Málaga

Province of Beauty and Taste:
a Feast for the Eyes and the Palate

Málaga, the capital of the Costa del Sol, is a modern and cosmopolitan city and a popular cultural destination. Using our Dickinson connections and access to Málaga's local experts, we will provide unique and immersive opportunities for our travelers. In addition to enjoying the sights of Málaga and the surrounding area, you'll have a chance to enjoy authentic experiences such as a cooking class, wine tastings, guided tours, flamenco music and dancing and a hands-on art workshop.

This is a “choose your own adventure” alumni trip. You can make your trip as busy or relaxing as you want. **You choose** only the options you want. **You choose** your own flights based on when you want to arrive and when you need to leave, making it possible to use this trip as a kickoff for a longer vacation. **You choose** a hotel that's comfortable for you, such as one where you can use points to pay for your stay (although we will have a hotel block if you'd like to stay with other Dickinsonians). Or, if you wish for more of a homey stay, use Airbnb to find just the right setup for you.

In order to create a small-group, authentically Spanish experience, our trip is limited to 25 people.

So whether you studied in Málaga as a student and have been longing to return, or you have always wanted to visit, we hope you'll join us in April for a delicious journey to Spain's Costa del Sol.

Registration available at dickinson.edu/malagatour.
