Bias Incident Protocol

I. Bias Education & Response Team

Function of BERT: The Bias Education & Response Team (BERT) represents a cross section of the Dickinson community (faculty, administrators, and students) who support anti-bias education. BERT is a non-sanctioning body that responds to bias incidents in a proactive manner, emphasizing educational resolutions. The Team oversees a system that provides direct support to any individual(s) affected by a bias incident. BERT's Coordinator documents incidents for information gathering and archival purposes, and coordinates responses to incidents of bias that take place on Dickinson's campus and/or between Dickinson affiliated individuals including employees and students.

Support & Partner: BERT responders provide direct support to any reporters, respondents, and witnesses through the process for reporting and resolving bias-motivated incidents.

BERT responders also connect individual(s) to campus resources as additional sources of support. For example, individuals sometimes benefit from consulting with the Wellness Center or with campus mentors to process their experiences.

Education: BERT views proactive community education as an integral part of creating an inclusive community and minimizing bias. In addition to collaborating with resolution resources on campus for addressing incidents, BERT hosts annual educational programs and provides resources that increase cultural awareness and equip our community with the skills for navigating multiple forms of diversity productively.

Documentation: Incident reports are confidential because they typically include sensitive information that requires private, secure storage of reports. All BERT incident reports are made online and reviewed by the BERT Coordinator, Vice President for Institutional Effectiveness and Inclusivity and the Vice President for Student Life. The BERT Coordinator reviews all incident reports and archives them in a secure electronic file for archival purposes.

BERT regularly analyzes the reports to identify any patterns of bias and discrimination that exist on campus, which will inform our efforts toward addressing future incidents as well as advancing overall goals concerning diversity education. Evaluation of responses occurs to improve the College's response and education around incidents of bias and discrimination.

Collection of data will be coordinated with DPS to ensure compliance with the Clery Act with regards to hate crimes occurring on college campuses.

Coordinate Response(s): All incidents are unique and some may require BERT responders to work in conjunction with other campus resources to coordinate responses to bias incidents. When incidents are referred to Student Conduct or the Department of Public Safety for follow-up, BERT responders are not involved in the investigative aspects of bias incidents.

II. Purpose of Protocol

Brief History

In the spring of 2010, a group of faculty and administrators met to discuss a number of concerning incidents reported by students involving issues of race, gender, and sexual orientation. The key questions that were raised included what resources are available for affected individuals. How does the College respond to an expression that may be offensive or inflammatory to some but does not constitute a violation of our

Community Standards or the law? What are the protocols for addressing these types of incidents?

In the spring of 2011, a group of faculty, students, and administrators gathered to pull together and expand upon policies and procedures already in existence related to issues of bias and discrimination. What follows is a product of those conversations, research of our peer institutions' policies, and our commitment as outlined in Strategic Plan III (2011) to "build a supportive and inclusive community characterized by respect, equality, and accountability".

Purpose

The Bias Incident Protocol will provide members of the Dickinson community with information on the process for reporting bias incidents and hate crimes; identify campus resources for targets, witnesses, and alleged perpetrators involved in the incident; and outline the purpose, structure, and make-up of a Bias Education & Response Team (BERT). The Protocol outlines steps for addressing incidents whereby students are targets and the alleged perpetrators are students, faculty, or staff of Dickinson College.

This protocol and the mechanisms created by it (such as the B.E.R.T.) are intended to serve as resources for students seeking assistance in navigating existing policies and procedures of Dickinson College, where such exist, and not to supersede policies and procedures already in place. For situations not covered by existing college policies and procedures, this protocol and the mechanisms created by it are intended to assist students in determining their options for redress and to support them as they seek resolution.

III. Statement of Values

The following are supporting statements from the College's strategic plans that helped guide the development of this protocol:

The American Project

As a College, we are committed to the American project-yet unfulfilled-of promoting principles of openness, pluralism, inclusiveness, and democracy. We believe that no college can achieve its academic and social goals without reflecting the richness of diverse peoples and voices in America and in the world. To reach our goals in this area, we will continue to enhance the diversity of our own community and broaden the range of other communities with which we must regularly interact in Carlisle, the nation, and the world. Our programs and activities will teach students respect for all peoples. (Dickinson College Strategic Plan II)

Diversity includes the presence of persons different from one another on a variety of parameters. It recognizes that each individual possess multiple characteristics that comprise their identity and impacts how they are perceived by and how they interact with others. These characteristics include but are not limited to race, age, color, gender identity and expression, national origin, sexual orientation, religious affiliation or non-affiliation, ability and disability status. To this regard we continue to work toward our strategic objective to "support a climate on campus that builds community and encourages open dialogue on issues of intellectual, ethical and social importance, teach and model for students the practice of engagement with critical and controversial issues related to difference in our culture, and foster a sophisticated understanding of the balance between our diversity and the commonalities inherent in our shared humanity." (Diversity Strategic Plan-SP III)

Dickinson welcomes reports of behaviors that a student believes are based on personal characteristics shared by a number of individuals. While there may be no formal solution to such acts, the College is committed to exploring opportunities to open communications and build community under these circumstances.

IV. College policy

Discrimination based upon sexual orientation, gender identity, gender expression or legally protected characteristics such as race, gender, religion, national origin, ethnicity, disability or military status is strictly

prohibited.

Under this policy, no Dickinson College student, staff or faculty member shall, on the basis of a characteristic protected by law or college policy, be denied the benefits of, or be subjected to discrimination under any college program or activity.

V. Definitions

Bias incident is defined as a pejorative act or expression that a reasonable person would conclude is directed at and/or impacts a member or group based on but not limited to those characteristics outlined above. A bias motivated incident can occur whether the act or expression was intentional or unintentional.

Hate crime is “a criminal offense committed against a person or property which is motivated, in whole or in part, by the offender’s bias. Bias is a preformed negative opinion or attitude toward a group of persons based on their [perceived] race, gender, religion, disability, sexual orientation or ethnicity.” (Clery Act cited in Handbook for Campus Safety & Security Reporting, p. 55)

While all hate crimes are bias incidents, not all bias incidents are considered hate crimes.

Although the expression of an idea or point of view may be offensive or inflammatory to some, it is not necessarily a violation of our Community Standards or law. Dickinson embraces the free exchange of ideas essential to an academic community of inquiry.

VI. Reporting, Response, & Resolution

REPORTING:

The following options are available for students who believe they have been a target or witness to a bias incident or hate crime:

- Visit the Interrupting Bias website where you can fill out an online form to report the incident and/or contact the B.E.R.T Coordinator. If your report involves conduct for which there is already a reporting process in place, B.E.R.T. will help you access this process.
- File a complaint with the Department of Public Safety. Students who are targeted by or witness to a bias incident or hate crime are encouraged to contact DPS immediately. Whenever possible, physical evidence (emails, written statements, Facebook posts, etc.) related to the incident should not be disturbed or destroyed before it is documented and preserved as necessary by an officer.

o You may also report information anonymously through the DPS Anonymous Tip website (http://www.dickinson.edu/info/20247/department_of_public_safety/1654/crime_information/3). Please note that reporting via the Anonymous Tip will make follow up by a staff member not possible.

- File or report directly under reporting processes outlined in existing College policies and procedures, such as the Community Standards, the Sexual Misconduct Policy and the Grievance Policy.

RESPONSE:

When contact information has been provided in a non-emergency situation:

A member of the B.E.R.T will be in contact within 72 hours. A meeting will be scheduled which may include completing or filling out any missing information from the reporting form, providing the affected individuals with information regarding existing reporting processes, relevant campus resources and notifying DPS to begin an investigation of the incident (if DPS has not been previously notified).

When no contact information has been provided:

The form will serve as a record for institutional memory to identify any patterns regarding bias and hate crime incidents. To the extent that enough information is provided on the reporting form DPS will be asked to investigate the incident.

RESOLUTION:

The goals for resolving bias motivated incidents /hate crimes include the following 1) enhance the principles of openness, pluralism, inclusiveness, and democracy, 2) to restore for targets and witnesses a sense of safety and repair to one's sense of community, 3) to be educative rather than simply punitive, 4) to model for the community at large effective approaches for addressing and interrupting bias, and 5) to restore and maintain a discriminatory and bias free environment for all members of the campus community.

In cases where bias incidents are not violations of the Community Standards, the Sexual Misconduct Policy, the Grievance Policy or any other applicable policy of the College, the Bias Education & Response Team (B.E.R.T) will serve as primary coordinators for seeking resolution. Approaches to resolving incidents may include but are not limited to: conflict resolution sessions between target/witness and perpetrator(s), organizing community forums, community service requirement, etc.

Campus Publicity Policy

This online policy content is provided as a resource for the students, faculty, and staff of Dickinson College. Content is subject to change. Please contact the appropriate person or office to obtain the most current information.

Dickinson College respects the needs for all students and student groups to express themselves publicly. Whether advertising an event or supporting a community issue, we want our students to feel that they are able to share their views. However, we have guidelines in order to be consistent among all groups.

Dickinson College disclaims all responsibility for the content of advertising materials posted on campus. All materials should be in compliance with college policies and regulations. Students, faculty and staff should be aware of current laws regarding libel, defamation, obscenity, fair labor regulations, and other applicable laws. All posters must have the name of the sponsoring individual or group as well as an email address or EngageD event link. They must also have an expiration date for when the poster can be removed (event dates or registration deadlines will be used as expiration date in most cases).

All advertising should be removed by the sponsoring group within 24 hours following the event.

Advertising may only be placed on available bulletin boards. **Do not place advertising on the following: glass, wood, painted surfaces or exterior surfaces. Posters placed on glass, wood, painted surfaces or exterior surfaces will be removed.** Advertising may not depict alcohol or suggest alcoholic beverages will be provided or served at an event. Promotion of specific brands or types of alcohol, by whatever means, is not allowed. Advertising that an event is BYOB is allowed.

Any advertisement/promotion larger than 11" x 17" must be approved by the Office of Student Leadership and Campus Engagement at least 48 hours prior to placement. Exceptions to the policy may be authorized by CASE or SLCE due to a need to post special announcements. Permission for displaying authorized posters inside glass display cases or on bulletin boards assigned to specific organizations or departments must be obtained from that organization or office. Several bulletin boards which are not assigned to a specific organization or office are located throughout the HUB and in other buildings for general use. Please check with staff in academic and other administrative buildings about appropriate locations for displaying signs.

All advertising must be distributed by recognized campus organizations and departments. Non-Dickinson advertising can be dropped off at the CASE Office and up to five copies will be posted on general use bulletin boards in the HUB. Violators of this policy will be issued a warning by CASE. Further violations may result in loss of advertising privileges and disciplinary action.

Community Standards

The 2018-2019 Community Standards resource is produced for the students, faculty, staff and administration of Dickinson College. Please contact the Vice President and Dean of Student Life Office at (717) 245-1676 with any questions.

Introduction

By choosing to attend Dickinson, students have the opportunity to benefit from a rich and stimulating learning experience. By accepting membership in our community, students also accept a critical role in contributing to an intellectual and social environment characterized by civility, understanding, accountability, and respect. Being a member of the Dickinson College community is a privilege that carries with it the responsibility for the well-being of all other members of the community.

This document provides information to help students understand the conduct that is expected of all Dickinsonians. It also outlines how the College will respond when behaviors occur that are inconsistent with the standards outlined in this document. All students are expected to know and uphold the Community Standards.

The Vice President and Dean of Student Life's Office coordinates the administration of the student conduct process at Dickinson College, including social and academic misconduct. The Vice President and Dean of Student Life also has oversight responsibility for incidents involving social misconduct. The Provost and Dean of the College oversee situations that involve academic misconduct. These responsibilities have been delegated by the President and faculty. [Charter and Bylaws of Dickinson College, Chapter IV, Section 2(a)]

Mission and Philosophy

Dickinson's mission is inspired by our founder Dr. Benjamin Rush and his vision to educate citizens to meet the societal and economic demands of an emerging democracy. Our residential environment provides a laboratory for developing these leadership and citizenship skills as students learn to assume responsibility for self and for the welfare of their community.

In this environment, students may occasionally exercise poor judgment or conduct themselves in a manner that disrupts the community. For this reason, the College maintains Community Standards that set forth expectations for behavior, as well as outline educational procedures regarding student conduct. The goals and objectives of the College's Community Standards differ from those of the civil and criminal justice systems. Ours is a process with education and accountability to community as its top priorities. We do not adhere to "courtroom" principles but rather to educational objectives that seek to balance individual learning and community welfare.

The College affirms a student's right to be treated fairly, which includes receiving appropriate notice of concerns about specific behaviors and the opportunity to respond to those concerns. In formal resolution proceedings, this also includes the right to be assisted by an advisor and to appeal the initial hearing outcome.

Dickinson Community Standards and Expectations for Conduct

The expectations articulated in the Community Standards are designed to create an environment that supports a vigorous academic life and respectful community. Dickinson expects that its students will demonstrate standards of behavior that demonstrate:

- Respect for Ideas
- Respect for Self
- Respect for Others
- Respect for Community

- Respect for Property

These standards apply to on-campus behavior, to behavior while studying in a Dickinson program abroad, and to off-campus behavior that does or has the potential to adversely affect any member of the Dickinson College community or Dickinson College. While it is impossible to enumerate every possible violation of the five standards identified above, the section that follows provides students more specific guidance about conduct that clearly violates our expectations.

Academic Misconduct

Respect for ideas—our own and others’—is a hallmark of academic integrity. We show respect by acknowledging when we have used another’s words or ideas in our work. We expect others to acknowledge when they use our ideas or words in their work. Students are expected to do their own work on quizzes, papers, examinations, class assignments, etc. Normally, a paper may be submitted in fulfillment of an assignment in only one course. Exceptions require permission from the instructors. Collaboration must be noted in writing and requires the consent of all instructors. Any of the following are considered cheating and are considered academic misconduct (this list is illustrative and not intended to be exhaustive):

Cheating: Cheating involves deception or the provision or receipt of unauthorized assistance. Students are expected neither to receive nor to provide unauthorized assistance with academic work. **Cheating may take many forms including plagiarism.** The examples below are illustrative but not exhaustive:

- Copying from another person's work or answers.
- Referring to and using prohibited materials in the preparation for assignments or the taking of examinations or quizzes.
- Obtaining and using a copy of the examination or answers to an examination without the knowledge of the instructor.
- Collaborating on assignments or examinations unless such collaboration has been permitted.
- Submitting the same paper or assignment in two courses without permission of both professors. Using substantive sections of an assignment or paper completed for another course also requires permission of both instructors.
- Assisting another to do any of the above or to cheat in a similar manner.
- Using online translators to complete assignments, quizzes or examinations in a language course
- *Plagiarism:* Plagiarism may take a number of forms but to plagiarize is to use without proper citation or acknowledgment the words, ideas, or work of another.

The most serious degree of plagiarism involves the wholesale and deceptive borrowing of written material from sources such as published authors, websites, other students, or paper-for-hire services. Students who submit papers or significant sections of papers that they did not write themselves are committing this type of violation.

Another serious degree of plagiarism involves less wholesale but still repeated and inappropriate borrowing from outside sources. In some of these situations, students borrow several phrases or sentences from others, and do so without both quotation marks and proper attributions. In other situations, students secretly collaborate on assignments in defiance of specific prohibitions outlined by their instructor.

Finally, there is a degree of plagiarism that involves the borrowing of specific words or phrases without quotation marks. In such situations, citations may be present, but they are inadequate. This problem most commonly occurs when students paraphrase sources by attempting to change a few words in a sentence or brief series of sentences. It can also occur when students rely too heavily on parents or friends for ideas or phrases which they mistakenly claim as their own.

Students can avoid plagiarism by following some very simple advice.

- Always provide clear and accurate citations for the sources that inform your work. This is an admonition that goes to the heart of your academic responsibility.
 - Remember that almost all quotations and statistics require citations. Specific facts and ideas borrowed from others, even if expressed in your own words, also require citations.
 - Summaries of an author's argument require citations. It is true that matters of general knowledge do not usually require citations, but when in doubt, students should provide citations for them.
 - Students who rely on parents, friends or others for specific contributions to their work should acknowledge this indebtedness in a citation.
 - Understand that paraphrasing means to summarize in your own words. The surest way to avoid plagiarism when summarizing is to write with sources and notes closed. If you cannot explain what an author argued from memory, then you probably do not understand it well enough to paraphrase.
- *Falsifying/Forging Academic Documents:* Falsifying or forging documents involves the unauthorized alteration of information provided by the College on records or documents. Falsifying/Forging Academic Documents includes, but is not limited to, the following conduct.
 - Altering information on a transcript
 - Changing a grade or the comments/markings on a paper, assignment or lab report

Social Misconduct

Maintaining a civil, safe and respectful environment in which learning can best occur is the responsibility of all members of our community.

Alcohol and Drug Amnesty:

While the College expects all students to adhere to its Community Standards, there are times when health and safety issues take precedence over conduct standards and students are encouraged to put their health and safety or the health and safety of others above all other concerns. The College encourages reporting of health and safety emergencies and seeks to remove any barriers to reporting by providing limited amnesty for individuals who report such emergencies. Consequently, when a student in need of immediate medical assistance to prevent his or her own death or serious injury or that of another person contacts DPS, calls 911 or contacts Residential Life, neither the reporting student nor the student at risk will be held responsible for his or her own consumption or possession of alcoholic beverages or drugs provided:

- The reporting student reasonably believed s/he was the first person to make a call to DPS, 911 or Residence Life;
- The reporting student provides his/her own name when making the report, and
- The reporting student remains with the person needing medical assistance until help arrives.

This offer of amnesty refers to isolated incidents only and does not excuse or protect those who flagrantly and/or repeatedly violate the College's drug and alcohol standards and expectations. It applies only to cases of

suspected extreme intoxication or other life-threatening circumstances due to alcohol or drug use and does not extend to related infractions such as assault or property damage. Although student or student organizations covered under this policy will not be subject to the conduct process, individuals involved will be required to meet with an administrator to discuss the incident and may be required to complete educational sessions and/or a substance use assessment. The incident may also result in notification of parent(s) or guardian(s). This policy only covers how the College will respond to students who could be involved in our student conduct process and does not cover criminal charges that could result from law enforcement based on the incident.

Below you will find descriptions of specific departures of the community standards that will be addressed through our student conduct system.

The College has determined that certain violations are of such a serious nature that they will likely result in a student's or organization's interim separation, suspension or expulsion from Dickinson College. These terms are described in the **Outcomes** section of this document. Violations fall within this category when they cause, or have the potential to cause, significant adverse consequences for the safety, health and/or well-being of the student, others, or the community at large. These violations are noted with an asterisk (*) below.

Students should also understand that, in addition to the sanctions that may be imposed for violations of the Community Standards, there may be other consequences that arise from their behavior. For example, a student's immigration status may be adversely affected, his or her financial aid may be impacted, he or she may not be eligible for other campus opportunities, including but not limited to, membership or participation in certain organizations, certain honors, awards and scholarships, leadership positions, club sports or varsity athletics.

- **Adulteration of Food and/or Beverage (*)**. The intentional placement of drugs or other illicit substances into the food or beverage to be consumed by others, and without their knowledge and consent.
- **Discriminatory Conduct (*)** Engaging in conduct that has the purpose or effect of creating a hostile environment or which deprives another person of the ability to fully participate in the programs or opportunities of the college based on that person's race, color, religion, ethnicity, national origin, disability or other characteristic protected by law (other than sex discrimination) or College policy is a violation of the Community Standards. Discriminatory Conduct may occur in a single egregious instance or may be the cumulative result of a series of incidents and may include, but is not limited to, acts of verbal, nonverbal or physical aggression, intimidation, or hostility, including such conduct that occurs electronically or via social media. Conduct that is alleged to be based on discrimination based on sex, including sex, sexual orientation, gender identity, or gender expression is addressed according to the processes set forth in the Sexual Harassment and Misconduct Policy, http://www.dickinson.edu/download/downloads/id/8019/dickinson_smp_20_nov_17.pdf. When there are allegations of discriminatory conduct based on sex, as well as the characteristics set forth in these Community Standards, the College will coordinate the investigation and resolution efforts to address Harassing Conduct related to the targeted individual's sex, sexual orientation, gender identity or gender expression together with the conduct related to the targeted individual's race, color, ethnicity, national origin, religion, age, or disability. Coordination of the investigation will not delay the prompt and equitable resolution of a report under this policy.

- **Dating Violence (*)** The College’s policy and procedures for dating violence and domestic violence, collectively referred to as “intimate partner violence” can be found at http://www.dickinson.edu/download/downloads/id/8019/dickinson_smp_20_nov_17.pdf

The possession, use, distribution, manufacture, cultivation, sale, transfer, or the attempt or conspiracy to possess, use, distribute, manufacture, cultivate, sell or transfer any substance the possession of which is prohibited by federal, state or local drug laws (*NOTE: The intention to distribute, sell or transfer drugs may be inferred from the quantity and/or types of drugs involved*).

Effective August 2011, Pennsylvania added certain **synthetic substances** to the list of drugs and substances it is illegal to possess, use or sale. These include chemical substances contained in bath salts, synthetic marijuana, or other synthetic drugs including, but not limited to, salvia and 2C-E.

Medical marijuana. The possession and use of marijuana remains illegal under federal law. Consistent with federal law, including the Controlled Substances Act and the Drug Free Schools and Communities Act, the use and/or possession of marijuana (even for medical purposes) continues to be prohibited while a student is on college owned or college- controlled property, and/or at any function hosted, authorized or supervised by the college regardless of where held.

- **Fire Safety Equipment (*)**. Tampering with fire safety equipment and/or the intentional or reckless starting of a fire.
- **Firearms, Weapons and Explosives(*)** All members of the College community, including faculty, staff, and students, as well as visitors to Dickinson College, are prohibited from possessing firearms, explosives or weapons (hereafter collectively referred to as “weapons”) on the premises of the College or in any building under College control or at any College–sponsored event without the explicit authorization of Dickinson College, whether or not a federal or state license to possess the same has been issued to the possessor. The complete Firearms and Weapons policy can be found in the *Student Handbook*.
- **Harm to Other (*)**. Physical, verbal or psychological abuse, harassment, intimidation or other harmful conduct, including those made electronically or via social media, that threatens, endangers, or has the potential to endanger the health, well-being or safety of another individual. It can include but is not limited to threats, intimidation, assaulting another person, and/or purposefully injuring another individual.
- **Hazing (*)**. Any act that, as an explicit or implied condition for initiation to, admission into, affiliation with, acceptance in, or continued membership in a group or organization, could be seen by a reasonable person as endangering the physical well-being of an individual, as causing mental distress to an individual, or as being disruptive to the campus community, regardless of the individual's willingness to participate. The complete Hazing policy can be found in the *Student Handbook*.

- **Sexual Harassment and Misconduct (*).** The College's policy and procedures for sexual harassment and misconduct situations can be found at http://www.dickinson.edu/download/downloads/id/8019/dickinson_smp_20_nov_17.pdf

- **Violations of Law.** Students and organizations are expected to obey federal, state, and local laws. Any violation of such laws on Dickinson's campus or which affects Dickinson College or members of its community is also a violation of the Community Standards.

Procedures for Resolving Misconduct

When the actions of a student(s) or organization violate the Dickinson College Community Standards, a process of review and resolution is implemented. This section describes the various procedures employed for the resolution of concerns about behavior and conduct that is inconsistent with our values and standards as an academic community. Generally, reports of violations of standards are submitted to the Vice President and Dean of Student Life Office at which point they are resolved formally or informally. All academic misconduct situations must be heard through the formal resolution process.

Informal Resolution

The College aims to respond to student misconduct in an educational and restorative manner whenever appropriate. Informal resolution seeks to resolve conflict, restore an individual or group's relationship with the community and to promote and maintain community trust and civility. This is achieved through outcomes mutually agreed to by the college and the student. Outcomes of informal resolutions do not appear on a student or organization's conduct record; however, these outcomes can be taken into consideration if additional

violations occur.

Informal resolution is reserved for allegations of social misconduct in which the facts of the incident are not in dispute, the student(s) or organization(s) involved has accepted responsibility for his/her/its actions and when, based upon the behavior at issue, the likely outcome does not alter a student or organization's relationship or status with the College. Amicable and respectful discussion must be honored throughout the process.

One or more of the following remediation options may be utilized as part of the informal resolution process: student (peer) panel meetings, restorative conferences with a College community member or conflict mediation. The resolution achieved in each situation will be based upon the specific incident under consideration. Regardless of which process is used, the success of informal resolution requires that the meeting(s) include honest and candid dialogue, input from the parties involved, an acknowledgement and understanding of responsibility by the parties involved, and a resolution that is agreed upon by all participants.

Because the outcomes of informal resolution conversations are mutually developed and agreed upon by parties involved, an appeal of the process and its result is not permitted. If the parties are unable to agree on the outcomes of the informal resolution proceeding, any party may request that the matter be resolved through formal resolution proceedings. Other than when the honesty of any person or organization offering information during the formal resolution process is at issue, no statements made during the informal resolution process may be used during the formal resolution proceedings.

Violations likely to alter a student's status at the college (asterisked in the Community Standards section of this document) are not eligible for review under informal resolution.

Formal Resolution

For conduct and behaviors that are not eligible for resolution through the informal resolution process, or where a party has so requested, formal resolution proceedings will be utilized. There are certain violations of the Community Standards, specifically those likely to alter a student's status at the college, which may only be resolved through formal resolution. Additionally, situations involving other violations of the Community Standards where the facts of the underlying incident are in dispute, the student(s) or organization(s) involved have challenged or have failed to acknowledge responsibility for his/her/its actions or where the outcome of a hearing may alter a student or organization's relationship or status with the College if responsibility is determined, must be resolved by formal proceedings. All academic misconduct situations must be heard through the formal resolution process.

Students' conduct resolved through Formal Resolution are entitled to the following

- The right to appropriate notice of concerns about specific behavior
- The opportunity to be assisted by an advisor
- The opportunity to respond to the concern
- The opportunity to appeal the initial hearing outcome if grounds for appeal are met

Violations which involve sexual offenses or sexual harassment are not addressed under the Community Standards, and must be resolved under the processes set forth in the Sexual Harassment and Misconduct Policy, http://www.dickinson.edu/download/downloads/id/7383/current_dickinson_smp_-_28_apr_17.pdf.

Information regarding the resolution of sexual harassment and misconduct claims may be obtained from the Title IX Coordinator.

Generally, there are two means of formal resolution: administrative hearings and hearing panels. Violations that do not meet the criteria for informal resolution and that are not likely to alter a student's or organization's status at the institution may be heard by a single administrative hearing officer. The administrative hearing officer is appointed by the Vice President and Dean of Student Life office.

All other violations that will be resolved by formal resolution will be reviewed by a hearing panel. In situations which involve non-academic violations, the hearing panel consists of three members: a student, a faculty member and an administrator or staff member who serves as chairperson. In situations which involve academic conduct violations, the hearing panel consists of three members: a student, a faculty member and an Associate Provost who serves as chairperson.

The individuals who serve as hearing officers or on hearing panels are chosen from a pool of eligible panel members. The various members of the pool are chosen as follows:

Students who are members of the hearing panel pool are nominated by members of the College community, interviewed by the Vice President and Dean of Student Life Office and then confirmed by Student Senate. The students are trained by the Vice President and Dean of Student Life Office and Academic Affairs to hear incidents involving academic and non-academic violations of the College policy.

Faculty who are members of the hearing panel pool are elected by the faculty. The faculty members are trained by the Vice President and Dean of Student Life Office and Academic Affairs to hear incidents involving academic and non-academic violations of the College policy.

Administrators and staff who are members of the pool from which hearing panel members are selected and appointed by the Vice President and Dean of Student Life Office or the Provost's Office. The staff members are trained by the Vice President and Dean of Student Life Office to hear incidents involving non-academic violations of the College policy.

The individuals from our community who may appear before a hearing panel are: the complaining party, the responding party, any individuals who are advisors* and any individuals who appear as witnesses**.

The **complaining party** may be any member of the College community, including students, faculty, other employees or the College itself who believe that a student or student organization has violated the Community Standards. In some instances, the complaining party may be a community member.

The **responding party** is any student, group of students, or organization accused of a violation of the Community Standards.

As used in this policy, "**parties**" refers collectively to the complaining party and the responding party.

*The complaining party and the responding party may each be assisted by an **advisor**. This person may help prepare the party for the hearing and may accompany the party that he or she is assisting to the hearing. An advisor must be a current student, full-time faculty member or full-time staff member of Dickinson College. This person must not have a law degree and cannot speak on behalf of the responding party or complaining party during the hearing.

** The complaining party and the responding party may each have witnesses who have relevant information pertaining to the incident appear during the hearing or, in lieu of appearing, submit statements from witnesses in writing in advance of the hearing according the schedule described in this policy. ¹ Witness information must be submitted in advance and witnesses must be approved by the Vice President and Dean of Student Life Office before information will be shared with the hearing administrator or hearing panel. Similarly, any written statements must be submitted in advance.

Notice of Hearing

The Assistant Dean of Student Life or his/her designee, makes an initial determination of whether a student and/or organization may have violated the Community Standards and/or College policy. Throughout this document, Assistant Dean of Student Life refers to the Assistant Dean with oversight of the conduct process. A **notice letter** provides a student or organization with information about the policy or policies violation(s) that are alleged to have taken place. Notice of informal resolution or administrative hearing will be provided no less than two (2) business days in advance of the resolution proceeding. In general, notice of a hearing before a hearing panel will be given approximately five (5) business days before the scheduled date of the hearing. Under extenuating circumstances, the timeframes set forth in this section may be extended by the Vice President and Dean of Student Life. The time frames set forth in this policy are meant to provide guidance and the College may alter or set new time frames as appropriate. In addition, the notice letter also provides a student or organization with the date, time, and place of the hearing, as well as the name(s) of the person(s) hearing the case. If the student or organization wishes to contest his or her hearing officer or panel member(s) based upon a perceived conflict of interest he/she should contact the Assistant Dean of Student Life as soon as possible, but within 24 hours after receiving notice of an informal resolution or administrative hearing and within three (3) business days before the date of a hearing before a hearing panel. A conflict of interest exists where, based upon facts and circumstances, the hearing officer or panel member cannot listen without bias or render a fair and impartial decision. Any documents a student receives related to a hearing are confidential and must not be shared other than with an advisor, who is also expected to maintain confidentiality.

Accommodations

If a student requires accommodations for a disability during the hearing process, he or she must inform the Assistant Dean of Student Life no later than 24 hours after receiving notice of an informal resolution or administrative hearing and within three (3) business days before the date of a hearing panel. The Assistant Dean will work with Disability Services and the student to determine if an accommodation is appropriate and the nature of the accommodation.

The Hearing Process

The panel or administrative hearing officer will listen to and consider all relevant information presented at the hearing. Information supporting the violation(s) alleged may be offered in the form of documents and/or oral information from the complaining party and other individuals. The responding party shall be provided with an opportunity and is encouraged to respond to the allegations and present any information available to support his/her position regarding the alleged violation(s) by offering documents and/or oral information. Individuals

¹ While the Vice President and Dean of Student Life office will make reasonable efforts to accommodate the schedules of the parties and their witnesses, accommodating everyone's schedules is not always possible and may unreasonably delay the timely disposition of the violations. When this point is reached, and the Vice President and Dean of Student Life office determines that the hearing will go forward on a certain date, there will be no further efforts to accommodate schedules of witnesses and statements in lieu of appearing will be the offering party's only option.

that either party intends to call as witnesses either in person or by written statement must be identified within 24 hours in advance of an administrative hearing and within three business days before the date of a hearing panel. Likewise, any documents that either party intends to use in conduct proceedings, including statements of witnesses, must be submitted 24 hours in advance of an informal resolution or administrative hearing and within three business days before the date of a hearing panel. The parties will be notified of the approval of documents and witnesses at least two business days before the resolution proceeding. The Vice President and Dean of Student Life Office will share the identity of witnesses and any documents, including witness statements, to be offered with the other party at least two business days before the proceeding.

Parties and other individuals who offer information at a hearing are expected to respond to questions presented via the hearing panel chair and/or by the panel members themselves. Once all the information has been presented, everyone will be dismissed from the hearing room so that the panel or administrative hearing officer may deliberate in private.

Administrative and panel hearings are audio-recorded. The audio recording is created for two limited purposes only: for reference by the hearing board or officer during deliberations and for review by the appellate officers during an appeal. No other recordings of conduct proceedings are allowed and no other access to the recordings is permitted.

The hearing panel or hearing officer will determine whether it is more likely than not, based upon the available information, that the responding party is responsible for the violation alleged. If it is determined that a violation of the Community Standards has occurred for which the responding party is responsible, the panel or hearing officer will determine sanctions, taking into account any previous disciplinary action for which the responding party has been responsible.

The result of the hearing and any sanction imposed are communicated to the responding party. Generally, this will occur within five (5) business days from the date of the hearing. There are some violations, as determined by law, for which a victim or victims will be notified about the outcome of a hearing.

Students and/or organizations are expected to attend scheduled hearings. If a student or organization fails to attend a hearing for any reason other than an emergency, the hearing may be held in the absence of the student or organization. Students and/or organizations can request to have a hearing rescheduled. Requests to reschedule must be submitted to the Assistant Dean of Student Life within 24 hours after receiving a notice of an administrative hearing or hearing panel. Requests must come directly from the student receiving a notice letter.

If a hearing must be held at or after the end of the semester and/or a hearing panel cannot reasonably be convened, those matters will proceed either with a modified panel or to an administrative hearing. When proceeding as an administrative hearing, hearings for academic misconduct violations will be heard by two Associate Provosts or designees of the Provost and hearings for social violations will be heard by the Assistant Dean of Student Life, or his or her designee.

Because the goals and objectives of the College's Community Standards and policies differ from those of the civil and criminal justice systems, in situations which give rise to both violations of the Community Standards as well as violations of any local, state or federal law, student conduct proceedings may move forward without regard to pending civil litigation, criminal arrest, and/or prosecution. Proceedings under the College's Community Standards may be carried out prior to, simultaneously with, or following civil or criminal proceedings off-campus. On-campus adjudication does not preclude or limit a student's access to the state and federal justice

systems.

Interim Separation: The Vice President and Dean of Student Life, or his/her designee may place a student or organization on interim separation for any behavior that, in his or her judgment, poses an ongoing risk of harm to the safety or well-being of an individual or other members of the campus community. Pending formal resolution of the situation as provided by the Community Standards, the student or organization will be denied access to the entire campus. During interim separation, a student may continue his/her coursework. When Interim Separation is imposed, the College will make reasonable efforts to complete the hearing within two weeks of the interim separation beginning.

Interim Measures: The Vice President and Dean of Student Life, or his/her designee may impose conditions on any student or organization associated with a hearing process which, in the Dean's judgment, are necessary to maintain order, preserve the integrity of the hearing process and provide for the safety and well-being of individuals and organizations associated with the hearing process.

Outcomes

Hearing panels or administrative hearing officers who find a student or organization responsible for a violation of the Community Standards or College policy, will issue sanctions, including but not limited to, those outlined below. Sanctions may be issued individually or a combination of sanctions may be imposed. The determination of sanctions is based upon a number of factors, including: the interest of the College community; the impact of the violation on the community, its members or its property; any previous conduct violations; and any mitigating or aggravating circumstances.

Academic Misconduct Outcomes

Academic honesty and integrity is a necessary foundation for scholarly work. Cheating in any form, including plagiarism, is unacceptable. Students found responsible for violations of the Academic Standards will receive sanctions as appropriate. In addition to the sanctions described in the Community Standards for social violations (such as warning, stayed suspension, suspension, expulsion, revocation and/or withholding of diploma), which are also applicable to academic violations, students found responsible for academic misconduct may also receive:

A zero on the assignment in question

The lowest score that can be earned for the assignment in question will be given and the student's final grade calculated based on the grading information stated in the course syllabus.

Required withdrawal from the course with a penalty grade of "F."

Students immediately lose the privilege of attending the class. A letter grade of "F" will be recorded on the student's academic record and calculated into the semester and cumulative GPA as 0.00. A failed course may be retaken for credit. Both the original grade and the new grade are calculated in the cumulative grade point average. All "F" grades continue to appear on the student's academic record regardless of course repetition.

The typical sanction for academic misconduct is an "F" in the course and stayed suspension.

In most situations, conduct files of students who have been found responsible for academic misconduct but have not been suspended or expelled are destroyed seven (7) years after graduation or permanent separation from the college. The conduct files of students who withdrew with pending disciplinary action or have been suspended or expelled from the College are maintained in the Vice President and Dean of Student Life Office

indefinitely. In incidents where a student is found responsible for an academic violation, the student's academic advisor and class dean will be notified of that outcome.

Social Misconduct Outcomes

The outcomes which may be imposed individually or in combination on a student or organization found to have violated the Community Standards include, but are not limited to, the following:

Warning

Notice to a student or organization that continuation or repetition of conduct found to be in violation of the Community Standards or policies may result in further disciplinary action.

Restitution/Restoration

Restitution includes the reimbursement for damages to or the misappropriation of property. Restoration includes the performance of appropriate services to repair or otherwise compensate for damages. Restitution and restoration may also include personal apologies, or other direct efforts to compensate for or address an issue.

Housing Restriction(s)

Housing restrictions include, but are not limited to, restricted access to any or all parts of residence halls, the loss of room selection/lottery privileges, the loss of off-campus lottery participation, requirement to move on-campus at your own expense, removal of guest privileges, and/or restriction from autonomous housing options.

Housing Relocation

Housing relocation includes the involuntary relocation of a student from one residence hall to another residence hall on campus. If a student is relocated, he or she may be restricted from the prior residence.

Off Campus Nuisance House

Any off-campus residence currently occupied by Dickinson College students where one or more residents has been placed on probation may be designated by the College as a nuisance house. During the period of designation, exemplary community behavior is expected. Carlisle Police will also be notified of the designation. Additional violations of the Community Standards during this designation period may result in citations from the Carlisle Police and/or revocation of off-campus permission requiring all residents of the nuisance house to return to on-campus living.

Assessment and/or Treatment

Referral to the Wellness Center or approved off-campus agencies for various assessments, evaluations and/or treatment. This includes but is not limited to: substance abuse assessment and/or treatment, anger management evaluation and/or treatment, and conflict mediation.

Restrictions on Participation or Use

Restrictions on participation include the revocation, or the loss for a stated period of time or under a stated set of conditions, of a student's ability to participate in certain College approved activities, including but not limited to varsity sports, clubs, organizations (including but not limited to Greek organizations) or leadership positions with such sports, clubs and organizations. Restrictions on use include the denial of access to, or use of, certain College facilities, programs or equipment for a stated period of time or under a stated set of conditions.

Parental Notification

Disclosure to a parent that the student has been found responsible for a violation of the alcohol and/or drug provisions of the Community Standards. **This is a typical sanction for an alcohol and/or drug violation.**

Probation

A specified period of time requiring maintenance of exemplary conduct. Further violations during this time may result in more serious sanctions. This may also include all residents of a house, on or off-campus.

Stayed Suspension

A student or organization on stayed suspension has been found responsible for conduct that warrants suspension from the College. In the exercise of its discretion, Dickinson College has determined to withhold immediate imposition of suspension and to allow the individual or organization to remain on campus, usually with additional terms of compliance. If a student or organization is found in violation of any aspect of the Community's Standards or of terms of compliance during the period of the stay, the stay on this suspension may be lifted and the suspension will become effective immediately, resulting in separation from the College for the remainder of the suspension period. In addition, any other sanctions for the new violation(s) will be imposed. During a period of stayed suspension, the terms imposed on an organization will also be binding on the members of the organization.

Suspension from the College

A student suspended from the College may not participate in classes or other College activities and may not be on College property (except by appointment, arranged in advance with the Provost and Dean of the College or the Vice President and Dean of Student Life or one of their designees) for the period of time specified in the notice of suspension. Suspension extending beyond the semester in which action is taken shall consist of units of full semesters, and/or summer sessions. In no case shall the suspension terminate prior to the end of a semester. Courses taken at another institution during this period of suspension will not be accepted for transfer at Dickinson. Conditions for resuming active status on campus following suspension may be imposed by the College. An organization that is suspended shall be required to forfeit its ability to conduct group-sponsored activities, to participate in College-sponsored activities and any College support for the organization will be withdrawn during the period of suspension.

An organization that is suspended shall be required to forfeit its ability to conduct group-sponsored activities, to participate in College-sponsored activities, and any College support for the organization will be withdrawn, during the period of suspension.

Revocation or Withholding of Diploma and Degree

If a student has graduated, or otherwise satisfied the requirements for earning a degree, from Dickinson College before violations of the Community Standards are discovered or before a determination of violations is complete, the College reserves the right to revoke the diploma and/or degree conferred, or to withhold the conferring of a degree or diploma otherwise earned for a specified period of time or indefinitely.

Expulsion

For an individual, expulsion is permanent termination of student status, which includes exclusion from any Dickinson College property, College sponsored or College affiliated events. A person expelled from the College is denied the rights and privileges of inclusion in the Dickinson College community both as a student and as an alumnus. For an organization, expulsion is permanent termination of the organization's relationship and status

with the College, which includes termination of access to facilities, funding, and/or right to assemble as an organization on College property, and College sponsored or affiliated events. An organization expelled from the College is denied the rights and privileges of inclusion in the Dickinson College community as an organization.

Other:

Such other sanctions as may be appropriate in the judgment of the College.

Appeals Process

Decisions made by a hearing panel or hearing officer following a formal resolution can be appealed by either party within five (5) business days of the date of notification of the decision by the Vice President and Dean of Student Life office.

The appeal may be based only on one or more of the following grounds:

- A deviation from College policy or procedures that materially affected the outcome;
- The sanctions imposed were too harsh or too lenient;
- New information that could affect the finding and that was not reasonably available through the exercise of due diligence at the time of the investigation;

Appeals must be in writing and submitted to the Assistant Dean of Student Life. The appeal shall consist of a plain, concise and complete written statement expounding on the grounds for the appeal. The Assistant Dean of Student Life shall determine whether one or more bases for the statement of appeal have been met. If they have, the appeal will be reviewed by an appellate officer or panel. Situations which were resolved through an administrative hearing will be reviewed by an appellate officer and situations which were resolved through a panel hearing will be reviewed by a panel.

The appeals panel shall consider the merits of an appeal only on the basis of the information provided in the written request for appeal, and the record of the original hearing. In matters where the sanction alters the status of the student or organization, the panel may request to meet with the hearing officers, respondent and/or the complainant to seek clarification of the hearing record only. Any decision of the appeals panel shall be made by majority vote. The appeals panel must be persuaded to act by clear and convincing reasons. All appeal panel decisions are final, with the exception of cases of expulsion. The complainant and respondent will be notified of the appeal panel's decision by letter within five (5) business days, or as soon as reasonably possible after the decision is rendered.

In situations involving non-academic violations, the appeals panel is comprised of the Vice President and Dean of Student Life, or his or her designee, one student and one faculty member none of whom were involved in the original hearing. In situations which involve academic conduct violations, the appeals panel is comprised of an Associate Provost, one student and one faculty member none of whom were involved in the original hearing. The appeals panel must be persuaded by clear and convincing evidence that is presented in writing in the appeal letter. The individual appealing will be notified of the appeal panel's decision by letter within five (5) business days, or as soon as reasonably possible after the decision is rendered.

In matters where expulsion is the sanction recommended by either the hearing panel or the appeal panel, the responding party may appeal the decision of the appeal panel to the President. The President, or his or her designee(s), shall conduct the final appeal. The appeal must be in writing, addressed to the President of the

College and be delivered to the Vice President Dean of Student Life Office within five (5) business days of the date of notification of the decision by the appeals panel. The appeal may be based only on the grounds that procedures set forth in the Community Standards were not followed by the appeals board, the sanctions imposed by the appeals board were excessive for the violation, and/or new or relevant information, not available at the time of the hearing, has arisen.

If an appeal needs to be held at or after the end of the semester and/or an appeal panel cannot reasonably be convened, regardless of whether the hearing took place while classes were in session or not, the appeal shall be reviewed by the Provost/Dean of the College, or his or her designee, in matters of academic violations or to the Vice President and Dean of Student Life, or his or her designee, in matters of social violations.

Student Records and Confidentiality

All resolution proceedings, whether informal or formal, are conducted in compliance with the requirements of FERPA and College policy. No information shall be released from such proceedings except as required or permitted by law and College policy.

It is generally the policy of Dickinson College to obtain consent from a student before releasing information from a student's education record, including the disciplinary proceedings of the College, to parents. However, where in the judgment of the College the release of such information to parents is appropriate and is not otherwise prohibited by FERPA or other applicable laws, the College reserves the right to release information without student consent. The College's complete FERPA policy may be found in the Student Handbook.

Informal resolution is an administrative proceeding, and matters resolved through informal resolution processes are not part of a student's conduct files, subject to the exception noted in the previous description of the Informal Resolution section.

Affirmative findings of responsibility in matters resolved by formal resolution proceedings are part of a student's conduct record. Once a student has been found responsible for violating the Community Standards by formal resolution proceedings, all records of matters addressed by informal resolution shall be transferred to and become a part of a student's conduct record. Such records shall be used in reviewing any further conduct, developing sanctions, and shall remain a part of a student's conduct record for all purposes.

Generally disciplinary sanctions are not noted on a student's transcript. The conduct files of students who withdrew with pending disciplinary action or have been suspended or expelled from the College are maintained in the Vice President and Dean of Student Life Office indefinitely. In most matters, conduct files of students who have not been suspended or expelled are destroyed seven years following their graduation. Students who withdraw prior to graduation and who have not been suspended or expelled are destroyed seven years following their departure. Further questions should be directed to the Assistant Dean of Student Life.

Records of disciplinary action involving organizations (other than stayed suspension, suspension or expulsion) are maintained in the Vice President and Dean of Student Life Office indefinitely.

Students who declare an interest in studying abroad through the Center for Global Study and Engagement (CGSE) are subject to a conduct record check. Information that will be shared with the CGSE includes but is not limited to; violations that resulted in the suspension of the student, violations that resulted in a student being placed on stayed suspension or conduct probation, violations involving illicit drugs or drug paraphernalia, sexual harassment, sexual offenses, other acts of violence, and major damage to property. It is within the sole

discretion of the College, through the CGSE and the CGSE Conduct Committee, to determine whether a student who has violated College policy and/or the Community Standards is eligible to study abroad. Consideration and qualification for study off-campus are not disciplinary determinations but may be affected by a student's disciplinary record.

Catering

I. Purpose and Objectives

This policy establishes procedures for the use of institutional funds to purchase food and beverage or catering services. The objectives include the following:

- A. Ensuring the college maximizes the value of limited resources used to buy food services and leverages opportunities found through internal resources.
- B. Providing guidance on how institutional funds shall be used, i.e. the requirement to give Dickinson College Catering the first-right-of-refusal for all events.
- C. Ensuring College community members execute advance planning and preparation to ensure successful College events for all parties involved.
- D. Providing guidance on purposes and circumstances under which institutional funds should and should not be used.
- E. Ensuring appropriate parties are involved in the decision to use institutional funds.
- F. Ensuring catered functions advance the mission of the College through application of the institution's strategic plan.

Use of Dickinson College Catering is required for on-campus events where food is served because the College has invested in the fixed resources (staff and equipment) associated with delivering complete dining and catering services. Giving discounts to the College's internal customers is appropriate to make budgets go further. However, it is also appropriate to charge internal customers for more than just the variable costs associated with food service. Charging internal customers only the variable costs would lead to higher (and wasteful) consumption. This would also over-extend the College's catering services in addition to creating higher, unnecessary expenses for the College.

This policy describes the general procedures to follow under normal circumstances as outlined in Section V. Should other-than-normal circumstances occur, and deviation from the policy is contemplated, the consideration of such deviation shall follow the process outlined in Section V. It is also understood that this policy may be modified in the future from time-to-time. Proposed changes to this policy would be presented to the college's senior officers (i.e. President's Staff) and to the All College Committee on Planning & Budget (P&B) for recommendation to the President.

II. Policy Goal

The goal of this policy is to maximize to the greatest extent possible the overall value obtained from the use of institutional funds and to minimize the real dollars leaving the campus. The true incremental cost to the College associated with any catering order consists only of the variable costs (i.e. food and additional staff who are scheduled to work for the event). The use of outside vendors incurs true costs to the college consisting of both the fixed and variable costs. Maximum value can be achieved through

the use of internal resources, i.e. reduced costs to the College by using Dining Services' volume purchase agreements, and utilizing production staff who are already on the schedule, as well as equipment which the college already owns.

III. Use of Institutional Funds

Use of institutional funds for any purpose is subject to the approval process described in Section V. Requests for all catered functions that are to be funded by institutional funds shall be made through Dickinson College Catering.

College internal customers will receive a 20% discount off the price of food and beverage services through Dickinson Dining and Catering Services¹; prices are based on the Catering Menu posted for the public and external customers. Pricing for external customers will be set at prevailing market rates and will be reviewed/adjusted annually. Discounts do not apply to additional services and non-food charges, i.e. delivery fees, linens, and TIPS servers.

1 Custom menus are not eligible for a discount; cost is the published rate.

2 Standards at Dining Services' website or at:

www.dickinson.edu/download/downloads/id/6402/catering_guide.pdf

The use of institutional funds for purchase of food, beverage, or catering shall be:

- A. To support College community events.
- B. To support officially recognized College group events.
- C. To support academic initiatives that broadly affect College community members.
- D. To support College fund-raising and community outreach efforts.

IV. Institutional Funding of Catered Services

Institutional funds for the purchase of food and beverage or for catered functions shall be requested through the College budgeting process. Budget requests shall be reviewed and approved or denied by the College Planning and Budget Committee.

V. Process for Requesting Catering Services Using Institutional Funds

- A. Provide catering services with written approval to use institutional funds by delivering a completed Internal Requisition or Student Senate Authorization Form. Provide catering services appropriate approval for service of alcohol as applicable.
- B. Place request for services by following standards and guidelines published² by Catering Services. Customized, complex, or global and authentic themes require significant pre-planning and advance notification.
- C. Requests made after published deadlines may be declined or may be assessed an additional fee as published in the catering guidelines. Declined requests do not mean an event cannot be held; however, the event will not have food and beverage service.
- D. Catering requests may be granted an exemption from use of Dickinson College Catering at the discretion of the Director of Dining Services and the Catering Manager providing the request was submitted prior to established deadlines. Exemptions typically are granted if Catering Services' resources will be over-extended upon review of each event.

E. There is an automatic exemption for events with fewer than 25 people and spending less than \$200. The rationale for these numbers is that food for groups of 25 or more people have greater risks of foodborne illness outbreaks and require more planning for food safety controls

F. Other exemptions from the requirement to use Dickinson College Catering Services are requested through the Director of Dining Services and may include:

- Contracts with “food trucks” to support Student Senate and Student Life programming
- Specific ethnic cuisine to support a related cultural program or event

Deliveries and Solicitations

For the safety and privacy of all members of the campus community, solicitors, peddlers and door-to-door solicitation are not permitted on campus, including in any campus buildings.

Members of the campus community are not permitted to raise funds or sell products on campus without permission from the Office of Residence Life and Housing. No one, including members of the campus community, is permitted to solicit, raise funds or sell products in the residential facilities.

No deliveries are to be made to an individual room in any campus building, including the residential facilities. All personnel delivering personal products should be directed to meet you at the main entrance to a campus building.

Disability Services - Documentation and Accommodations

Dickinson College is committed to ensuring that the college's programs and facilities are accessible to all qualified students on a nondiscriminatory basis. A student with a disability is not required to disclose a disability unless he or she is seeking accommodations.

The procedure for disclosing a disability and requesting accommodations is provided on the [Office of Disability Services website](#). Dickinson College acknowledges that each student's circumstance is unique, and that a flexible approach should be taken in determining reasonable accommodations. To support eligibility for reasonable accommodations as an individual with a disability--covered under Section 504 of the Rehabilitation Act and the Americans with Disabilities Act (ADA)--a student must disclose his or her disability and provide documentation that meets the college's guidelines to establish that the student has a physical or mental impairment substantially limiting one or more major life activities. Documentation should substantiate each functional limitation and its nexus to each accommodation request.

The college does not provide assessment for disabilities. The student is responsible for obtaining the appropriate testing or evaluation report by referring to the Guidelines for Documenting a Disability on the [ODS website](#). The Office of Disability Services will be happy to provide those who ask with a list of psychologists in the area who perform psychoeducational and neuro-psychological testing.

If you have a physical, psychological, learning, or other type of disability and are in need of accommodations in either the academic or living environment, or if you have any questions regarding your options, please contact the Office of Disability Services for a confidential consultation by emailing disabilityservices@dickinson.edu or by calling at 717-245-1734. Disability documentation can be sent by email to disabilityservices@dickinson.edu, or via fax to 717-254-8139.

Academic Accommodations

Students requesting academic accommodations are required to register with ODS to verify their eligibility for reasonable and appropriate accommodations. Once documentation has been reviewed, students are to schedule an accommodations meeting as early as possible in the semester with Marni Jones, Director of Learning Skills and Disability Services, to review any potential accommodations. Students are not eligible to receive academic accommodations retroactively.

Eligible students will receive an accommodation letter to give to the professors of their choosing, informing them of the accommodation(s) for which they are eligible. Students should schedule a meeting with the professor of each class in which they are seeking accommodations to discuss how each accommodation will be implemented for that class. Both the student and professor are to complete and sign an Accommodations Implementation Plan form, which the student will need to return to ODS within three days of the meeting.

Students seeking test-taking accommodations will need to take both their schedule and each professor's schedule into consideration when determining whether or not test proctoring is needed. Requests for test proctoring are to be made at least one week prior to any scheduled exams. Questions regarding test proctoring can be sent to proctoring@dickinson.edu

Students seeking support with academic success strategies are encouraged to contact Marni Jones, Director of Learning Skills and Disability Services, at jonesmar@dickinson.edu and to refer to the numerous resources found on the Learning Skills and Study Strategies website.

Housing Accommodations

Dickinson is a residential college and the residential experience is understood to be an integral part of a Dickinson education. Dickinson is fully committed to the full participation of students with disabilities in all aspects of College Life, including residential life. At times, students with disabilities may require an accommodation in their living environment. The Office of Disability Services works in cooperation with professionals in Residence Life & Housing, the Wellness Center, and other relevant campus partners to evaluate requests for accommodation from students with documented conditions and will determine eligibility for reasonable accommodations. Housing accommodations are made only in situations where the documentation clearly demonstrates that the accommodation is necessary to mitigate a functional limitation resulting from the disability.

Students who wish to request a housing accommodation need to have rendered to ODS all the documents outlined in the "Disability Housing Accommodations Procedures and Guidelines" (found at www.dickinson.edu/ODS-Housing)

Note that consideration of housing accommodation requests and possible subsequent assignments will begin

two weeks prior to posted deadlines. While requests and documentation submitted after these dates will be accepted and considered, Dickinson College cannot guarantee that it will be able to meet late applicants' accommodation needs, including any needs that develop during the semester.

Dietary Accommodations

A major facet of living at a residential college is dining together, and the opportunity for developing a sense of community that arises in this setting. To this end, all students living on campus are required to purchase a Meal Plan. Occasionally, however, students have special dietary needs based on documented health conditions, which may necessitate dietary-based accommodations. Dickinson College is committed to the full participation of students with disabilities in all aspects of College life, including dining experiences, and Dining Services can often accommodate these needs. Accommodations to the way in which a student participates in the meal plan are granted when a diagnosis and supporting documentation clearly demonstrates that an accommodation is necessary to mitigate a functional limitation resulting from the disability. Exemptions from participation in the Meal Plan are extremely rare, however and are only considered when needs cannot be accommodated by Dickinson Dining Services.

Dickinson College offers many dining options capable of accommodating a multitude of dietary needs, including but not limited to lactose-free meals, gluten-free breads and meals, vegetarian and vegan options, and kosher dining, in addition to a wide array of healthy eating choices. There are also a variety of atmospheres in which students can eat, ranging from the large Dining Hall to smaller venues, such as Union Station and the Quarry. Please visit the [Dining Services Web site](#) to learn more.

Students who wish to request a dietary accommodation will need to complete and submit to ODS all the forms outlined in the "Dietary Accommodations" (found at www.dickinson.edu/ODS-Dietary) by the following dates:

- July 31st for the Fall semester
- December 31st for the Spring semester

While applications submitted after these dates will be accepted and considered, Dickinson College cannot guarantee that it will be able to meet late applicants' accommodation needs, including any needs that develop during the semester.

Drug and Alcohol Policy

A. STANDARDS OF CONDUCT

These standards of conduct apply to all members of the college community, including all students registered for one or more courses; all administrators, faculty, staff and employees; and, all organizations recognized by the college.

Illicit Drugs

Dickinson College prohibits the unlawful manufacture, cultivation, possession, distribution, dispensation and use of any drug by any member of the college community on any college-owned property, at any college activity or activity offered by an organization recognized by the college, or during any college-sponsored event or travel.

The possession of unlawful drug paraphernalia is also prohibited.

Alcohol

Dickinson College prohibits the use, sale, provision, and distribution of alcohol, except as permitted by law, on any college-owned property, at any college activity or activity offered by an organization recognized by the college, or during any college-sponsored event or travel. The following items and activities are also prohibited on any college-owned property, at any college activity or activity offered by an organization recognized by the college, or during any college-sponsored event or travel:

- **Underage possession or consumption** – A person under the legal drinking age may not possess, consumer, or be under the influence of alcohol.
- **Drinking games** – Any activity or game that promotes or encourages the consumption of large amounts of alcohol is prohibited, including but not limited to, activities such as beer pong, quarters, and flip cups.
- **Alcohol Paraphernalia** – The possession of materials used in drinking games or activities that promote or encourage the consumption of large amounts of alcohol is prohibited, including but not limited to beer pong tables, beer funnels, and beer bongs.
- **Hosting Underage Guests** – Students are prohibited from serving alcohol to underage guests and must have the service of alcohol monitored by a TIPS-trained bartender. If students under the legal drinking age are found to be in a location where alcohol is being consumed, the college will presume that the underage students are in the possession of and have been consuming alcohol.
- **Public Intoxication** – Creating a disturbance to any member of the college community, college officials, or law enforcement while under the influence of alcohol is prohibited.
- **Hosting/Attending an Unregistered Event** – Any event with alcohol and five (5) or more guests, in addition to the residents, must be registered. Hosting or attending an unregistered event that is required to be registered is prohibited.
- **Large Volume Containers** – Kegs, beer party balls, punch bowls, or other large volume containers of alcohol are prohibited unless pre-authorized by the Office of Student Leadership & Campus Engagement.
- **Multiple Locations** – Events or activities, whether formally or informally organized, which encourage persons to consume alcohol in three or more places or encourage the consumption of large amounts of alcohol are prohibited, including but not limited “Around the World” or “progressive” parties.
- **Other Dangerous Conduct** – The consumption of quantities of alcohol or the sustained consumption of alcohol that interferes with a person’s participation in the college community and/or that pose a risk to the health or safety of students or others is prohibited.

Because issues around the use, misuse, and abuse of alcohol have an impact on the academic and social success of students, the college expects that students who are legally eligible to drink will use alcohol responsibly and in a manner that does not put underage students at risk. Additionally, the host of any event at which alcohol is

provided is responsible for complying with applicable laws and policies of the college. The “host” is the person, persons, or organization who provides the food, beverages, or accommodations for any activity. The college reserves the right to prohibit or restrict consumption of alcohol at certain events and in certain facilities.

B. COLLEGE DISCIPLINE

Dickinson College will impose disciplinary sanctions on members of the college community for violations of the College’s Standards of Conduct regarding drugs and alcohol. Potential sanctions for violations of this policy include but are not limited to, warnings, assessment/treatment, suspension, expulsion, and discharge. Violations involving the possession, use, distribution, manufacture, cultivation, or sale of drugs are of such a serious nature that they are likely to result in the suspension or expulsion of a student or the suspension or discharge of a college employee.

Further information about the process for college discipline of students is available in the “Community Standards” portion of the Student Handbook. Further information about the process for discipline of college employees is available in the Employee Handbook.

In addition to any college discipline, the college may refer any violation of this policy to law enforcement agencies for prosecution or other action. The college will cooperate fully with law enforcement agencies regarding any unlawful conduct involving drugs or alcohol.

C. LEGAL SANCTIONS

A person who violates any law governing illicit drugs and alcohol is subject to criminal sanctions provided by law. In addition, a student who is convicted of any offense under state or federal law involving the possession or sale of a controlled substance will not be eligible to receive certain kinds of financial aid. (See “Suspension of Financial Aid Eligibility for Drug-Related Offenses” in the Student Handbook).

A summary of the legal sanctions applicable under local, state, and federal laws for offenses involving drugs and alcohol is provided in the Appendix to this policy.

D. HEALTH RISKS

All drugs, including alcohol, present health risks. Combining drugs and combining any drug with alcohol substantially increases health risks and may be fatal. To promote awareness of these risks, the College provides the following summary of information about risks associated with alcohol and certain categories of drugs.

Alcohol - Consumption of alcohol, even in low or moderate amounts, can significantly impair judgment, coordination, and mental functioning, including the ability to drive a vehicle. Statistics show that alcohol use increases the incidence of aggressive acts and misbehavior, including sexual misconduct, fighting, spousal and child abuse, and vandalism. Moderate to high doses impair higher mental functions, including a person’s ability to learn and remember information. Very high doses cause respiratory depression and death. Repeated use of alcohol can lead to dependence, which can cause permanent damage to organs and deterioration of a healthy lifestyle.

Cannabis/Marijuana - The use of marijuana can result in slowed thinking and reaction time and impaired

memory and balance. Marijuana smokers can suffer from respiratory problems, including cough, chest congestion, and heightened risk of lung infections.

Club Drugs/Ecstasy/Ketamine - Club drugs include a variety of psychoactive drugs that tend to be abused by young adults. Many club drugs create a sedative effect that can be incapacitating. Some club drugs cause amnesia, delirium, and anxiety. Repeated use may be physically addicting, resulting in withdrawal effects.

Cocaine - Cocaine is a powerfully addictive stimulant that produces potentially dangerous physical effects such as raising heart rate and blood pressure. The use of cocaine can lead heart attack, stroke, and death. Binge use of cocaine may lead to irritability, restlessness, anxiety, severe paranoia, and hallucinations.

Hallucinogens/LSD/Peyote/PCP - Hallucinogens cause illusions, poor perception of time and distance, and profound distortions in a person's perception of reality. They can also cause rapid and intense emotional swings. The effects of hallucinogens are highly variable and unpredictable. Users may experience panic, despair, fear, paranoia, and loss of control. PCP is an addictive hallucinogen. PCP abusers may become violent or suicidal

Opioids/Heroin - Opioids, including heroin and some prescribed pain medications, can result in drowsiness and respiratory depression. Opioids present a high risk for addiction and uncontrollable drug-seeking. Chronic opioid use leads to physical addiction and withdrawal symptoms can be severe, including muscle and bone pain, diarrhea and vomiting, cold flashes, and kicking movements. Abuse of opioids is associated with fatal overdose, collapsed veins, and pulmonary difficulties.

E. EDUCATION AND COUNSELING

Dickinson College offers drug and alcohol education programs regularly. Information about these programs is available at the Officer of the Dean of Students, Office of Student Leadership & Campus Engagement, the Wellness Center, and the Department of Human Resources.

F. ASSISTANCE, TREATMENT AND COMMUNITY RESOURCES

Pennsylvania Underage Drinking Law

A person under 21 who attempts to purchase, consume, or possess alcohol may be sentenced to pay a fine of not more than \$500 for the first violation and not more than \$1,000 for the second and each subsequent offense. In addition, the offender's driver's license may also be suspended for up to 90 days for the first offense and up to one year for the second offense.

Source: 18 Pa. C.S. § 6310.4, 18 Pa. C.S. § 6308

Pennsylvania Penalties for DUI

There are now three levels of DUI:

1. [General Impairment \(.08 to .099% BAC\)](#)
2. [High BAC \(.10 to .159% BAC\)](#)
3. [Highest BAC \(.16% and higher\)](#)

Under the law minors, commercial drivers, school vehicle or bus drivers, and offenders involved in an accident that injures someone or causes property damage may be subject to the high BAC penalties even if their BAC is not in the high category. Offenders who refuse breath or chemical testing may be subject to the highest BAC penalties. The following charts show the penalties for each of the BAC categories:

General Impairment penalties (Undetermined BAC, .08 to .099% BAC)

No prior DUI offenses	<ul style="list-style-type: none"> - ungraded misdemeanor - up to 6 months' probation - \$300 fine - alcohol highway safety school - treatment when ordered
1 prior DUI offense	<ul style="list-style-type: none"> -ungraded misdemeanor - 12 month license suspension - 5 days to 6 months jail time - \$300 to \$2,500 fine - alcohol highway safety school - treatment when ordered - 1 year ignition interlock
2 or more prior DUI offenses	<ul style="list-style-type: none"> - 2nd degree misdemeanor - 12 month license suspension - 10 days to 2 years prison - \$500 to \$5,000 fine - treatment when ordered - 1 year ignition interlock

The new law creates a higher set of penalties for those having higher BAC levels. It allows for treatment at all levels, and requires alcohol highway safety school for all first and second time offenders.

High BAC penalties (.10 to .159% BAC)

No prior DUI offenses	<ul style="list-style-type: none"> - ungraded misdemeanor - 12 month license suspension - 48 hours to 6 months prison - \$500 to \$5,000 fine - alcohol highway safety school - treatment when ordered
1 prior DUI offense	<ul style="list-style-type: none"> - ungraded misdemeanor - 12 month suspension - 30 days to 6 months prison - \$750 to \$5,000 fine - alcohol highway safety school - treatment when ordered - 1 year ignition interlock
2 or more prior DUI offenses	<ul style="list-style-type: none"> - 1st degree misdemeanor - 18 month license suspension - 90 days to 5 years prison - \$1,500 to \$10,000 fine

3 or more prior DUI offenses

- treatment when ordered
- 1 year ignition interlock
- 1st degree misdemeanor
- 18 month license suspension
- 1 to 5 years prison
- \$1,500 to \$10,000 fine
- treatment when ordered
- 1 year ignition interlock

For those at the highest BAC levels, the new law has strict penalties, but also allows for treatment. This even-handed approach allows for individuals to receive counseling for their alcohol problem, while still penalizing those who choose to continue the dangerous practice of drinking and driving.

In addition, drivers under the influence of controlled substances and those who refuse breath or chemical testing are subject to the highest BAC category penalties.

Highest BAC penalties (.16% and higher) or Controlled Substance

No prior DUI offenses

- ungraded misdemeanor
- 12 month license suspension
- 72 hours to 6 months prison
- \$1,000 to \$5,000 fine
- alcohol highway safety school
- treatment when ordered

1 prior DUI offense

- 1st degree misdemeanor
- 18 month license suspension
- 90 days to 5 years prison
- \$1,500 to \$10,000 fine
- alcohol highway safety school
- treatment when ordered
- 1 year ignition interlock

2 or more prior DUI offenses

- 1st degree misdemeanor
- 1 to 5 years prison
- \$2,500 to \$10,000 fine
- treatment when ordered
- 1 year ignition interlock

Driver's License Suspension for Drug Crimes in Pennsylvania

There are certain criminal offenses in Pennsylvania that carry a suspension of your driver's license as part of the penalty for that criminal offense, including some non-driving-related criminal offenses. Some common examples of criminal offenses that carry license suspension as part of the penalty include any offense under the PA Controlled Substance, Drug, Device and Cosmetic Act. Suspension of your driver's license is part of a separate administrative proceeding handled by the PA Department of Transportation (PennDOT).

Criminal Penalties for Drug Trafficking Crimes in PA

The penalties listed below are for any person who violates Pennsylvania law under 35 P.S. 780-113(a)(12), 35 P.S. 780-113(a)(14), or 35 P.S. 780-113(a)(14) with respect to:

Mandatory Minimum Sentences for Drug Trafficking in PA

Pennsylvania law, specifically §7508 of the PA Crimes Code, addresses mandatory minimum sentences for drug trafficking crimes. Mandatory minimum sentences under PA law provide little flexibility upon conviction. There are also additional factors that may amplify or aggravate the sentencing in your case, such as possession of a firearm.

Drug Free College Community

Introduction

The Congress's Drug-Free Schools and Communities Act Amendments of 1989 require that, as a condition of receiving funds or any other form of financial assistance under any Federal program after October 1, 1990, all institutions of higher education must certify that they have adopted and implemented a program to prevent the unlawful manufacturing, dispensing, possession, use or distribution of illicit drugs and alcohol by students and employees. Likewise, anyone who submits research proposals to federal agencies must certify that they will not engage in any of the aforementioned activities during the period covered by the grant.

Individuals who do not make such certification and those who violate its terms will lose federal funds. As required by Federal regulations, this information was developed and distributed to inform all College community members of the seriousness of the use and abuse of illicit drugs and alcohol. It also sets forth standards of conduct regarding such activity.

Standards of Conduct

The unlawful manufacturing, possession, distribution, dispensing or use of illicit drugs or alcohol on college property or as part of any college activity by any member of the college community is strictly prohibited. Any violation of college policies and/or local ordinances, State or Federal laws will result in appropriate disciplinary action.

In addition to college sanctions, students should know that where appropriate, the college will cooperate fully with law enforcement agencies. A student who has been convicted of any offense under any federal or state law involving the possession or sale of a controlled substance will not be eligible to receive any Title IV Federal grant, loan, or work assistance. See Suspension of Financial Aid Eligibility for Drug-Related Offenses section of this handbook.

When on college-owned property or at any college activity (on or off-campus), all individuals and groups will be expected to observe and comply with drug and alcohol laws. The host of any event at which alcohol is provided in any way is responsible for complying with public laws, regulations and policies established by the college. The “host” is the person, persons or organization who provides the food, beverages or accommodations in which the activity takes place. The college reserves the right to prohibit or otherwise limit consumption of alcohol at certain events and in certain facilities. For more information, contact the Office of Student Leadership & Campus Engagement at 717-245-1671.

While the possession and use of marijuana for medical purposes is legal under Pennsylvania law, the manufacture, possession, distribution, dispensing and use of marijuana remains illegal under federal law. Consistent with federal law, including the Controlled Substances Act and the Drug Free Schools and Communities Act, the use and/or possession of marijuana (even for medical purposes) continues to be prohibited while a student is on college owned or college controlled property, and/or at any function hosted, authorized or supervised by the college regardless of where held.

Illicit Drugs

Illicit Drugs are controlled substances that possess a high potential for abuse, have no currently accepted medical use in the United States and demonstrate a lack of accepted safety for use under medical supervision. Controlled substances so defined fall under seven headings: marijuana (marijuana, hashish); stimulants (amphetamines, cocaine); depressants (barbiturates, tranquilizers, hypnotics); hallucinogens (LSD, PCP); opiates or narcotics (heroin, morphine, opium, codeine); inhalants (sprays, solvents, glue); and designer drugs (synthetic drugs similar in effect to stimulants, hallucinogens and narcotics). To be used legally and safely, some of the drugs above must be prescribed by a physician. This list is not comprehensive; there may be substances omitted that are also illegal and fall under the designation of controlled substances.

Alcohol

Alcohol, the shortened term for ethyl alcohol, is a depressant that slows the activity of the central nervous system and the brain. Alcohol is a substance regulated by local, state and federal agencies with respect to its purchase, transportation, consumption and possession.

Legal Sanctions

In Pennsylvania, the following violations are punishable by fines and, in some instances, loss of driving privileges (not exhaustive list, illustrative only):

- purchase, consumption, transportation or possession of alcoholic beverages by a person under age 21;
- misrepresentation of age to purchase alcohol and altering, selling or manufacturing of false identification;
- selling or furnishing of alcoholic beverages to those under age 21.

Lying about age to obtain alcohol, making a false ID and furnishing alcohol to individuals under age 21 are misdemeanor offenses.

The legal sanctions for the unlawful possession, use or distribution of illicit drugs are more diverse than the sanctions governing alcohol. Sanctions may vary from fines, for first-time misdemeanor offenses involving simple possession of certain substances, to felony counts and multiple year terms of imprisonment for more serious violations. A summary of penalties related to illicit drugs and alcohol may be found online at the [U.S. Drug Enforcement Administration](#) and the [Pennsylvania Liquor Control Board](#). Individuals seeking legal advice regarding drug or alcohol laws should consult legal counsel.

Health Risks

Illicit drugs can interfere with important brain activities including coordination, memory and learning. They increase the risk of lung cancer, destroy liver cells, initiate severe weight loss and may weaken the immune system. Users may also experience abdominal pain, nausea, vomiting, rapid heartbeat and irregular breathing. Convulsions, coma and death are also possible. Combining drugs can be fatal.

Alcohol is a central nervous system depressant that is absorbed into the blood stream and transmitted to all parts of the body. Moderate doses reduce physical coordination and mental alertness while larger doses of alcohol drastically impair an individual's ability to function, sometimes rendering them unconscious. Long-term drinking can increase the risk of developing liver and heart disease, circulatory and stomach problems, various forms of cancer and causes irreversible brain damage.

Education, Counseling and Treatment

Drug and alcohol education programs are conducted regularly to heighten everyone's awareness of the necessity to have a drug-free college community. Resources are provided to community members by sources such as the Office of the Dean of Students, Office of Student Leadership & Campus Engagement, Wellness Center and Human Resources Services.

College Sanctions

Dickinson College adheres to the laws, regulations and ordinances of federal, state and local authorities. Any student or employee violating them will be subject to referral and external prosecution through the college's Department of Public Safety and/or the state and local police. Students are also subject to disciplinary action through the Community Standards. Any questions regarding this policy should be addressed to the Dean of Students Office, the Department of Public Safety or Human Resources Services.

Election Activities Policy

Dickinson College encourages its students to participate in national, state, and local political activities to prepare themselves for active lives as engaged citizens. While all students, faculty, and staff are free to express political opinions and engage in political activities, it is important that they avoid the appearance that they are speaking or acting for the college in political matters.

As a non-profit, private institution of higher education whose activities are regulated in part by Section 501(c)(3) of the Internal Revenue Code, Dickinson College may not participate or intervene in the political campaign of any candidate for public office. Federal Elections Commission regulations also prohibit Dickinson College from facilitating the making of contributions or funding communications that influence, or are intended to influence, the outcome of federal elections. Nevertheless, every individual has the right to organize and to join political associations and to advocate and publicize political opinions. In addition, student groups on campus have the opportunity to provide educational and programmatic activities around political issues, current elections, and voter registration.

College facilities and funds may be used by political groups on campus so long as the use does not favor one political party over another. Student activities funds may not be used for direct political action, for disbursement to any organization that is not an officially recognized Dickinson College organization or contributed to a political campaign or other political fund or organization. Student organizations that use College facilities for political presentations must open such presentations to all members of the campus community. No campaign political rallies may be held on campus. For a fuller description of "Do's" and "Don'ts" of Political Campaign-Related Activities at Colleges and Universities, see the American Council of Education memorandum (September 2014) at <http://www.acenet.edu/news-room/Documents/Memo-Political-Campaigns.pdf>

Events with Alcohol Policy

Overview

Dickinson College expects the responsible use of alcohol at events that are hosted by students. Our support is demonstrated in the provision of clear expectations and education to student hosts, and is predicated on the expectation that students of legal age who choose to drink will drink responsibly and safely. It is the community's shared commitment to promote personal responsibility and respect for the well-being of self and peers.

The College recognizes the choice not to drink alcohol and actively discourages and holds students accountable for the irresponsible use of alcohol. In compliance with Pennsylvania laws and the Drug Free Schools and Communities Act, the College does not approve of the consumption of alcohol by students (or their guests) who are under the age of 21, on or off the campus. Inappropriate behavior involving the furnishing or consumption of alcoholic beverages will result in appropriate disciplinary proceedings and penalties. The College recognizes and cooperates with law enforcement authorities in their efforts pertaining to alcohol, and will seek to educate students about laws pertaining to alcohol, as well as about the use and abuse of alcohol.

By establishing this policy, the college supports

- Events where alcohol is served to students of age;

- Organizations and individuals being held accountable to community standards for responsible use of alcohol.

- Events being held in college owned or operated areas that do not require reservation of college space must be registered through the submission of the EngageD form to SLCE, two weeks in advance of the event
- A decision or required adjustments for an event from SLCE will be emailed to the listed party hosts within 72 hours of the start of the event. Required adjustments to the event to meet policy must be made and the SLCE notified by the date stated in the email.
- Students are encouraged to notify SLCE (through the application form or in person) of any event not meeting the registration requirement where alcohol is served. This allows Student Life and DPS to be informed of the event and to identify a contact person.
- Notification of an event not requiring registration can be made up to the start time of the event.

Requirements for Events Serving Alcohol

- Hosts of events serving alcohol may not be first-year students
- Hosts must be non-drinking during the event
- Hosts are responsible for proper management of events including, but not limited to:
 - Ensuring attendees who are underage do not have access to alcohol
 - Being present for the entire event
 - Assisting personnel performing an event check
 - Issuing or supervising the issuance of wristbands which must be worn by attendees who are of age to drink
 - A decision regarding the type of wristband will be made by SLCE in consultation with DPS
- A host is required for every registered event. If attendance is greater than 25 people, one additional host is required for every additional 25 attendees unless otherwise determined by the AERB
- Attendance at events serving alcohol is limited to members of the Dickinson community and approved guests
- TIPS trained servers are required. One TIPS trained server is required for every 50 people in attendance
- A host may not also act as a server for the event
- Alcoholic beverages to be served at an event must be checked to the TIPS server/bartender prior to the start of the event. The server will note who provided each item and at the end of the event any remaining item may be returned only to the person who provided it at the start of the event
- For attendance where attendance of 100 or more is anticipated, the event host and/or sponsor must meet with SLCE and DPS prior to the event
- All events of this type are subject to periodic checks by Student Life and/or Public Safety

Wristbands

- All student-organized events will require wristbands, with 1-3 removable tabs.
 - Some senior class events, such as Pints with Profs and Senior Cider Social have wristband exceptions. This is arranged between the senior class, Dining Services, and SLCE.
- Registered event hosts will receive wristbands with the number of tabs corresponding to number of hours of the event. (one tab for one hour, two for two, three for 3 or more hours)
- Students are given a wristband upon entrance to the event after showing appropriate ID. (state/national if no list of 21-year-olds available; Dickinson ID if a list of 21-year-olds is)
- To receive a drink students present their wristband to the TIPS server. The server then tears off the appropriate tab. If the student tears off their own tab they will not be given a drink.
- Hosts will also receive tab signage. This will be given to TIPS hosts to display during the event. Each sign will state which tab will be taken at which time. For example, "Tab 1 8:00 – 9:00 p.m."
- Students who arrive at the beginning of an event will receive all the tabs available. (Example: If the event is from 8:00 – 10:00 p.m. anyone who arrives when the event begins will receive two tabs.)
- During the event, one tab will be used per hour and no tab can be used after the designated hour is up. (Example: At the earlier party, if you arrive between 8:00 – 9:00 p.m. you could use "Tab 1" to get a drink. After 9:00 p.m. "Tab 1" is no longer accepted by TIPS servers.)
- As the event progresses the students handing out wristbands must tear off tabs as each hour passes. So a student who arrives at the two-hour event at 9:20 p.m. will only receive one tab on their wristband, the other having been torn off. Note: If a student arrives in the fourth hour of a three hour event they may receive one tab.

Length and Timing of Events

- Events must have a start and ending time. The maximum length of events will be four hours, during which no more than three (3) beverages may be served to any individual Any exceptions will be determined by SLCE, DPS, and Dining Services.

Types of Alcohol

- Beer in cans or bottles and boxed or bottled wine are allowed for events
- Other types of alcoholic beverages and types of alcoholic beverage containers may be considered and approved on a case-by-case basis

Quantity of Alcohol

SLCE determines the quantity of alcohol purchased. The number of guests 21 years of age and over, multiplied by the length of the party divided by the quantity of alcohol (either cases of beer, 24 cans, or glasses of wine, 5 in a bottle). Amounts are rounded down since not all students attend all events from the beginning. Quantity of alcohol is limited to a maximum of three drinks per person per event.

Example: If the Juggling Club held a three-hour dinner for 80 guests, 50 of whom were 21+, they could purchase 6 cases of beer, OR 30 bottles of wine, OR some combination of the two, 15 bottles of wine and 3 cases of beer.

Food and Non-Alcoholic Beverages Requirement

At any event where alcohol is served, food/snacks and non-alcoholic beverages must be available. Dining Services can assist with determining appropriate type and quantity of food.

Funding Events

- Event hosts may not charge for alcohol, charge an entry fee, charge for cups or other containers in which alcohol is served unless the host of provider has an appropriate Pennsylvania Liquor License.
- Student Senate-funded groups may use funds from their individual -06 accounts to pay for alcohol for events, as long as all other above guidelines are followed. If no -06 funds are available, clubs and organizations may apply for alcohol funding through Senate, per their finance standing rules.

Expectations for Fraternities and Sororities

The mission of the college is to prepare young people, by means of a useful education in liberal arts and sciences, for engaged lives of citizenship and leadership in the service of society.

- *Dickinson College Mission*

The purpose of this section of the Student Handbook is to set basic expectations between Dickinson College and its (general/social) fraternities and sororities which have collegiate chapters in operation at the College, and to explain the mutual benefits and responsibilities which the relationship between these organizations entail.

The College, by action of the President and Board of Trustees, has officially recognized the College Interfraternity Council and the College Panhellenic Council and their constituent member organizations as members of the College Community.

These relationships are founded upon the College's acceptance of fraternities and sororities as a constituent part of campus life and a source of support for the mission of the College. Student participation in sorority or fraternity life offers students a chance to find a group that shares common ideals, encourage leadership and personal development, and excel in academics and the development of a philanthropic mindset. The success of the fraternity and sorority community will depend upon the mutual efforts of the collegiate chapters, headquarters staff, faculty/staff and alumni advisors, and alumni volunteers and association. The College will support efforts through staffing in the Division of Student Life and by guidance and recommendations from the Enrollment Student Life Committee.

Expectations and Responsibilities

The relationship between members of the Greek Community and the College should be one of mutual respect, cooperation, understanding, and trust. This trust is based on shared goals and objectives, expectations of Dickinson College, the College community, fraternity and sorority chapters, and the responsibilities of each within this relationship.

Dickinson College will provide support to Greek Life in the following ways:

- *Advising*- Each chapter is required to have staff/faculty advisor, as well as an alumni advisor. The College will appoint a member or members of the Student Life staff to assist in advising the various Councils as well as serving as Greek Life Advisor.
- *Use of campus facilities*- All Greek organizations have access to campus facilities according to the guidelines for use within Conference and Special Events Office (CASE), the Student Handbook and Residential Life policies. Failure to adhere to guidelines or community standards may result in restriction of use or removal from housing.
- *Membership/Advisor Support & Development*- Student Life Staff will provide ongoing support and training for Panhellenic, IFC, Chapter Presidents & officers, and Alumni and Faculty Advisors in areas including but not limited to leadership development, scholarship, risk management, recruitment, and new member education.

Panhellenic, IFC, college fraternities and sororities are responsible for:

- *Scholarship*- Members of all fraternities and sororities are expected to be in good academic standards. Each chapter will have a member of the executive committee who is responsible for working with members on academic support and referral. Members falling below the chapter required GPA for membership for the college minimum of 1.75 for First years or 2.0 for Sophomore and above, whichever is higher, will be placed on social restriction or probation as defined in their bylaws. All members of each fraternity and sorority are required to sign a grade release at the beginning of the year.
- *Risk Management*- All chapters are expected to minimize the risk of liability and harm to people and property; to adhere to national chapter and FIPG standards for best practice in risk management; to have a written chapter risk management plan that meets the college's expectations and levels for appropriate insurance coverage and to work with membership on cultivating a culture that holds members accountable for their collective actions. Chapters and members will recognize that the group and individual members are expected to be in compliance with the College's Community Standards, as well as all applicable local, state, and federal laws.
- *Financial Management*- All chapters are expected to conduct their financial affairs responsibly; pay off debts in a timely manner; and maintain sound financial business practices with outside vendors.
- *Chapter Management*- Each chapter is expected to live into the ideals set forth by their founders through a strong program of chapter management that focuses on values that are congruent with the College; develops leaders; forges lifetime connections with individuals and the college; and provides a beneficial extracurricular experience for those involved.

Recognized/Unrecognized Fraternities and Sororities

The fraternity and sorority community at Dickinson College is composed of organizations which have petitioned the college for recognition and have accepted and met the conditions for recognition. The fraternities and sororities are organized under the jurisdiction of their respective governing/coordinating bodies recognized by the College, the College Interfraternity Council and the College Panhellenic Council. These bodies and the fraternity and sorority chapters are recognized as official components of the Division of Student Life and contribute to the fulfillment of its mission and objectives as well as to those of the College.

The following organizations are officially recognized by Dickinson College as of Fall 2018:

These violations may result in individual sanctions up to and including suspension from the College. Organizations will also be charged when an individual is charged with unauthorized fraternity or sorority membership, and unrecognized organizations found to be operating (including participation in recruitment, new member activities, or living in a house or apartment run by or on behalf of an unrecognized group) will face an extension of current sanctions.

Recommendations made in the report regarding expansion will be carefully considered by ESLC and it should be noted that any expansion will be a collaborative conversation between the College and either IFC or Panhellenic as we seek to maintain the appropriate size of our Greek life community.

Gender Inclusive Housing

At Dickinson, we hold diversity and inclusion as a central tenet because it is an essential foundation for learning and excellence in a global society. The residential experience represents an important foundation for students overall academic and social success. As an integral part of the out-of-classroom experience, students living in college residences can expect an inclusive living environment to fully benefit from the Dickinson experience.

First Year Student Policy

What exactly is gender-inclusive housing?

Gender-inclusive housing is a residential space in which roommates of any combination of biological sexes, gender identities or gender expressions choose to live together. This includes small houses, apartments, suites and traditional rooms that comprise our current residential facilities.

Why does Dickinson College offer a gender-inclusive housing option?

There are some students for whom traditional, same-sex room assignments are not ideal or appropriate, and we believe it is important that housing policies evolve to meet the needs of all students to create an inclusive, welcoming environment. This policy helps create an environment that acknowledges, appreciates and respects the diverse nature of the Dickinson student body, while giving students more options in finding a roommate who is truly compatible.

This policy provides the opportunity for first-year students to share a multiple-occupancy bedroom regardless of students' sex or gender. This option may be meaningful for a variety of students: those who feel uncomfortable rooming with members of the same sex, transgender students in the process of discovering their gender identity, students who feel they would be more compatible with a roommate of a different sex or gender, and students who do not want sex or gender to be a primary factor in choosing a roommate.

How do I select gender-inclusive housing?

First-year students who feel that gender-inclusive housing will be the best option for them will signal this request on the housing preference form that goes out in May as part of the housing selection process.

Students who indicate a preference for this option will be contacted by a professional staff member for a conversation that will help us provide housing that best meets a student's individual needs.

Are bathrooms gender-inclusive as well?

Generally, there are two types of bathrooms within residential facilities: single person and group bathrooms. All single person bathrooms (one toilet, one sink and one shower) are gender-inclusive (anyone can use the bathroom).

Group bathrooms are those with multiple toilets, sinks and showers. These bathrooms are designated at the beginning of the year as male or female, but residents are given the opportunity to review and determine the final designation of these bathrooms.

Based on the conversation with a staff member, students will be assigned to a housing facility that will best meet their needs regarding housing and bathrooms.

How will vacancies be managed?

When there is a vacancy in a stand-alone gender-inclusive double room, the student remaining in the room may elect to pull in any new roommate. Both students must agree to live together. If a roommate cannot be identified, the room will default back to single-sex status. In this case, Residence Life and Housing may place a student of the same sex in the room.

Can students be randomly assigned to a roommate of the opposite sex?

No. Students who wish to take advantage of the new policy must enter into any roommate arrangement as willing partners.

What if a student chooses to live with someone in a gender-inclusive arrangement and becomes uncomfortable with the situation?

As with any roommate or housing issue, the college has an established room-change process, the outcome of which may allow for re-assignment in any living situation where there is a problem that cannot be resolved.

What if my parents don't want me to live in a gender-inclusive housing space? Will they be notified if I select this option?

Students 18 years of age and older may make decisions about their housing assignment without parental consent. We encourage students to maintain an open dialogue with their families so that they can be supportive of a student's housing decision. For adult students, it is the student's choice whether or not to tell their parents or guardians. Students under 18 should discuss housing plans with their families, as they must provide parental consent for a gender-inclusive option.

What if I want to learn more about gender identity and expression?

If you have questions regarding gender-identity, gender-expression, gender non-conforming or transgender student support, feel free to contact the Office of LGBTQ Services at LGBTQ@dickinson.edu.

For the purpose of gender-inclusive housing, the following definitions may be helpful:

Gender non-conforming: individuals whose gender expression is different from societal expectations related to gender.

Gender expression: the external manifestation of one's gender identity, usually expressed through "masculine", "feminine" or gender non-conforming behavior, clothing, haircut, voice or body characteristics.

Transgender: people whose gender identity, expression or behavior is different from those typically associated with their assigned sex at birth, including but not limited to transsexuals, cross-dressers, androgynous people, genderqueers and gender non-conforming people.

Definition Source: National Center for Transgender Equality; Mara Keisling, Executive Director, <http://transequality.org>.

Upper Class Student Policy

During the housing selection process for the 2013-2014 academic year, an explicit gender-inclusive housing option was implemented to continue the college's commitment toward an inclusive living and learning environment.

What exactly is gender-inclusive housing?

Gender-inclusive housing is residential space in which roommates of any combination of biological sexes, gender-identities or gender expressions choose to live together. This includes the small houses, apartments, suites and traditional rooms that comprise our current residential facilities.

Why does Dickinson College offer a gender-inclusive housing option?

There are some students for whom traditional, same-sex room assignments are not ideal or appropriate, and we believe it is important that housing policies evolve to meet the needs of all students to create an inclusive, welcoming environment. This policy helps create an environment that acknowledges, appreciates and respects the diverse nature of the Dickinson student body, while giving students more options in finding a roommate who is truly compatible.

While this housing option has been available for upper-level students, this new policy allows two or more students to share a multiple-occupancy bedroom, suite, or apartment regardless of students' sex or gender. Gender-inclusive housing is not intended for romantic couples. Rather, it provides options for a variety of students: those who feel uncomfortable rooming with members of the same sex, transgender students in the process of discovering their gender identity, students who feel they would be more compatible with a roommate of a different sex or gender, and students who do not want sex or gender to be a primary factor in

choosing a roommate. Gender-inclusive housing intends to help create a campus climate that is welcoming, inclusive and supportive of all students.

What about the bathrooms? Are they gender-inclusive as well?

Generally, there are two types of bathrooms within residential facilities: single person and group bathrooms. All single-person bathrooms (one toilet, one sink and one shower) are gender-inclusive (anyone can use the bathroom).

Group bathrooms are those with multiple toilets, sinks and showers. These bathrooms are designated at the beginning of the year as male or female, but residents are given the opportunity to review and determine the final designation of these bathrooms.

With the exception of the following facilities that house upper-class students, a gender-inclusive bathroom facility is available in each residential unit.:

- Kisner-Woodward (KW)
- Cooper
- Reed House
- Baird-McClintock
- Todd House

While the option to designate a bathroom as gender-inclusive within the buildings above is extended to the residents, it cannot be guaranteed. Please take this information into consideration as you make your housing selection.

How do I select gender-inclusive housing?

The information below reviews Dickinson's approach to gender-inclusive housing for upper-class students. Incoming first-year and transfer students will receive housing selection information that will detail the way that they may request gender-neutral housing. Interested first-year and transfer students will have a conversation with a professional staff member so that the college can provide housing that best meets the needs of the student.

If you are a rising sophomore, junior or senior:

1. To live with a roommate of any sex or gender you will simply select to do so online through the MyHousing system and as a part of the roommate preferencing process.
2. You must apply with your prospective roommate(s) following the same processes and deadlines of all students entering the housing selection process.
3. Students will not be assigned to gender-inclusive housing unless they have elected to do so.
4. This housing option is intended for students who wish to share a room, suite or apartment with friends regardless of gender identity. As with any housing option, it is not recommended or encouraged that any couple, heterosexual or LGBTQQI live together. The majority of upper-class gender-inclusive room assignments are friends with similar living habits, regardless of gender.

5. We encourage students to maintain an open dialogue with their families. Students 18 and older are legally able to make decisions about their housing placements.
6. The gender-inclusive housing option is available in all residential facilities. This avoids segregation and offers students gender-inclusive housing within all housing styles and at the various housing price points. The default designation for a room, apartment or suite will be single-sex unless the students selecting into the space choose to create a gender-inclusive pair/group. Once a room, apartment or suite is gender-inclusive, that space will continue to be gender-inclusive as long as the residents can maintain the occupancy of the living space.

How will vacancies be managed?

When there is a vacancy in a stand-alone gender-inclusive double, the student remaining in the room may elect to pull in any new roommate. Both students must agree to live together. If a roommate cannot be identified, the room will default back to single-sex status. In this case, the Office of Residential Life and Housing may place a student of the same sex in the room.

When there is vacancy in a gender-inclusive triple, apartment or suite, the residents may elect to pull in any roommate(s). If the residents in a triple, apartment or suite cannot fill the vacancies, the Office of Residential Life and Housing will first attempt to place students in the apartment or suite who are interested in living in a gender-inclusive space. If the Office of Residential Life and Housing needs to maximize use of all available spaces on campus and if the above is not possible, then the Office of Residential Life and Housing staff will work closely with the student group to determine next steps.

Is this a change in policy?

Mixed-gender housing options have been available at Dickinson for many years. Gender-inclusive housing is a more explicit and campus wide housing option, officially implemented during fall of 2013. As with all policies, gender-inclusive housing will be continuously reviewed and improved to most effectively meet student needs.

Can students be randomly assigned to a roommate of the opposite sex?

No. Students who wish to take advantage of the new policy must enter into any roommate arrangement as willing partners.

What are the differences between co-ed /mixed-gender and gender-inclusive housing?

The terms co-ed /mixed-gender operate on the assumption that there are two genders: male and female. It leaves no room for those who do not identify as their biological sex or those who are transgender or gender non-conforming. This idea is based on the notion that there are more than two genders, in fact an infinite amount. Allowing for gender-inclusive housing, as opposed to co-ed /mixed-gender, shows more inclusiveness and room for diverse identities.

What if a student chooses to live with someone in a gender-inclusive arrangement and becomes uncomfortable with the situation?

As with any roommate or housing issue, the college's established room change process may allow for re-assignment in any living situation where there is a problem that cannot be resolved.

What if my parents don't want me to live in a gender-inclusive housing space? Will they be notified if I select this option?

Students 18 years of age and older may make decisions about their housing assignment without parental consent. We encourage students to maintain an open dialogue with their families so that they can be supportive of a student's housing decision. For adult students, it is the student's choice whether or not to tell their parents or guardians. Students under 18 should discuss housing plans with their families, as they must provide parental consent for a gender-inclusive option.

What if I want to learn more gender identity and expression?

If you have questions regarding gender-identity, gender-expression, gender non-conforming or transgender student support, feel free to contact the Office of LGBTQ Services at LGBTQ@dickinson.edu.

The Office of LGBTQ Services offers education, outreach, advocacy and support to the Dickinson LGBTQQIA community. Please visit the Office of LGBTQ Services' Web site for more information at dickinson.edu/LGBTQ.

For the purpose of gender-inclusive housing, the following definitions may be helpful:

Gender non-conforming: individuals whose gender expression is different from societal expectations related to gender.

Gender expression: the external manifestation of one's gender identity, usually expressed through "masculine", "feminine" or gender non-conforming behavior, clothing, haircut, voice or body characteristics.

Transgender: people whose gender identity, expression or behavior is different from those typically associated with their assigned sex at birth, including but not limited to transsexuals, cross-dressers, androgynous people, genderqueers and gender non-conforming people.

Assisted Problem Solving Policy

The college encourages a working atmosphere which involves healthy and productive dialogue. However, conflict between individuals may occur which requires support to be successfully resolved in a respectful and positive manner. The Conflict Resolution Resource Services offers conflict-coaching sessions and mediation services to all members of the college community. If faced with a conflict situation, it may be useful to have a neutral and confidential resource or someone to discuss approaches to conflict resolution, options, or clarify the underlying issue that is most important.

The conflict-coaching service allows an individual to seek confidential advice on how best to alleviate workplace conflict. Mediation, on other hand, is a confidential conversation between two parties in conflict, structured and assisted by a neutral third party, the mediator. The structure of a mediation session allows both parties to move beyond their initial positions to discover their own and the other's underlying interests. The parties can then

generate options to address their needs. When mediation is successful, the parties review and select the best options, and conclude with a written agreement.

For more information about conflict resolution services, please contact Conflict Resolution Resource Services or Human Resource Services.

Issues Resolution

Dickinson College seeks to promote and maintain a work environment that provides for the full and satisfying performance of their duties. However, the college also recognizes that there may be occasions in which work related issues, misunderstandings and frustrations may arise that cannot be resolved in the normal day-to-day interaction with peers and supervisors.

Employees who believe that college policies have been inappropriately applied to them or who encounter situations in which they have work-related issues or concerns with other employees or visitors that require intervention by the college, or in which they have issues with the work setting itself that have not been resolved, may use these procedures. The college encourages employees to seek answers to work-related questions and concerns. Certain matters, specifically limitations included in the college benefits, job classifications, compensation and non-work-related issues or concerns are not subject to procedures beyond general inquiry. Additionally, reports or concerns of discriminatory harassment should be made in accordance with the specific reporting procedures set forth under the "Eliminating All Forms of Discriminatory Harassment" section of the Handbook.

Informal Process

With other concerns, as a first step, an employee is encouraged to direct a particular work-related issue or query, within 5 days, to an appropriate department administrator, for example an immediate supervisor or second-level supervisor. Alternatively, an employee may contact Human Resource Services, which will attempt to answer questions and advise the employee on how to resolve issues in the most appropriate and timely manner. To the extent consistent with the need to gather facts and try to assist in facilitating a resolution, employee communications relating to concerns will be held in confidence. Employees also may discuss these problems or concerns with a member of the college's employee assistance program (EAP) if they wish to discuss the issues confidentially with someone outside the college. The college encourages early discussion of problems and concerns in accordance with the above informal process so that there is the potential to resolve concerns when they first arise and where any resolution can be most efficient and effective.

Request for Review

If an employee has a concern that he or she feels has not been adequately resolved through the informal issues resolution procedure outlined above, the employee may file a formal request for review. The formal request for review must be in writing and submitted to the employee's director or department head and Human Resource Services within a timely manner. If the employee is not satisfied with the determination of his/her

director/department head and Human Resource Services, he or she may seek to address the matter further in writing with the appropriate dean or vice president. If the employee is not satisfied with that determination, the employee then may seek further consideration, within 10 days of the determination at the prior level, by presenting his/her concerns to the associate vice president of Human Resource Services. The decision of the associate vice president of Human Resource Services is deemed the final decision of the college.

Dickinson College is committed to a timely response at each level to assure that prior discussions relating to issues or concerns do not become stale. Absent extenuating circumstances, a decision should be expressed to the employee making the request for review within 5 days of the conclusion of the fact-gathering for each level in the process.

Hazing Policy

Hazing is a violation of College policy and a criminal offense in the Commonwealth of Pennsylvania.

Dickinson College is committed to preserving the individual dignity and well-being of each and every member of the campus community, and supports students' desire to build community through groups and associations. These associations can offer powerful opportunities for student engagement and learning. The college also acknowledges the need for belonging that students often feel and values the contributions that student groups make toward fulfilling that need.

Within every group there exist organizational structures (e.g. hierarchies, practices) that define the relationships among its members. These structures can be:

- formal and/or informal
- explicit and/or implied
- planned and/or spontaneous

Groups are encouraged to consider these structures and relationships, as understanding them is critical to positive group development and the prevention of hazing. Groups are cautioned that within any of those structures, any activity which serves to reinforce, or has the effect of reinforcing dominant-subordinate relationships among group members must be approached with great care and guidance. This is particularly true when a group affiliates new members.

Hazing occurs across campus in a wide variety of student groups. Hazing is often about power and control, and does nothing to build group or team unity. More than half of students in colleges and universities have experiences hazing. On a yearly basis, across the country, a significant number of hazing incidents and death involve alcohol consumption.

Definition

Dickinson College defines hazing as any act that, as an explicit or implied condition for initiation to, admission

into, affiliation with, acceptance in, or continued membership in a group or organization, could be seen by a reasonable person as endangering the physical well-being of an individual, as causing mental distress to an individual, or as being disruptive to the campus community, regardless of the individual's willingness to participate. Specific examples of hazing include:

- Requiring members to perform unnecessary duties not assigned to existing member
- Required calisthenics or other forms of physical exercise
- Sleep deprivation
- Required carrying of certain items
- Restriction of communication; confiscation of phone, tablets, or laptops
- Yelling or screaming
- Personal servitude or chores
- Lineups for purposes of interrogation, intimidation or debasement
- Assigning pranks such as stealing, painting objects, or harassing other groups
- Wearing embarrassing or uncomfortable clothing
- Restrictions on showering, bathing, or taking care of personal hygiene
- Pushing, showing, tackling, or other forms of personal contact
- Forced consumption of food, liquid, or alcohol
- Paddling or whipping
- Branding, cutting, labelling, or shaving parts of the body

Reporting Hazing

All members of the college community should report hazing when they see it occurring or believe that it has occurred. If you or someone you know is being hazed or if you have questions about anything that is being done as part of a membership experience, please say something. You can employ the following options:

- Contact the Department of Public Safety to speak to an Officer
- Talk to the IFC or Panhellenic Council Advisors or talk to your college dean
- Use the Anonymous Tip Form to provide information anonymously- assuming this is not an emergency or crisis situation- at [this link](#)
- IF SOMEONE IS IN IMMEDIATE DANGER, PLEASE DIAL 911.

Hazing Outcomes

The college recognizes a continuum of group development activities. At one end of the continuum are positive group development activities that do not constitute hazing because they stand the test of transparency, foster a sense of group unity and do not compromise the well-being of any individual participants. At the other end are behaviors that are clearly hazing because they are dangerous, abusive and/or disruptive, and involve only subordinate members of the group. In between are activities that could be seen by groups as benign, but are considered hazing because they serve no legitimate group-related purpose, could be considered disruptive to the academic community or when occurring in the context of individuals' personal history have the potential to cause physical, mental or emotional harm.

In the event that the college must intervene in a situation involving hazing, the dean of students will determine

the nature of the intervention by where along this continuum the behavior falls. The primary purpose of any intervention is to ensure that the hazing ends, and that those who participate in hazing are appropriately accountable to the Dickinson community. Toward that end, individuals associated with the group (e.g. organizational executives) may be held personally accountable along with the group. The college also reserves the right to engage other authorities as appropriate (e.g. law enforcement agencies, Greek national offices, etc.)

Specifically, consequences for hazing for groups and/or individuals include but are not limited to:

- Warnings
- Mandated educational programs for members &/or others
- Community restitution
- Student status and/or housing restrictions
- Suspensions
- Expulsion

Students are also reminded that hazing is a violation of Pennsylvania law. The text of the law is available in the Dean of Students office and [online](#).

Library Policies

LIBRARY CELL PHONE POLICY

Cell phones are required to be set to vibrating/silent ring in the library. If you are planning on having a lengthy conversation (longer than 2 minutes), please move to the entrance of the library. All conversations, no matter the length, should be quiet. If you are having a conversation that disturbs others, you may be asked to leave the library. Thank you for your cooperation.

COLLECTIONS GUIDELINES

Materials acquired by the library are mainly for the benefit of undergraduate coursework and should be appropriate for undergraduate research. Librarians pro-actively purchase books, films, music scores, audio recordings, and primary source materials for curricular use. Faculty members may request specific books in either print or e-book format. We also welcome faculty recommendations for new subscriptions to journals and databases. Faculty members can send purchase requests to their liaison librarian at any time, and liaison librarians can also set up alerts of new books published in specific fields from which faculty can make purchase recommendations.

OPEN ACCESS

The Waidner-Spahr Library funds open access publishing efforts as a long-term, sustainable means of supporting scholarly communication. These activities are detailed on the "Open Access" tab of the Copyright & Scholarly Communication guide.

COPYRIGHT USE POLICY

Introduction

U.S. copyright law stems from the Constitutional clause giving Congress the power to “promote the Progress of

Science and useful Arts, by securing for limited Times to Authors and Inventors the exclusive Right to their respective Writings and Discoveries.” In short, to encourage creativity and expression, copyright law protects the rights of creators of literary, artistic, musical or other creative works to exclusively use, promote, control or sell his/her creation for a specified period of time. The College affirms its commitment to respect copyright law and the protection of intellectual property, including the recognition that the law contains specific exceptions which provide for the permissible use of materials in educational settings without the consent of the copyright holder. The goal of this policy is to provide relevant, common sense guidelines to help faculty, students, and staff exercise their rights to use information in the furtherance of their education and research, while remaining within the legal parameters of existing copyright law. Dickinson supports the appropriate use of legal exceptions to copyright, with the expectation that each faculty member, staff member and student will respect copyright and act in good faith to comply with current copyright law and the College Copyright Use Policy. The College urges everyone at Dickinson to recognize that copyright law can be complicated, and to seek guidance when appropriate. This policy is not a substitute for advice on particular cases or situations and users are encouraged to seek help when this policy does not provide the answer needed.

Works protected by U.S. copyright law

Users of works authored, created, or performed by others are responsible for determining if those works are currently protected by copyright law and must limit their use of such works to uses permitted under copyright law. Copyright protection is afforded to both published and unpublished works. While one cannot copyright an idea, the creative expression of an idea may be copyrighted. A copyright symbol or registration is NOT required for a work to be protected by copyright law. Determining the duration of copyright protection is complicated. The period of protection varies greatly depending on the nature of the work protected, when a work was first copyrighted and the actions of a copyright holder in renewing or maintaining copyright protection as permitted by law. It is safest to assume a work is subject to copyright protection until you are able to verify that it is not. Works that are no longer protected by copyright are considered to be in the “public domain” with the copyright holder’s rights having been extinguished by operation of law in favor of the benefits to society created by access to the work on a broad basis. Most, but not all, U.S. federal government documents are in the “public domain” and not subject to copyright. However, non-federal government documents, such as state and local government documents, may be copyrighted.

“Fair Use”

In keeping with the original spirit of the purpose of copyright law (to promote the progress of science and the useful arts), the law contains specific exceptions to requiring the consent of the copyright holder before a work may be used in the educational context. This is called the “fair use” exception to copyrights (17 U.S.C. §107). However, it is a myth that any use in an educational setting or by an educator or student is automatically “fair use”. There are four factors which must each be evaluated in determining if the “fair use” exception applies.

(1) **The purpose and character of the use** – Use of a copyrighted work or a portion thereof in a non-profit educational setting favors fair use, but the three other factors set forth below must also be weighed. A “transformative” use strongly favors fair use. A use may be transformative if it makes use of a prior work in a totally new and highly creative way, for example a parody of a song.

(2) **The nature of the copyrighted work** – Fair use is more likely when using works that are factual/non-fiction, rather than creative/fictional works.

(3) **The amount and substantiality of the portion used relative to the work as a whole** – Note that there is no set proportion, number of words, or number of pages that automatically constitute fair use. Use of the “heart of the work” may constitute a violation even if it is a relatively small proportion of the entire work.

(4) **The effect of the use on the potential market for or value of the work**

For movies and music, there are additional criteria that must be met in order for the fair use standard in the educational environment to apply. “Fair use” is a complicated doctrine and questions should be directed to staff at the Waidner-Spahr Library.

Other Copyright Exceptions

Other exceptions relevant to higher education exist in copyright law to provide for library copying and lending; public displays in libraries and galleries; computer software backup; photographing architectural works; and making specially formatted copies for people with disabilities. Users should contact the staff at the Waidner-Spahr Library for assistance.

Permission to Use Copyrighted Material

It is always acceptable to use copyrighted material if the permission of the copyright holder (who may or may not be the author or original publisher) has been secured. The grant by the copyright holder of some of the rights in the copyrighted work (but less than all of the rights) for a period of time is known as a license. A license should be secured in writing. If you ask for permission and do not get any response, you may NOT assume that your use is acceptable. In fact, without written permission to use a copyrighted work that is not otherwise subject to an exception for use, you must assume that you do not have permission to use the work.

In addition to securing permission to use copyrighted materials directly from the copyright holder, online information resources and software are often acquired under a license granted by the copyright holder to a third party to use or permit the further use of the copyrighted work. Examples include licensed Library databases and LIS distributed software.

College Response to Copyright Violations

Violations can occur by illegal reproduction, distribution, performance, or public display of copyrighted works or portions of copyrighted works, or by the production of derivative works which are not deemed sufficiently transformative to constitute a new, original work. Upon becoming aware of a copyright violation, the College will take immediate and appropriate action to stop the violation.

In addition to being a violation of federal and state law, violation of copyright law is also a violation of College policy, and may result in internal disciplinary action. Disciplinary actions involving Faculty will be initiated by the Provost and Dean of the College. Disciplinary actions involving College administrators or staff will be referred to employee’s division head who will work together with Human Resource Services to review an alleged violation. Disciplinary actions involving students will be referred to the Dean of Students or his/her designee. Members of the College community are individually responsible for all prohibited use of copyrighted material. Violation of copyright

may also result in legal action against the individual violator, as specified in copyright law.

Plagiarism vs. Copyright

Copyright violations are distinguishable from plagiarism. One can commit plagiarism by failing to cite a work, even if that work is not protected by copyright. Citing a work properly avoids plagiarism, but depending on how the original work is used, a copyright violation may still occur.

For Additional Guidance

General inquiries about copyright, coursepacks, and obtaining permissions may be directed to circ@dickinson.edu, and staff at the Waidner-Spahr Library will assist. Complex questions about copyright may be referred by Library staff to the Office of General Counsel.

This policy is subject to change to maintain compliance with current U.S. copyright law.

GIFTS

Giving to the Waidner-Spahr Library

The original Library of Dickinson College was started with a generous gift from John and Mary Dickinson in 1783. The continuing patronage of donors throughout our long history has endowed the Library with unique strengths. The Waidner-Spahr Library is grateful to accept gifts of books and other materials.

Book Donation Guidelines

The Library welcomes books that have college-level content relevant to the current Dickinson curriculum and are in like-new condition (clean, unmarked, secure bindings, with pages in good condition). Hardcover books or trade paperbacks are welcome, but we cannot accept mass-market paperbacks. Unmarked course textbooks less than 10 years old will be considered on a case-by-case basis, depending on the subject. General encyclopedias and directories are not typically acceptable. Print journals and magazines are also not typically acceptable, regardless of their condition.

Books that are acceptable for the Waidner-Spahr collection but which are already owned by the Library will be donated to Better World Books. Books that do not meet criteria for the Library collection or Better World Books will be recycled or sold. Funds resulting from the sale of donated books will be used for new Library purchases. Donors are asked to consult with the Associate Director for Library Resources and Administration to discuss proposed gifts of books. The Associate Director may be able to suggest other contacts if the intended gift is deemed inappropriate for the College. Materials must be boxed and delivered at the donor's expense. Email inquiries may be sent to library@dickinson.edu.

Audiovisual Materials Donation Guidelines

The Library welcomes commercially produced DVDs of films that have content relevant to the current Dickinson curriculum and are in like-new condition (include original artwork and case). Documentaries on relevant subjects or feature films appropriate for Dickinson's film studies program are welcome. Classical music on like-new, commercially produced CDs will be considered on a case-by-case basis. We cannot accept homemade tapes or bootleg copies of broadcasts, films, or performances. The following formats, even if commercially produced, are not appropriate for donation: VHS tapes, cassette tapes, vinyl records, laserdiscs. DVDs which are acceptable for

the Waidner-Spahr collection but which are already owned by the Library will be donated to Better World Books. Other materials will be discarded.

Donors are asked to consult with the Associate Director for Library Resources and Administration to discuss proposed gifts of audiovisual materials. The Associate Director may be able to suggest other contacts if the intended gift is deemed inappropriate for the College. Materials must be boxed and delivered at the donor's expense. Email inquiries may be sent to library@dickinson.edu.

Financial Contributions to the Library

Financial contributions support the purchase of Library materials.

Gifts may be made online using Dickinson's giving website. Select The Waidner-Spahr Library from the drop-down list of possible designations.

To give by mail, please send a check (made payable to Friends of the Dickinson College Library) to:

Dickinson College
Friends of the Library
P.O. Box 1773
Carlisle, PA 17013-2896

Email inquiries may be sent to archives@dickinson.edu.

Donations of Rare & Unique Materials

Prospective donors of rare books, personal papers, photographs, artifacts, or other special materials will be referred to the College Archivist who will evaluate the appropriateness of the gift for addition to the Archives & Special Collections. Since the College Archives is a rich resource for our students as well as for the college community, we welcome publications and personal papers of college alumni and faculty, in addition to material relating to the College's history and the local community. Email inquiries may be sent to archives@dickinson.edu.

Receipts for Gifts

Monetary appraisals and/or appraisal fees for gifts of materials to the Library are the responsibility of the donor. Any donors wishing to receive a gift receipt from the College must provide the Library with an original copy of an appraisal report or receipts of purchase.

INTERLIBRARY LOAN POLICIES

The purpose of Interlibrary loan is to support faculty and student research by providing access to materials that the Dickinson College library does not own and to materials owned but are currently unavailable by requesting those materials from other institutions. We reciprocate by lending our books and copying documents for other institutions.

Borrowing Materials Through Interlibrary Loan

Dickinson College faculty, administrators, staff, students and emeriti faculty are permitted to use Interlibrary loan services at no charge. If studying off campus, see our Guide for Study Abroad.

Dickinson College alumni and retirees, and Friends of the Library are permitted to use Interlibrary loan services at no charge when the material borrowed is obtained free of charge. However, some libraries bill for their services. These charges will be passed on to the patron making the request.

All patrons will be responsible for charges arising from damaged, lost or overdue materials. Non-compliance will result in suspension of interlibrary loan privileges.

We use two different systems to meet the needs of our patrons and the libraries who borrow from us, PALCI / EZ-Borrow for book loans and ILLiad for hard to get books and copies of articles and other documents.

PALCI / EZ-Borrow books are generally delivered to the library within 3-5 working days. You will be notified by e-mail when requested material is available for pick-up. Length of loan for PALCI / EZborrow is 28 days from the time the library has received it. You may self-renew using the library catalog's on-line renewal service or request a renewal at the circulation desk for another 28 days.

ILLiad books are generally delivered within 5-7 working days. You will be notified by e-mail when requested material is available for pick-up. Length of loan for ILLiad requested books is determined by the lending library. Renewals may be requested through your ILLiad account.

ILLiad articles are usually sent electronically within 1-3 days. Articles sent in paper format will be sent to your campus address. Articles are yours to keep.

BORROWING A LAPTOP COMPUTER

Laptop Loans for Students

The library has 35 dual boot MacBooks available for in-library use by students.

- Check out a laptop at the Circulation Desk.
- The initial check-out period is for two hours. Overdue fees will begin to accrue if the laptop is not renewed. Please see [Library Loan Periods](#) for more information.
 - In addition to checking out the computer, the patron will be required to sign a responsibility agreement form. Patrons will be responsible for lost or damaged laptops and/or parts.
- All laptops have current software installed and can be used on the library's wireless network. Please see [Wireless Computing](#) for more information.
- Failure to comply with policies may result in suspension of laptop borrowing privileges.

LIBRARY CARDS

Students, Faculty, Academic Professionals, Staff and Administration:

May borrow items with their college photo ID (issued at the Dining Services office).

Alumni:

Dickinson alumni should bring their Dickinson College ID (obtained from the college's ID office) to the main Circulation Desk. A library supervisor will assist you with registration.

Dickinson College Family Members:

The family member who works at Dickinson must send an e-mail to the Circulation Desk at circ@dickinson.edu with the names of his/her partner and/or children. The family member can then register to borrow at the library Circulation Desk between the hours of 8 a.m. and 4 p.m. Monday through Friday. A library supervisor will assist you with registration.

Consortia Borrowers (ACLCP, Oberlin Group, PALCI) Faculty and Students:

The form must be signed by the librarian, verifying the high school's agreement to accept responsibility for that student. The high school student must present the request card at the Dickinson College library circulation desk when they wish to check out an item. The request card is not returned to the student, but is retained by Dickinson for our records. The student will be issued a bar coded library card which will be good for one month only.

STUDY ROOM USE & RESERVATION POLICY

The library has 13 study rooms located on the upper level, main level and lower level of the library. Several of the study rooms are quiet, enclosed spaces, but some of the study rooms are equipped with a flat panel television monitor, VCR/multi region DVD player and computer ready or computer installed. Dickinson college students, faculty and administrators always have priority in the use of the library's study rooms.

Reservations for study room use are required at least 12 hours in advance. [Use our online request form.](#)

Terms of reservations:

- Reservations last no longer than three hours per day.
- Rooms left unattended for twenty minutes will be forfeited and materials removed to the Circulation Desk.

You will be notified by e-mail the room number that has been reserved for you. A sign will be placed on the door of the room. In the event we cannot fill your request, you will be notified by e-mail.

Magnetometer Use

Dickinson College values the safety of all students, faculty, staff and guests of the campus. Towards that end, the college reserves the right to employ a magnetometer (metal detector) at campus events.

Metal detectors may be used if any of the following criteria are met:

- At dances, parties and concerts, when these events are:

(1) open to the public outside of the Dickinson community (the Dickinson community consists of current Dickinson students, faculty, staff and alumni), and (2) the event is expected to draw more than 100 people.

- When deemed necessary by the Chief of Public Safety, or other appropriate college administrators.

The following information should be provided to all individuals purchasing tickets for events in which a metal detector will be used:

All guests at this event are subject to search, including screening with a metal detector before being admitted. By seeking admission to this event, you are consenting to such a search.

The following should be posted at the entrances to events subject to the policy:

All guests at this event are subject to search, including screening with a metal detector, before being admitted.

Missing Student Policy

If a member of the college community has reason to believe a student is missing, they should **immediately** notify Dickinson Public Safety (DPS) at 717-245-1111, whether or not the student resides on campus. DPS will generate a missing person report and initiate an investigation. DPS will notify the Student Life On-Call (SLOC), the Chief of DPS and other appropriate personnel to initiate actions to locate the student. All possible efforts will be made to locate the student to determine their state of health and well-being. If the student is an on campus resident, DPS, working Residence Life personnel and the SLOC, may make an entry into the student's room to check on their welfare. If the student is an off-campus resident, DPS will enlist the aid of the police agency having jurisdiction.

Concurrently, college officials will endeavor to determine the student's whereabouts through contact with friends, associates, and/or employers of the student. Whether or not the student has been attending classes, scheduled academic or organizational meetings, or appearing for scheduled work shifts, will be established. If located, verification of the student's state of health and intention of returning to the campus will be made.

In addition to registering a general emergency contact, students residing in on-campus housing have the option to identify confidentially an individual to be contacted by the college in the event the student is determined to be missing. If a student has identified such an individual, the college will notify that person no later than 24 hours after the student is determined to be missing. A student who wishes to identify a confidential contact may do that through the housing registration process. A student's confidential contact information will be accessible only by authorized campus officials and police in the course of the investigation.

After investigating a missing person report, should DPS determine that the student has been missing for 24 hours, DPS will notify Carlisle Police (or other law enforcement agency with jurisdiction) and the student's emergency contact no later than 24 hours after the student is determined to be missing. The notification of the emergency contact will be made by SLOC or the Dean of Students. If the missing student is under the age of 18 and is not an emancipated individual, the SLOC or the Dean of Students will notify the student's parent or legal guardian immediately after DPS has determined the student has been missing for 24 hours.

If the circumstances related to a student's disappearance appear to be related to foul play, i.e. kidnapping or other criminal acts, then the appropriate notifications and actions will be initiated immediately.

Noise Policy

All members of the Dickinson College community are expected to respect the rights of students and area residents to live in an environment free from excessive noise pollution, thereby enabling all community members to pursue their academics free from harassing noise and excessively boisterous activities. Although students should expect that some events and activities will entail music and noise, they also have a right to expect that the level of noise will be reasonable and appropriate to the time and place. Responsibility for providing an environment free of excessive noise falls first upon individuals and groups who are expected to regulate themselves.

Any persons who object to the time, place and level of noise have the right to request that the noise be eliminated. When the complainant and the person or group responsible for the music or noise cannot agree concerning a reasonable level, the appropriate procedure is to ask a third party to mediate the problem. Appropriate third parties include: Resident Advisors, Community Advisors, House & Apartment Managers, Student Life staff, and Public Safety Officers.

In those cases where a third party is involved, disciplinary action may be initiated through the college conduct system. Sanctions for violations of the noise policy will be drawn from sanctions found in the Community Standards, individually or in any combination.

For more specific guidelines in residential spaces see "[Noise Guidelines](#)" under the Residential Living Guidelines.

Non-Discrimination Policy

Dickinson College is an intellectual and social community that values justice, free inquiry, diversity, and equal opportunity. It is a fundamental policy of the college to respect pluralism and to promote tolerance, civility and mutual understanding within its community. The college does not discriminate on the basis of race, color, national origin, sex, disability, religion, age, veteran status, gender identity or expression, sexual orientation or any other protected class.

Open/Closed Social Events Policy

Dickinson College does not discriminate on the basis sexual orientation or legally protected characteristics such as race, gender, religion, national origin, ethnicity, disability, or military status. Its social policies reflect this commitment and strive to promote a campus-wide sense of community. In order to foster such an environment and to provide college organizations with choices based on purpose of social events, resources and support of the institutional mission, the college policy on open and closed social events is:

Closed Social Events

This means the social event is open to organization members only.

1. All College organizations holding social events on College-owned facilities or premises may designate their social event as “Closed” when the purpose of the event supports this designation.
2. Two or more organizations may co-sponsor a “Closed” social event in College-owned facilities or premises which are open to members of the co-sponsoring organizations only. Co-sponsorship involves use of the resources and assumption of responsibility for compliance with college policies in an equal manner by all organizations involved.

Social Events Open to Members and Invited Guests

If a social event is open solely to organization members and their invited guests, the only restrictions which can be made in advance regarding a guest list are on the basis of:

1. Past behavioral problems
2. Minimum age
3. Status as a member of the Dickinson College community (student or potential student, faculty, administrator, staff, alumnus/a, parent/family member, trustee)

Open Social Events

An “Open” social event is one with no invited guest list and upon which no limits or restrictions on access are imposed. If a social event is open to the college community at large, the same restrictions listed above apply. The only persons who may not be permitted access to an open social event are those whose behavior in the past has caused problems, those below the minimum age, and/or those who do not belong to the college community.

Note: Any organization whose inter/national bylaws and/or insurance guidelines contain restrictions on the type of social event the organization may host must comply with those restrictions.

Parental Notification Policy

The Family Educational Rights and Privacy Act (FERPA) is a federal law that protects the privacy of student education records. When and under what circumstances the college will discuss information about a student with his or her guardian is subject to limits of this law. The college's complete FERPA policy and FAQs on the subject can be found at

http://www.dickinson.edu/info/20088/registrars_office/264/ferpa.

Parking and Vehicle Registration Policy

Registration of Motor Vehicles

Dickinson College parking decal are required to park on property under the control of the college. Dickinson College faculty, administration, staff, and upper-class students who are currently enrolled in Dickinson College classes are authorized to obtain a college parking decal after registering their vehicles with Public Safety. Persons planning to use more than one motor vehicle must register each vehicle separately. Vehicles should be registered immediately upon being brought to campus.

There is no charge to register your vehicle and obtain a Dickinson parking decal. All persons associated with Dickinson College who expect to park a motor vehicle on campus at any time should acquire a Dickinson parking decal. It should be understood that this does not guarantee the registrant a parking space in any particular campus lot.

Note: First-year students are not permitted to possess or operate motor vehicles on the Dickinson campus or in the Carlisle area. This restriction applies to any vehicle regardless of its type, ownership, or registration but does not apply to college motor pool vehicles used in accordance with college sponsored activities, or car sharing services such as ZipCar. This policy is in effect seven days a week. Exceptions to the policy are granted according to strict guidelines and may only be made by the Department of Public Safety. Requests for exceptions must be made in writing by the student and forwarded to the Chief of Public Safety at security@dickinson.edu. Requests for exceptions for medical reasons may require the submissions of documents from your health care provider. Public Safety may consult with the Wellness Center for requests of this type.

Parking and Operation of Motor Vehicles

Parking and operation of motor vehicles must conform to provisions of the laws and ordinances of the Commonwealth of Pennsylvania and the Borough of Carlisle. Parking a vehicle for extended periods (longer than 72 hours) is discouraged in most campus lots. If you need to park your vehicle for periods longer than 72 hours, please use the Facilities Management lot on North Orange Street or the Kaufman Lot and notify Public Safety. Motor vehicles which are abandoned or illegally parked in college parking lots will be removed in accordance with Section 3353 of the Pennsylvania Vehicle Code.

The following are not permitted:

1. Parking in a "no parking" or reserved space.
2. Parking in a handicapped space without a proper tag.
3. Parking in fire lanes marked with yellow curbs.

4. Parking in areas designated as “tow away” zones.
5. Parking so as to block access to refuse containers.
6. Parking in or blocking a driveway.
7. Parking on a sidewalk.
8. Exceeding the posted time limit in regulated areas.
9. Careless or imprudent operation of a motor vehicle on College property.
10. Invalid use of a visitor space.
11. Parking an unregistered vehicle on College property.

Penalties for Violations of Regulations

Failure to observe traffic regulations will result in the imposition of penalties as follows:

1. Parking offenses will be assessed a \$25 fine. A third offense in an academic year may result in the loss of parking privileges on campus.
2. Handicapped, no parking, service vehicle, visitor parking and shipping and receiving areas are tow zones. In addition to the towing charge, a \$25 fine will be imposed. A second towing offense will result in a towing charge, a \$25 fine and loss of all parking privileges on the campus.
3. All fines must be paid at the Cashier’s Office in the Holland Union Building within 7 days from the time the citation was issued.

Penalties for violations committed with a vehicle will be charged against the registration of the vehicle unless another person is clearly identified as the operator of the vehicle at the time of the violation. Penalties assessed will, unless paid to as above, be charged to the individual’s account with the college and treated on the same basis as any other amount owed to the college.

Parking Citation Appeals

Parking citations may be appealed within 7 days of the date issued. Citation appeal forms are available at Public Safety. Appeal forms are reviewed by a student panel and the appealing party is notified of the outcome of their appeal by e-mail.

Parking Over Winter Break

Persons needing to leave vehicles parked on campus during Winter Break must contact Public Safety to be directed where to park the vehicle. Vehicles parked on campus may be parked in the Kaufman Lot or the West Kline Lot, but only at the direction of Public Safety. In the event of a storm, cars not parked in areas designated by Public Safety may be towed at the owner’s expense.

Preferred or Chosen Name Policy

Dickinson recognizes that faculty, staff and students may use names other than their legal name to identify themselves. These may include, but are not limited to, people who use their middle name instead of their first name, people who use nicknames of a legal name, people who use an anglicized name, or people who use a name that affirms their gender identity.

It is the policy of the college that students, faculty, staff, and administrators may use whatever preferred or chosen first name they want, regardless of whether they have legally changed their name, except where their legal names are required by law, industry standard or strong business need.

The use of a preferred or chosen name cannot be for illegal purposes.

Systems using Preferred or Chosen Name

The college administration will begin working as early as June 1, 2017 to implement preferred first name use on college information systems, reports, and processes. It is important that you review and update your preferred first name before this time.

This will be a phased implementation with a goal to have select systems using preferred first name by September 2017. A list of updated systems is provided [here](#).

The policy uses the language of both “Preferred” and “Chosen” names. Both terms describe the intent of this initiative. A person may prefer to be known by a shortened name or a nickname. Alternatively, a person may choose to be known by a different name. The FAQs below use the term “preferred name” or “preferred name use,” so whether you choose a different name or prefer a nickname, we will refer to it as preferred name.

1. Can anyone select a preferred name?

Yes. This option is available for all current students, faculty, staff, and administrators.

2. Do I have to specify a preferred name?

No, you do not have to specify a preferred name. This is an option for people who wish to use a name other than their legal name to identify themselves. If you use your legal name, you do not need to specify a preferred name.

3. How do I submit a preferred name request?

Current students and employees can view and request a preferred first name by using the “College Name Registration” widget on their Gateway home page.

4. Can I use my preferred name for everything at Dickinson College?

Dickinson College will strive to use your preferred name where possible, but your legal name will continue to be used in business and other processes that require use of a legal name.

Examples of where your legal name is necessary include but are not limited to the following.

- Financial Aid documents
- Payroll
- Billing records
- Medical records
- Federal Immigration documents
- Non-Resident Visas and supporting documentation
- Tax forms (i.e. W2, 1095C, 1099s)
- Checks and direct deposit files issued by Accounts Payable
- Student loan documents

Dickinson College's implementation of the Preferred or Chosen Name Use policy began in the summer of 2017. The goal of the implementation is to provide a consistent name experience across all college information systems and services. We strive to use your selected preferred name everywhere, except where legally necessary. Full implementation of this policy is ongoing as new information systems and services are added each year.

5. Where will my preferred name appear?

We strive to have your preferred name appear wherever legal name is not required. As we transition our information systems and processes to use preferred name, we will list them [here](#).

6. When will my preferred name show up in the campus directory or my class rosters?

Beginning in September 2017, you may expect your preferred name to be displayed within two weeks of submission.

7. Will professors receive a notification of my name change?

No. Your preferred name will display in the CLIQ Class Roster within 2 weeks of submission.

8. Can I change my preferred name to whatever I want?

We trust the members of the Dickinson community to choose preferred names after careful consideration, with good intentions, and with the community's best interests in mind. We don't anticipate having to deny a name change request or remove a preferred name. However, we do reserve the right to reject inappropriate requests and to remove preferred names with or without notice.

We cannot give an exhaustive account of which uses or names would be inappropriate, but we can illustrate the idea with a few examples. Name changes may not be used to avoid legal obligations or for illegal purposes. Names requested should not include offensive or derogatory language. The purpose of the preferred name policy is to foster a campus environment that is inclusive and that encourages self-expression; we expect to approve all name changes that do not contravene this purpose.

If you would like to speak with someone to determine whether use of a preferred name is right for your needs, please contact Erica Lawrence (lawrener@dickinson.edu), director of the Office of LGBTQ Service.

9. How do I delete my preferred name?

If you are a current student or employee who has submitted a preferred first name and later decide that you would prefer to use your legal first name or a different preferred first name everywhere on campus, you may delete your preferred first name.

Current students and employees can delete a preferred first name by using the “College Name Registration” widget on their Gateway home page. Click the “Remove Name” button on the “College Name Registration” form.

10. How do I change or correct my legal name at Dickinson College?

If you are a current student, visit the [Registrar’s website](#) for information about changing your legal name.

If you are an employee, visit the [Human Resource Services website](#) for information about changing your legal name or other personal information.

You will need to provide appropriate documentation.

11. Does changing my preferred first name automatically update my Dickinson username and email address?

No. If you would like to use your preferred first name as the basis for your username, please contact the [LIS Helpdesk](#).

Changing your username may have an impact on your ability to use Dickinson computing resources while your new username is synchronized across all campus information systems and services. Upon request, the LIS help desk can provide more information on the process of changing your username.

12. Will my preferred name appear on my Dickinson College ID card?

Cards issued after August 1, 2017 will have the preferred name printed on the front of the Dickinson College ID card.

In order for your preferred first name to appear on your ID card, you must have already indicated your preferred first name in Gateway. Note that the processing of your preferred first name request may take two weeks.

Visit the card office to request a replacement ID with your preferred name. The standard fee for ID card replacement will apply.

Your Dickinson College ID card is not a legal form of identification. Carry your driver's license or other legal identification when you leave campus or need to provide legal identification.

13. How does the preferred name policy affect F-1 & J-1 visa students?

Preferred name is for use within the college community. International students may feel free to select a preferred first name for on-campus use. However, this does not apply in situations where one's legal name is required. For the purpose of F-1 or J-1 student visa status, the legal name is required on I-20s and DS-2019s. An individual's legal name is what appears in the passport.

14. I have more questions about the Preferred Name Policy. Who do I contact?

Erica Lawrence, director of the Office of LGBTQ Services, will assist in answering questions about the Preferred or Chosen Name Use policy. She can be reached at lawrener@dickinson.edu.

For issues with your preferred name appearing in any information system or service, please contact the [LIS help desk](#).

Protection of Minors Policy

Purpose: This policy is designed to educate our community members- faculty, staff, students, volunteers- about the state laws and regulations regarding the prevention, identification, and reporting of child abuse. Dickinson College is committed to the protection and safety of minors. While the vast majority of the members of the Dickinson community are adults age 18 and over, our community also includes minors less than 18 years of age, both in formal relationship to the College, and more informally, as frequent visitors. For example, minors may be matriculated or prospective students, participants in camp programs, volunteer programs, outreach and enrichment programs or children in our [Children's Center](#).*

*Nothing in this policy is intended to supersede obligations imposed by law regarding the maintenance of privilege by specified professionals.

Policy: It is the obligation of every member of the college community to report suspected child abuse as soon as possible as outlined below.

Duty to Report

Every member of the Dickinson Community has a duty to report as soon as possible if he/she has reasonable cause to suspect that a child is a victim of child abuse based on:

1. Information shared with him/her by the child or any individual; or
2. His/her own observations or knowledge.

The duty to report is triggered by reasonable suspicion or belief. There is no requirement that there be actual evidence of abuse, nor should any individual seek to investigate the matter for him/herself. Any doubt as to whether or not to report should be resolved in favor of making the report to ensure that the appropriate professionals in child protective services can assess the report and evaluate the safety of the child.

Procedure

Under this policy, any Dickinson community member (faculty, staff, students, volunteers) suspecting abuse of a child is required to bring all reasonable suspicions or beliefs to the immediate attention of the appropriate state authorities immediately.

Child Line: 1-800-932-0313

As soon as the report is made, you must contact the Associate Vice President of Human Resource Services and/or the Chief of Public Safety. These individuals, in turn, have the obligation to verify that appropriate authorities have been notified and to coordinate investigations by police or other agencies.

Failure by any member of the Dickinson community to report information related to suspected child abuse as soon as possible to either Child Line or the designated officials will result in discipline up to and including termination for employees and dismissal for students. Failure of these officials to initiate timely notice and timely and appropriate investigation will result in discipline up to and including termination.

Definition of Child Abuse

A child is defined as anyone under the age of 18. The term "child abuse" shall mean

intentionally, knowingly, or recklessly doing any of the following:

1. Causing bodily injury to a child through any recent act or failure to act.
2. Fabricating, feigning, or intentionally exaggerating or inducing a medical symptom or disease which results in a potentially harmful medical evaluation or treatment to the child through any recent act.
3. Causing or substantially contributing to serious mental injury to a child through any act or failure to act or a series of such acts or failures to act.
4. Causing sexual abuse or exploitation of a child through any act or failure to act.
5. Creating a reasonable likelihood of bodily injury to a child through any recent act or failure to act.
6. Creating a likelihood of sexual abuse or exploitation of a child through any recent act or failure to act.
7. Causing serious physical neglect of child.
8. Engaging in any of the following recent acts:
 - (i) Kicking, biting, throwing, burning, stabbing or cutting a child in a manner that endangers the child.
 - (ii) Unreasonably restraining or confining a child, based on consideration of the method, location or the duration of the restraint or confinement.
 - (iii) Forcefully shaking a child under one year of age.
 - (iv) Forcefully slapping or otherwise striking a child under one year of age.
 - (v) Interfering with the breathing of a child.
 - (vi) Causing a child to be present at a location while a violation of 18 Pa.C.S. § 7508.2 (relating to operation of methamphetamine laboratory) is occurring, provided that the violation is being investigated by law enforcement.
 - (vii) Leaving a child unsupervised with an individual, other than the child's parent, who the actor knows or reasonably should have known:
 - (A) Is required to register as a Tier II or Tier III sexual offender under Pennsylvania law, where the victim of the sexual offense was under 18 years of age when the crime was committed.
 - (B) Has been determined to be a sexually violent predator under Pennsylvania law.
 - (C) Has been determined to be a sexually violent delinquent child as defined by Pennsylvania

law.

9. Causing the death of the child through any act or failure to act.

Child abuse may be committed by any individual, including an employee, student, volunteer, parent, caregiver or any other party in the child's life. The duty to report exists regardless of whether or not the suspected perpetrator is a member of the Dickinson community and regardless of the specific role he/she occupies in the child's life.

Duty to Report:

Pennsylvania law requires that private colleges, including Dickinson College their employees and persons affiliated with the college, such as students, and volunteers (the Dickinson community), report suspected child abuse. Reports of suspected abuse must be made by members of the Dickinson community to **Child Line at 1-800-932-0313**. Consistent with this policy, however, it is expected that notice of this report will also be shared as soon as possible with the Associate Vice President of Human Resource Services and/or the Chief of Public Safety after Child Line has been notified.

Consequences of Abuse:

The employment of any college employee who is convicted of a charge related to abuse of a minor will be terminated, whether the abuse occurred on or off campus. Any employee against whom a credible allegation of child abuse has been made as determined by a preponderance of the evidence, on or off campus, is subject to College discipline up to and including termination. Any Dickinson student who is convicted of a charge related to abuse of a minor will be expelled from the College, whether the abuse occurred on or off campus. Any Dickinson student against whom a credible accusation has been made as determined by a preponderance of the evidence, on or off campus, is subject to discipline up to and including expulsion.

Religious Holidays Policy

Dickinson College is fully committed to understanding and support of the diverse faith traditions to which members of our community adhere. While classes will still be held, the administration and faculty will make every effort not to schedule College-wide and/or public events on major religious holidays. Students of any faith who observe the major religious holidays or other minor religious holidays that typically restrict their participation in regular activities may also be excused from academic, athletic, and other responsibilities on those days by following the guidelines in the policy below.

The Religious Holiday Policy reads: *The college (offices and departments) will not schedule public and/or college-wide events on the following major religious holidays: Rosh HaShanah, Yom Kippur, the first night of Passover, Eid-al-Fitr, and Eid-al-Adha. The college calendar already excludes events on Christmas and Easter. Students must make arrangements with their faculty members in advance when an exam (including quizzes), papers, and other work are due on major religious holidays. A student will not be penalized for missing class or not handing in work on a holiday due to religious observance. However, students must notify faculty, in writing, reasonably in advance of the holiday if they will be absent from class for religious observance. Likewise, students who observe these holidays must notify, in advance, their coaches should they have athletic practice or scheduled competition at a time of religious observance. While faculty and staff are expected to be sensitive to the needs of observant students of all faiths when planning lectures, field trips, work and other curricular activity that might conflict with observance of a major religious holiday, any course work or other obligation that is missed remains the student's responsibility to complete. Faculty members are expected to make reasonable arrangements for students to complete missed work; students must make up the work.*

Residential Living Guidelines and Policies

Students living on campus are expected to participate actively in their communities as well as fulfilling the obligations of a respectful and responsible citizen in the community. Residential policies and guidelines are designed to foster safe, productive and respectful environments that allow students maximal opportunities for growth and development. While living in college-sponsored facilities, you are expected to follow these guidelines and policies and any other guidelines established by an individual community.

Air Conditioning

Some residence halls are equipped with air conditioning. If you live in a building without air conditioning and have a documented medical condition that requires air conditioning, submit this information in writing to the Office of Disability Services. The installation of a personal air conditioning unit is strictly prohibited.

The College's temperature policy calls for an occupied target temperature of 68 degrees +/- 2 degrees for the heating season and an occupied target of 74 degrees +/- 2 degrees in the cooling season. The most challenging times of year are the spring and fall when outdoor temperatures can change rapidly from hot to cold – even within the confines of a single day. Window air conditioning units are not installed in the spring unless a student received an accommodation for air conditioning from the Office of Disability Services due to a documented medical condition.

Alcohol

In accordance with the college's Community Standards, students who are under the legal age for possession/consumption of alcohol may not have alcohol in their residential space. Guests who are of age to possess/consume alcohol may not have alcohol in spaces where the residents are not of the legal age.

Appliances

The following appliances have been approved for residential use within your bedroom:

- Personal refrigerator no larger than 4.1 cubic feet
- Microwave oven using less than 700 watts
- UL approved coffee makers
- Any appliances with concealed heating elements (ex. hot pots)

- Multiple strip outlets (fused, with at least 14 gauge wire, grounded cord) are allowed when needed to power electronic devices.

Additional UL approved cooking appliances may be permitted for use and storage in pre-identified kitchen areas with prior approval from the Residence Life and Housing office.

The following appliances are not permitted in residential facilities:

- Any electrical appliances with open heating elements (hot plates, George Forman Grills, barbeques, toasters/toaster ovens)
- Halogen lamps
- Electric blankets
- Concealed extension cords or multiple outlet adapters.

Balconies & Porches

Certain housing assignments have access to balconies and/or porches. Occupancy of these spaces is limited to the total number of residents in the housing assignment plus 2 additional students. Over-occupancy of these spaces is a potentially serious safety issue, and use of these spaces is monitored by College staff such as Department of Public Safety and Facilities Management. Students seen to be over-occupying these spaces will be asked to reduce the occupancy to established limits. Repeated reminders about safe occupancy limits may result in a loss of use of the space for a short- or long-term basis.

Bicycles

You are permitted to have a bicycle on campus. Storage spaces or racks are provided around the campus at a variety of locations. You may not store bicycles in lounges, hallways or stairwells as this can block an exit in case of an emergency evacuation. If your bicycle is stolen or damaged, it is your responsibility to report it to the Department of Public Safety.

Break and Vacation Housing

Housing remains open during the following break periods: mid-term pause, Thanksgiving vacation, spring vacation. During these breaks you may remain in your assigned room at no additional cost. You may leave personal items in your room during any break period; however, the college does not assume responsibility for personal articles. Campus services such as Dining Services may alter their hours during these times.

During winter vacation students are not permitted to remain on campus. Winter sport athletes are permitted to return to campus after December 31 and will be assigned to temporary housing spaces. The following spaces may be used to house students who are approved to be on campus during the break: McKenney Suites, Louther Street Townhouses (373, 377, 379, 381, 383), Todd House,

Factory Apartments (230 and 236 W. North Street). If you live in one of these residences, your space may be temporarily reassigned to house other students over the break. You may, however, leave belongings in these rooms/apartments during the break.

Students requesting housing during any break period and/or after exams must request permission directly with the Residence Life and Housing office prior to the start of each break period. Students who have an active discipline record will not be permitted to remain on campus over any break and/or after exams without permission from the Director of Residence Life and Housing.

At the end of the academic year, only graduating seniors and students involved in commencement are allowed to remain on campus. All students, other than graduating seniors, who need to stay on campus must request permission to remain in housing directly with the Residence Life and Housing office. The student will then be notified if their request has been approved.

Business Ventures & Solicitation

You may not conduct or solicit business in college housing. This includes using your computer network access to conduct business through your computer or the internet. Failure to comply will result in disciplinary action.

For the safety and privacy of all members of the campus community, solicitors, peddlers and door-to-door solicitation are not permitted on campus, including in any residential buildings.

Members of the campus community are not permitted to raise funds or sell products on campus without permission from the Student Leadership & Campus Engagement. No one, including members of the campus community, is permitted to solicit, raise funds, or sell products in the residential facilities.

No deliveries are to be made in an individual room in any campus building, including the residential facilities. All personnel delivering personal products should be directed to meet you at the main entrance of a campus building.

Check In and Check Out

When checking in to housing, you will be issued a key(s) that will grant you access to your room and building assignment. You will also receive a Room Inventory report and be asked to note any previous damages to the room or furnishings to your RA, HAM, or the Residence Life and Housing office.

You are required to officially check out with the appropriate staff member when moving out of college housing which includes turning in your key(s). Plan to check out of your room **within 24 hours of your last final exam** unless given permission prior to the start of final exams.

- If you change rooms during the year, you are expected to check out of your initial room by having an RA or HAM evaluate the condition of your room when you leave. When you check into your new room, you should complete a new Room Inventory form.
- If you leave for any other reasons (Disciplinary action, Leave of Absence, etc.) please contact the Residence Life and Housing office for further instruction.

Cleaning & Repairs

Facilities Management provides housekeeping services for the public areas of each traditional residence hall, including bathrooms, hallways and lounges. You are expected to keep your own room clean and orderly. If you discover your room is in need of repair, you should contact Facilities Management directly.

Houses and apartments are independent living spaces. As such, students in these spaces are expected to maintain the cleanliness of these spaces on their own. At the end of the academic year, Facilities Management and Residence Life and Housing will inspect all houses and apartments; if the condition of these spaces requires excessive cleaning or repair, the residents may be charged.

Students can notify Facilities Management by completing a service request form online or by calling Service Response at x1700. For emergency repairs, after working hours, contact the Department of Public Safety.

The right to inspect and repair rooms at times convenient to the college or its authorized agents is unconditionally reserved by the college. If you have concerns or questions about the service provided in the residence halls, please contact Facilities Management at x1212.

Community Billing

The purpose of community billing is to promote individual responsibility and to hold students mutually accountable for the condition of their shared living spaces. Public areas (i.e. corridors, stairways, lounges, bathrooms) are the collective responsibility of the residents of that suite, wing, floor, or building, apartment or house. Charges for damages to those areas may be divided among the residents of those facilities. Areas covered under the community billing policy may include, but are not limited to vandalism, stolen furniture, or housekeeping charges in a common or public area when it is not directly possible to determine the responsible person(s).

Cooking

Cooking within a residential facility is permitted within pre-identified kitchen areas or with approved appliances (see "Appliances") within an individual room.

Damage Billing

Vandalism, damage, destruction of college or personal property, or creating a condition that requires clean up or repair is not permitted. Damage to your room and college-provided furnishings shall be the financial responsibility of you and other assigned occupants. In instances when unnecessary clean up or repairs are necessary, students may be subject to the financial responsibility either individually, or as a suite, wing, floor or building in such instances when it is not directly possible to determine responsible person(s).

Decorating your Residential Space

As part of personalizing your residential space, you are encouraged to decorate your room. You may not make any permanent or semi-permanent alterations to the room, including structure, painting, partitions, paneling and electrical system modifications. You may not affix anything to any internal or external structure of the housing facility (e.g., flag, signs, satellite television dish, antenna, etc.) or have anything hanging or protruding from the facility, unless approved by the Director of Residence Life and Housing. Organizations wishing to have identifying letters, signs, or flags visible from the outside of their residential facility must submit a letter to the Director of Residence Life and Housing to request approval.

- Lights - You may not have halogen or decorative lights, including string lights.
- Wall Decorations - You may not use items that would result in damage in the walls including screws, nails, staples and/or adhesives such as Scotch or duct tape on walls. Glue may not be used on walls, furniture or floors.
- Nothing may be hung on ceilings, sprinkler pipes, block fire safety devices or block any egress or exit, including any tapestries or other fabric items.
- Holiday Decorations - No cut or live trees or wreaths are permitted in college-operated residential facilities.
- Outdoor Furniture - Only furniture intended for use outdoors (patio/deck furniture) may be used or stored outside. Indoor furniture (i.e. couches, loveseats, etc.) may not be used or stored outdoors.

Drones

All members of the College community, including faculty, staff and students, as well as visitors to Dickinson College, are prohibited from operating Unmanned Aircraft Systems (UASs), also known as drones, without the permission of the Director of Academic Technology.

Entry & Inspection of Student Rooms

The College reserves the right to enter any room at any time without advance notice for the purposes of inspection, repair, maintenance, protecting the health, safety, and security of residents and in cases of emergency, as determined by the college. Entry may be made by members of the Student Life staff, including members of the Department of Public Safety.

The College further reserves the right to inspect a room at any time and its contents for violation of College policies, including the Community Standards, or residence hall regulations, including but not limited to possessing illegal substances or substances believed by the College to be illegal or conducting activities that could endanger the life, safety, order or welfare of another person.

Routine health and safety inspections of residential spaces will be announced at least one day in advance of the inspection. During any such inspection of residential spaces, any evidence of violations of the Community Standards may be confiscated and processed accordingly.

Fire Safety Equipment & Procedures

All residential facilities are equipped with fire detection and firefighting equipment. Tampering with fire safety equipment is strictly prohibited. Tampering with fire safety, including discharging fire extinguishers or disabling smoke detectors, may result in suspension from the college, plus cost of restoring equipment to its original condition. Failure to comply with these policies will likely result in disciplinary action.

Students may be fined for a fire alarm resulting from the use of a prohibited appliance, such as a toaster, or prohibited activities (smoking, burning candles or incense, etc.).

It is vital that all fire alarms are taken seriously and you are expected to leave the building during a fire alarm. You must remain outside the building until such time as Department of Public Safety or Facilities personnel indicate that it is safe to re-enter the building.

Your Resident Advisor or House and Apartment Manager will have information on proper procedures for evacuating the building during a fire alarm. Failure to leave the building during a fire alarm may result in fine or disciplinary proceedings. Fire drills will be held during the semester and are coordinated by Residence Life and Housing and the Department of Public Safety.

Fire Safety Guidelines

The following appliances have been approved for residential use within your bedroom:

- Personal refrigerator no larger than 4.1 cubic feet

- Microwave oven using less than 700 watts
- UL approved coffee makers
- Any appliances with concealed heating elements (ex. hot pots)
- Multiple strip outlets (fused, with at least 14 gauge wire, grounded cord) are allowed when needed to power electronic devices.

Additional UL approved cooking appliances may be permitted for use and storage in pre-identified kitchen areas with prior approval from the Residence Life and Housing office.

The following appliance/items are not permitted in residential facilities:

- Any electrical appliances with open heating elements (hot plates, George Foreman Grills, outdoor grills, toasters/toaster ovens)
- Electric blankets
- Halogen lamps or decorative lights, including string lights
- Concealed extension cords or multiple outlet adapters.
- Spark or flame-producing items such as fireworks, firecrackers, explosive materials, candles, incense burners, oil burning lamps and lanterns
- Gasoline motors of any type, including motorcycles, mopeds, etc. as well as fuels, such as gasoline, propane, or lighter fluids
- Nothing may be hung on ceilings, sprinkler pipes, block fire safety devices or block any egress or exit, including any tapestries or other fabric items
- Hoverboards (self-balancing scooters, battery-operated scooters, hands-free segways)
- Three-dimensional (3-D) printers

Flammable Materials

Spark or flame-producing items such as fireworks, firecrackers, explosive materials, candles, incense burners, oil burning lamps and lanterns are prohibited in all residential spaces.

Grills may not be used or stored indoors. All grills must be placed at least 25 feet from any building and may never be used on rooftops, roof decks or fire escapes. Do not dump hot coals onto the grass or into trashcans. Cold coals may be emptied into trashcans.

Fire pits are prohibited and cannot be used indoors or outdoors.

You may not store gasoline motors of any type, including motorcycles, mopeds, etc., within residential spaces. You may not keep fuels, such as gasoline or propane, in residential spaces.

Furniture

All furniture must remain in the assigned room. No college-provided furnishings may be removed from the room. You may provide additional furnishings such as carpets, chairs and sofas as long as the items meet federal fire resistance standards; however, they may not block or unduly restrict exits to the room. All personal articles must be removed prior to your departure from your room or you may be charged for the removal of property not original to the room. Outlined below are additional guidelines to adhere to when furnishing your residential space:

- Waterbeds are prohibited.
- Do not place mattresses directly on the floor.
- Only beds specifically designed to be lofted will be permitted.
- Do not use concrete blocks or bricks to raise the bed, as these cause unusual wear and tear and pose a potential safety hazard. Bed raisers specifically designed for this purpose are permitted.
- No college-issued furniture may be used for outdoor purposes, unless it is deck furniture on approved balconies, porches or other outside areas.
- Only furniture intended for use outdoors (patio/deck furniture) may be used or stored outside. Indoor furniture (i.e. couches, loveseats, etc.) may not be used or stored outdoors.
- Lounge or common room furniture may not be removed from the public area and/or placed in individual rooms.
- All college-issued furniture must remain in the room/apartment. Students will be charged for missing furniture.

Guest Policy

A guest is considered anyone not currently assigned to the residential living space in question, including other Dickinson students. The college encourages you to have guests visit you in your room with the consent of your roommate(s). Students are reminded that residential spaces are shared spaces and you should proactively discuss with your roommate(s) how to manage guests and any additional policies that will govern guests in the room. Especially in the case of an overnight guest you should consult and work with your roommate(s) ahead of time to determine what will be most appropriate. A student should expect to have access to his or her room without the presence of inhabitants not assigned to that space by the college.

Guests are not permitted to stay in your room for more than any 2 consecutive nights. **No guests may visit more than a total of 7 days per semester.** You are responsible for the behavior of your guests and for informing your guests of the appropriate policies.

Guests to the college should remember that they are subject to the laws, rules and regulations governing behavior in the Commonwealth of Pennsylvania and Dickinson College. Dickinson students will be held responsible for the behavior of their guests and may face disciplinary proceedings within the Community Standards as a result of the behavior of a guest.

Hall Recreation

You may not play sports in any public areas or hallways of any residential building, including, but not limited to roller-blading, skateboarding, soccer, frisbee, basketball and bicycle riding.

Health & Safety Inspections

The Residence Life and Housing office regularly conducts inspections of each area on campus. Student rooms are given a brief inspection during the fall and spring semesters. The purpose of these inspections is to provide the appropriate education and assist with correcting any health or safety concerns. Policy violations that are discovered during these inspections may be referred to the college's conduct system and prohibited items may be confiscated. Students with questions about these inspections should speak with Residence Life and Housing

Housing Accommodations

If you need housing accommodations due to medical, psychological or disability reasons, you should download the required form and work with the Office of Disability Services. The form can be downloaded from their website. The Residence Life and Housing office works in collaboration with Disability Services and the Wellness Center to review all requests and recommendations for appropriate accommodation.

Insurance & Liability

The College cannot and does not assume responsibility for personal accident, injury or illness to residents, guests or visitors, or for the loss or theft of money or loss, theft or damage of personal property of students. Damages that result from unforeseeable maintenance issues (burst pipes, power failure, etc.) are the responsibility of the student. The college does not carry insurance covering residents or their property. You are encouraged to protect yourself from loss by purchasing appropriate insurance. In that regard, you should review any homeowner's policy that you or your caregiver's might have to determine whether the contents of your College housing are already covered or could be covered with a policy rider.

Keys

You will be assigned a key(s) that will allow you access to your building and individual room. Rooms should be locked and you should carry your keys and College ID with you at all times. You are prohibited from duplicating housing keys for any reason. You may not loan, sell or transfer any housing key or College ID to any person for the purpose of allowing that person to enter college housing unescorted or use the residence hall or apartment's facilities.

- In the event that keys are lost, stolen or misplaced, you are responsible for immediately reporting that the key is missing to the Residence Life and Housing office and the Department of Public Safety.
- Failure to return the key(s) upon departure from the room/apartment/house will result in a charge to your student account to change the key lock cylinder.
- You will be charged \$100 for a lock change if your key is lost or not returned after moving out. For houses, suites or apartments where two keys are assigned, there will be a \$75 charge per additional lock that must be changed. Your key(s) should be returned immediately upon moving out of your residential space.
- Students issued a temporary ID card for residential access at the beginning of the year are required to return this ID upon receipt of their permanent College ID. Anyone who loses or fails to return the temporary ID card will be charged \$25.

Residential facilities are locked at all times. Many residential areas are equipped with card access to exterior doors. Students should not take action that prevents the exterior doors from closing and locking such as propping the door or taping the lock.

Lock-outs

For the first two weeks of every semester there will be no charge for lock-outs. After the first two weeks there will be a \$25 charge for every lock-out handled by Residence Life and Housing staff or Department of Public Safety staff. If a student is locked out more than three (3) times in a semester, the charge will increase to \$50 per occurrence. If you are locked out of your residence, you should contact the following as applicable:

- Traditional Residence Halls can contact the RA on duty for assistance from 7:00 pm until 1:00 am. You can contact an RA on duty by calling the duty phone for the area. The Department of Public Safety will handle lockouts from 1:00 am until 7:00 pm. On Saturdays and Sundays, please call the duty phone for the area between 9:00 am until 1:00 am.
- Houses/Apartments can contact the Department of Public Safety at all times.

Noise Guidelines

To support your academic success, the college maintains both quiet hours and courtesy hours in all residences. Courtesy hours means that residents are prohibited from making noise that significantly disturbs other residents, including those in the Carlisle community. During quiet hours, noise should not be heard outside your room, suite or apartment. Quiet hours are as follows:

- Sunday through Thursday, 10:00 pm until 8:00 am the following morning
- Friday and Saturday, midnight until 10:00 am the following morning

Quiet hours are in effect 24 hours a day during Reading Periods and Final Exams. Any disturbance of the larger community (floor, building or neighbors) is not permitted during these times.

Pets

You may not keep or host animals in residential facilities unless it is fish within a bowl or tank. The bowl or tank may not exceed 20 gallons in a residence hall. The college will not be responsible for the care of fish during break periods. Violation of the pet policy may result in damage billing for the replacement and/or refurbishment of carpeting, furniture or other affected areas of the facility. Failure to remove the animal from the residence in a timely manner may result in removal by animal control services.

Residents with appropriate documentation of a disability requiring the use of a service or support animal are encouraged to contact the Office of Disability Services (ODS) to discuss their disability-related housing accommodation requests.

Room & Board Agreement

All students are required to read and sign a Room and Board Agreement prior to moving into their residence at the beginning of the academic year. This document, together with other policies, procedures and regulations in this handbook or published by the Division of Student Life, constitutes the agreement between you and the College. Students can learn more about the Room and Board Agreement by visiting our website.

Room Changes, Reassignments, & Vacancies

Requests for room changes must be made directly to the Residence Life and Housing office and are limited at times due to space availability. The change of rooms or substitution of one occupant for another without approval in writing from the Residence Life and Housing office is prohibited. You

should work with a professional staff member in Residence Life and Housing to discuss options related to a room change request. Room/hall changes are not permitted during the first two and last two weeks of each semester in order to complete accurate occupancy reporting.

The College reserves the right to reassign students in order to make most efficient and beneficial use of available facilities, including the consolidation of spaces to create completely vacant rooms. Additionally, the occupancy of a room may be increased when, in the judgment of the College, it is necessary to do so to accommodate the housing needs of the student body.

Reassignment may also occur as a result of ADA accommodation requirements, disciplinary action (violation of Community Standards), violation of the agreed upon standards of your floor, area, or building, and/or administratively at the discretion of the Director of Residence Life and Housing.

When a vacancy occurs you may request a specific roommate to fill that space. If no request is made the Residence Life and Housing office will make the space available for general occupancy and may reassign a vacant space at any time. If there is a vacancy in your room, you must leave the room ready for another student to move in at any time. The Residence Life and Housing office will notify you as soon as plans are made to fill the vacancy in the room you are occupying. Behavior which discriminates against or impedes an interested student or assigned occupant will be considered a violation of the Community Standards and reviewed as such.

Room Condition & Inventory

During the move-in process, you have the obligation to conduct a thorough room inspection and report any concerns (condition of room, furniture, maintenance needs) to the Residence Life and Housing office. Any difference between your room's condition at check-in and check-out will be the responsibility of the room's occupants. Completed Room Condition and Inventories will be maintained annually by the Residence Life and Housing office.

Public areas (i.e. corridors, stairways, lounges, bathrooms) are the collective responsibility of residents of that building, suite, apartment or house. Charges for damages to those areas may be divided among the residents of those facilities.

If you change rooms during the year, you are expected to check out of your initial room by having an RA of HAM evaluate the condition of your room when you leave. When you check into your new room, you should complete a new Room Inventory form. Failure to check out with your Resident Advisor or HAM may prevent you from appealing any damage charges that result from the final inventory of your room.

Room Selection

Room assignments for all returning students are completed through an online room selection program called MyHousing during the spring semester. Returning students who have registered for courses for the following fall semester and do not have any holds on their account may participate in the room selection process. Students receive a randomly generated lottery time and select a room in order of their class year. More detailed information about room selection and housing options is available from the Residence Life and Housing office early in the spring semester.

* Note to Students Studying Abroad

Students who plan to study off-campus are reminded that the room selection process will occur in the spring semester. Students have the option to select another student to act as a proxy on their behalf; however it is the responsibility of the individual(s) who will be away from campus to make and communicate these arrangements with the Residence Life and Housing office. The proxy will then be responsible for participating in the room selection process on behalf of the students away. The Residence Life and Housing office does not assume responsibility for selecting rooms or filing off-campus applications for students who are away from campus during the spring semester.

First year students receive room assignments and the name(s) of roommates via email. First year students are assigned rooms based on information provided to the Residence Life and Housing office. First year students generally are housed in double, triple or quad rooms and in facilities that are largely populated with other first year students.

Smoking

Smoking, including use of e-cigarettes, is prohibited in all areas of the residential spaces, including rooms, bathrooms, lounges, hallways and stairwells. Additionally, smoking is prohibited within 25 feet of residential buildings. Smoking is limited to a location that does not impede traffic flow in and out of residence halls and where smoke cannot drift into the interior of residence halls.

Storage

The college does not provide storage spaces during the summer months. Individual students, fraternities and sororities, and special interest houses are encouraged to make storage arrangements by working with area storage companies. Items left in and around residential facilities at the end of the spring semester will be given to the U-Turn project or discarded by Facilities Management. You may be charged for the removal of property not original to the room.

Windows

You may not remove window screens at any time. Throwing any object out of a residence window or balcony is prohibited. Food, plants or other items are not permitted outside windowsills or balconies unless granted permission by the Residence Life and Housing office.

Smoking Policy

Dickinson College promotes a smoke-free environment, and smoking and the use of electronic cigarettes is permitted only in outdoor areas of the campus not within 25 feet of a building. No smoking is allowed in any building on campus. This includes private offices, residence hall rooms and public buildings. The use of electronic cigarettes is also prohibited in buildings on campus. The success of this policy depends upon the thoughtfulness, consideration, and cooperation of smokers and nonsmokers. In all cases, the right of nonsmokers to protect their health will take precedence over a smoker's desire to smoke.

Suspension of Financial Aid Eligibility

2. the student successfully passes two unannounced drug tests conducted by a drug rehabilitation program that complies with criteria established by the Secretary of Education; or

3. the conviction is reversed, set aside, or otherwise rendered nugatory.

The term “controlled substance” has the meaning given the term in section 102(6) of the Controlled Substances Act (21 U.S.C. 802(6)) and includes marijuana.

Title IV Federal Aid includes: Federal Work Study, Federal Direct Loans, Federal Pell Grants, Supplemental Educational Opportunity Grants, Academic Competitive Grants, Federal SMART Grants, Robert C Byrd Scholarships and Federal Perkins Loans.

Technology Policies

Policies pertaining to computer and network use at Dickinson are listed on the menu to the left. The policies serve as guidelines to support operational efficiencies and ensure compliance with applicable laws and regulations.

Responsible Use Information Technology Resources

Purpose

Dickinson College is a private institution fully committed to the ideals of academic freedom, freedom of expression and cultural diversity. This policy describes the appropriate uses of computers, networks, servers, hardware and software (“Information Technology”) at Dickinson College. In addition, it describes responsibilities of individuals and Dickinson College with respect to the confidentiality and privacy of information stored on institutional computers and servers.

Scope

This policy applies to all individuals using Dickinson College’s Information Technology. Use of the college's Information Technology constitutes the user’s agreement to abide by this policy, including consent to monitoring and inspection (as permitted and limited below). “Monitoring” refers to the observation and examination of system-wide general activity, usage patterns and performance metrics, including but not limited to, CPU loads, network traffic patterns, and volume, and attached devices. “Inspection” refers to the observation and examination of individual electronic communications, including electronic mail, mailboxes, Internet use, and the contents created or stored on any college computer, server or network-related equipment. Failure to adhere to this policy may result in the loss of e-mail and/or computing/networking privileges and discipline up to and including censure, expulsion or termination of employment in addition to any applicable civil or criminal penalties.

Individual Responsibility

Library and Information Services (“LIS”) is responsible for monitoring. It is the responsibility of all individuals in the Dickinson community to use Information Technology resources in accordance with this policy. Inappropriate behavior or malicious misuse of Information Technology resources that in any way degrades college equipment and/or services or that violates the rights of others in the community or that violates the law or college policy is strictly prohibited. Each member of the community is responsible for using only those accounts or computers for which he or she has authorization and is responsible for protecting all passwords. Individuals are urged to report unauthorized use of computers, networks, or other LIS facilities on campus by calling the LIS Help Desk or by notifying the Vice President for Library and Information Services.

Institutional Privileges

Dickinson College reserves the right to monitor and allocate Information Technology resources. To accomplish allocation of resources, the system administrators may suspend or terminate privileges of individuals without notice if malicious misuse or use inconsistent with this policy, any other relevant college policy or applicable law is detected. Privileges may also be suspended, without notice, to meet time-dependent, critical operational needs.

Because of its obligations with respect to compliance and the integrity of services provided under this policy, except as outlined below, Dickinson asserts sole ownership of all electronic communications, including electronic mail, mailboxes, files and their contents, created or stored on any college computer/network related equipment.

Nothing in the policy is intended to supersede the rights, title and interests, including copyrights, of faculty and students in their intellectual property and Dickinson College asserts no ownership or proprietary rights in such works outside the intellectual property policies of the college regardless of the presence or storage of such works on any college computer, network or network related equipment.

Similarly, the college asserts no ownership or propriety rights in the works of other college employees where such works were not created for, and are not related to, their employment.

User Logins and Passwords

Access to Information Technology resources is provided via user login and password systems. Users are personally responsible for the security of the password that they select. Viewing, copying, altering or destroying any file, or connecting to a computer on the network without explicit permission of the owner is prohibited.

Passwords should be known only to the person responsible for the account and user login. Any suspected breach of password security should be immediately reported to the LIS Help Desk.

Protecting Desktop Equipment and Files

Backups and protection of files stored on employee desktop and laptop equipment are the responsibility of the user of the equipment. Users must back up their work files on a regular basis. LIS licenses software for this purpose that may be obtained by contacting the LIS Help Desk.

Individual users are responsible for safeguarding the equipment entrusted to them by the college. This includes reasonable protection of equipment from damage and theft.

Management of Personally Owned Devices

With the approval of the relevant senior officer, the college subsidizes the purchase and operation of personally owned computing devices such as smartphones to conduct college business. Employees participating in these programs are expected to treat these devices with the same care with regard to institutional information as they would college owned devices. This obligation includes the requirements that employees employ passcodes on these devices and that they establish the ability to remotely disable these devices in the event of loss or theft.

Use of Cloud Systems and Storage

Most cloud systems and storage services do not meet Dickinson College safety and security standards and are not compliant with federal data storage laws. Please contact the Help Desk (helpdesk@dickinson.edu) for information about which systems and storage options have been approved by the college.

Confidentiality and Right to Monitor and Inspect

Users of Dickinson College information technology should understand that uses of these resources are not completely private. Under normal circumstances, the General Counsel and the relevant senior officer, in consultation with the Chief Information Officer, must approve in advance any individual inspection, other than that which is voluntary, required by law, or necessary to respond to emergency situations.

The circumstances under which such inspections without notice may occur include, but are not limited to, the following:

1. To protect the integrity, security, or functionality of college or other information technology resources, or to protect the college or individuals in the community from harm;
2. There is reasonable cause to believe that the user has violated, or is violating, any Dickinson College policy or applicable civil or criminal law; or
3. An information technology resource appears to be engaged in unusual or unusually excessive activity that disrupts the system, as indicated by system monitoring.
4. The normal operation and maintenance of the college's technology resources require backup and caching of data and communications, logging of activity, monitoring of general use patterns, and other such activities that are necessary to provide service.

The college, in its discretion, may use or disclose the results of any such inspection, including the contents and records of individual communications, as it considers appropriate, to college personnel, third parties, or law enforcement agencies.

Personal Use

Dickinson College provides Information Technology to faculty, staff and students for use in the pursuit of legitimate academic and business pursuits for the college. Incidental personal use of Information Technology is permitted provided that such use:

- Does not affect productivity, quality or service to students and others whom we serve.
- Does not interfere with the user's job responsibilities or other obligations to the college.
- Does not create a conflict of interest or contribute to personal financial gain related to commercial activity.
- Does not directly or indirectly interfere with the college's operation of electronic mail services, computing capacity or network capacity.
- Does not interfere with other users' access to or use of the campus network.
- Does not violate federal, state or local laws, or college policy.

Legal Compliance

All existing federal, state and local laws and relevant college regulations and policies apply to the use of computing resources and all users of such resources are required to be in compliance with all such laws, regulations and policies at all times. This includes not only those laws and regulations that are specific to computers and networks, but also those that apply generally to personal conduct. As such, any of these resources may be subject to review by designated college personnel in accordance with college policies.

Inappropriate Uses – Examples

The following are examples of violations of this Acceptable Use of Information Technology Resources Policy. This list is not dispositive.

- **Malicious misuse.** Using logins or passwords assigned to others; disrupting the network; destroying information; intentionally erasing stored information or modifying equipment, accounts, disks or files that are not your own; removing software from public computers; spreading viruses; sending e-mail that threatens or harasses other people; downloading, uploading or sharing images or information that violates any law; invading the privacy of others; subscribing others to mailing lists or providing the e-mail addresses of others to bulk mailers without their consent; running a personal business, downloading material from the Internet that violates federal, state or local law, or college policy (except when disclosed in advance to the Provost and Dean of the College, and determined to be related to legitimate research or learning purposes); illegally duplicating or otherwise copying copyrighted or licensed software or using illegal copies of copyrighted materials; or using Information Technology in violating any federal, state or local law.

- **Unacceptable use of software and hardware.** Knowingly or carelessly running or installing unlicensed software on any computer or computer system or network; giving another user a program intended to damage the systems or network; violating terms of applicable software licensing agreements, including copying or reproducing any licensed software; or violating copyright laws and their fair use provisions through inappropriate reproduction or dissemination of copyrighted text, images, music or other materials; using imaging equipment to duplicate, alter and subsequently reproduce official documents.

- **Inappropriate use of electronic mail and Internet access.** Initiating or propagating electronic chain messages; inappropriate mass mailing including multiple mailings to newsgroups, mailing lists, or individuals, forging the identity of a user or machine in an electronic communication; using another person's e-mail account or identity to send e-mail messages; attempting to monitor or tamper with another user's electronic communications; reading, copying, changing or deleting another user's files or software without the explicit agreement of the owner; using e-mail or personal web page advertising to solicit or proselytize others for commercial ventures, religious or political causes, or for personal gain related to commercial activity; any use that otherwise violates federal, state or local law, or college policy.

Noncompliance and Sanctions

LIS may suspend or terminate all computing privileges of any individual without notice who engages in any improper computing activities. Serious cases, as determined by the Vice President for Library and Information Services, and in consultation with the appropriate senior officer of the division with supervisory authority over the individual may result in disciplinary action against the individual up to and including the suspension, expulsion, or termination of employment of the offending individual, as appropriate. Disciplinary actions involving faculty will be initiated in compliance with the processes outlined in the Academic Handbook. Disciplinary actions involving College administrators or staff will be initiated in compliance with the applicable personnel procedures. Disciplinary actions involving students will be referred to the student disciplinary hearing process by the Dean of Students or his/her designee or the Provost and Dean of the College or his/her designee. Where violation of federal, state or local law is involved, cases and related information may be referred to the proper legal authorities for action.

Visual Identity

The name “Dickinson College” is synonymous with high quality education and is a valuable asset of this institution. The use of the college’s name or other college marks, logos or seals, in whole or in part, by unauthorized individuals, clubs and organizations is prohibited. Those clubs and organizations recognized by the college and who are in good standing, are extended the privilege of using the college name and its marks and logos in association with their club or organization in ways that are consistent with the college's mission and that promote the college's image and reputation. Such use must not misrepresent the association between the college and the club, organization, or activity and must not suggest that the college endorses the product or activity. Use of the college name, marks, or logos in connection with vulgar language, profanity, sexually explicit graphics, words with inappropriate double meanings, weapons, illegal drugs, or alcohol is prohibited. Use of the college name, marks, or logos in a way that promotes dangerous, offensive, or illegal products or activities is prohibited. The college maintains an unlimited right to disapprove or stop any use of its name, marks, and logos that the college believes, in its sole discretion, violates this policy, creates a risk of liability, or causes or has the potential to cause reputational harm to the college.
