to the maximum out-of-pocket limits and for the specific maximum out-of-pocket limit amounts that apply to your plan.
- The plan will pay for covered expenses, up to the benefit maximums shown in the What the Plan Covers section or the Schedule of Benefits. You are responsible for any expenses incurred over the maximum limits outlined in the What the Plan Covers section or the Schedule of Benefits.
- You may be billed for any deductible, copayment, or payment percentage amounts, or any non-covered expenses that you incur.

Accessing Out-of-Network Providers and Benefits
- Certain health care services such as hospitalization, outpatient surgery and certain other outpatient services, require precertification with Aetna to verify coverage for these services. When you receive services from an out-of-network provider, you are responsible for obtaining the necessary precertification from Aetna. Your provider may precertify the services for you. However, you should verify with Aetna prior to the service, that the provider has obtained precertification from Aetna. If the service is not precertified, the benefit payable may be significantly reduced or may not be covered. This means you will be responsible for the unpaid balance of any bills. You must call the precertification toll-free number on your ID card to precertify services. Refer to the Understanding Precertification section for more information on the precertification process and what to do if your request for precertification is denied.
- When you use out-of-network providers, you may have to pay for services at the time they are rendered. You may be required to pay the full charges and submit a claim form to Aetna for reimbursement. You are responsible for completing and submitting claim forms for reimbursement of covered expenses that you paid directly to an out-of-network provider.
- When you pay an out-of-network provider directly, you will be responsible for completing a claim form to receive reimbursement of covered expenses from Aetna. You must submit a completed claim form and proof of payment to Aetna. Refer to the General Provisions section of this Booklet for a complete description of how to file a claim under this plan.
- You will receive notification of what the plan has paid toward your covered expenses. It will indicate any amounts you owe towards any deductible, or payment percentage amounts or other non-covered expenses you have incurred. You may elect to receive this notification by e-mail, or through the mail. Call or e-mail Member Services if you have questions regarding your statement.

**Important Note**

Failure to precertify services and supplies will result in a reduction of benefits or no coverage for the services or supplies under this Booklet. Please refer to the Understanding Precertification section for information on how to request precertification.

**Cost Sharing for Out-of-Network Benefits**

You share in the cost of your benefits. Cost Sharing amounts and provisions are described in the Schedule of Benefits.

- Out-of-network providers have not agreed to accept the negotiated charge. Aetna will reimburse you for a covered expense, incurred from an out-of-network provider, up to the recognized charge and the maximum benefits under this Plan, less any cost-sharing required by you such as deductibles and payment percentage. The recognized charge is the maximum amount Aetna will pay for a covered expense from an out-of-network provider. Your payment percentage is based on the recognized charge. If your out-of-network provider charges more than the recognized charge, you will be responsible for any expenses incurred above the recognized charge. Except for emergency services, Aetna will only pay up to the recognized charge.
- You must satisfy any applicable deductibles before the plan begins to pay benefits.
- Deductibles and payment percentage are usually higher when you use out-of-network providers than when you use network providers.

- After you satisfy any applicable deductible, you will be responsible for any applicable payment percentage for covered expenses that you incur. You will be responsible for your payment percentage up to the maximum out-of-pocket limits that apply to your plan.
- Once you satisfy any applicable maximum out-of-pocket limit, the plan will pay 100% of the covered expenses that apply toward the limits for the rest of the Plan Year. Certain designated out-of-pocket expenses may not apply to the maximum out-of-pocket limit. Refer to your Schedule of Benefits for information on what covered expenses do not apply to the maximum out-of-pocket limits and for the specific maximum out-of-pocket limit amounts that apply to your plan.
- The plan will pay for covered expenses, up to the benefit maximums shown in the What the Plan Covers section or the Schedule of Benefits. You are responsible for any expenses incurred over the maximum limits outlined in the What the Plan Covers section or the Schedule of Benefits.

**Understanding Precertification**

Precertification

Certain services, such as inpatient stays, certain tests, procedures and outpatient surgery require precertification by Aetna. Precertification is a process that helps you and your physician determine whether the services being recommended are covered expenses under the plan. It also allows Aetna to help your provider coordinate your transition from an inpatient setting to an outpatient setting (called discharge planning), and to register you for specialized programs or case management when appropriate.

You do not need to precertify services provided by a network provider. Network providers will be responsible for obtaining necessary precertification for you. Since precertification is the provider's responsibility, there is no additional out-of-pocket cost to you as a result of a network provider's failure to precertify services.
When you go to an out-of-network provider, it is your responsibility to obtain precertification from Aetna for any services or supplies on the precertification list below. If you do not precertify, your benefits may be reduced, or the plan may not pay any benefits. The list of services requiring precertification follows on the next page.

**Important Note**
Please read the following sections in their entirety for important information on the precertification process, and any impact it may have on your coverage.

**The Precertification Process**
Prior to being hospitalized or receiving certain other medical services or supplies there are certain precertification procedures that must be followed.

You or a member of your family, a hospital staff member, or the attending physician, must notify Aetna to precertify the admission or medical services and expenses prior to receiving any of the services or supplies that require precertification pursuant to this Booklet in accordance with the following timelines:

Precertification should be secured within the timeframes specified below. To obtain precertification, call Aetna at the telephone number listed on your ID card. This call must be made:

<table>
<thead>
<tr>
<th>For non-emergency admissions:</th>
<th>You, your physician or the facility will need to call and request precertification at least 14 days before the date you are scheduled to be admitted.</th>
</tr>
</thead>
<tbody>
<tr>
<td>For an emergency outpatient medical condition:</td>
<td>You or your physician should call prior to the outpatient care, treatment or procedure if possible; or as soon as reasonably possible.</td>
</tr>
<tr>
<td>For an emergency admission:</td>
<td>You, your physician or the facility must call within 48 hours or as soon as reasonably possible after you have been admitted.</td>
</tr>
<tr>
<td>For an urgent admission:</td>
<td>You, your physician or the facility will need to call before you are scheduled to be admitted. An urgent admission is a hospital admission by a physician due to the onset of or change in an illness; the diagnosis of an illness; or an injury.</td>
</tr>
<tr>
<td>For outpatient non-emergency medical services requiring precertification:</td>
<td>You or your physician must call at least 14 days before the outpatient care is provided, or the treatment or procedure is scheduled.</td>
</tr>
</tbody>
</table>

Aetna will provide a written notification to you and your physician of the precertification decision. If your precertified expenses are approved the approval is good for 60 days as long as you remain enrolled in the plan.

When you have an inpatient admission to a facility, Aetna will notify you, your physician and the facility about your precertified length of stay. If your physician recommends that your stay be extended, additional days will need to be certified. You, your physician, or the facility will need to call Aetna at the number on your ID card as soon as reasonably possible, but no later than the final authorized day. Aetna will review and process the request for an extended stay. You and your physician will receive a notification of an approval or denial.

If precertification determines that the stay or services and supplies are not covered expenses, the notification will explain why and how Aetna’s decision can be appealed. You or your provider may request a review of the precertification decision pursuant to the Claims and Appeals section included with this Booklet.
Services and Supplies Which Require Precertification

Precertification is required for the following types of medical expenses:

Inpatient and Outpatient Care

- Stays in a hospital;
- Stays in a skilled nursing facility;
- Stays in a rehabilitation facility;
- Stays in a hospice facility;
- Outpatient hospice care;
- Stays in a Residential Treatment Facility for treatment of mental disorders and substance abuse;
- Partial Hospitalization Programs for mental disorders and substance abuse;
- Home health care;
- Private duty nursing care;
- Intensive Outpatient Programs for mental disorders and substance abuse;
- Applied Behavioral Analysis;
- Neuropsychological testing;
- Outpatient detoxification;
- Psychiatric home care services;
- Psychological testing.

How Failure to Precertify Affects Your Benefits

A precertification benefit reduction will be applied to the benefits paid if you fail to obtain a required precertification prior to incurring medical expenses. This means Aetna will reduce the amount paid towards your coverage, or your expenses may not be covered. You will be responsible for the unpaid balance of the bills.

You are responsible for obtaining the necessary precertification from Aetna prior to receiving services from an out-of-network provider. Your provider may precertify your treatment for you; however you should verify with Aetna prior to the procedure, that the provider has obtained precertification from Aetna. If your treatment is not precertified by you or your provider, the benefit payable may be significantly reduced or your expenses may not be covered.

How Your Benefits are Affected

The chart below illustrates the effect on your benefits if necessary precertification is not obtained.

<table>
<thead>
<tr>
<th>If precertification is:</th>
<th>then the expenses are:</th>

<td>▪ covered.</td>

It is important to remember that any additional out-of-pocket expenses incurred because your precertification requirement was not met will not count toward your deductible or payment limit or maximum out-of-pocket limit.

*Refer to the Schedule of Benefits section for the amount of precertification benefit reduction that applies to your plan.
Emergency and Urgent Care

You have coverage 24 hours a day, 7 days a week, anywhere inside or outside the plan’s service area, for:

- An emergency medical condition; or
- An urgent condition.

In Case of a Medical Emergency

When emergency care is necessary, please follow the guidelines below:

- Seek the nearest emergency room, or dial 911 or your local emergency response service for medical and ambulatory assistance. If possible, call your physician provided a delay would not be detrimental to your health.
- After assessing and stabilizing your condition, the emergency room should contact your physician to obtain your medical history to assist the emergency physician in your treatment.
- If you are admitted to an inpatient facility, notify your physician as soon as reasonably possible.
- If you seek care in an emergency room for a non-emergency condition, the plan will not cover the expenses you incur. Please refer to the Schedule of Benefits for specific details about the plan. No other plan benefits will pay for non-emergency care in the emergency room unless otherwise specified under the plan.

Coverage for Emergency Medical Conditions

Refer to Coverage for Emergency Medical Conditions in the What the Plan Covers section.

Important Reminder
If you visit a hospital emergency room for a non-emergency condition, the plan will not cover your expenses, as shown in the Schedule of Benefits. No other plan benefits will pay for non-emergency care in the emergency room unless otherwise specified under the Plan.

In Case of an Urgent Condition

Call your PCP if you think you need urgent care. Network providers are required to provide urgent care coverage 24 hours a day, including weekends and holidays. You may contact any physician or urgent care provider, in- or out-of-network, for an urgent care condition if you cannot reach your physician.

If it is not feasible to contact your physician, please do so as soon as possible after urgent care is provided. If you need help finding an urgent care provider you may call Member Services at the toll-free number on your I.D. card, or you may access Aetna’s online provider directory at www.aetna.com.

Coverage for an Urgent Condition

Refer to Coverage for Urgent Medical Conditions in the What the Plan Covers section.

Non-Urgent Care

If you seek care from an urgent care provider for a non-urgent condition, (one that does not meet the criteria above), the plan will not cover the expenses you incur unless otherwise specified under the Plan. Please refer to the Schedule of Benefits for specific plan details.

Important Reminder
If you visit an urgent care provider for a non-urgent condition, the plan will not cover your expenses, as shown in the Schedule of Benefits. No other plan benefits will pay for non-urgent care received at a hospital or an urgent care provider unless otherwise specified.
Follow-Up Care After Treatment of an Emergency or Urgent Medical Condition

Follow-up care is not considered an emergency or urgent condition and is not covered as part of any emergency or urgent care visit. Once you have been treated and discharged, you should contact your physician for any necessary follow-up care.

For coverage purposes, follow-up care is treated as any other expense for illness or injury. If you access a hospital emergency room for follow-up care, your expenses will not be covered and you will be responsible for the entire cost of your treatment. Refer to your Schedule of Benefits for cost sharing information applicable to your plan.

To keep your out-of-pocket costs lower, your follow-up care should be provided by a physician.

You may use an out-of-network provider for your follow-up care. You will be subject to the deductible and payment percentage that apply to out-of-network expenses, which may result in higher out-of-pocket costs to you.

**Important Notice**

Follow up care, which includes (but is not limited to) suture removal, cast removal and radiological tests such as x-rays, should not be provided by an emergency room facility.
Requirements For Coverage

To be covered by the plan, services and supplies and prescription drugs must meet all of the following requirements:

1. The service or supply or prescription drug must be covered by the plan. For a service or supply or prescription drug to be covered, it must:
   - Be included as a covered expense in this Booklet;
   - Not be an excluded expense under this Booklet. Refer to the Exclusions sections of this Booklet for a list of services and supplies that are excluded;
   - Not exceed the maximums and limitations outlined in this Booklet. Refer to the What the Plan Covers section and the Schedule of Benefits for information about certain expense limits; and
   - Be obtained in accordance with all the terms, policies and procedures outlined in this Booklet.

2. The service or supply or prescription drug must be provided while coverage is in effect. See the Who Can Be Covered, How and When to Enroll, When Your Coverage Begins, When Coverage Ends and Continuation of Coverage sections for details on when coverage begins and ends.

3. The service or supply or prescription drug must be medically necessary. To meet this requirement, the medical services, supply or prescription drug must be provided by a physician, or other health care provider, exercising prudent clinical judgment, to a patient for the purpose of preventing, evaluating, diagnosing or treating an illness, injury, disease or its symptoms. The provision of the service or supply must be:
   - (a) In accordance with generally accepted standards of medical practice;
   - (b) Clinically appropriate, in terms of type, frequency, extent, site and duration, and considered effective for the patient’s illness, injury or disease; and
   - (c) Not primarily for the convenience of the patient, physician or other health care provider;
   - (d) And not more costly than an alternative service or sequence of services at least as likely to produce equivalent therapeutic or diagnostic results as to the diagnosis or treatment of that patient’s illness, injury, or disease.

For these purposes “generally accepted standards of medical practice” means standards that are based on credible scientific evidence published in peer-reviewed medical literature generally recognized by the relevant medical community, or otherwise consistent with physician specialty society recommendations and the views of physicians practicing in relevant clinical areas and any other relevant factors.

Important Note
Not every service, supply or prescription drug that fits the definition for medical necessity is covered by the plan. Exclusions and limitations apply to certain medical services, supplies and expenses. For example some benefits are limited to a certain number of days, visits or a dollar maximum. Refer to the What the Plan Covers section and the Schedule of Benefits for the plan limits and maximums.

Home Health Care

Covered expenses include charges for home health care services when ordered by a physician as part of a home health plan and provided you are:

- Transitioning from a hospital or other inpatient facility, and the services are in lieu of a continued inpatient stay; or
- Homebound

Covered expenses include only the following:

- Skilled nursing services that require medical training of, and are provided by, a licensed nursing professional within the scope of his or her license. These services need to be provided during intermittent visits of 4 hours or less, with a daily maximum of 3 visits. Intermittent visits are considered periodic and recurring visits that skilled nurses make to ensure your proper care, which means they are not on site for more than four hours at a time. If you are discharged from a hospital or skilled nursing facility after an inpatient stay, the intermittent requirement may be waived to allow coverage for up to 12 hours (3 visits) of continuous skilled nursing services. However, these services must be provided for within 10 days of discharge.
- Home health aide services, when provided in conjunction with skilled nursing care, that directly support the care. These services need to be provided during intermittent visits of 4 hours or less, with a daily maximum of 3 visits.
- Medical social services, when provided in conjunction with skilled nursing care, by a qualified social worker.
- Skilled behavioral health care services provided in the home by a behavioral health provider when ordered by a physician and directly related to an active treatment plan of care established by the physician. All of the following must be met:
  - The skilled behavioral health care is appropriate for the active treatment of a condition, illness or disease to avoid placing you at risk for serious complications.
  - The services are in lieu of a continued confinement in a hospital or residential treatment facility, or receiving outpatient services outside of the home.
  - You are homebound because of illness or injury.
  - The services provided are not primarily for comfort, convenience or custodial in nature.
  - The services are intermittent or hourly in nature.
  - The services are not for Applied Behavior Analysis.

Benefits for home health care visits are payable up to the Home Health Care Maximum. Each visit by a nurse, behavioral health provider or therapist is 1 visit.

In figuring the Plan Year Maximum Visits, each visit of a:

- Nurse or Therapist, up to 4 hours is 1 visit and
- behavioral health provider, of up to 1 hour, is 1 visit.

This maximum will not apply to care given by an R.N. or L.P.N. when:

- Care is provided within 10 days of discharge from a hospital or skilled nursing facility as a full-time inpatient; and
- Care is needed to transition from the hospital or skilled nursing facility to home care.

When the above criteria are met, covered expenses include up to 12 hours of continuous care by an R.N. or L.P.N. per day.

Coverage for Home Health Care services is not determined by the availability of caregivers to perform them. The absence of a person to perform a non-skilled or custodial care service does not cause the service to become covered. If the covered person is a minor or an adult who is dependent upon others for non-skilled care (e.g. bathing, eating, toileting), coverage for home health services will only be provided during times when there is a family member or caregiver present in the home to meet the person’s non-skilled needs.
Note: Home short-term physical, speech, or occupational therapy is covered when the above home health care criteria are met. Services are subject to the conditions and limitations listed in the Short Term Rehabilitation Therapies section of the Schedule of Benefits.

- During your hospital stay; or
- For surgery. This includes pre- and post-surgical care provided or ordered by the operating physician.

Transplant Services

Covered expenses include charges incurred during a transplant occurrence. The following will be considered to be one transplant occurrence once it has been determined that you or one of your dependents may require an organ transplant. Organ means solid organ; stem cell; bone marrow; and tissue.

- Simultaneous Pancreas Kidney (SPK);
- Pancreas;
- Kidney;
- Liver;
- Intestine;
- Bone Marrow/Stem Cell;

- Tandem transplants (Stem Cell);
- Sequential transplants;
- Re-transplant of same organ type within 180 days of the first transplant;
- Any other single organ transplant, unless otherwise excluded under the plan.

The following will be considered to be *more than one* Transplant Occurrence:

- Allogenic blood/bone marrow transplant followed by an autologous blood/bone marrow transplant (when not part of a tandem transplant);
- Re-transplant after 180 days of the first transplant;
- Pancreas transplant following a kidney transplant;
- A transplant necessitated by an additional organ failure during the original transplant surgery/process;

The *network* level of benefits is paid only for a treatment received at a facility designated by the plan as an **Institute of Excellence™ (IOE)** for the type of transplant being performed. Each IOE facility has been selected to perform only certain types of transplants.

Services obtained from a facility that is not designated as an IOE for the transplant being performed will be covered as out-of-network services and supplies, even if the facility is a network facility or IOE for other types of services.

The plan covers:

- Charges made by a **physician** or transplant team.
- Charges made by a **hospital**, outpatient facility or **physician** for the medical and surgical expenses of a live donor, but only to the extent not covered by another plan or program.

- Charges for activating the donor search process with national registries.
- Compatibility testing of prospective organ donors who are immediate family members. For the purpose of this coverage, an “immediate” family member is defined as a first-degree biological relative. These are your biological parents, siblings or children.
- Inpatient and outpatient expenses directly related to a transplant.

Covered transplant expenses are typically incurred during the four phases of transplant care described below.

Expenses incurred for one transplant during these four phases of care will be considered one transplant occurrence.

A transplant occurrence is considered to begin at the point of evaluation for a transplant and end either 180 days from the date of the transplant; or upon the date you are discharged from the **hospital** or outpatient facility for the admission or visit(s) related to the transplant, whichever is later.

The four phases of one transplant occurrence and a summary of covered transplant expenses during each phase are:

1. Pre-transplant evaluation/screening: Includes all transplant-related professional and technical components required for assessment, evaluation and acceptance into a transplant facility’s transplant program;
2. Pre-transplant/candidacy screening: Includes HLA typing/compatibility testing of prospective organ donors who are immediate family members;
3. Transplant event: Includes inpatient and outpatient services for all covered transplant-related health services and supplies provided to you and a donor during the one or more surgical procedures or medical therapies for a transplant; **prescription drugs** provided during your inpatient **stay** or outpatient visit(s), including bio-medical and immunosuppressant drugs; physical, speech or occupational therapy provided during your inpatient **stay** or outpatient visit(s); cadaveric and live donor organ procurement; and

4. Follow-up care: Includes all covered transplant expenses; home health care services; home infusion services; and transplant-related outpatient services rendered within 180 days from the date of the transplant event.

If you are a participant in the IOE program, the program will coordinate all solid organ and bone marrow transplants and other specialized care you need. Any **covered expenses** you incur from an **IOE** facility will be considered network care expenses.

**Important Reminders**

To ensure coverage, all transplant procedures need to be **precertified** by **Aetna**. Refer to the **How the Plan Works** section for details about **precertification**.

Refer to the **Schedule of Benefits** for details about transplant expense maximums, if applicable.

Your Pharmacy Benefit

How the Pharmacy Plan Works

It is important that you have the information and useful resources to help you get the most out of your prescription drug plan. This Booklet explains:

- Definitions you need to know;
- How to access network pharmacies and procedures you need to follow;
- What prescription drug expenses are covered and what limits may apply;
- What prescription drug expenses are not covered by the plan;
- How you share the cost of your covered prescription drug expenses; and

- Covered expenses are subject to cost sharing requirements as described in the Cost Sharing sections of this coverage and in your Schedule of Benefits.
- Prescription drugs will only be covered when obtained through a network pharmacy.

A copy of the preferred drug guide will be available upon your request or may be accessed on the Aetna website at www.aetna.com/formulary.

Prescription Drug is a drug, biological, or compounded prescription which, by State or Federal Law, may be dispensed only by prescription and which is required by Federal Law to be labeled “Caution: Federal Law prohibits dispensing without prescription.” This includes an injectable drug prescribed to be self-administered or administered by any other person except one who is acting within his or her capacity as a paid healthcare professional. Covered injectable drugs include insulin.

Provider is any recognized health care professional, pharmacy or facility providing services with the scope of their license.

Self-injectable Drug(s). Prescription drugs that are intended to be self-administered by injection to a specific part of the body to treat certain chronic medical conditions.

Accessing Pharmacies and Benefits

This plan provides access to covered benefits through a network of pharmacies, vendors or suppliers. Aetna has contracted for these network pharmacies to provide prescription drugs and other supplies to you.

Obtaining your benefits through network pharmacies has many advantages. Benefits and cost sharing may also vary by the type of network pharmacy where you obtain your prescription drug and whether or not you purchase a brand-name or generic drug. Network pharmacies include retail, mail order and specialty pharmacies.

The plan will only pay for outpatient prescription drugs that you obtain from a network pharmacy.

Accessing Network Pharmacies and Benefits

You may select a network pharmacy from Aetna’s on-line provider directory which can be found at www.aetna.com. You can search Aetna’s online directory, DocFind, for names and locations of network pharmacies. If you cannot locate a network pharmacy in your area, call Member Services at the number on your ID card.

You must present your ID card to the network pharmacy every time you get a prescription filled to be eligible for network pharmacy benefits. The network pharmacy will calculate your claim online. You will pay any deductible, copayment or coinsurance directly to the network pharmacy. You do not have to complete or submit claim forms. The network pharmacy will take care of claim submission.
Emergency Prescriptions
When you need a prescription filled in an emergency or urgent care situation, or when you are traveling, you can obtain network pharmacy benefits by filling your prescription at any network pharmacy. The network pharmacy will fill your prescription and only charge you your plan’s cost sharing amount.

Coverage for prescription drugs obtained from an out-of-network pharmacy is limited to those obtained in connection with emergency and out-of-area urgent care services.

Availability of Providers
Aetna cannot guarantee the availability or continued network participation of a particular pharmacy. Either Aetna or any network pharmacy may terminate the provider contract.

Cost Sharing for Network Benefits
You share in the cost of your benefits. Cost Sharing amounts and provisions are described in the Schedule of Benefits.

- You will be responsible for the copayment for each prescription or refill as specified in the Schedule of Benefits. The copayment is payable directly to the network pharmacy at the time the prescription is dispensed.

- After you pay the applicable copayment, you will be responsible for any applicable payment percentage for covered expenses that you incur. Your payment percentage is determined by applying the applicable payment percentage to the negotiated charge if the prescription is filled at a network pharmacy. When you obtain your prescription drugs through a network pharmacy, you will not be subject to balance billing.

- You will be responsible for your payment percentage up to the maximum payment percentage limit applicable to your plan.

- Once you satisfy the maximum payment percentage limit, the plan will pay 100% of the covered expenses that apply toward the limit for the rest of the plan year.

Pharmacy Benefit
What the Plan Covers
The plan covers charges for medically necessary outpatient prescription drugs for the treatment of an illness or injury, subject to the Prescription Drug Limitations section below and the Exclusions section of the Booklet. Prescriptions must be written by a prescriber licensed to prescribe federal legend prescription drugs.

Your prescription drug benefit coverage is based on Aetna’s preferred drug guide. Your out-of-pocket expenses may be higher if your physician prescribes a covered prescription drug not appearing on the preferred drug guide.

Preferred generic prescription drugs may be substituted by your pharmacist for brand-name prescription drugs. You may minimize your out-of-pocket expenses by selecting a generic prescription drug when available.

Coverage of prescription drugs may, in Aetna’s sole discretion, be subject to precertification, step therapy or other Aetna requirements or limitations. Prescription drugs covered by this plan are subject to drug and narcotic utilization review by Aetna, your provider and/or your network pharmacy. This may include limiting access of prescription drugs prescribed by a specific provider. Such limitation may be enforced in the event that Aetna identifies an unusual pattern of claims for covered expenses.
Coverage for **prescription drugs** and supplies is limited to the supply limits as described below.

**Retail Pharmacy Benefits**

Outpatient **prescription drugs** are covered when dispensed by a **network retail pharmacy**. Each prescription is limited to a maximum 30 day supply when filled at a **network retail pharmacy**. **Prescriptions** for more than a 30 day supply are not eligible for coverage when dispensed by a **network retail pharmacy**.

**Mail Order Pharmacy Benefits**

Outpatient **prescription drugs** are covered when dispensed by a **network mail order pharmacy**. Each prescription is limited to a maximum 90 day supply. **Prescriptions** for less than a 30 day supply or more than a 90 day supply are not eligible for coverage when dispensed by a **network mail order pharmacy**.

**Network Benefits for Specialty Care Drugs**

**Specialty care drugs** are covered at the network level of benefits only when dispensed through a **network retail pharmacy** or **Aetna’s specialty pharmacy network pharmacy**. Specialty care drugs often include typically high-cost drugs that require special handling, special storage or monitoring and include but are not limited to oral, topical, inhaled and injected routes of administration. Refer to **Aetna’s** website, [www.aetna.com](http://www.aetna.com) to review the list of specialty care drugs required to be dispensed through a **network pharmacy** or specialty pharmacy network pharmacy. The list may be updated from time to time.

The initial prescription for specialty care drugs must be filled at a **network retail pharmacy** or at **Aetna’s specialty pharmacy network**.

You are required to obtain specialty care drugs at **Aetna’s specialty pharmacy network** for all prescription drug refills after the initial fill.

**Other Covered Expenses**

The following **prescription drugs**, medications and supplies are also **covered expenses** under this Coverage.

**Off-Label Use**

FDA approved **prescription drugs** may be covered when the off-label use of the drug has not been approved by the FDA for that indication. The drug must be recognized for treatment of the indication in one of the standard compendia (the United States Pharmacopoeia Drug Information, the American Medical Association Drug Evaluations, or the American Hospital Formulary Service Drug Information). Or, the safety and effectiveness of use for this indication has been adequately demonstrated by at least one study published in a nationally recognized peer review journal. Coverage of off label use of these drugs may, in **Aetna’s** sole discretion, be subject to precertification, step-therapy or other **Aetna** requirements or limitations.

**Diabetic Supplies**

Covered expenses include but are not limited to the following diabetic supplies upon **prescription** by a **physician**:

- Diabetic needles and syringes.
- Test strips for glucose monitoring and/or visual reading.
- Diabetic test agents.
- Lancets/lancing devices.

• Female contraceptive devices.

Contraceptives can be paid either under your medical plan or pharmacy plan depending on the type of expense and how and where the expense is incurred. Benefits are paid under your medical plan for female contraceptive prescription drugs and devices (including any related services and supplies) when they are provided, administered, or removed, by a physician during an office visit.

Refer to the **Copay and Deductible Waiver** section of your **Schedule of Benefits** for cost-sharing information.

**Important Notes:**

1. The Copay and Deductible Waiver does **not** apply to contraceptive methods that are:
   - **brand-name prescription drugs**;
   - FDA-approved female brand-name emergency contraceptives.
   - FDA–approved female brand-name over-the-counter (OTC) contraceptives.

   However, the Copay and Deductible Waiver does apply when:
   - such contraceptive methods are not available within the same **therapeutic drug class**; or
   - a generic equivalent, or generic alternative, within the same **therapeutic drug class** is not available; and
   - you are granted a medical exception. Refer to **Medical Exceptions** in the **Precertification** section for information on how you or your **prescriber** can obtain a medical exception.

2. A **generic equivalent** contains the identical amounts of the same active ingredients as the **brand-name prescription drug** or device. A **generic alternative** is used for the same purpose, but can have different ingredients or different amounts of ingredients.

**Important Note:**
For details on the guidelines and the current list of covered preventive care drugs and supplements, contact your **physician** or Member Services by logging onto the Aetna website [www.aetna.com](http://www.aetna.com) and Aetna Navigator, or calling the number on the back of your ID card.

**Tobacco Cessation Prescription and Over-the-Counter Drugs**
Covered expenses include FDA-approved **prescription drugs** and over-the-counter (OTC) drugs to help stop the use of tobacco products, when prescribed by a prescriber and the **prescription** is submitted to the pharmacist for processing.

Refer to the **Schedule of Benefits** for the cost-sharing and supply limits that apply to these benefits.

**Precertification**
**Precertification** is required for certain outpatient **prescription drugs**. **Prescribers** must contact **Aetna** to request and obtain coverage for such **prescription drugs**. The list of drugs requiring **precertification** is subject to periodic review and change by **Aetna**. For the most up to date information, call the toll-free number on your member ID card or log on to your Aetna Navigator secure member website at [www.aetna.com](http://www.aetna.com).

Benefits will be reduced or denied if **Aetna** does not **precertify** your **prescription drug**. So ask your **prescriber** or pharmacist if your **prescription drug** needs to be **precertified**.

**How to Obtain Precertification**
If an outpatient **prescription drug** requires **precertification** and you use a **network pharmacy** the **prescriber** is required to obtain **precertification** for you.

**Aetna** will let your **prescriber** know if the **prescription drug** is **precertified**.

If **precertification** is denied **Aetna** will notify you how the decision can be appealed.
Step Therapy
Step therapy is a type of precertification. With step therapy, some prescription drugs will not be covered until you try one or more “prerequisite therapy” prescription drugs. Your prescriber can ask for a medical exception which is detailed below.

The plan will not cover the step therapy drug if you do not try a prerequisite therapy prescription drug first or if your prescriber does not get a medical exception.

Step therapy and prerequisite therapy prescription drugs are on the Aetna preferred drug guide available upon request or on your Aetna Navigator secure member website at www.aetna.com. The list of step therapy drugs are subject to change by Aetna.

Medical Exceptions:
Your prescriber may seek a medical exception to obtain coverage for drugs for which coverage is denied through Precertification or Step Therapy. You or your prescriber must submit such exception requests to Aetna. Coverage granted as a result of a medical exception shall be based on an individual, case by case medical necessity determination and coverage will not apply or extend to other covered persons.

Pharmacy Benefit Limitations
A network pharmacy may refuse to fill a prescription order or refill when in the professional judgment of the pharmacist the prescription should not be filled.

Aetna will not reimburse you for out-of-pocket expenses for prescription drugs purchased from an out-of-network pharmacy for non-emergency prescriptions.

The plan will not cover expenses for any prescription drug for which the actual charge to you is less than the required copayment or deductible, or for any prescription drug for which no charge is made to you.

You will be charged the out-of-network prescription drug cost sharing for prescription drugs recently approved by the FDA, but which have not yet been reviewed by the Aetna Health Pharmacy Management Department and Therapeutics Committee.

Aetna retains the right to review all requests for reimbursement and in its sole discretion make reimbursement determinations subject to the Complaint and Appeals section(s) of the Booklet.

Aetna reserves the right to include only one manufacturer’s product on the preferred drug list when the same or similar drug (that, a drug with the same active ingredient), supply or equipment is made by two or more different manufacturers.

Aetna reserves the right to include only one dosage or form of a drug on the preferred drug list when the same drug (that is, a drug with the same active ingredient) is available in different dosages or forms from the same or different manufacturers. The product in the dosage or form that is listed on our preferred drug list will be covered at the applicable copayment or coinsurance.

The number of copayments/deductibles you are responsible for per vial of Depo-Provera, an injectable contraceptive, or similar type contraceptive dispensed for more than a 30 day supply, will be based on the 90 day supply level. Coverage is limited to a maximum of 5 vials per plan year.

The plan will not pay charges for any prescription drug dispensed by a mail order pharmacy for the treatment of erectile dysfunction, impotence or sexual dysfunction or inadequacy.

Some prescription drugs are subject to quantity limits. These quantity limits help your prescriber and pharmacist check that your prescription drug is used correctly and safely. Aetna relies on medical guidelines, FDA-approved
recommendations from drug makers and other criteria developed by Aetna to set these quantity limits. The quantity limit may restrict either the amount dispensed per prescription order or refill.

Depending on the form and packing of the product, some prescription drugs are limited to a single commercially prepackaged item excluding insulin, diabetic supplies, test strips dispensed per prescription order or refill.

Depending on the form and packing of the product, some prescription drugs are limited to 100 units excluding insulin dispensed per prescription order or refill.

Any prescription drug that has duration of action extending beyond one (1) month shall require the number of copayments per prescribing unit that is equal to the anticipated duration of the medication. For example, a single injection of a drug that is effective for three (3) months would require three (3) copayments.

Specialty care prescription drugs may have limited access or distribution and are subject to supply limits.

Plan approved blood glucose meters, asthma holding chambers and peak flow meters are eligible health services, but are limited to one (1) prescription order per contract year.

When Coverage Ends

Coverage under your plan can end for a variety of reasons. In this section, you will find details on how and why coverage ends, and how you may still be able to continue coverage.

When Coverage Ends for Employees

Your Aetna health benefits coverage will end if:

- The Aetna health benefits plan is discontinued;
- You voluntarily stop your coverage;
- You are no longer eligible for coverage;
- You do not make any required contributions;
- You become covered under another plan offered by your employer;
- You have exhausted your overall maximum lifetime benefit under your health plan, if your plan contains such a maximum benefit; or
- Your employer notifies Aetna that your employment is ended.

It is your employer’s responsibility to let Aetna know when your employment ends.

Your Proof of Prior Medical Coverage

Under the Health Insurance Portability and Accountability Act of 1996, your employer is required to give you a certificate of creditable coverage when your employment ends. This certificate proves that you were covered under this plan when you were employed. Ask your employer about the certificate of creditable coverage.

When Coverage Ends for Dependents

Coverage for your dependents will end if:

- You are no longer eligible for dependents’ coverage;
- You do not make your contribution for the cost of dependents’ coverage;
- Your own coverage ends for any of the reasons listed under When Coverage Ends for Employees. (This does not apply if you use up your overall lifetime maximum, if included);
- Your dependent is no longer eligible for coverage. Coverage ends at the end of the calendar month when your dependent does not meet the plan’s definition of a dependent; or
- As permitted under applicable federal and state law, your dependent becomes eligible for like benefits under this or any other group plan offered by your employer.

Coverage for dependents may continue for a period after your death. Coverage for handicapped dependents may continue after they reach any limiting age. See Continuation of Coverage for more information.

**Continuation of Coverage**

**Continuing Health Care Benefits**

**Continuing Coverage for Dependent Students on Medical Leave of Absence**
If your dependent child who is eligible for coverage and enrolled in this plan by reason of his or her status as a full-time student at a postsecondary educational institution ceases to be eligible due to:

- a medically necessary leave of absence from school; or
- a change in his or her status as a full-time student,

resulting from a serious illness or injury, such child's coverage under this plan may continue.

Coverage under this continuation provision will end when the first of the following occurs:

- The end of the 12 month period following the first day of your dependent child's leave of absence from school, or a change in his or her status as a full-time student;
- Your dependent child's coverage would otherwise end under the terms of this plan;
- Dependent coverage is discontinued under this plan; or
- You fail to make any required contribution toward the cost of this coverage.

To be eligible for this continuation, the dependent child must have been enrolled in this plan and attending school on a full-time basis immediately before the first day of the leave of absence.

To continue your dependent child's coverage under this provision you should notify your employer as soon as possible after your child's leave of absence begins or the change in his or her status as a full-time student. Aetna may require a written certification from the treating physician which states that the child is suffering from a serious illness or injury and that the resulting leave of absence (or change in full-time student status) is medically necessary.

**Important Note**
If at the end of this 12 month continuation period, your dependent child's leave of absence from school (or change in full-time student status) continues, such child may qualify for a further continuation of coverage under the Handicapped Dependent Children provision of this plan. Please see the section, Handicapped Dependent Children, for more information.

**Handicapped Dependent Children**
Health Expense Coverage for your fully handicapped dependent child may be continued past the maximum age for a dependent child. However, such coverage may not be continued if the child has been issued an individual medical conversion policy.
Your child is fully handicapped if:

- he or she is not able to earn his or her own living because of mental retardation or a physical handicap which started prior to the date he or she reaches the maximum age for dependent children under your plan; and
- he or she depends chiefly on you for support and maintenance.

Proof that your child is fully handicapped must be submitted to Aetna no later than 31 days after the date your child reaches the maximum age under your plan.

Coverage will cease on the first to occur of:

- Cessation of the handicap.
- Failure to give proof that the handicap continues.
- Failure to have any required exam.
- Termination of Dependent Coverage as to your child for any reason other than reaching the maximum age under your plan.

Aetna will have the right to require proof of the continuation of the handicap. Aetna also has the right to examine your child as often as needed while the handicap continues at its own expense. An exam will not be required more often than once each year after 2 years from the date your child reached the maximum age under your plan.

**Extension of Benefits**

**Coverage for Health Benefits**

If your health benefits end while you are totally disabled, your health expenses will be extended as described below, but, with respect to medical benefits, only as to expenses incurred in connection with the injury or illness that caused the total disability. To find out why and when your coverage may end, please refer to When Coverage Ends.

“ Totally disabled” means that because of an injury or illness:

- You are not able to work at your own occupation and you cannot work at any occupation for pay or profit.
- Your dependent is not able to engage in most normal activities of a healthy person of the same age and gender.

**Extended Health Coverage**

*Medical Benefits (other than Basic medical benefits):* Coverage will be available while you are totally disabled, but only for the condition that caused the disability, for up to 12 months.

*Prescription Drug Benefits:*
Coverage will be available while you are totally disabled for up to 12 months.

**When Extended Health Coverage Ends**

Extension of benefits will end on the first to occur of the date:

- You are no longer totally disabled, or become covered under any other group plan with like benefits.
- Your dependent is no longer totally disabled, or he or she becomes covered under any other group plan with like benefits.

(This does not apply if coverage ceased because the benefit section ceased for your eligible class.)
COBRA Continuation of Coverage

If your employer is subject to COBRA requirements, the health plan continuation is governed by the Federal Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA) requirements. With COBRA you and your dependents can continue health coverage, subject to certain conditions and your payment of contributions. Continuation rights are available following a “qualifying event” that would cause you or family members to otherwise lose coverage. Qualifying events are listed in this section.

Continuing Coverage through COBRA

When you or your covered dependents become eligible, your employer will provide you with detailed information on continuing your health coverage through COBRA.

You or your dependents will need to:

- Complete and submit an application for continued health coverage, which is an election notice of your intent to continue coverage.
- Submit your application within 60 days of the qualifying event, or within 60 days of your employer’s notice of this COBRA continuation right, if later.
- Agree to pay the required contributions.

Who Qualifies for COBRA

You have 60 days from the qualifying event to elect COBRA. If you do not submit an application within 60 days, you will forfeit your COBRA continuation rights.

Below you will find the qualifying events and a summary of the maximum coverage periods according to COBRA requirements.

Disability May Increase Maximum Continuation to 29 Months
If You or Your Covered Dependents Are Disabled
If you or your covered dependent qualify for disability status under Title II or XVI of the Social Security Act during the 18 month continuation period, you or your covered dependent:

- Have the right to extend coverage beyond the initial 18 month maximum continuation period.
- Qualify for an additional 11 month period, subject to the overall COBRA conditions.
- Must notify your employer within 60 days of the disability determination status and before the 18 month continuation period ends.
- Must notify the employer within 30 days after the date of any final determination that you or a covered dependent is no longer disabled.
- Are responsible to pay the contributions after the 18th month, through the 29th month.

If There Are Multiple Qualifying Events
A covered dependent could qualify for an extension of the 18 or 29 month continuation period by meeting the requirements of another qualifying event, such as divorce or death. The total continuation period, however, can never exceed 36 months.

Determining Your Contributions For Continuation Coverage
Your contributions are regulated by law, based on the following:

- For the 18 or 36 month periods, contributions may never exceed 102 percent of the plan costs.
- During the 18 through 29 month period, contributions for coverage during an extended disability period may never exceed 150 percent of the plan costs.

When You Acquire a Dependent During a Continuation Period
If through birth, adoption or marriage, you acquire a new dependent during the continuation period, your dependent can be added to the health plan for the remainder of the continuation period if:

- He or she meets the definition of an eligible dependent,
- Your employer is notified about your dependent within 31 days of eligibility, and
- Additional contributions for continuation are paid on a timely basis.

Important Note
For more information about dependent eligibility, see the Eligibility, Enrollment and Effective Date section.

When Your COBRA Continuation Coverage Ends
Your COBRA coverage will end when the first of the following events occurs:

- You or your covered dependents reach the maximum COBRA continuation period – the end of the 18, 29 or 36 months. (Coverage for a newly acquired dependent who has been added for the balance of a continuation period would end at the same time your continuation period ends, if he or she is not disabled nor eligible for an extended maximum).
- You or your covered dependents do not pay required contributions.
- You or your covered dependents become covered under another group plan that does not restrict coverage for preexisting conditions. If your new plan limits preexisting condition coverage, the continuation coverage under this plan may remain in effect until the preexisting clause ceases to apply or the maximum continuation period is reached under this plan.
- The date your employer no longer offers a group health plan.
- The date you or a covered dependent becomes enrolled in benefits under Medicare. This does not apply if it is contrary to the Medicare Secondary Payer Rules or other federal law.
- You or your dependent dies.
Coordination of Benefits - What Happens When There is More Than One Health Plan

Other Plans Not Including Medicare

Some persons have health coverage in addition to coverage under this Plan. Under these circumstances, it is not intended that a plan provide duplicate benefits. For this reason, many plans, including this Plan, have a "coordination of benefits" provision.

Under the coordination of benefits provision of this Plan, the amount normally reimbursed under this Plan is reduced to take into account payments made by "other plans".

When this and another health expenses coverage plan applies, the order in which the various plans will pay benefits must be figured. This will be done as follows using the first rule that applies:

1. A plan with no rules for coordination with other benefits will be deemed to pay its benefits before a plan which contains such rules.
2. A plan which covers a person other than as a dependent will be deemed to pay its benefits before a plan which covers the person as a dependent; except that if the person is also a Medicare beneficiary and as a result of the Social Security Act of 1965, as amended, Medicare is:
   - secondary to the plan covering the person as a dependent; and
   - primary to the plan covering the person as other than a dependent;

The benefits of a plan which covers the person as a dependent will be determined before the benefits of a plan which:
- covers the person as other than a dependent; and
- is secondary to Medicare.

3. Except in the case of a dependent child whose parents are divorced or separated; the plan which covers the person as a dependent of a person whose birthday comes first in a calendar year will be primary to the plan which covers the person as a dependent of a person whose birthday comes later in that calendar year. If both parents have the same birthday, the benefits of a plan which covered one parent longer are determined before those of a plan which covered the other parent for a shorter period of time.

If the other plan does not have the rule described in this provision (3) but instead has a rule based on the gender of the parent and if, as a result, the plans do not agree on the order of benefits, the rule in the other plan will determine the order of benefits.

4. In the case of a dependent child whose parents are divorced or separated:
   a. If there is a court decree which states that the parents shall share joint custody of a dependent child, without stating that one of the parents is responsible for the health care expenses of the child, the order of benefit determination rules specified in (3) above will apply.
   b. If there is a court decree which makes one parent financially responsible for the medical, dental or other health care expenses of such child, the benefits of a plan which covers the child as a dependent of such parent will be determined before the benefits of any other plan which covers the child as a dependent child.
c. If there is not such a court decree:

- If the parent with custody of the child has not remarried, the benefits of a plan which covers the child as a dependent of the parent with custody of the child will be determined before the benefits of a plan which covers the child as a dependent of the parent without custody.
- If the parent with custody of the child has remarried, the benefits of a plan which covers the child as a dependent of the parent with custody shall be determined before the benefits of a plan which covers that child as a dependent of the stepparent. The benefits of a plan which covers that child as a dependent of the stepparent will be determined before the benefits of a plan which covers that child as a dependent of the parent without custody.

5. If 1, 2, 3 and 4 above do not establish an order of payment, the plan under which the person has been covered for the longest will be deemed to pay its benefits first; except that:

The benefits of a plan which covers the person on whose expenses claim is based as a:
- laid-off or retired employee; or
- the dependent of such person.

Shall be determined after the benefits of any other plan which covers such person as:
- an employee who is not laid-off or retired; or
- dependent of such person.

If the other plan does not have a provision:
- regarding laid-off or retired employees; and
- as a result, each plan determines its benefits after the other;

then the above paragraph will not apply.

The benefits of a plan which covers the person on whose expenses claim is based under a right of continuation pursuant to federal or state law shall be determined after the benefits of any other plan which covers the person other than under such right of continuation.

If the other plan does not have a provision:
- regarding right of continuation pursuant to federal or state law; and
- as a result, each plan determines its benefits after the other;

then the above paragraph will not apply.

The general rule is that the benefits otherwise payable under this Plan for all expenses processed during a single "processed claim transaction" will be reduced by the total benefits payable under all "other plans" for the same expenses. An exception to this rule is that when the coordination of benefits rules of this Plan and any "other plan" both agree that this Plan is primary, the benefits of the other plan will be ignored in applying this rule. As used in this paragraph, a "processed claim transaction" is a group of actual or prospective charges submitted to Aetna for consideration, that have been grouped together for administrative purposes as a "claim transaction" in accordance with Aetna's then current rules. If the contract includes both medical and dental coverage, those coverages will be considered separate plans. The Medical/Pharmacy coverage will be coordinated with other Medical/Pharmacy plans. In turn, the dental coverage will be coordinated with other dental plans.

In order to administer this provision, Aetna can release or obtain data. Aetna can also make or recover payments.
**Other Plan**
This means any other plan of health expense coverage under:

- Group insurance.
- Any other type of coverage for persons in a group. This includes plans that are insured and those that are not.
- No-fault auto insurance required by law and provided on other than a group basis. Only the level of benefits required by the law will be counted.
When You Have Medicare Coverage

Effect of Medicare

Health Expense Coverage under this Plan will be changed for any person while eligible for Medicare.

A person is "eligible for Medicare" if he or she:

- Is covered under it;
- Is not covered under it because of:
  - Having refused it;
  - Having dropped it;
  - Having failed to make proper request for it.

These are the changes:

- The total amount of "regular benefits" under all Health Expense Benefits will be figured. (This will be the amount that would be payable if there were no Medicare benefits.) If this is more than the amount Medicare provides for the expenses involved, this Plan will pay the difference. Otherwise, this Plan will pay no benefits. This will be done for each claim.
- Charges used to satisfy a person's Part B deductible under Medicare will be applied under this Plan in the order received by Aetna. Two or more charges received at the same time will be applied starting with the largest first.
- Medicare benefits will be taken into account for any person while he or she is eligible for Medicare. This will be done whether or not he or she is entitled to Medicare benefits.
- Any rule for coordinating "other plan" benefits with those under this Plan will be applied after this Plan's benefits have been figured under the above rules. Any benefits under Medicare will not be deemed to be an "Allowable Expense."

Coverage will not be changed at any time when your Employer's compliance with federal law requires this Plan's benefits for a person to be figured before benefits are figured under Medicare.
General Provisions

Type of Coverage

Coverage under the plan is non-occupational. Only non-occupational accidental injuries and non-occupational illnesses are covered. The plan covers charges made for services and supplies only while the person is covered under the plan.

Physical Examinations

Aetna will have the right and opportunity to examine and evaluate any person who is the basis of any claim at all reasonable times while a claim is pending or under review. This will be done at no cost to you.

Legal Action

No legal action can be brought to recover payment under any benefit after 3 years from the deadline for filing claims.

Additional Provisions

The following additional provisions apply to your coverage:

- This Booklet applies to coverage only, and does not restrict your ability to receive health care services that are not, or might not be, covered.
- You cannot receive multiple coverage under the plan because you are connected with more than one employer.
- In the event of a misstatement of any fact affecting your coverage under the plan, the true facts will be used to determine the coverage in force.
- This document describes the main features of the plan. If you have any questions about the terms of the plan or about the proper payment of benefits, contact your employer or Aetna.
- Sutter Health and Affiliates, the dominant health system in much of northern California, uses its bargaining power to insist on unique requirements to participate in the Aetna network. Aetna’s contract with Sutter requires payment of claims that would otherwise be denied, such as those not medically necessary or experimental or investigational (but does not require payment for services the Plan expressly excludes from coverage, such as for cosmetic surgery). Aetna will charge the Plan for these claims in order to be able to continue providing Plan Participants with access to Sutter’s services on an in-network basis.
- The plan may be changed or discontinued with respect to your coverage.

Financial Sanctions Exclusions

If any benefit provided by this plan violates or will violate any economic or trade sanctions, the coverage is immediately considered invalid. For example, Aetna companies cannot make payments for health care or other claims or services if it violates a financial sanction regulation. This includes sanctions related to a blocked person or a country under sanction by the United States, unless permitted under a valid written Office of Foreign Assets Control (OFAC) license. For more information, visit http://www.treasury.gov/resource-center/sanctions/Pages/default.aspx.

Assignments

Coverage and your rights under this plan may not be assigned. A direction to pay a provider is not an assignment of any right under this plan or of any legal or equitable right to institute any court proceeding.
Misstatements

Aetna’s failure to implement or insist upon compliance with any provision of this plan at any given time or times, shall not constitute a waiver of Aetna’s right to implement or insist upon compliance with that provision at any other time or times.

Fraudulent misstatements in connection with any claim or application for coverage may result in termination of all coverage under this plan.

Rescission of Coverage

Aetna may rescind your coverage if you, or the person seeking coverage on your behalf:

- Performs an act, practice or omission that constitutes fraud; or
- Makes an intentional misrepresentation of material fact.

You will be given 30 days advance written notice of any rescission of coverage.

As to medical and prescription drug coverage only, you have the right to an internal Appeal with Aetna and/or the right to a third party review conducted by an independent External Review Organization if your coverage under this Booklet is rescinded retroactive to its Effective Date.

Recovery of Overpayments

Health Coverage
If a benefit payment is made by the Plan, to or on your behalf, which exceeds the benefit amount that you are entitled to receive, the Plan has the right:

- To require the return of the overpayment; or
- To reduce by the amount of the overpayment, any future benefit payment made to or on behalf of that person or another person in his or her family.

Such right does not affect any other right of recovery the Plan may have with respect to such overpayment.

Reporting of Claims

A claim must be submitted to Aetna in writing. It must give proof of the nature and extent of the loss. Your employer has claim forms.

All claims should be reported promptly. The deadline for filing a claim is 90 days after the date of the loss.

If, through no fault of your own, you are not able to meet the deadline for filing claim, your claim will still be accepted if you file as soon as possible. Unless you are legally incapacitated, late claims for health benefits will not be covered if they are filed more than 2 years after the deadline.

Payment of Benefits

Benefits will be paid as soon as the necessary proof to support the claim is received. Written proof must be provided for all benefits.
All covered health benefits are payable to you. However, Aetna has the right to pay any health benefits to the service provider. This will be done unless you have told Aetna otherwise by the time you file the claim.

The Plan may pay up to $1,000 of any other benefit to any of your relatives whom it believes fairly entitled to it. This can be done if the benefit is payable to you and you are a minor or not able to give a valid release.

When a PCP provides care for you or a covered dependent, or care is provided by a network provider (network services or supplies), the network provider will take care of filing claims. However, when you seek care on your own (out-of-network services and supplies), you are responsible for filing your own claims.

Records of Expenses

Keep complete records of the expenses of each person. They will be required when a claim is made.

Very important are:

- Names of physicians, dentists and others who furnish services.
- Dates expenses are incurred.
- Copies of all bills and receipts.

Contacting Aetna

If you have questions, comments or concerns about your benefits or coverage, or if you are required to submit information to Aetna, you may contact Aetna's Home Office at:

Aetna Life Insurance Company
151 Farmington Avenue
Hartford, CT 06156

You may also use Aetna’s toll free Member Services phone number on your ID card or visit Aetna’s web site at www.aetna.com.

Effect of Benefits Under Other Plans

Effect of An Health Maintenance Organization Plan (HMO Plan) On Coverage

If you are in an eligible class and have chosen coverage under an HMO Plan offered by your employer, you will be excluded from medical expense coverage (except Vision Care), if any, on the date of your coverage under such HMO Plan.

If you are in an eligible class and are covered under an HMO Plan, you can choose to change to coverage for yourself and your covered dependents under this plan. If you:

- Live in an HMO Plan enrollment area and choose to change coverage during an open enrollment period, coverage will take effect on the group contract anniversary date after the open enrollment period. There will be no rules for waiting periods or preexisting conditions.
- Live in an HMO Plan enrollment area and choose to change coverage when there is not an open enrollment period, coverage will take effect only if and when Aetna gives its written consent.
- Move from an HMO Plan enrollment area or if the HMO discontinues and you choose to change coverage within 31 days of the move or the discontinuance, coverage will take effect on the date you elect such coverage. There will be no restrictions for waiting periods or preexisting conditions. If you choose to change coverage after 31 days, coverage will take effect only if and when Aetna gives its written consent.
Any extensions of benefits under this plan for disability or pregnancy will not always apply on and after the date of a change to an HMO Plan providing medical coverage. They will apply only if the person is not covered at once under the HMO Plan because he or she is in a hospital not affiliated with the HMO. If you give evidence that the HMO Plan provides an extension of benefits for disability or pregnancy, coverage under this plan will be extended. The extension will be for the same length of time and for the same conditions as the HMO Plan provides. It will not be longer than the first to occur of:

- The end of a 90 day period; and
- The date the person is not confined.

No benefits will be paid for any charges for services rendered or supplies furnished under an HMO Plan.

**Discount Programs**

**Discount Arrangements**
From time to time, we may offer, provide, or arrange for discount arrangements or special rates from certain service providers such as pharmacies, optometrists, dentists, alternative medicine, wellness and healthy living providers to you under this plan. Some of these arrangements may be made available through third parties who may make payments to Aetna in exchange for making these services available.

The third party service providers are independent contractors and are solely responsible to you for the provision of any such goods and/or services. We reserve the right to modify or discontinue such arrangements at any time. These discount arrangements are not insurance. There are no benefits payable to you nor do we compensate providers for services they may render through discount arrangements.

**Incentives**

In order to encourage you to access certain medical services when deemed appropriate by you in consultation with your physician or other service providers, we may, from time to time, offer to waive or reduce a member’s copayment, payment percentage, and/or a deductible otherwise required under the plan or offer coupons or other financial incentives. We have the right to determine the amount and duration of any waiver, reduction, coupon, or financial incentive and to limit the covered persons to whom these arrangements are available.

**Claims, Appeals and External Review**

**Filing Health Claims under the Plan**
Under the Plan, you may file claims for Plan benefits and appeal adverse claim determinations. Any reference to “you” in this Claims, Appeals and External Review section includes you and your Authorized Representative. An "Authorized Representative" is a person you authorize, in writing, to act on your behalf. The Plan will also recognize a court order giving a person authority to submit claims on your behalf. In the case of an urgent care claim, a health care professional with knowledge of your condition may always act as your Authorized Representative.

If your claim is denied in whole or in part, you will receive a written notice of the denial from Aetna Life Insurance Company (Aetna). The notice will explain the reason for the denial and the appeal procedures available under the Plan.

**Urgent Care Claims**
An “Urgent Care Claim” is any claim for medical care or treatment for which the application of the time periods for making non-urgent care determinations could seriously jeopardize your life or health or your ability to regain maximum function, or, in the opinion of a physician with knowledge of your medical condition, would subject you to severe pain that cannot be adequately managed without the care or treatment that is the subject of the claim.
If the Plan requires advance approval of a service, supply or procedure before a benefit will be payable, and if Aetna or your physician determines that it is an Urgent Care Claim, you will be notified of the decision, whether adverse or not, as soon as possible but not later than 72 hours after the claim is received.

If there is not sufficient information to decide the claim, you will be notified of the information necessary to complete the claim as soon as possible, but not later than 24 hours after receipt of the claim. You will be given a reasonable additional amount of time, but not less than 48 hours, to provide the information, and you will be notified of the decision not later than 48 hours after the end of that additional time period (or after receipt of the information, if earlier).

**Other Claims (Pre-Service and Post-Service)**
If the Plan requires you to obtain advance approval of a non-urgent service, supply or procedure before a benefit will be payable, a request for advance approval is considered a pre-service claim. You will be notified of the decision not later than 15 days after receipt of the pre-service claim.

For other claims (post-service claims), you will be notified of the decision not later than 30 days after receipt of the claim.

For either a pre-service or a post-service claim, these time periods may be extended up to an additional 15 days due to circumstances outside Aetna’s control. In that case, you will be notified of the extension before the end of the initial 15 or 30-day period. For example, they may be extended because you have not submitted sufficient information, in which case you will be notified of the specific information necessary and given an additional period of at least 45 days after receiving the notice to furnish that information. You will be notified of Aetna’s claim decision no later than 48 hours after the end of that additional period (or after receipt of the information, if earlier).

For pre-service claims which name a specific claimant, medical condition, and service or supply for which approval is requested, and which are submitted to an Aetna representative responsible for handling benefit matters, but which otherwise fail to follow the Plan’s procedures for filing pre-service claims, you will be notified of the failure within 5 days (within 24 hours in the case of an urgent care claim) and of the proper procedures to be followed. The notice may be oral unless you request written notification.

**Ongoing Course of Treatment**
If you have received pre-authorization for an ongoing course of treatment, you will be notified in advance if the previously authorized course of treatment is intended to be terminated or reduced so that you will have an opportunity to appeal any decision to Aetna and receive a decision on that appeal before the termination or reduction takes effect. If the course of treatment involves urgent care, and you request an extension of the course of treatment at least 24 hours before its expiration, you will be notified of the decision within 24 hours after receipt of the request.

**Health Claims – Standard Appeals**
As an individual enrolled in the Plan, you have the right to file an appeal from an Adverse Benefit Determination relating to service(s) you have received or could have received from your health care provider under the Plan.

An “Adverse Benefit Determination” is defined as a denial, reduction, termination of, or failure to, provide or make payment (in whole or in part) for a service, supply or benefit. Such Adverse Benefit Determination may be based on:

- Your eligibility for coverage, including a retrospective termination of coverage (whether or not there is an adverse effect on any particular benefit);
- Coverage determinations, including plan limitations or exclusions;
- The results of any Utilization Review activities;
- A decision that the service or supply is experimental or investigational; or
- A decision that the service or supply is not medically necessary.

A “Final Internal Adverse Benefit Determination” is defined as an Adverse Benefit Determination that has been upheld by the appropriate named fiduciary (Aetna) at the completion of the internal appeals process, or an Adverse Benefit Determination for which the internal appeals process has been exhausted.
Exhaustion of Internal Appeals Process
Generally, you are required to complete all appeal processes of the Plan before being able to obtain External Review or bring an action in litigation. However, if Aetna, or the Plan or its designee, does not strictly adhere to all claim determination and appeal requirements under applicable federal law, you are considered to have exhausted the Plan’s appeal requirements (“Deemed Exhaustion”) and may proceed with External Review or may pursue any available remedies under §502(a) of ERISA or under state law, as applicable.

There is an exception to the Deemed Exhaustion rule. Your claim or internal appeal may not go straight to External Review if:

- A rule violation was minor and is not likely to influence a decision or harm you; and
- It was for a good cause or was beyond Aetna’s or the Plan’s or its designee’s control; and
- It was part of an ongoing good faith exchange between you and Aetna or the Plan.

This exception is not available if the rule violation is part of a pattern or practice of violations by Aetna or the Plan.

You may request a written explanation of the violation from the Plan or Aetna, and the Plan or Aetna must provide such explanation within 10 days, including a specific description of its bases, if any, for asserting that the violation should not cause the internal claims and appeals process to be deemed exhausted. If an External Reviewer or a court rejects your request for immediate review on the basis that the plan met the standards for the exception, you have the right to resubmit and pursue the internal appeal of the claim. In such a case, within a reasonable time after the External Reviewer or court rejects the claim for immediate review (not to exceed 10 days), you will receive notice of the opportunity to resubmit and pursue the internal appeal of the claim. Time periods for re-filing the claim shall begin to run upon your receipt of such notice.

Full and Fair Review of Claim Determinations and Appeals
Aetna will provide you, free of charge, with any new or additional evidence considered, relied upon, or generated by Aetna (or at the direction of Aetna), or any new or additional rationale as soon as possible and sufficiently in advance of the date on which the notice of Final Internal Adverse Benefit Determination is provided, to give you a reasonable opportunity to respond prior to that date.

You may file an appeal in writing to Aetna at the address provided in this booklet, or, if your appeal is of an urgent nature, you may call Aetna’s Member Services Unit at the toll-free phone number on your ID card. Your request should include the group name (that is, your employer), your name, member ID, or other identifying information shown on the front of the Explanation of Benefits form, and any other comments, documents, records and other information you would like to have considered, whether or not submitted in connection with the initial claim.

An Aetna representative may call you or your health care provider to obtain medical records and/or other pertinent information in order to respond to your appeal.

You will have 180 days following receipt of an Adverse Benefit Determination to appeal the determination to Aetna. You will be notified of the decision not later than 15 days (for pre-service claims) or 30 days (for post-service claims) after the appeal is received. You may submit written comments, documents, records and other information relating to your claim, whether or not the comments, documents, records or other information were submitted in connection with the initial claim. A copy of the specific rule, guideline or protocol relied upon in the Adverse Benefit Determination will be provided free of charge upon request by you or your Authorized Representative. You may also request that Aetna provide you, free of charge, copies of all documents, records and other information relevant to the claim.

If your claim involves urgent care, an expedited appeal may be initiated by a telephone call to the phone number included in your denial, or to Aetna's Member Services. Aetna's Member Services telephone number is on your Identification Card. You or your Authorized Representative may appeal urgent care claim denials either orally or in writing. All necessary information, including the appeal decision, will be communicated between you or your Authorized Representative and Aetna by telephone, facsimile, or other similar method. You will be notified of the decision not later than 36 hours after the appeal is received.
If you are dissatisfied with the appeal decision on an urgent care claim, you may file a second level appeal with Aetna. You will be notified of the decision not later than 36 hours after the appeal is received.

If you are dissatisfied with a pre-service or post-service appeal decision, you may file a second level appeal with Aetna within 60 days of receipt of the level one appeal decision. Aetna will notify you of the decision not later than 15 days (for pre-service claims) or 30 days (for post-service claims) after the appeal is received.

If you do not agree with the Final Internal Adverse Benefit Determination on review, you have the right to bring a civil action under Section 502(a) of ERISA, if applicable.

**Health Claims – Voluntary Appeals**

**External Review**

“External Review” is a review of an eligible Adverse Benefit Determination or a Final Internal Adverse Benefit Determination by an Independent Review Organization/External Review Organization (ERO) or by the State Insurance Commissioner, if applicable.

A “Final External Review Decision” is a determination by an ERO at the conclusion of an External Review.

You must complete all of the levels of standard appeal described above before you can request External Review, other than in a case of Deemed Exhaustion. Subject to verification procedures that the Plan may establish, your Authorized Representative may act on your behalf in filing and pursuing this voluntary appeal.

You may file a voluntary appeal for External Review of any Adverse Benefit Determination or any Final Internal Adverse Benefit Determination that qualifies as set forth below.

The notice of Adverse Benefit Determination or Final Internal Adverse Benefit Determination that you receive from Aetna will describe the process to follow if you wish to pursue an External Review, and will include a copy of the Request for External Review Form.

You must submit the Request for External Review Form to Aetna within 123 calendar days of the date you received the Adverse Benefit Determination or Final Internal Adverse Benefit Determination notice. If the last filing date would fall on a Saturday, Sunday or Federal holiday, the last filing date is extended to the next day that is not a Saturday, Sunday or Federal holiday. You also must include a copy of the notice and all other pertinent information that supports your request.

If you file a voluntary appeal, any applicable statute of limitations will be tolled while the appeal is pending. The filing of a claim will have no effect on your rights to any other benefits under the Plan. However, the appeal is voluntary and you are not required to undertake it before pursuing legal action.

If you choose not to file for voluntary review, the Plan will not assert that you have failed to exhaust your administrative remedies because of that choice.

**Request for External Review**

The External Review process under this Plan gives you the opportunity to receive review of an Adverse Benefit Determination (including a Final Internal Adverse Benefit Determination) conducted pursuant to applicable law. Your request will be eligible for External Review if the claim decision involves medical judgment and the following are satisfied:

- Aetna, or the Plan or its designee, does not strictly adhere to all claim determination and appeal requirements under federal law (except for minor violations); or
- the standard levels of appeal have been exhausted; or
- the appeal relates to a rescission, defined as a cancellation or discontinuance of coverage which has retroactive effect.

An Adverse Benefit Determination based upon your eligibility is not eligible for External Review.
If upon the final standard level of appeal, the coverage denial is upheld and it is determined that you are eligible for External Review, you will be informed in writing of the steps necessary to request an External Review.

An independent review organization refers the case for review by a neutral, independent clinical reviewer with appropriate expertise in the area in question. The decision of the independent external expert reviewer is binding on you, Aetna and the Plan unless otherwise allowed by law.

**Preliminary Review**
Within 5 business days following the date of receipt of the request, Aetna must provide a preliminary review determining: you were covered under the Plan at the time the service was requested or provided, the determination does not relate to eligibility, you have exhausted the internal appeals process (unless Deemed Exhaustion applies), and you have provided all paperwork necessary to complete the External Review and you are eligible for external review.

Within one business day after completion of the preliminary review, Aetna must issue to you a notification in writing. If the request is complete but not eligible for External Review, such notification will include the reasons for its ineligibility and contact information for the Employee Benefits Security Administration (toll-free number 866-444-EBSA (3272)). If the request is not complete, such notification will describe the information or materials needed to make the request complete and Aetna must allow you to perfect the request for External Review within the 123 calendar days filing period or within the 48 hour period following the receipt of the notification, whichever is later.

**Referral to ERO**
Aetna will assign an ERO accredited as required under federal law, to conduct the External Review. The assigned ERO will timely notify you in writing of the request's eligibility and acceptance for External Review, and will provide an opportunity for you to submit in writing within 10 business days following the date of receipt, additional information that the ERO must consider when conducting the External Review. Within one (1) business day after making the decision, the ERO must notify you, Aetna and the Plan.

The ERO will review all of the information and documents timely received. In reaching a decision, the assigned ERO will review the claim and not be bound by any decisions or conclusions reached during the Plan's internal claims and appeals process. In addition to the documents and information provided, the assigned ERO, to the extent the information or documents are available and the ERO considers them appropriate, will consider the following in reaching a decision:

(i) Your medical records;
(ii) The attending health care professional's recommendation;
(iii) Reports from appropriate health care professionals and other documents submitted by the Plan or issuer, you, or your treating provider;
(iv) The terms of your Plan to ensure that the ERO's decision is not contrary to the terms of the Plan, unless the terms are inconsistent with applicable law;
(v) Appropriate practice guidelines, which must include applicable evidence-based standards and may include any other practice guidelines developed by the Federal government, national or professional medical societies, boards, and associations;
(vi) Any applicable clinical review criteria developed and used by Aetna, unless the criteria are inconsistent with the terms of the Plan or with applicable law; and
(vii) The opinion of the ERO's clinical reviewer or reviewers after considering the information described in this notice to the extent the information or documents are available and the clinical reviewer or reviewers consider appropriate.

The assigned ERO must provide written notice of the Final External Review Decision within 45 days after the ERO receives the request for the External Review. The ERO must deliver the notice of Final External Review Decision to you, Aetna and the Plan.

After a Final External Review Decision, the ERO must maintain records of all claims and notices associated with the External Review process for six years. An ERO must make such records available for examination by the claimant,
Plan, or State or Federal oversight agency upon request, except where such disclosure would violate State or Federal privacy laws.

Upon receipt of a notice of a Final External Review Decision reversing the Adverse Benefit Determination or Final Internal Adverse Benefit Determination, the Plan immediately must provide coverage or payment (including immediately authorizing or immediately paying benefits) for the claim.

**Expeditied External Review**
The Plan must allow you to request an expedited External Review at the time you receive:

(a) An Adverse Benefit Determination if the Adverse Benefit Determination involves a medical condition for which the timeframe for completion of an expedited internal appeal would seriously jeopardize your life or health or would jeopardize your ability to regain maximum function and you have filed a request for an expedited internal appeal; or

(b) A Final Internal Adverse Benefit Determination, if you have a medical condition where the timeframe for completion of a standard External Review would seriously jeopardize your life or health or would jeopardize your ability to regain maximum function, or if the Final Internal Adverse Benefit Determination concerns an admission, availability of care, continued stay, or health care item or service for which you received emergency services, but have not been discharged from a facility.

Immediately upon receipt of the request for expedited External Review, Aetna will determine whether the request meets the reviewability requirements set forth above for standard External Review. Aetna must immediately send you a notice of its eligibility determination.

**Referral of Expedited Review to ERO**
Upon a determination that a request is eligible for External Review following preliminary review, Aetna will assign an ERO. The ERO shall render a decision as expeditiously as your medical condition or circumstances require, but in no event more than 72 hours after the ERO receives the request for an expedited External Review. If the notice is not in writing, within 48 hours after the date of providing that notice, the assigned ERO must provide written confirmation of the decision to you, Aetna and the Plan.

R

Recognized Charge
The amount of an out-of-network provider’s charge that is eligible for coverage. You are responsible for all amounts above the recognized charge. The recognized charge may be less than the provider’s full charge.

Your plan’s recognized charge applies to all out-of-network covered expenses except out of network emergency services. It applies even to charges from an out-of-network provider in a hospital that is a network provider. It also applies when your PCP or other network provider refers you to an out-of-network provider. In all cases, the recognized charge is determined based on the Geographic Area where you receive the service or supply.

Except as otherwise specified below, the recognized charge for each service or supply is the lesser of what the provider bills and:

- For professional services and for other services or supplies not mentioned below:
  - The reasonable amount rate
- For prescription drugs:
  - 110% of the Average wholesale price (AWP)

The recognized charge is the negotiated charge for providers with whom we have a direct contract but are not network providers or, if there is no direct contract, with whom we have a contract through any third party that is not an affiliate of Aetna.

If your ID card displays the National Advantage Program (NAP) logo, the recognized charge is the rate we have negotiated with your NAP provider. Your out-of-network cost sharing applies when you get care from NAP providers, except for emergency services.

A NAP provider is a provider with whom we have a contract through any third party that is not an affiliate of Aetna or through the Coventry National or First Health Networks. However, a NAP provider listed in the NAP directory is not a network provider.

We have the right to apply Aetna reimbursement policies. Those policies may further reduce the recognized charge. These policies take into account factors such as:

- The duration and complexity of a service
- When multiple procedures are billed at the same time, whether additional overhead is required
- Whether an assistant surgeon is necessary for the service
- If follow up care is included
- Whether other characteristics modify or make a particular service unique
- When a charge includes more than one claim line, whether any services described by a claim line are part of or incidental to the primary service provided and
- The educational level, licensure or length of training of the provider
Aetna reimbursement policies are based on our review of:
- The Centers for Medicare and Medicaid Services’ (CMS) National Correct Coding Initiative (NCCI) and other external materials that say what billing and coding practices are and are not appropriate
- Generally accepted standards of medical and dental practice and
- The views of physicians and dentists practicing in the relevant clinical areas

We use commercial software to administer some of these policies. Some policies are different for professional services than for facility services.

Special terms used
Average wholesale price (AWP), Geographic area, and Reasonable amount rate are defined as follows:

Average wholesale price (AWP)

The Geographic area made up of the first three digits of the U.S. Postal Service zip codes. If we determine we need more data for a particular service or supply, we may base rates on a wider Geographic area such as an entire state.

Reasonable amount rate:
There is not a single “reasonable” amount. Your plan establishes the “reasonable” amounts as follows:
- For professional services:
  - The 80th percentile value reported in a database prepared by FAIR Health, a nonprofit company. FAIR Health changes these rates periodically. We update our systems with these changes within 180 days after receiving them from FAIR Health. If the FAIR Health database becomes unavailable, we reserve the right to substitute an alternative. If the alternative data source does not contain a value for a particular service or supply, we will base the recognized charge on the Medicare allowable rate.

Get the most value out of your benefits. Use the “Estimate the Cost of Care” tool on Aetna Navigator® to help decide whether to get care in network or out-of-network. Aetna’s secure member website at www.aetna.com may contain additional information which may help you determine the cost of a service or supply. ERISA Rights
As a participant in the group benefit plan you are entitled to certain rights and protections under the Employee Retirement Income Security Act of 1974. ERISA provides that all plan participants shall be entitled to:

Receive Information about Your Plan and Benefits
Examine, without charge, at the Plan Administrator’s office and at other specified locations, such as worksites and union halls, all documents governing the Plan, including insurance contracts, collective bargaining agreements, and a copy of the latest annual report (Form 5500 Series) that is filed by the Plan with the U.S. Department of Labor and available at the Public Disclosure Room of the Employee Benefits Security Administration.

Obtain, upon written request to the Plan Administrator, copies of documents governing the operation of the Plan, including insurance contracts, collective bargaining agreements, and copies of the latest annual report (Form 5500 Series), and an updated Summary Plan Description. The Administrator may make a reasonable charge for the copies.

Receive a summary of the Plan’s annual financial report. The Plan Administrator is required by law to furnish each participant with a copy of this summary annual report.

Receive a copy of the procedures used by the Plan for determining a qualified domestic relations order (QDRO) or a qualified medical child support order (QMCSO).

Continue Group Health Plan Coverage
Continue health care coverage for yourself, your spouse, or your dependents if there is a loss of coverage under the Plan as a result of a qualifying event. You or your dependents may have to pay for such coverage. Review this summary plan description and the documents governing the Plan for the rules governing your COBRA continuation coverage rights.

Reduction or elimination of exclusionary periods of coverage for preexisting conditions under your group health plan, if you have creditable coverage from another plan. You should be provided a certificate of creditable coverage, free of charge, from your group health plan or health insurance issuer when you lose coverage under the Plan, when you become entitled to elect COBRA continuation coverage, when your COBRA continuation coverage ceases, if you request it before losing coverage, or if you request it up to 24 months after losing coverage. Without evidence of creditable coverage, you may be subject to preexisting condition exclusion for 12 months after your enrollment date in your coverage under this Plan. Contact your Plan Administrator for assistance in obtaining a certificate of creditable coverage.

Prudent Actions by Plan Fiduciaries
In addition to creating rights for plan participants, ERISA imposes duties upon the people who are responsible for the operation of the employee benefit plan. The people who operate your Plan, called “fiduciaries” of the Plan, have a duty to do so prudently and in your interest and that of other plan participants and beneficiaries. No one, including your employer, your union, or any other person, may fire you or otherwise discriminate against you in any way to prevent you from obtaining a welfare benefit or exercising your rights under ERISA.

Enforce Your Rights
If your claim for a welfare benefit is denied or ignored, in whole or in part, you have a right to know why this was done, to obtain documents relating to the decision without charge, and to appeal any denial, all within certain time schedules.

Under ERISA there are steps you can take to enforce the above rights. For instance, if you request materials from the Plan and do not receive them within 30 days you may file suit in a federal court. In such a case, the court may require the Plan Administrator to provide the materials and pay up to $110 a day until you receive the materials, unless the materials were not sent because of reasons beyond the control of the Administrator.

If you have a claim for benefits which is denied or ignored, in whole or in part, you may file suit in a state or federal court. In addition, if you disagree with the Plan’s decision or lack thereof concerning the status of a domestic relations order or a medical child support order, you may file suit in a federal court.
If it should happen that plan fiduciaries misuse the Plan's money or if you are discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor or you may file suit in a federal court. The court will decide who should pay court costs and legal fees. If you are successful, the court may order the person you have sued to pay these costs and fees. If you lose, the court may order you to pay these costs and fees, for example, if it finds your claim is frivolous.

**Assistance with Your Questions**

If you have any questions about your Plan, you should contact the Plan Administrator.

If you have any questions about this statement or about your rights under ERISA, you should contact:

- the nearest office of the Employee Benefits Security Administration, U.S. Department of Labor, listed in your telephone directory; or

You may also obtain certain publications about your rights and responsibilities under ERISA by calling the publications hotline of the Employee Benefits Security Administration.
IMPORTANT HEALTH CARE REFORM NOTICES

CHOICE OF PROVIDER

If your Aetna plan generally requires or allows the designation of a primary care provider, you have the right to designate any primary care provider who participates in our network and who is available to accept you or your family members. If the plan or health insurance coverage designates a primary care provider automatically, then until you make this designation, Aetna designates one for you. For information on how to select a primary care provider, and for a list of the participating primary care providers, contact your Employer or, if you are a current member, your Aetna contact number on the back of your ID card.

If your Aetna plan allows for the designation of a primary care provider for a child, you may designate a pediatrician as the primary care provider.

If your Aetna plan provides coverage for obstetric or gynecological care and requires the designation of a primary care provider then you do not need prior authorization from Aetna or from any other person (including a primary care provider) in order to obtain access to obstetrical or gynecological care from a health care professional in our network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals. For a list of participating health care professionals who specialize in obstetrics or gynecology, contact your Employer or, if you are a current member, your Aetna contact number on the back of your ID card.
Statement of Rights under the Newborns' and Mothers' Health Protection Act

Under federal law, group health plans and health insurance issuers offering group health insurance coverage generally may not restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a delivery by cesarean section. However, the plan or issuer may pay for a shorter stay if the attending provider (e.g., your physician, nurse midwife, or physician assistant), after consultation with the mother, discharges the mother or newborn earlier.

Also, under federal law, plans and issuers may not set the level of benefits or out-of-pocket costs so that any later portion of the 48-hour (or 96-hour) stay is treated in a manner less favorable to the mother or newborn than any earlier portion of the stay.

In addition, a plan or issuer may not, under federal law, require that you, your physician, or other health care provider obtain authorization for prescribing a length of stay of up to 48 hours (or 96 hours). However, you may be required to obtain precertification for any days of confinement that exceed 48 hours (or 96 hours). For information on precertification, contact your plan administrator.
Notice Regarding Women's Health and Cancer Rights Act
Under this health plan, as required by the Women's Health and Cancer Rights Act of 1998, coverage will be provided to a person who is receiving benefits in connection with a mastectomy and who elects breast reconstruction in connection with the mastectomy for:

1. all stages of reconstruction of the breast on which a mastectomy has been performed;
2. surgery and reconstruction of the other breast to produce a symmetrical appearance;
3. prostheses; and
4. treatment of physical complications of all stages of mastectomy, including lymphedemas.

This coverage will be provided in consultation with the attending physician and the patient, and will be provided in accordance with the plan design, limitations, copays, deductibles, and referral requirements, if any, as outlined in your plan documents.

If you have any questions about our coverage of mastectomies and reconstructive surgery, please contact the Member Services number on your ID card.

Continuation of Coverage During an Approved Leave of Absence Granted to Comply With Federal Law
This continuation of coverage section applies only for the period of any approved family or medical leave (approved FMLA leave) required by Family and Medical Leave Act of 1993 (FMLA). If your Employer grants you an approved leave for a period in excess of the period required by FMLA, any continuation of coverage during that excess period will be determined by your Employer.

If your Employer grants you an approved FMLA leave in accordance with FMLA, you may, during the continuance of such approved FMLA leave, continue Health Expense Benefits for you and your eligible dependents.

At the time you request FMLA leave, you must agree to make any contributions required by your Employer to continue coverage.

If any coverage your Employer allows you to continue has reduction rules applicable by reason of age or retirement, the coverage will be subject to such rules while you are on FMLA leave.

Coverage will not be continued beyond the first to occur of:

- The date you are required to make any contribution and you fail to do so.
- The date your Employer determines your approved FMLA leave is terminated.
- The date the coverage involved discontinues as to your eligible class. However, coverage for health expenses may be available to you under another plan sponsored by your Employer.

Any coverage being continued for a dependent will not be continued beyond the date it would otherwise terminate.

If Health Expense Benefits terminate because your approved FMLA leave is deemed terminated by your Employer, you may, on the date of such termination, be eligible for Continuation Under Federal Law on the same terms as though your employment terminated, other than for gross misconduct, on such date. If this Plan provides any other continuation of coverage (for example, upon termination of employment, death, divorce or ceasing to be a defined dependent), you (or your eligible dependents) may be eligible for such continuation on the date your Employer determines your approved FMLA leave is terminated or the date of the event for which the continuation is available.
If you acquire a new dependent while your coverage is continued during an approved FMLA leave, the dependent will be eligible for the continued coverage on the same terms as would be applicable if you were actively at work, not on an approved FMLA leave.

If you return to work for your Employer following the date your Employer determines the approved FMLA leave is terminated, your coverage under this Plan will be in force as though you had continued in active employment rather than going on an approved FMLA leave provided you make request for such coverage within 31 days of the date your Employer determines the approved FMLA leave to be terminated. If you do not make such request within 31 days, coverage will again be effective under this Plan only if and when this Plan gives its written consent.

If any coverage being continued terminates because your Employer determines the approved FMLA leave is terminated, any Conversion Privilege will be available on the same terms as though your employment had terminated on the date your Employer determines the approved FMLA leave is terminated.
