Independent Auditors' Report

The Board of Trustees
Dickinson College:

We have audited the accompanying financial statements of Dickinson College, which comprise the statements of financial position as of June 30, 2015 and 2014, and the related statements of activities and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Dickinson College as of June 30, 2015 and 2014, and the changes in its net assets and its cash flows for the years then ended in accordance with U.S. generally accepted accounting principles.

End of year	$ 16,135,023	14,068,650
Supplemental disclosure of cash flow information:		
Cash paid during the year for interest	$ 6,316,760	6,498,207
Supplemental disclosure of noncash activities:		
Assets acquired related to capital leases	867,918	—
Purchase of property and equipment included in accounts payable	1,244,210	2,451,629

See accompanying notes to financial statements.

(1) Summary of Significant Accounting Policies

Dickinson College (the College) is a private, not-for-profit institution of higher education in Carlisle, Pennsylvania. The College provides education services at the undergraduate level.

The significant accounting policies followed by the College are described below to enhance the usefulness of the financial statements to the reader.

(a) Basis of Presentation

The financial statements of the College have been prepared on the accrual basis of accounting.

Assets and liabilities are presented in order of liquidity in the statements of financial position.

Net assets and revenues, gains, expenses, and losses are classified as unrestricted, temporarily restricted, or permanently restricted based on the existence or absence of donor-imposed restrictions as follows:

Unrestricted

Net assets that are not subject to donor-imposed stipulations. Unrestricted net assets may be designated for specific purposes by action of the Board of Trustees or may otherwise be limited to contractual agreements with outside parties. Revenues are reported as increases in unrestricted net assets unless use of the related assets is limited by donor-imposed restrictions. Expenses are reported as decreases in unrestricted net assets.

Temporarily Restricted

Net assets whose use by the College is subject to donor-imposed stipulations that can be fulfilled by actions of the College pursuant to those stipulations or that expire by the passage of time. Since endowment net realized and unrealized gains may eventually be spent by the College, endowment net realized and unrealized gains are recorded in the financial statements as temporarily restricted net assets until appropriated by the Board for expenditures, at which point they are transferred to unrestricted net assets. Contributions and endowment income with donor-imposed restrictions are reported as temporarily restricted revenues and are reclassified to unrestricted net assets when an expense is incurred that satisfies the donor-imposed restriction. Contributions restricted for the acquisition of plant and equipment are reported as temporarily restricted revenues and are reclassified to unrestricted net assets when restrictions have been met and the plant and equipment have been placed in service.

Permanently Restricted

Net assets subject to donor-imposed stipulations that they be maintained permanently by the College. Generally, the donors of these assets permit the College to use all or part of the income earned on these assets. Such assets primarily include the College’s donor endowment funds and funds held in trust by others.

Expirations of donor-imposed stipulations that simultaneously increase one class of net assets and decrease another are reported as reclassifications between the applicable classes of net assets.

(Continued)

(b) Cash and Cash Equivalents

The College considers institutional money market funds and other short-term savings instruments with original maturities of 90 days or less to be cash equivalents. Cash equivalents exclude certain qualifying instruments recognized in investments. At June 30, 2015 and 2014, the College had cash balances at financial institutions that exceeded federal depository insurance limits. Management believes that credit risk related to these deposits is minimal.

(c) Loans Receivable

Loans receivable consist of loans to students, which are made from the College's restricted loan funds and the Federal Perkins Loan Program. The loans are reported at their estimated net realizable value. The allowance for uncollectible loans was $644,614 and $653,817 at June 30, 2015 and 2014, respectively.

(d) Annuity Agreements and Funds Held in Trust by Others

The College's annuity agreements with donors consist primarily of charitable remainder trusts and annuity agreements for which the College serves as trustee. Assets held in these trusts are included in investments. Contribution revenues are recognized at the date the trusts are established after recording liabilities for the present value of the estimated future payments to be made to the donors and/or other beneficiaries, using a discount rate, which approximates the charitable federal midterm rate of 2.0% and 2.2% as of June 30, 2015 and 2014, respectively. Contributions arising from annuities and life income funds amounted to $32,763 and $84,259 for the years ended June 30, 2015 and 2014, respectively.

Funds held in trust by others represents the College's beneficial interest in various irrevocable trusts. The terms of these perpetual trusts provide that the College is to receive annually a certain percentage or amount of the income earned by the funds. Distributions from the trusts are recorded as investment income, and the carrying value of assets is adjusted for changes in fair value of the trusts.

These funds are neither in the possession nor under the control of the College. Because of the permanent right of the College to its share of the trusts' earnings, the College reports its share of these trusts on its financial statements as funds held in trust by others. The trusts are recorded at fair value based upon market prices for the underlying assets of the trusts, which are provided by the financial institutions that administer the trust funds.

Funds held in trust by others includes a 45% interest in the Sandia Foundation, created in 1975 under the terms of the will of Hugh W. Woodward, of which the College is a beneficiary. Those terms provide that the College is to receive annually and in perpetuity 45% of the net earnings of the Sandia Foundation, the assets of which consist principally of marketable securities and real estate in and around Albuquerque, New Mexico. The net asset value (NAV) of the College's interest in the Sandia Foundation was $37,566,164 and $37,638,434 at June 30, 2015 and 2014, respectively.

(e) Contributions

Contributions, including unconditional promises to give, are recognized as revenues in the period received. Conditional promises to give are not recognized until they become unconditional, i.e., when the conditions on which they depend are substantially met. Contributions of assets other than cash are recorded at their estimated fair value at the date of the gift. Contributions to be received after one year are discounted at a rate, which approximates the charitable federal midterm rate of 2.0% and 2.2% as of June 30, 2015 and 2014, respectively. Amortization of the discount on the contributions is recorded as additional contribution revenue in accordance with donor-imposed restrictions, if any. An allowance for uncollectible contributions receivable is provided based upon management's judgment including such factors as prior collection history, type of contribution, and nature of the fund-raising activity.

(f) Settlement Receivable

At June 30, 2015 and 2014, $16,636,166 and $17,713,890, respectively, has been recorded as a settlement receivable related to a settlement agreement between the College; the Baltimore Symphony Orchestra; GBMC Healthcare, Inc.; Whiteford, Taylor & Preston LLP; and the trustees of the Robert A. Waidner Foundation, a charitable remainder trust, established under the will of alumnus Robert A. Waidner, Dickinson Class of 1932. Assets are being held in trust and their payment to the College is pursuant to both a trust under the will of Mr. Waidner and to the settlement agreement of the will. At the later of December 31, 2029 or the year in which the named trustees are no longer serving the trust, the trust shall terminate and the assets then comprising the trust shall be distributed. The receivable represents the present value of future cash flows using an average discount rate of 3.1% and 3.4% for the years ended June 30, 2015 and 2014, respectively.

(g) Deposits with Trustees under Debt Agreements

Deposits with trustees under debt agreements consist of required debt service reserve funds. The funds are invested in short-term fixed income investments in accordance with requirements established by the associated bond agreements.

(h) Property and Equipment

Property and equipment are stated at cost or at estimated fair value if acquired by gift, less accumulated depreciation. Depreciation of property and equipment is calculated using a straight-line method over the estimated useful lives of the assets. Estimated useful lives range from 3 years to 15 years for furniture, equipment, and vehicles, 5 years for computers, 10 years for library books, and from 5 years to 40 years for buildings and improvements. Leasehold improvements are amortized over the shorter of their useful lives or the term of the lease using the straight-line method. Assets under capital leases are amortized on the straight-line method over either the lease term or the estimated useful life of the assets in accordance with current accounting standards.

Capitalized interest is charged to construction in progress or buildings during the period of construction of the capital assets, and is amortized over the useful lives of the associated assets.

Included in property and equipment is the College's rare works collection. The College carries its rare works collection at the fair value of the collection items at the date of gift or purchase and the collection is not depreciated.

(Continued)

(i) Deferred Financing Costs

Deferred financing costs are amortized over the remaining terms of the associated debt.

(j) Valuation of Long-Lived Assets

Long-lived assets to be held and used by an entity are required to be reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Also, in general, any long-lived assets to be disposed of are reported at the lower of carrying amount or fair value less cost to sell. The College periodically evaluates the recoverability of its long-lived assets, including real estate and improvements and deferred costs, using objective methodologies. Such methodologies include evaluations based on cash flows generated by the underlying assets or other determinants of fair value. None of the College's long-lived assets were considered to be impaired as of June 30, 2015 and 2014.

(k) U.S. Government Advances Refundable

Funds provided by the U.S. government under the Federal Perkins Loan Program are loaned to qualified students and may be reloaned after collections. These funds are ultimately refundable to the government and are included as liabilities in the statements of financial position.

(l) Fund-Raising Expenses

Direct fund-raising expenses for the years ended June 30, 2015 and 2014 were $4,428,463 and $4,556,718, respectively.

(m) Tax Status

The College has been recognized by the Internal Revenue Service as exempt from federal income tax under Section 501(c)(3) of the U.S. Internal Revenue Code, except for taxes on income from activities unrelated to its exempt purpose. Accordingly, the College is not subject to income taxes except to the extent it has taxable income from activities that are not related to its exempt purpose. No provisions for income taxes have been made in the accompanying financial statements for the years ended June 30, 2015 or 2014.

Accounting principles generally accepted in the United States of America (GAAP) require management to evaluate tax positions taken by the College and recognize a tax liability (or asset) if the College has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. Management has analyzed the tax positions taken by the College, and has concluded that as of June 30, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

(n) Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

(Continued)

(o) Risks and Uncertainties

Investments consist of a wide variety of financial instruments. The related values, as presented in the financial statements, are subject to various market fluctuations, which include changes in equity markets, the interest rate environment, and general economic conditions. These changes cause the net asset position of the College to increase or decrease.

(p) Recently Issued Accounting Standards

As discussed in note 2, the College early adopted Accounting Standards Update (ASU) No. 2015-07, *Disclosures for Investments in Certain Entitles That Calculate Net Asset Value per Share (or Its Equivalent).*

(q) Financial Statement Reclassifications

Certain reclassifications have been made to fiscal year 2014 audited financial statements to conform with classifications in fiscal year 2015.

(2) Fair Value Measurements

Fair value refers to the price the College would receive upon selling an asset or the price paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the reporting date.

A three-tier hierarchical framework has been established that classifies valuation inputs based on the extent to which the inputs are observable in the marketplace. Inputs may be observable or unobservable and refer broadly to the assumptions that market participants, in the context of an orderly market, would use in pricing the asset or liability. Valuation techniques used to measure fair value must maximize the use of observable inputs and minimize the use of unobservable inputs.

Fair value measurements are based on three levels of inputs as follows:

Level 1: Quoted prices in active markets for identical assets or liabilities.

Level 2: Observable inputs other than quoted prices included in Level 1, such as quoted prices for similar assets and liabilities; quoted prices for identical or similar assets and liabilities in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. Level 3 assets and liabilities include financial instruments whose value is determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant management judgment or estimation.

The College’s valuation methodologies are described below:

(a) Investments

Equity Securities

Securities traded on a national securities exchange are stated at the last reported sales price on the day of valuation. To the extent these securities are actively traded, they are categorized in Level 1 of the fair value hierarchy.

Debt Securities

Debt securities are valued at the closing price reported in the active market in which the bond is traded, if available. U.S. Treasuries and registered mutual funds are classified in Level 1 of the fair value hierarchy as defined in this note because their fair values are based on quoted prices for identical securities. If such information is not available, debt is valued based on Level 2 inputs including yields currently available on comparable securities for issuers with similar credit ratings.

Alternative Investments

In May 2015, the Financial Accounting Standards Board (FASB) issued ASU No. 2015-07, *Disclosures for Investments in Certain Entitles That Calculate Net Asset Value per Share (or Its Equivalent)* (ASU 2015-07). ASU 2015-07 removed the requirement to categorize within the fair value hierarchy investments whose fair values are measured at net asset value (NAV) or its equivalent under the practical expedient in the Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements*. In addition, the entity is required to disclose the amount of investments measured at NAV (or its equivalent) under the practical expedient. This amendment becomes effective for fiscal years beginning after December 15, 2016, however, early adoption is permitted. This amendment does not change the requirement for reporting fair value hierarchy for other assets and liabilities in the financial statements. The College early adopted the provisions of ASU 2015-07 for the reporting period ended June 30, 2015 and the provisions were retrospectively applied.

Valuations for alternative investments including debt and equity funds, real estate funds, private partnership, and other alternative investments are based on NAVs provided by external investment managers or on audited financial statements when available. NAVs provided by external investment managers are based on fair value estimates, appraisals, assumptions, and methods that are reviewed by management. These investments are not categorized in the fair value hierarchy but are separately disclosed in the fair value hierarchy table.

(b) Funds Held in Trust by Others

The College's beneficial interest in trusts held by others is recorded at fair value based on the fair value of the trust's holdings as reported by the trustee or the NAV of the trust or entity. Level 2 funds held in trust by others consist of shares or units of nonregistered investment funds as opposed to direct interests in the funds' underlying securities, all of which are marketable or not difficult to value. Accordingly, the inputs or methodology used for valuing or classifying investments for financial reporting purposes are not necessarily an indication of the risks associated with those investments or a reflection of the liquidity of or degree of difficulty in estimating the fair value of each fund's underlying assets and liabilities.

(c) Contributions Receivable

The College values contributions receivable at fair value using the present value of future cash flows as described in note 1(e). As a result of unobservable inputs, these are classified as Level 3 in the fair value hierarchy.

(d) Split-Interest and Other Agreements

Depending on the type of agreement, fair value measurements for split-interest and other agreements are performed either at inception or on a recurring basis. Fair value of the residual gift is generally based on the present value of expected future cash flows including payments to beneficiaries and investment return, and Level 3 inputs include the life expectancy of the donor and other beneficiaries as well as financial assumptions.

(e) Debt

The fair value of bonds payable is based on Level 2 inputs including quoted prices from similar securities based upon maturity and the rating of the credit enhancement or that of the College for each series of bonds. The fair value of bonds payable at June 30, 2015 and 2014 is $129,280,120 and $133,654,993, respectively. Deposits with trustees under debt agreements as described in note 1(g) represent Level 1 inputs in the fair value hierarchy.

(f) Settlement Receivable

The College values its settlement receivable at fair value using a discounted cash flows valuation technique as described in note 1(f). As a result of significant unobservable inputs, the settlement receivable is classified as Level 3 in the fair value hierarchy. Significant unobservable inputs include the discount rate used (3.1%), rate of return assumption (5.5%), and duration (matures in 2029).

(g) Other Financial Instruments

The carrying amount of cash and cash equivalents; accounts and other receivables; inventories, prepaid expenses, and other assets, and accounts payable and accrued expenses approximates fair value because of the short maturity of these financial instruments.

(Continued)

The carrying value of loans receivable under the College’s loan program approximates fair value. A reasonable estimate of the fair value of student loans receivable under government loan programs with a carrying value of $3,802,854 and $3,735,241 as of June 30, 2015 and 2014, respectively, could not be made because the loans are not saleable and can only be assigned to the U.S. Government or its designees.

The following tables summarize the College’s investments and other assets that are measured at fair value on a recurring basis by major category in the fair value hierarchy as of June 30.

	June 30, 2015				
	Level 1	**Level 2**	**Level 3**	**Total**	
Investments:					
Cash and cash equivalents	$ 10,607,883	—	—	10,607,883	(1)
Fixed income	10,862,411	—	—	10,862,411	
Equities	1,262,621	—	—	1,262,621	
Real estate	—	6,374,124	—	6,374,124	
Other	—	50,318	—	50,318	(2)
Investments recorded at net asset value (3):					
Hedge funds	—	—	—	251,975,212	
Private equity funds	—	—	—	97,894,585	
Real assets	—	—	—	411,471	
Total investments	22,732,915	6,424,442	—	379,438,625	
Other assets:					
Funds held in trust by others	—	4,542,209	39,660,635	44,202,844	
Contributions receivable	—	—	3,931,034	3,931,034	
Settlement receivable	—	—	16,636,166	16,636,166	
Deposits with trustees under debt agreements	4,145,346	—	—	4,145,346	
Total	$ 26,878,261	10,966,651	60,227,835	448,354,015	

(1) – Cash and cash equivalents include $65,243 in exchange-traded futures contracts.

(2) – Cash surrender value of life insurance policies.

(3) – Certain investments that are measured at fair value using its net asset per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit a reconciliation of the fair value hierarchy to the amounts presented in the statements of financial position.

	June 30, 2014				
	Level 1	Level 2	Level 3	Total	
Investments:					
Cash and cash equivalents	$ 7,036,797	—	—	7,036,797	
Fixed income	12,652,053	—	—	12,652,053	
Equities	1,332,034	—	—	1,332,034	
Real estate	—	8,726,924	—	8,726,924	
Other	—	52,511	—	52,511	(1)
Investments recorded at net asset value (2):					
Hedge funds	—	—	—	244,421,490	
Private equity funds	—	—	—	94,676,478	
Real assets	—	—	—	993,467	
Total investments	21,020,884	8,779,435	—	369,891,754	
Other assets:					
Funds held in trust by others	—	4,706,352	39,506,930	44,213,282	
Contributions receivable	—	—	5,093,808	5,093,808	
Settlement receivable	—	—	17,713,890	17,713,890	
Deposits with trustees under debt agreements	4,145,075	—	—	4,145,075	
Total	$ 25,165,959	13,485,787	62,314,628	441,057,809	

(1) – Cash surrender value of life insurance policies.

(2) – Certain investments that are measured at fair value using its net asset per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit a reconciliation of the fair value hierarchy to the amounts presented in the statements of financial position.

The following table presents the College's activities for the years ended June 30 for other assets classified in Level 3:

Level 3 rollforward		Funds held in trust by others	Contributions receivable	Settlement receivable	Total
Fair value, June 30, 2013	$	36,006,043	7,392,447	14,308,351	57,706,841
Additions		—	1,332,262	—	1,332,262
Net unrealized gains		5,032,137	—	3,405,539	8,437,676
Payments		(1,531,250)	(3,641,847)	—	(5,173,097)
Other changes		—	10,946	—	10,946
Fair value, June 30, 2014		39,506,930	5,093,808	17,713,890	62,314,628
Additions		—	668,265	—	668,265
Net unrealized gains		1,846,955	—	2,730,404	4,577,359
Payments		(1,693,250)	(1,969,448)	(3,808,128)	(7,470,826)
Other changes		—	138,409	—	138,409
Fair value, June 30, 2015	$	39,660,635	3,931,034	16,636,166	60,227,835

Transfers between levels occur when there is a change in the observability of significant inputs. A transfer between Level l and Level 2 generally occurs when the availability of quoted prices changes or when market activity of an investment significantly changes to active or inactive. A transfer between Level 2 and Level 3 generally occurs when the underlying inputs become, or can no longer be, corroborated with market observable data. Transfers between levels are recognized on the date they occur. For the years ended June 30, 2015 and 2014, there were no transfers in or out of Level 1, 2, or 3.

Investments measured at NAV include the following redemption restrictions and redemption terms as of June 30:

	June 30, 2015				
	NAV	**Unfunded commitments**	**Redemption frequency**	**Redemption notice**	**Redemption notes**
Long-term investment strategies:					
Hedge funds:					
Credit/event driven	$ 51,999	292,500	N/A	N/A	Illiquid sidepocket remaining
Fixed income	10,682,785	—	Every 2 years	90 days	36-month rolling lockup
Equity long/short	138,790,791	—	Monthly to quarterly	100-120 days	
Multistrategy	102,449,637	—	Quarterly	90 days	
Private equity funds	97,894,585	53,399,502	N/A	N/A	Illiquid (1)
Real assets	411,471	620,471	N/A	N/A	Illiquid (2)
	$ 350,281,268	54,312,473			

(1) – The Investure Evergreen funds ($89,735,569) will terminate once all underlying investments are liquidated or the partnership is dissolved. The remaining private equity funds are expected to liquidate within 1-2 years.

(2) – These funds are expected to liquidate within 1 year.

	June 30, 2014				
	NAV	**Unfunded commitments**	**Redemption frequency**	**Redemption notice**	**Redemption notes**
Long-term investment strategies:					
Hedge funds:					
Credit/event driven	$ 270,050	292,500	N/A	N/A	Illiquid sidepocket remaining
Fixed income	8,422,019	—	Every 2 years	90 days	36-month rolling lockup
Equity long/short	143,874,106	—	Daily to quarterly	10-120 days	
Multistrategy	91,855,315	—	Quarterly	90 days	
Private equity funds	94,676,478	55,287,489	N/A	N/A	Illiquid (1)
Real assets	993,467	620,471	N/A	N/A	Illiquid (2)
	$ 340,091,435	56,200,460			

(1) – The Investure Evergreen funds ($84,303,400) will terminate once all underlying investments are liquidated or the partnership is dissolved. The remaining private equity funds are expected to liquidate within 2 years.

(2) – These funds are expected to liquidate within 1 year.

Private equity fund investments are generally made through limited partnerships. Under the terms of such agreements, the College may be required to provide additional funding when capital or liquidity calls are made by fund managers. These partnerships have a limited existence, and they may provide for annual extensions for the purpose of disposing portfolio positions and returning capital to investors. However, depending on market conditions, the inability to execute the fund's strategy, or other factors, a manager may extend the terms of a fund beyond its originally anticipated existence or may wind the fund down prematurely. The College cannot anticipate such changes because they generally arise from unforeseeable events, but should they occur they could reduce liquidity or originally anticipated investment returns. Accordingly, the timing and amount of future capital or liquidity calls in any particular future year are uncertain.

Investment liquidity as of June 30, 2015 is aggregated below based on redemption or sale period:

Daily	$	29,157,357
Monthly		108,319,205
Quarterly		132,921,223
Subject to rolling lockups		10,682,785
Illiquid		98,358,055
	$	379,438,625

(3) Investment Income

The following summarizes investment return components for the years ended June 30:

		2015	2014
Interest and dividend income	$	1,120,268	1,468,949
Net realized and unrealized gains		22,628,663	56,729,532
Investment-related fees		(1,830,016)	(1,227,362)
Total investment income	$	21,918,915	56,971,119

(4) Endowments

The College's endowment consists of approximately 880 individual funds established for a variety of purposes. Its endowment includes both donor-restricted endowment funds and funds designated by the Board of Trustees to function as endowments. Net assets associated with endowment funds, including funds designated by the Board of Trustees to function as endowments, are classified and reported based on the existence or absence of donor-imposed restrictions.

Investments having fair values of $370,875,941 and $358,480,380 at June 30, 2015 and 2014, respectively, are pooled on a fair value basis, with each unitized fund subscribing to or disposing of units on the basis of the fair value per unit at the beginning of the month within which the transaction takes place.

(a) Interpretation of Relevant Law

The College has interpreted relevant law as requiring the donor-restricted endowment fund, absent explicit donor stipulations to the contrary, to be managed with the long-term objective of at least maintaining the real value (after inflation) of the funds. The College classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment; (b) the original value of subsequent gifts to the permanent endowment; and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund.

The remaining portion of the donor-restricted endowment fund that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the College in a manner consistent with the standard of prudence prescribed by relevant law. Pennsylvania law permits the Board of Trustees to make an election to annually appropriate for expenditure a selected percentage between 2% and 7% of the fair value of the assets related to donor-restricted endowment funds averaged over a period of three or more preceding years, provided the board has determined that such percentage is consistent with the long-term preservation of the real value of such assets.

(b) Return Objectives and Risk Parameters

The College has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of the endowment assets. Endowment assets include those assets of donor-restricted funds that the College must hold in perpetuity or for a donor-specified period, as well as board-designated funds. Under this policy, as approved by the Board of Trustees, the endowment assets are invested in a manner that is intended to produce results that exceed the endowment spending rate plus inflation, defined as the Consumer Price Index plus 1%, while assuming a moderate level of investment risk.

(c) Strategies Employed for Achieving Objectives

To satisfy its long-term rate of return objectives, the College relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The College targets a diversified asset allocation that places a greater emphasis on equity-based investments to achieve its long-term return objectives within prudent risk constraints.

(d) Spending Policy

The spending policy of the College is set to provide, as closely as possible, equitable benefit from the endowment for current and future generations of students. A formal spending policy has been adopted to meet the legal and programmatic requirements of the endowment. The College appropriates 7% of the endowment and targets a maximum of 5% of the 12-quarter moving average market value of the pooled endowment to be utilized, with the remaining distribution moved to board-designated. The approved spending rate formula is designed to provide a relatively predictable and growing stream of revenues to the operating budget. An additional goal of this policy is to minimize the temptation to relieve all budgetary pressures by simply taking additional monies from the endowment.

(Continued)

Endowment assets are categorized on the statements of financial position at June 30 as follows:

	2015	2014
Investments:		
Pooled endowment investments	$ 370,875,941	358,480,380
Life income funds	2,020,501	2,143,874
Real assets	4,495,845	6,848,645
Funds invested separately	137,944	142,364
	377,530,231	367,615,263
Funds held in trust by others	44,202,844	44,213,282
Contributions receivable, net	2,471,653	2,635,965
Settlement receivable	16,636,166	17,713,890
Property and equipment, net	3,813,873	3,808,623
	$ 444,654,767	435,987,023

(5) Property and Equipment

As of June 30, property and equipment at cost and accumulated depreciation are summarized as follows:

	2015	2014
Land	$ 11,378,041	11,382,730
Buildings and improvements	274,173,576	256,135,236
Capital leases and leasehold improvements	4,682,107	3,814,189
Furniture, equipment, and vehicles	12,545,729	11,934,420
Computers	9,760,342	9,642,433
Library books	23,220,285	22,139,095
Rare works	2,517,853	2,512,603
Construction in progress	2,962,162	16,570,572
	341,240,095	334,131,278
Less accumulated depreciation	154,040,769	143,847,005
	$ 187,199,326	190,284,273

Depreciation expense totaled $10,638,442 and $9,721,881 for the years ended June 30, 2015 and 2014, respectively.

(6) Contributions Receivable

Contributions receivable, net are summarized as follows as of June 30:

		2015	2014
Contributions receivable expected to be collected in:			
Less than one year	$	1,410,624	1,760,531
One year to five years		2,091,599	3,101,526
Over five years		875,597	879,597
		4,377,820	5,741,654
Less discount		(318,585)	(455,620)
Allowance for uncollectible contributions receivable		(128,201)	(192,226)
	$	3,931,034	5,093,808

(7) Long-Term Debt and Lines of Credit

Long-term debt as of June 30 consists of the following:

		2015	2014
2006 Montgomery County Higher Education and Health Authority Fixed Rate Revenue Bonds Series 2006 FF1, maturing annually to 2031, in principal amounts ranging from \$1,140,000 to \$5,220,000, with interest rates ranging from 4.375% to 5.00%	$	39,100,000	40,180,000
2007 Cumberland County Municipal Authority Fixed Rate Revenue Bonds, Series 2007 GG1, maturing annually from 2032 to 2037, in principal amounts ranging from \$3,445,000 to \$4,355,000, with interest rates ranging from 4.50% to 5.00%		23,375,000	23,375,000
2008 Cumberland County Municipal Authority Fixed Rate Revenue Bonds, Series of 2008, maturing annually to 2026, in principal amounts ranging from \$1,010,000 to \$1,335,000, with interest rates ranging from 4.25% to 5.00%		13,595,000	14,565,000
2009 Cumberland County Municipal Authority Fixed Rate Revenue Bonds, Series 2009 HH1, maturing annually from 2037 to 2039, in principal amounts ranging from \$3,170,000 to \$3,500,000, with interest rates of 5.00%		10,000,000	10,000,000

		2015	2014
2012 Cumberland County Municipal Authority Fixed Rate Revenue Bonds, Series of 2012, maturing annually to 2042, in principal amounts ranging from $460,000 to $2,835,000, with interest rates ranging from 4.00% to 5.00%	$	35,265,000	35,700,000
Unamortized bond premiums, net		4,905,290	5,109,139
Total bonds payable		126,240,290	128,929,139
Notes payable		1,257,500	1,470,000
Total long-term debt	$	127,497,790	130,399,139

Bonds Payable

The bond agreements contain certain restrictive covenants, which, among other restrictions, require the pledge of certain revenues as collateral for repayment and the maintenance of a minimum level of aggregate expendable funds and a maximum level of debt service. In addition, for certain bonds, the College is required to maintain deposits with an outside trustee for the purpose of meeting scheduled debt service requirements of the respective outstanding bonds until they become due. The College was compliant with all requirements for the years ended June 30, 2015 and 2014.

All outstanding bond issues are collateralized by a general interest in the College's revenue.

The 2006 Montgomery County Higher Education and Health Authority Revenue Bonds are insured for the life of the related debt by CIFG Assurance North America, Inc. The 2007 Cumberland County Municipal Authority Revenue bonds are insured for the life of the related debt by MBIA Insurance Corporation. The 2008, 2009, and 2012 Cumberland County Municipal Authority Revenue Bonds were issued based on the creditworthiness of the College and did not require insurance.

The aggregate amount of maturities of bonds payable outstanding at June 30, 2015 is as follows:

2016	$	2,610,000
2017		2,735,000
2018		2,865,000
2019		3,010,000
2020		3,160,000
Thereafter		106,955,000
	$	121,335,000

Notes Payable

In June 2013, the College entered into an installment sales agreement to purchase real estate adjacent to campus. Title to the property will be transferred upon full payment of the purchase price, which will be made in annual installments through December 2017 in amounts ranging from $212,500 to $832,500.

Line of Credit

The College maintains a $10,000,000 line of credit with Wells Fargo, which is due and payable by February 28, 2016, with variable interest based on LIBOR plus 100 basis points. The College also maintains a $20,000,000 line of credit with M&T Bank, which is due and payable by June 2016, with variable interest at the bank's prime rate of interest. At June 30, 2015 and 2014, there were no amounts outstanding on either line of credit.

(8) Retirement Benefits

Retirement benefits are provided for substantially all employees through the Teacher's Insurance and Annuity Association and College Retirement Equities Fund (TIAA – CREF) and Fidelity. The College's policy with respect to its contribution is to fund 7% of employees' salaries. Expense for the years ended June 30, 2015 and 2014 under this plan was $3,320,252 and $3,286,345, respectively.

(9) Lease Commitments

The following is a schedule of future minimum lease payments under capital leases together with the present value of the net minimum lease payments as of June 30, 2015:

2016	$	804,966
2017		662,895
2018		467,977
2019		410,777
2020		315,341
Thereafter		635,063
Total minimum lease payments		3,297,019
Less amount representing interest		(1,195,762)
Present value of net minimum lease payments	$	2,101,257

The following is a schedule of future minimum lease payments under operating leases together with the amount of scheduled lease payments as of June 30, 2015:

2016	$	532,802
2017		327,049
2018		313,938
2019		—
2020		—
Thereafter		—

Total rental expense for all operating leases was $1,063,700 and $1,124,683 in 2015 and 2014, respectively.

(10) Temporarily Restricted Net Assets

Temporarily restricted net assets consist of the following at June 30:

	2015	2014
Accumulated investment gains on donor endowments subject to time restrictions under Pennsylvania law	$ 65,791,715	66,425,441
Annuity funds	721,685	722,572
Contributions receivable	1,031,000	1,984,092
Unexpended donor-restricted funds	2,591,349	4,778,041
	$ 70,135,749	73,910,146

Unexpended donor-restricted funds consist of funds available for scholarships and financial aid, building and capital projects, academic programs, and general operations of the College.

(11) Permanently Restricted Net Assets

Permanently restricted net assets consist principally of endowment funds and funds held in trust by others, which are designated for the following purposes at June 30:

	2015	2014
Donor-contributed principal invested to support:		
Scholarship and financial aid	$ 76,475,076	75,294,286
Educational and general programs	36,347,095	36,241,074
Loan funds for students	1,139,801	1,138,497
Annuity funds	1,105,004	1,144,597
Contributions receivable	859,600	849,451
	$ 115,926,576	114,667,905

(12) Contingencies

The College is involved in certain claims and legal actions arising in the ordinary course of business. In the opinion of management, the ultimate disposition of these matters will not have a material adverse effect on the College's financial position.

(13) Subsequent Events

The College has evaluated subsequent events to June 30, 2015 and through October 24, 2015, the date the financial statements were issued. No additional disclosures were required as a result of this evaluation.

Independent Auditors’ Report on Supplemental Information

The Board of Trustees
Dickinson College:

We have audited the financial statements of Dickinson College as of and for the years ended June 30, 2015 and 2014, and have issued our report separately herein dated October 24, 2015 which contained an unmodified opinion on those financial statements. Our audits were performed for the purpose of forming an opinion on the financial statements as a whole. We have not performed any procedures with respect to the audited financial statements subsequent to October 24, 2015. The supplementary information included in the Schedule is presented for the purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

DICKINSON COLLEGE

Note to Supplemental Schedule

June 30, 2015

(1) Components of Unrestricted Activities

In the supplemental schedule, unrestricted activities are broken out by current operations and other unrestricted. The current operations column includes unrestricted activity presented on the same basis as Dickinson College's operating budget. Other unrestricted includes all other activities that are classified as unrestricted.
